CHAPTER - I.

I. Introduction :-

1.1 Brief History & Location :-

Chandrapur district forming part of the Kingdom of Raghuji Bhonsale was finally Annexed by the East India Company in 1854. The Bhonsale dynasty had acquired the district from the Gond Kings and ruled territory from 1751 to 1853 when Raghuji Bhonsale died heirless in 1853 and Nagpur district was created for administrative purposes by the Company. Prior to the region of Bhonsale dynasty, the district was under the rule of the Gond King from about 1240 to 1751. The Gond King Ballarshah founded the Chanda fort. The early history of Chandrapur district, prior to the rule of the Gond Kings, has to be pieced together from different inscriptions found in the district. The Gond King occupied this territory from Mana Kings of Wairagarh. Earlier to Manas, Buddhist King known as Kosala Kings were ruling over this part, whose Capital according to one source was at Chanda and from other source was at Bhadravati and Wairagarh. However, it is in connection with Kosalas that we arrive at the first authentic historical record in the history about the district Helum Tsiang, the Chinese Pilgrim records that he visited the capital of Kosalas in 639 A.D. It is also conjectured that a strong kingdom ruled in the early days at Bhadravati with flourishing Civilisation existing there.

Chandrapur district lies in Godawari basin and was formed as an independent district in 1854. Upto 1874 the district comprised only the

three tahsils of Mul, Warora and Bramhapuri. In 1874 upper Godavari district of Madras was abolished and four talukas were adjoined to Chandrapur district to form one tahsil with Sironcha as its headquarters. The Zamindari estates from Bramhapuri and Chandrapur were merged in to new tahsil with headquarters at Gadchiroli in 1907, three tahsils of Cherala, Albaka and Nagpur were transferred to Madras State.

In 1956 with the reorganisations of States, the district was transferred from former Madhya Pradesh to - Bilingual Bombay State. At present district is a part of Nagpur Division of Maharashtra State since 1st May, 1960.

In March 1959 Rajura Tahsil of Nanded district was transferred to Chandrapur district and was notified as an independent district and division under the Collector, Chandrapur and the Commissioner, Nagpur Division, Nagpur respectively. Now Rajura has become a tahsil of Chandrapur district and its connection with the Aurangabad Division is completely revoked.

The district with a population comprising of the Marathi, Telugu and Gonds is of peculiar interest from linguistic and anthropological point of view. It has also many other claims to distinction. In mineral wealth, it is remarkably rich as it possesses vast Forests and its area under Govt. Forests is bigger than the entire area of a few other district in Maharashtra.

Its system of Agriculture is usually varying and in some respect, unique in the Division.

The system of irrigation is very extensive and its sporting possibilities, though no longer what they were in the past, are still unsurpassed in few parts of the country.

The district, lies between 18.41 and 20.50 north latitude and 78.48 and 80.55 east longitude.

### 1.2 Boundaries :

Chandrapur district is bounded by Wardha, Nagpur and Bhandara districts on the north, Madhy Pradesh on the East Andhra Pradesh on the south and South-west, Yeotmal and Wardha districts towards the west and North-West. The whole of the Western and Southern border is uninterruptedly bounded by the Wardha, the Pranhita and the Godavari Rivers. The Indrawati river flows along south east boundary of the district.

The Wainganga, river cuts the district in to two halves. The eastern portion comprises, Sironcha and Gadchiroli Talukas which are in term of area, two largest talukas in the State, occupying together 59.1% of the total area of the District. The Western portion consists of four talukas viz; Bramhapuri, Chandrapur, Warora and Rajura and accounts for the remaining 40.9% of the area occupied the district.

### 1.3 Area :

The district occupies a total area of 25,641 Sq.Kms. or 10088.3 Sq. miles having 3373 villages ( 2840 inhabited and 533 uninhabited); 7 towns distributed amongst six talukas or Revenue Sub-division with population of 16,40,137 persons with density of 64 persons per Sq.Km.

The length at the northern extremity from East to West is about 192 Kms, while the length from Southern point to the northern base is about 240 Km. In term of area the district is biggest in the whole of Maharashtra State and Second biggest in India as stands next to Bastar district of Madhya Pradesh. The population according to 1971 Census and percentages of area and population of each taluka represented in table Below:-

Sr. No.	Taluka	Headquarters	Area in Sq./Km <sup>2</sup> / Sq.Miles	No. of inhabited villages	No. of villages	1971 population	% of area to total area	% of population to total population
1.	2.	3.	4.	5.	6.	7.	8.	9.

5.	Sironcha	Sironcha	8000.5 (3089.0)	556	-	140506	30.6	8.6
6.	Rajura	Rajura	2010.6 (776.3)	249	2	125935	7.7	7.7
District Total		Chandrapur @	26128.7 (10088.3)	2840	7	1640137	100.0	100.0

Note:- (1) Figures in brackets in col: 4 denote area in sq. Km.  
 (2) This comprises the area of 25641.0 Sq.Km. i.e. :- (1) Chandrapur District 23649 Sq.Km. and  
 (ii) Rajura district 1992 Sq.Km as reported by the Surveyour General of India.

#### 1.4 Topography :-

The district is broader on the north and gradually tapers down towards the South. Topographically the district can be divided into the following four Zones:-

(i) The plain fertile region in the West in the Wardha Valley with its rich black soil and Moderate rainfall with cotton, Jowar and Wheat as the main crops which covers half of Warora and Chandrapur talukas and whole of Rajura taluka.

(ii) The Western upland hilly region lies between Wardha and Chandrapur talukas and a Major part of Bramhapuri Taluka. It has Sandy Soil and sufficient rainfall. Rice and Jowar are the Main crops. Numerous hills have facilitated the construction of irrigation tanks in this Zone.

(iii) The Wainganga basin comprises of the eastern parts of Bramhapuri and Chandrapur Talukas and Western part of Gadchiroli taluka. It has a fertile black Soil with sufficient rainfall Rice being a maincrop.

(iv) The eastern upland comprise Major part of Gadchiroli taluka and whole of Sironcha talukas. It has a hilly area with thick forests, heavy rainfall and large tribal population Rice being the Main crop. It covers nearly half of the total area of the distt.

#### 1.5 Hills Rivers and Soil :

The whole of eastern portion of the district and the southern portion all along the eastern boarder is hilly and forms part of the eastern upland natural Zone. The important hill ranges lie in the south. They are Mainly Tipagarh Range, the Sirkonda

range near Sironcha, the Gadulgatta hills and the Surzagarh hills. To the South-West of Surgagarh hills, beyond Indrawati river lies the famous Bhamragarh hills which has over look confluence of three mountain rivers and noted as unrivalled beauty spot in the district.

The Tipagarh range rises to an elevation of 609 metres and Sirkonda range is 548 metres above sea level. The other hills ranges in Sironcha taluka attain a height of 609 to 914 metres. The highest peak in the district is in the Gadulgatta ranges i.e. 977 metres.

