PREFACE

This is the thirteenth issue in the Series of the Statistical Abstract of Maharashtra State. In it, an attempt has been made to give the data on socio-economic characteristics of the State for 1975-76 in a majority of the tables. Districtwise information is also presented wherever possible. Comparative position of Maharashtra State and India is also presented in the statement of "Maharashtra State at a glance". The trends in respect of some of the selected topics are given in summary form. A table giving districtwise selected indicators is also included.

It is hoped that this publication will serve as an important reference book for those interested in the socio-economic studies of the State and the districts.

We thank the various departments and offices of State Government, Government of India and Local Organisations which extended their full co-operation in supplying the requisite material for inclusion in this Abstract.