The Western upland comprises the main ranges of Chimur and Mul hills. They are of little height. height while serve <sup>as</sup> water sheds of the Wardha and the Wainganga rivers. The Chimur hills commence east of Chimur in the north of Warora taluka and stretch southwards with breaks from north to South, with an average elevation of 137 metres above the surrounding plain. The range is 32 Kilometres in length and 9.6 Kilometres in breadth. The highest peak is of 409 metres.

The Mul hills run east and parallel to Chimur hills and form a boundary between Warora and Bramhapuri Tahsils.

The general height of the plain country in district is about 274 metres above sea level in the north falling to 200 metres at Chanda and 649.6 metres at Sironcha.

The Main rivers of the district are the Wainganga, the Wardha, the Pranhita, the Indrawati and Godavari. During its course in the south easternly direction, the Wardha river receives the Wainganga at Village Sconi on the right bank and the Erai on the left. After the confluence with the Wainganga, the

stream is known as the Pranhita. The Pranhita join the Godawari near Sironcha. The Indrawati flows in to the Godavari along the South east boundary of the district.

The Wainganga enters the district near the Centre of the northern boundary and slices the district in to two unequal parts. The Wainganga is the recipient of numerous tributaries on either banks and ultimately received the drainage of the entire Central Portion of the district. The main rivers flowing from north to South are the Kathani and the Pophodi meeting from the left and the Anhari on the right.

The Wardha, the Pranhita and the Godawari are the perennial rivers of the district.

The Soil of the district falls in to clearly defined tracts and each of these tracts display cropping pattern of wholly different kind. The most fertile tracts are found in the Wardha and the Wainganga valleys. The varieties of Soil in the district are numerous and are known by many local names which could be grouped under the representative classes viz: Kali Kanhar, Barsi-Kanhar, Morand, Khurdi, Wardi Retari or Baradi, Pandhari and Kachar which is found in Sironcha taluka along the banks of Godawari. The Soil of the district falls in to different kind from that of its immediate neighbours.

On the extreme West, on the left bank of the Wardha and the Godawari, There is a broad strip of black soil known as kali which is retentive of Moisture and Suitable for Cotton, Wheat Gram, Jowar and linseed. Further in the interior but immediately adjoining this open tract there is a range of small hills with poor Soil at their

Trip S

This Soil is of little use without irrigation.

It is an ideal Soil for Rice and Sugar-cane. Further eastwards and on the either bank of River Wainganga the black loam reappears and is accompanied by few Rice growing Villages.

Towards the east of Wainganga Valley, the Soil becomes poor and hills are abundant. Rice is the Staple crop of this tract.

.166 Climate, Temperature and Rainfall :

Chandrapur district is considered to be one of the hottest district of Maharashtra. Chandrapur district headquarters is slightly hot than Nagpur city. The highest temperature on record is 48.4 degrees Centigrades on 18 th May 1897. The nights are uncomfortable in the month of May & June which are considered to be the hottest months of the year. The immense heat combined with high percentage of humidity due to the large forests in the district makes the climate uncomfortable. The nights are cool upto end of April. Winter is equally severe. The lowest temperature on record is 2.8 degree centigrades as recorded on 10 th January, 1899.

Generally, May is the hottest month of the year. The temperature recording is done at Chandrapur, Bramhapuri and Sironcha. The highest temperature recorded during the year 1977 and 1978 at all these three centres was 44.8, 44.3, 44.6 and 46.7, 45.8, 45.7 Centigrades respectively. the minimum temperature recorded during 1977 and 1978 at these centres was 7.2, 8.6, 10.1 and 10.0, 9.0, 12.1 respectively. Winter is more severe in December and January.

The South Western monsoons are the Chief source of rain in the district which is divided into three rainfall Zones viz:-

1) The eastern Zone comprising Gadchiroli, Sironcha and Bramhapuri talukas having heavy and assured rainfall. The mean rainfall being about 1524 Milimetre or 60 inches.

2) The central Zone, comprising Chandrapur and Rajura, talukas with sufficient rains having normal rainfall 1302 Milimetres or 50 inches.

3) The Western Zone comprising Warora Taluka having <sup>moderate</sup> rainfall with normal rainfall 1216 milimetre or 45 inches.

The monthwise rainfall in six Centres of taluka headquarters is indicated in table No.8.

#### 1.7 The Development of the District:

The district is Wellknown for its Vastness, rich forest and Mineral Wealth. Though the Chandrapur district endowed with rich soil, water and Mineral resources, favourable climate, adequate Manpower and low density population it is Paradoxically a backward area with low income and high unemployment. This calls for immediate measures to harness the resources of the district and optimise their use much efforts are being made in recent era of Planning in this district. Special plans are especially prepared for all out development of the District.

#### 1. Total Eco-System Development Plan for Chandrapur:

The Govt. in Planning Department have set up four Task Forces to examine the various aspect of the comprehensive Development plan for Chandrapur

district for Exploitation of the Vast resources in the district.

The Four Task-Forces set up for Area :

- (i) Task Force on mining and Mineral based industries.
- (ii) Task Force on Forest based industries.
- (iii) Task Force on Agro-Cattle Fisheries based industries.
- (iv) Task Forces on Infrastructure.

The Task forces analyse SWOT-(Strength, Weakness, opportunities and threats) Pertaining to the concerned Sectors and propose appropriate development projects in the context of the existing and untapped resources of the Sectors concerned.

2.1 Integrated Rural Development for Chandrapur Distt:-

A working group set up in May 1976 by the Department of Rural Development Govt. of India selected Chandrapur district from Maharashtra State for setting up Integrated Rural Development (IRD) Project on the criteria fixed for selecting the districts. The task of preparing a portfolio of action plan was assigned to the Punjabrao Krishi Vidyapeeth, Akola.

Action plan was thus prepared by the Punjabrao Krishi Vidyapeeth Akola and I.R.D. Project for Chandrapur district is completed for implementing the Schemes.

3. Small Farmers Development Agency (S.F.D.A.):

Under panchayat Yojana this district was taken up for implementation of I.A.D.P. Integrated Area Development Project. Bramhapuri and Nagbhid Panchayat Samiti area were selected for implementation of the schemes under I.A.D.P. Besides, this district is entrusted with S.F.D.A. Project during 1976-77 sixteen blocks are being covered

under S.F.D.A. Project for implementation of schemes benefitting to the Small holders.

4. Intergarated Tribal Wevelopment Project(I.T.D.P.s):

Being more concentration of Tribals in this district Govt. has identified the Adiwasi area in Chandrapur district covering 2129 villages from Sironcha, Gadchiroli and Rajura Talukas under Tribal Sub-plan and from Chandrapur, Bramhapuri and Warora Talukas under Additional Tribal Sub-plan area.

Government has asked to prepare a detailed 'Intergrated Tribal Development Project Reports' for Tribal Sub-plan Areas Three I.T.D. Project Viz. (1) Sironcha covering 650 villages of Sironcha taluka i.e. whole of Sironcha Taluka.

(2) Gadchiroli:- Covering 743 Villages of Gadchiroli Taluka and (3) Rajura-Covering 181 villages of Rajura Taluka have been formulated in the District. Three project Officers one each for Sironcha, Gadchiroli and Rajura I.T.D.P.s are posted in these three Project areas for implementing the schemes and development of these Tribal areas and Adiyasis.

Besides these three Projects one more project for additional Tribal Sub-plan area has also been established in this district at Chimur in Warora Taluka covering additional Tribal sub-plan villages in Chandrapur, Bramhapuri and Warora Talukas.

CHAPTER-II

(Explanatory notes on the scope and limitations of the Statistical Data presented in the part-II of District Statistical Abstract.)

I. Purpose:- The abstract part of this publication gives exhaustive Statistical data on important Socio-Economics indicators of Development. Tables on almost all important topics are presented in this part, so that the publication could serve as a reference book. Taluka-wise data have been displayed as far as possible for inter taluka comparison. It has been further decided to display Panchayat Samitiwise data, wherever possible, in the tables of abstract. In most of the tables data for 1977-78 and 1978-79 have been indicated while for few tables comparative data for 76-77 and 1977-78 or even for earlier years are given.

In the tables where in data for 1977-78 and 1978-79 could not be presented the same for the latest years, for which that was available have been shown. In case of population 1971 and livestock 1972, the data for latest census have been presented. All the data are collected from the State & Central Government of <sup>offices</sup>, Local Bodies, and other relevant agencies. The footnotes below each table indicate the source from which the data have been collected.

II. District at a Glance:- This table presents a birds eye-view of the Socio-Economic Indicators of development in Chandrapur district and Maharashtra state under different heads, such as area, population, Agriculture, animal husbandry, education, transport and Communication, Plan and C.D. Programme, Local Bodies Other Miscellaneous Statistics.

Reference year of the data is also indicated in the table.

III. Concepts, scope and limitation:-

The statistical tables presented in the District Statistical Abstract are grouped in to 13 Parts. The concepts of the tables and the scope and limitations of the data presented under each group are explained below:

1. Area and Population:

In all 7 Tables i.e. Table No.1 to 7 are included in this section. Data for 1971 population Census for the district as a whole as made available from the primary census Abstract of 1971 is given in all the tables. Reference period of 1971 population Census was sunrise of 1st April 1971.

The Table No.1 indicates area in 59 Km. population density per 59. Km. number of inhabited and uninhabited villages. Number of town, Number of occupied residential houses, Number of households and Sexwise population as per 1971 Census for the rural and urban areas for the district as a whole. The area of the district as supplied by the surveyor General of India is less than the area of 1961 Census and is therefore, to be treated as provisional.

Table No.2 shows decadal variation in population of the district since 1951.

Table No.3 gives Classification of inhabited villages according to different population ranges. The term village (i.e. rural area) used in the table denote a statutory recognised village having a well defined boundary and separate land records. Hamlets, wadis or padas have, therefore, not been shown separately as villages. On the other hand, <sup>statutory</sup> recognised village having no population have been shown separately as "uninhabited" villages also includes forest villages comprising mostly of forest labourers and their families.

Total population of the villages in each range is also indicated in the table.

Table No.4 gives classification of town and urban area according to different population ranges. Total Population of the town and urban area in each range is also indicated.

For any place to be recognised as an urban area (town) for the 1971 Census, it was to have a Municipal Corporation or an area under Municipal Council or a cantonment or a Civil line. It ~~is~~ did not have any of these urban local bodies to administer its affairs, the following ~~empirical~~ empirical tests were applied, (a) Minimum population of 5,000 (estimated for 1971), (b) a density of not less than 400 per Km<sup>2</sup> (1,000 per Sq. mile) (c) 75 percent of the male working population occupation falling out ~~side~~ *Pursuing* agriculture, (d) the place should have according to the S Director of Census operations of the State, ~~xxx~~ a few pronounced urban characteristics and amenities.

The towns having Municipalities are suffixed with letter "M" where as the urban areas without Municipalities are not suffixed with any letter.

Table No.5 gives number of workers classified in to 9 categories alongwith total number of non-workers

Table No.6 gives distribution of ~~ps~~ population according to (A) Age groups and (B) Religion Separately for Rural and urban areas, and for the district as a whole as per 1971 Census.

Table No.7 gives scheduled Castes and Scheduled Tribes population in rural and urban areas in the district according to 1971 Census.

2. Climate: Only two tables are included in this section pertaining to rain fall and temperature at the selected centres in Chandrapur district.

The Table No.8 gives montly rainfall and number of rainy days in each month at the selected centres for the year 1977 & 78. The data is collected through Revenue Agency. A day is treated as "Rainy day" if during the 24 hours, the rain gauge recorded a minimum of 2.5 M.M. of rainfall. Annual rainfall for each centre is also indicated in the table. "Normal rainfall is the average rainfall over a period of 10. years.

Table No.9 gives monthwise "Maximum and Minimum and also annual temperature as recorded at selected centres for the year 1977 and 1978. The data is supplied by the Govt. of India's Regional Meteorological centre Nagpur.

The maximum and minimum temperature denotes the maximum and minimum temperature recorded on any day during the month at selected centres.

3. Agriculture:

In all 14 Tables i.e. table No.10 to 23 are included in this section.

Table No.10 indicates talukawise figures of lands utilisation under the standard heads of land uses for the year 1976-77 and 1977-78. Against each taluka the break-up of the total geographical area according to different types of land uses is shown. Major Constituents of the Geographical area are Forests, area not available for cultivation i.e. land part to non-Agricultural uses:

Barren and uncultivable land other uncultivated land excluding fallow land i.e. cultivable waste,

Permanant pastures and other grazing lands, under miscellaneous tree crops etc. not included in area sown fallow land i.e. current fallows, other fallows and lastly Net area sown, area under Forest included all actual forest areas of lands classed or administered as forests under any legal enactment dealing with forests whether state owned or private. If any portion of such land is not actually wooded but put to some agricultural use, that portion is included under the appropriate heading of cultivated or uncultivated land as the case may be. Land put to non-Agricultural uses stands for all land occupied by buildings, roads and railways or under water, e.g. rivers and canals and other and put to uses, other than agriculture

" Barren and unculturable Land covers all barren and unculturable land like Mountains, deserts etc, Land which can not be brought under cultivation unless at a high cost is classified as 'Barren and unculturable land' whether such Land is in isolated blocks or within cultivated holding. Culturable waste includes all Land available for cultivation whether not taken up for cultivation or taken up for cultivation once, but not cultivated during the current year and last five years and more in succession. Such lands may be either fallow or covered with shrubs and Jungles which are not assessed <sup>or not assessed</sup> and may lie in isolated blocks or within cultivated holding. permanant pastures and other grazing Land cover all grazing lands, whether they are permanant pastures and Meadows or not. Village Common and grazing lands within forest areas are included under this head. Land under Miscellaneous tree crops etc. not including in the net area sown include all cultivable land, which is not included under net area sown, but is put to some agricultural use.

Land under casurina trees, thatching grass, bamboo bushes and other for fuel etc. Which are not enclosed under orchards are classed under this category current fallow comprises of cropped area which are kept fallow during the current year. Other fallow land includes all lands which were taken up for cultivation but are temporarily out of cultivation for a period of not less than one year and not more than five years. The gross cropped area represents the sum total of area under all crops. The difference between the total gross cropped area and net area sown is accounted for by area sown more than once during the same year with the same or different crops.

The table No.12 gives yield per hectare and outturn in hundred metric tonnes for important crops for the years 1975-76, 76-77 and 77-78 the yield rates and outturn for 76-77 and 77-78 are worked out on the revised Forecast. The production of Sugarcane is in terms of Gur while cotton production is in term of bales of 180 Kgs. each.

Data about availability of under ground water in the district is presented in table No.16, Table No.17 gives the information about Minor Irrigation while table No.18 gives the information on Major and Medium Irrigation projects in this district. Both completed and incomplete projects have been covered in this tables. Position in this table is as it was on 30th June 1978. The Cultivable command area of Medium Projects ranges between 7,000 to 10,000 hectares whereas that of a Major Irrigation Project if is 10,000 hectares and above.

The table No.19 deals with monthly agricultural wage rates in 1977 and 1978. This data is collected fortnightly throughout the year from three selected rural centres viz.(1) Sindewahi (2) Mul and (3) Kothari in the District.

Table No. 20 gives information about operational holding as per Agricultural Census, 1970.

Table No.21 provides Live Stock data as per Livestock Census 1972. Table No. 22 provides famine and Scarcity data in each taluka giving the No.of villages affected during the year 1970-71 to 1977-78 and 1978-79. The data in table No.23 is related to Agriculture year while data in table No.22 is for financial year. Hence villages affected as given in table No.22 will not tally with table No.23.

#### 4. Animal Husbandry:

In all six tables i.e. table No.24 to 29 are included in this section. Table No.24 to 27 provides Panchayat Samitiwise data.

Table No.24 gives number of various types of Livestock and Poultry as enumerated in the District in the Livestock-census 1972. Table No. 25 Provides veterinary Statistics during 1977-78 and 78-79 Table No.26 gives information about Livestock mortality diseasewise during 77-78 and 78-79, While table No.27 gives information about No.of Slaughter houses and No.of animals slaughtered during 1977-78 and 1978-79.

Table No.28(a) gives details of area in different types of Forests during the year 1977-78 and 1978-79. Data regarding Forest under the control of State Government's Forests Department are shown separately. The area under forests are classified according to legal status in to reserved, protected and unclassified forests. The legal status refers to the classification of Forests under the Indian Forests Act XVI of 1927. Reserved Forests are those that are intended mainly for timber production, where in the rights of grazing and cultivation are seldom allowed.

In protected forests, the restrictions are not so rigid. Right of grazing of cultivation is allowed but certain limitations and restrictions are imposed.

The unclassified forests refer to the inaccessible forest or uncounted ~~xx~~ waste. The forests which are taken up by the Government from local bodies or lease basis are called leased Forests. There is no classification of Expropriatory Forests as such but in Nagpur Division some private lands containing valuable forests are taken over by Govt. under section 29 of the Indian forests Act, which are not yet classified as per tripartite classification and they are termed as expropriatory. The Forest area shown in table No.28(A) may not tally with the area under forest shown in table No.10. The two sets of figures differ due to the following reasons.

(i) In the Indian Forest Statistical Returns the whole area including non-wooden area under the control of the Forest Deptt. is taken as area under Forests, while in Agricultural Statistics, it is classified according to its actual utilisation.

(ii) The Forest Department returns are meant to serve a definite administrative purpose to indicate the ~~xxx~~ ownership of the forest areas and the actual utilisation of these areas is not so important from the point of view of forest Deptt. as it is in the land utilisation statistics under Agricultural.

(iii) The Forest Deptt. returns relate to financial year while the Agricultural Statistics relate to the Agricultural year.

Table No.29 (A) in this section gives information related to Inland Fisheries, and provides data about fish production.

5. Employment, Industry, Mining  
and Electricity:

In all 10 table i.e. Table No.30 to 39 are included in this Section

The Factory Statistics shown in table No.30 31 and 32 cover following types of factories registered under the factories Act, 1948.

(1) Those employing ten or more workers with the act of power Section 2(i)

(2) Those employing twenty or more workers and working without the aid of power (Section 2(ii) and (3) Those registered under section 85 of the Act, under which the State Government makes applicable the provision of the act, even though the above conditions are not fulfilled.

Table No.33 provides information based on annual Survey of industries. Table No.34 regarding Employment Exchange Statistics gives information relating to No. of Registration, Vacancies Employers using Exchange and candidates placed in employment. Table No.35 gives occupational distribution of total registrations and placements in the Employment Exchange for the year 1977-78 and 78-79 and according to standard National classification.

Table No.36 Provides works undertaken in Employment Guarantee Schemes during 1977-78 & 78-79

6. Co-Operations:-

In all 8 tables i.e. table No.40 to 47 are included in this section. Table No.42 gives Panchayat Samitiwise number of primary Agricultural credit Societies, their membership.

Share capital, Reserve and the Fund working capital, Loans advanced and recovered, Loans outstanding and overdue and percentage of recovery to total loan advanced for the year 1977-78 & 1978-79 working capital includes paid up share capital, deposits and borrowings. Loans outstanding include outstanding in respect of loans, cash credits and overdrafts and the amounts of outstanding bills purchased or discontinued. Overdues referred to amount of loan or instalments which were due for collection but which were not actually collected and for the repayment of which no extension has been granted by a competent authority.

The table No.47 gives panchayat Samitiwise number of Registered Money lenders and loans advanced by them during 1977-78 & 1978-79. The separate figures of loans advanced to traders and Non-Traders have been furnished in the table. The transaction of Money lending in the State are regulated under the provision of Bombay money lenders Act. The information for loans advanced to traders and Non-Traders relates those money lenders who have submitted the returns.

#### 7. Medical and Public Health.

In all 5 tables i.e. Table No.48 to 52 are included in this section.

Table No.48 given in this section indicates panchayat Samitiwise number of hospitals, dispensaries, Maternity and P.H.C.s doctors, Nurses, Vaidyas, beds and total no. of indoor and outdoor patients treated for the year 1977 and 78. The Table covers all the State and Central Govt. medical institutions and also institutions owned by municipalities and local bodies engaged in providing medical facilities. Private clinics run by private bodies or individuals are however, not included in this table.

The Table No.49 provides Vital Statistics about number of registered births and deaths in the district during 1977-1978 Table No.52 relates to Family Planning Programme for the year 1977-78 & 78-79 in this district

### 8. Education:

In all 7 Tables i.e. No.53 to 59 are included in this section. Table No.53 gives sexwise Number of ~~xx~~ literates and percentage of <sup>literally</sup> separately for rural and urban areas and for Males and Females. As per 1971 Census definition, a person was classified as a literate if he was able to read or write a simple letter in any language. Education level in rural and urban areas are shown in table No.54 & 55 separately according to 1961 Census as this data for 1971 Census is not yet available.

Table No.56 gives information regarding No. of ~~xx~~ educational institutions according to types for the year 1977-78 and 1978-79 sexwise enrolment and No. of trained and untrained teachers in these institutions, is also included in this table. The classification of instructions according to types is slightly different from state of education. There are at present many Secondary Schools, which ~~xx~~ also impart education in primary course. Nevertheless, the entire enrolment of students is included under secondary Education. Primary institutions provide education for standard I to IV or standards I to XII/VIII or less and teach the curriculum approved by the Education Deptt. The Secondary institution coach the students for standard VIII to X/XI with or without lower standards. Higher Education is education after passing secondary school certificate examination which leads to a degree examination.

The table No.57 presents data on the no. of beneficiaries amongst backward classes such as S.C./S.T. and other Backward classes for the year 1977-78 & 1978-79. Beneficiaries for this table are persons who are getting educational concession either type such as scholarships free ships etc;

9. Transport and Communication:-

In all 7 tables i.e. Table No.60 to 66 are included in this section.

Table No.60 gives total railway length as at the end of March 1978 and 1979 according to type of routes- Broad Gauge, Meter Gauge and Narrow Gauge. The Railway length is measured between the first and the last stations within the district boundary. The figures of length of each type of route are, therefore, approximate and not accurate.

~~xxxxx~~ The table No.63 deals with operational statistics of Nationalised Road Transport in Chandrapur S.T. Division.

The Table No.64 presents the results of the traffic Census of important roads conducted by Public works and Housing Deptt; Govt; of Maharashtra. Data of the Number of vehicles is according to categories and location of Court Post of Sugar Sale etc. total traffic intensity in tons per 24 hours are also indicated in the tables.

10. Local Bodies :-

In all 4 tables i.e. Table No.67 to 70 are included in this section.

The Table No.67 gives abstract of Income and Expenditure Local bodies such as village Panchayats, Zilla Parishads and Municipal Councils for the Financial year 1965-66 and 1968-69 to 78-79. The number of village panchayats includes Number of individual village Panchayats as well as group village panchayats.

11 Plans of Community Development:-

In all 5 Tables i.e. Table No.71 to 75 are included in this section.

The table No.71 gives total expenditure 1976-77 and 1977-78, 78-79 similarly Table No.72 provides important physical achievements during the year 1976-77 and 1977-78, 78-79

12. Prices.

In all 3 tables viz Table No.76 to 78 are included in this section.

Table No.76 gives month and spot whole sale prices of the important agricultural commodities for the year 77 and 78 for each of the regulated Markets.

Table No.77 gives Monthly average retail Prices of various commodities at average prices under each commodity are shown from the month of January to December for the year 1977 & 78 along with units and varieties of commodities for which prices have been quoted. The data is regularly collected on every Friday by visit to selected shops by the staff from District Statistical Office Chandrapur. As the information collected for the given commodities is restricted to only one quotation and that too only for one shop at District Headquarters, the average price for individual commodity cannot be said to be fully representative, but the data may prove useful as a broad indicator of the trend in changes in retail prices over the period of time.

Table No.78 gives Consumer price Index number (Revised Series) for working class of Nagpur centre published by the office of the commissioner of Labour, Bombay.

Monthwise data for the year 77-78 & 78-79 commencing from April and also average for the year 77-78 & 78-79 have been given in this table. The base year for calculating Price Index (Revised Series) is 1960. The index Number of Wholesale Prices are issued by the Economic Advisor to the Govt. Of India The base year for the same in 1952-53 The method of construction of the index is given in the Appendix to index number of wholesale prices in India Revised Series (1956) issued by the office of the Economic Advisor Govt. of India. The equivalent of old Index number can be obtained by Multiplying the Next index by 5.22 as Multiplier.

### 13. Miscellaneous:

In all 15 Tables viz: Table No. 79 to 93 are included in this section.

Table No. 82 gives panchayat Samitiwise Cinema Statistics for the year 1977-78 & 1978-79. Number of Permanent, Semi-Permanent and Touring talkies and the seating capacity per show has been indicated in this table.

Table No. 83 provides data on no. of banking offices deposits and advance in the district as on 31st December 1977 & 78.

No. 90 and 91 Provides data on quantity of Rice, wheat and Sugar issued to Fair Price shops and Demand and Procurement of levy in Chandrapur District respectively. Similarly Table No. 93 Provides data on General Elections.

The Table No.93 Provides Trends in selected indicators for 1950-61, 1960-61, 1965-62, 1970-71, 1974-75 & 1975-76, 1976-77, 77-78 & 78-79 about level of development in Chandrapur district.

RMS/-

C H A P T E R - III.

AN ANALYTICAL REVIEW OF SECTORAL TRENDS :

3.1 In this chapter an attempt has been made to give a comparative picture of the tahsils in the district for the years 1960-61, 1970-71, 1977-78 and 1978-79 which will be helpful to know the mode of Development and to judge the talukawise imbalances, if any, while implementing various schemes.

3.2 This year an attempt is made to publish a combined book of District Statistical Abstract for the year 1977-78 and 1978-79. However, where the data is not available for 1977-78 and 1978-79, the data for the latest available year is given. The indicators of different developmental sectors are worked out to show the position of each tahsil in the District during the above period.

3.3 The Development in the field of Agriculture can be assessed from three main indicators i.e. (1) Percentage of gross area sown to net area sown (2) Percentage of net area irrigated to net area sown and (3) Productivity of important crops.

Table No. 1

3.4 Following table shows the Tahasilwise percentage of gross cropped area to net area sown in Chandrapur district during the year 1960-61, 1970-71, 1976-77 and 1977-78.

Sr. No.	Taluka	Percentage of gross area to net area sown			
		1960-61	1970-71	1976-77	1977-78
1.	2.	3.	4.	5.	6.
1.	Chandrapur	106.33	106.69	106.44	106.24
2.	Warora	102.17	103.27	102.94	103.25
3.	Bramhapuri	127.03	128.53	124.07	127.07

1.	2.	3.	4.	5.	6.
4. Gadchiroli		112.81	114.47	114.02	115.56
5. Sironcha		101.33	100.86	100.60	100.77
6. Rajura		100.00	100.00	100.14	100.38
District		107.76	182.82	107.99	108.76

3.5 ~ It can be seen from the above table that there is no improvement in taking second crop during the last fifteen to sixteen years. The main reason behind this might be that the district is having Soil fit for rice and no other crop can be taken on large scale and hence instead of increase in percentage of gross area Sown to net area there is a slight decrease.

3.6 The percentage of gross cropped area to net cropped area is increased in Warora, Bramhapuri and Gadchiroli tahsils in the year 1977-78 as compared with the year 1976-77. However in case of Warora and Bramhapuri Tahsils there is a considerable decrease in the percentage as compared with the year 1970-71, Taking in to consideration the figures of 1960-61 and 1970-71 i.e. the Span of ten years the General picture is not satisfactory.

CHANGE IN CROPPING PATTERN :

3.7 Following table will broadly indicate the trend of cropping pattern in the district during the year 1960-61, 1970-71, 1976-77 and 1977-78.

Table No. 2.

Percentage Distribution of Gross area under important crops to total gross cropped area in the district.

Sr. No.	Crop	YEARS			
		1960-61	1970-71	1976-77	1977-78
1.	2.	3.	4.	5.	6.
1.	Rice	24.56	32.86	33.54	32.44
2.	Jowar	45.05	28.64	30.34	27.81
3.	Wheat	2.72	5.22	5.84	5.12
4.	Total Cereals	72.57	67.74	70.99	66.66
5.	Total Pulses	13.42	15.64	11.14	12.98
6.	Total Food-grains	85.90	83.39	82.13	79.65
7.	Cotton	0.26	5.11	5.28	5.49
8.	Total Oilseeds	11.92	9.00	9.68	12.21
9.	Total non-food crops	0.13	14.46	15.64	18.02

3.8 The percentage of area under non-food crops i.e. cotton, oil seeds and total non-food crops shows remarkable increase in the year 1970-71, 1976-77 and 1977-78 as compared with the year 1960-61. On the other hand there is considerable decrease in the area under cereals during the year 1977-78 when compared with the year 1976-77. The main reason behind this, seems to be the prices of different commodities.

The prices of cereals are constant for last few year on the other hand the prices of other non-food crops are increasing.

3.9 The agricultural production depends upon various factors such as natural conditions, irrigation facilities, soil, productivity of the crops etc, Chandrapur district is rice growing district i.e. the main crop is rice. The yield per hectare is also highest in case of rice some talukas particularly warora and Part of Chandrapur talukas are growing Jowar. The percent age of Jowar and other crops

is negligible in other talukas of the district

Table No. 3

YIELD RATE AND OUTTURN OF PRINCIPAL CROPS

Sr. No.	Crops	Yield in Kg. per hectar : Out turn in 'M' Tonnes							
		1960-61	1970-71	1976-77	1978-78	1960-61	1970-71	1976-77	1977-78
1.	2.	3.	4.	5.	6.	7.	8.	9.	10.
1.	Rice	759	1104	1232	1257	1559	2553	2985	3104
2.	Wheat	403	432	431	607	154	158	176	260
3.	Jowar	469	169	464	609	919	362	960	1316
4.	Maize	1040	759	1233	1033	NA	22	37	31
5.	Gram	297	402	341	354	30	45	45	56
6.	Tur	945	496	353	393	69	58	36	42
7.	Ground Nut	673	500	333	1000	NA	1	1	4
8.	Sugar Cane (Gur)	4543	8000	8000	8000	2	16	8	8
9.	Cotton - (00 Bales)	230	44	368	398	103	89	132	149

3.10 The cultivators are now always knowing the importance of high yielding and high yield varieties which can be seen from the above table. The yield per hectare is constantly increasing from the year 1960-61 to 1977-78 in case of Rice, Wheat, & Maize. However there is a sudden decrease in yield of Jowar, Maize and cotton in the year 1970-71, these crops are kharif crops which were affected due to draught conditions during the year 1970-71. There is a considerable decrease in yield per hectare of tur during the year 1976-77 and 1977-78 as compared with the year 1970-71 & 1960-61 at the same time there is a proportionate decrease in the outturn of Tur.

3.11 Following table gives the data on net area irrigated during the year 1970-71, 1976-77 and 1977-78 and net area sown in the corresponding years along with the percentage of net area irrigated to net area sown.

Table No. 4

Percentage of net area irrigated to net area sown.  
(in hectar)

Sr. No.	Year	Net area irrigated	Net area sown	Percentage of net area irrigated to net area sown
1.	2.	3.	4.	5.
1.	1960-61	97454	617488	15.78
2.	1970-71	111044	648375	17.12
3.	1976-77	112011	652430	17.16
4.	1977-78	96922	664310	14.59

3.12 Though there is a significant increase in the percentage of net area irrigated to net area sown in the year 1970-71 as compared with the year 1960-61, there is no considerable increase in the percentage of net area irrigated to net area sown in the year 1970-71 and 1976-77, however there is a increase in net area irrigated during the year 1976-77 as compared with the year 1970-71 but there is also proportionate increase in the net area sown and hence the percentage of net area irrigated to net area sown remains more or less the same. Now a days the rainy season is some what differed and hence the water table is going down and down. The cultivators of Chandrapur district are using Bodies i.e. small tanks for irrigation purposes. The water is stored in these bodies during the rainy days and then the same is used for irrigation. Due to poor rainy season, the bodies are becoming useless and hence the percentage of net area irrigated to net area sown is also coming down. It can be seen from the above table that during the year 1977-78 the net area irrigated is far less than the net area irrigated in the

year 1976-77 but there is a increase in the net area sown and hence the percentage of net area irrigated to net area sown is decreased from 17.16% in the year 1976-77 to 14.59% in the year 1977-78. Had there been no decrease in the net area irrigated in the year 1977-78 the percentage of net area irrigated to net area sown would have not been so affected.

3.13 The percentage of area under different irrigated crops to gross irrigated area will should be tendency of the cultivators to irrigate particular crop. Generally the cultivators of Chandrapur district are using irrigation facilities for growing rice, which is a main crop of this district. The cultivators are slowly moving towards irrigating other important crops also, such as Wheat, Jowar, Bajra etc.

3.14 Following table will indicate the percentage of area under different irrigated crops to gross irrigated area.

TABLE No. 5

Sr. No.	Name of Crops	YEARS			
		1960-61	1970-71	1976-77	1977-78
1.	2.	3.	4.	5.	6.
1.	Rice	96.89	95.59	93.87	93.28
2.	Wheat	0.18	1.15	2.01	2.01
3.	Jowar	-	0.06	0.19	2.54
4.	Bajara	-	0.04	-	-
5.	Total Cereals	97.12	97.02	96.30	97.86
6.	Gram	-	-	-	-
7.	Total Pulses	-	-	0.01	0.02
8.	Total Food-grains	97.12	97.03	99.31	97.88
9.	Sugar cane	0.25	0.14	0.08	0.09
10.	Total Food-crops	99.91	99.18	96.76	99.89

1.	2.	3.	4.	5.	6.
11. Cotton	-	-	-	-	-
12. Ground nut	-	-	-	0.04	-
13. Total non-food crops	0.08	0.01	0.01	0.24	0.11
-Total	100.00	100.00	100.00	100.00	100.00

3.15 It will be seen from the above table that there is a sudden increase in the irrigation of Jowar during the year 1977-78 as compared to previous years. However above percentages are calculated from the figures taken from the season and crop reports for the concerned years which are provisional. There is no variation in other percentage since the year 1960-61.

3.16 As indicated earlier the Major source of irrigation in Chandrapur district is Bories. However there is also increase in the Major and medium irrigation projects. The percentage of well irrigation is very less in this district as compared with the Govt. canals and other sources of irrigation.

3.17 Following Table shows the net area irrigated by different sources in the year 1970-71, 1976-77 and 1977-78.

Table No. 6

Sr. No.	Source of irrigation	Net area irrigated (in Hectors)			
		1960-61	1970-71	1976-77	1977-78
1.	2.	3.	4.	5.	6.
1.	Govt. Canals	16,233.33	18932	24388	21229
2.	Private Canals	-	-	-	-
3.	Wells	1,144.86	1678	2983	2222
4.	Other sources	80,075.84	90434	84640	73471
Total		97,454.03	111044	112011	96922

3.18 From the above table it will be seen that the net area irrigated during the year 1976-77 has been increased when compared with the net area irrigated in the year 1970-71 and in 1960-61. However, there is a considerable decrease in the net area irrigated during the year 1977-78 as compared with year 1960-61, 1970-71 and 1976-77.

Co-Operation: Agricultural credit

Table No.7

Primary agricultural credit societies in the district during the year 1960-61, 1970-71, 1977-78 and 1978-79.

Sr. No.	Item	Years			
		1960-61	1970-71	1977-78	1978-79
1	2	3	4	5	6
1.	No. of Primary Agricultural credit societies	1270	1188	709	705
2.	No. of Members	61239	96000	173313	180897
3.	Working capital (Rs. in Lakhs)	186.99	376.62	1.24	1.33
4.	Loans advanced (Rs. in Lakhs)	110.99	200.67	0.34	0.29
5.	Loans overdue	-	153.13	0.57	0.55
6.	Loans out Standing.	-	292.00	0.67	0.77

3.19 It will be seen from table No.7 that there is a considerable decrease in the No. of primary Agricultural credit societies during the year 1977-78 and 1978-79 as compared with the year 1960-61 and in 1971-72. At the same time there is a decrease in the working capital, loans advanced, etc.

The above table indicates that the co-operative movement is not deeply rooted in Chandrapur district.

Wage Rate

3.20 There is a considerable increase in the Agricultural wage rates during the last 20 years. The Maximum daily wages paid to male field labour, male Agricultural labour, female field labour and female other agricultural labour at the year 1960-61 was Rs. 1.50 Rs. 1.50 Rs. 1.25 Rs. 1.25 respectively and Rs. 3.00 Rs. 3.00 Rs. 1.25 during the year 1970-71 respectively. The wage rates for above 4 types for the year 1977-78 and 1978-79 are Rs. 4.00 for male field labour and Rs. 3.00 for female field labour. It means that the agricultural wage rates have been increased to nearly double in the year 1978-79 as compared to 1970-71.

Live stock.

3.21 In the country like India, animals are most essential factor for agricultural activities at the same time. They are an important source of food and raw material. Bovine population comprises the population of buffaloes and cattle where as ovine population comprises the population of sheep and goats. The following table gives total livestock (excluding pigs, horses, & ponies) per hectare of cultivable land in each taluk during the year 1971 & 1972 as the figures of Livestock Census 1978 are not yet finalised.

Table No. 8

Sr. No.	Taluka	Total live stock (Bovine & ovine)		Total cultivable area in hectare		Live Stock per hectare of cultivable land	
		1961	1972	1961	1972	1961	1972
1	2	3	4	5	6	7	8
1.	Chandrapur	230297	268897	174553	174900	1.32	1.54
2.	Warora	245258	276471	213730	214400	1.15	1.29
3.	Bramhapuri	180925	195972	119506	118100	1.51	1.64
4.	Gadchiroli	348940	393032	234325	235100	1.49	1.67
5.	Sironcha	180875	234383	107104	107700	1.69	2.18
6.	Rajura	107598	157950	112577	128200	0.95	1.23
District Total		1293804	1526705	961795	978400	1.34	1.56

3.22 Livestock per hundred hectore of Cultivable land is found to be higher in Sironcha, Gachiroli and Bramhapuri talukas than the district average. The reasons for higher ratio are that 1) The talukas viz Bramhapuri, Gachiroli, and Sironcha are mainly paddy growing tracts where the requirement of draught animals is generally higher than other tracts and (2) The percentage of Cultivable area is comparatively much less because of Most of the area is covered with forest.

Consumption of Electricity:-

Following table indicates the progress relating to electricity in the district as on 1960-61, 1977-78 and 1978-79.

Sr. No.	Tahasil	Villages electrified			Pumps energised			Per-Capita consumption		
		1960-61	1977-78	1978-79	1960-61	77-78	78-79	60-61	77-78	78-79
1.	2.	3.	4.	5.	6.	7.	8.	9.	10.	11.
1.	Chandrapur	-	15	34	-	39	62	-	-	-
2.	Warora	-	10	82	-	123	118	-	-	-
3.	Bramhapuri	-	14	9	-	95	112	-	-	-
4.	Gachiroli	-	14	38	-	49	42	-	-	-
5.	Sironcha	-	8	30	-	29	46	-	-	-
6.	Rajura	-	-	8	-	39	61	-	-	-
Total		18	61	201	21	374	446	21.51	369.84	370.30

3.24 There are in all 2847 inhabited villages in the district. Taking it into consideration the total No. of villages the percentage of electrification is very less i.e. 2.14 percent in the year 1977-78, and 7.06 percent in the year 1978-79. The Talukwise percentage of electrification during the year 1978-79 is (1) Chandrapur 8.7 % (2) Warora 18.4 % (3) Bramhapuri 2.6 %

(4) Gadchiroli 4.4 % (5) Sironcha 5.4% (6) Rajura 3.2%.

The cultivators are using electric Pumps for irrigation instead of oil engines and hence the number of pumps energised during the year 1978-79 is increased considerably.

3.25 Talukawise consumption of electricity is not available with the maharashtra State Electricity Board, Chandrapur Division and hence the Talukawise per-capita consumption is not given. However there is no progress in per Capita consumption during the year 1978-79 as compared with the year 1977-78.

TABLE No. 10

Sr. No.	Item	Y E A R S				
		1960-61	1970-71	1976-77	1977-78	1978-79
1.	2.	3.	4.	5.	6.	7.
1.	Candidate enrolled	5725	8347	22823	13153	11653
2.	Vacancies notified	978	1531	3357	2357	1589
3.	Placement in Vacancies	609	1017	2134	1539	599
4.	Percentage of placement to Registration.	11	12	9	12	5.14
5.	Candidates on live-registered at the end of the year.	2157	10475	60100	55041	54125

3.26 It can be seen from the above table that there is constant increase in the enrollement from 1960-61 to 1976-77 but there is a sudden decrease during the year 1977-78 and 1978-79. At the same time there is no constant increase or decrease in the percentage of placement to registration. There is a abnormal decrease in all the items during the year 1978-79 when compared with the items of previous years.

Medical facilities :

Following table gives the No. of Indoor/ Outdoor patients treated in public/private institutions and No. of Hospitals, dispensaries etc in the district during 1961, 1971, 1976, 1977 and 1978.

TABLE n.No.11

Sr. No.	Item	Y E A R S				
		1961	1971	1976	1977	1978
1.	2.	3.	4.	5.	6.	7.
1.	Indoor Patients	9218	14014	100,000	93000	96,000
2.	Outdoor patients	3,33209	888911	1162000	1072000	99000
3.	No. of Primary Health Centre.	5	18	18	24	24
4.	No. of Hospitals	4	4	4	6	6
5.	No. of dispensaries	15	74	75	75	75

3.7 The above table shows that there is increase in indoor and out door patients during the year 1971 as compared with the year 1961 but there is decrease in the outdoor patients during the year 1978 as compared to 1977 even though there is increase in No. of Primary Health Centres.

EDUCATION :

3.28 Much importance is given to Education during the Plan period and hence primary education was made compulsory during the third plan period. As such there is considerable increase in the No. of educational institutions during the last ten to fifteen years following table gives the data on categorywise students during the 1960-61, 1970-71, 1976-77, 1977-78 and 1978-79.

TABLE No. 12

Sr. No.	Category	YEARS				
		1960-61	1970-71	1976-77	1977-78	1978-79
1.	2.	3.	4.	5.	6.	7.
<b>I. Primary Education</b>						
	i) Institutions	1059	1987	2041	2056	2058
	ii) Students					
	a) Boys	54110	99562	108104	124057	128688
	b) Girls	19411	54966	67708	80558	86414
	c) Total	73521	154528	175712	204615	215102
<b>II. Secondary Education:</b>						
	i) Institutions	61	113	145	147	149
	ii) Students					
	a) Boys	14010	28635	35776	38829	40756
	b) Girls	2919	10668	16852	18438	20065
	Total	16829	39303	52628	57267	60821
<b>III. Higher Education</b>						
	i) Institutions	2	9	14	14	14
	ii) Students	486	5499	7029	7327	7417

3.29 It can be seen from the above table that there is a considerable increase in the No. of institutions during the ~~the~~ last eighteen years. The higher educational facilities have been increased by seven times as compared to the year 1960-61 some thing is observed in case of Secondary education also. However there is no significant increase in the primary educational institutions. The No. of Students are also constantly increasing from last eighteen years.

TABLE No. 13

Showing important ratios in Education.

Sr. No.	Years	(a) Institutions		(b) Teachers/Pupils		
		Secondary to Primary	Higher to Secondary	Primary	Secondary	Higher
1.	2.	3.	4.	5.	6.	7.
1.	1960-61	1 : 17	1 : 15	1 : 30	1 : 22	1 : 13
2.	1970-71	1 : 15	1 : 15	1 : 27	1 : 22	1 : 29
3.	1976-77	1 : 14	1 : 10	1 : 28	1 : 25	1 : 20
4.	1977-78	1 : 14	1 : 10	1 : 34	1 : 29	1 : 23
5.	1978-79	1 : 14	1 : 10	1 : 35	1 : 27	1 : 22

3.30 The above table indicates the ratio of Secondary institutions and Higher Educational Institutions to Secondary Educational institutions in part (a) and the ratio of teachers to pupils in Primary Secondary and Higher education in part (b). The ratio of teachers to Pupils is showing upward trends which indicates that the enrollement is increasing year to year but the number of students is not increasing proportionately.

BANKING.

3.31 People in rural areas are now a days knowing the importance and need of banking facilities and hence taking in to consideration the demand from the Public various banking institutions are opening there branches in rural areas also. There is a substantial increase in number of scheduled banks since, 1961. The number of schedule banks have increased from 11 in the year 1960-61 to 41 in the year 1970-71 and to 80 in the year 1977-78.

The number of banking offices become double in the year 1977-78 as compared to the year 1970-71. At the same time the number of population served by each banking office have also increased considerably during the last eighteen years.

3.32 The comparative position of Banks and population served by those banks during the year 1960-61, 1970-71 and 1977-78 is given in the following table.

Sr	Tahsil	No. of Banking Offices			No. of population served per Banking office.		
		1960-61	1970-71	1977-78	1960-61	1970-71	1977-78
1	2	3	4	5	6	7	8
1.	Chandrapur	6	12	31	12522	10212	4825
2.	Waror	4	10	18	8506	4596	3976
3.	Bramhapuri	1	6	9	11883	11646	4595
4.	Gadchiroli	-	7	12	-	6057	3851
5.	Sironcha	-	3	7	-	3631	2006
6.	Rajura	-	3	3	-	2769	2769
Total		11	41	80	10970	6292	4138

Roads

3.33 This district is largest one in area in the Maharashtra state. The Communication facilities are very poor. However the Govt. is giving much importance to the Rural Road through Gram programme and minimum Need programme of rural roads and Employment Guarantee Schemes and hence there is a considerable increase in Communication facilities during the last fifteen to twenty years. The road length per 100 Sq Km. area is increased from 4.9 Kms. in the year 1960-61 to 22.8 Kms. in the year 1978. It means that there is about 400% increase in the road length.

3.34. The talukawise data on village connected by all weather roads, other roads and average road length per 100sq.Km is not readily available with the public works and housing Deptt. and hence the same are taken from 1961 and 1971 Census and indicated here.

Table No.15

Sr. No.	Tehsil	Village connected		Road length per 100sq Miles.			
		by All weather Roads	Village connected by other Roads	1960-61	1970-71		
1	2	3	4	5	6	7	8
1.	Chandrapur	71	97	NA	129	NA	NA
2.	Warora	47	105	"	419	"	NA
3.	Bramhapuri	76	91	"	336	NA	NA
4.	Gadchiroli	78	53	"	225	NA	NA
5.	Sironcha	37	55	"	298	NA	NA
6.	Rajura	6	17	"	244	NA	NA
Distt		315	418	-	1651	-	-

Note:- During 1961 Census, the roads were not classified as all weather roads and other roads and hence all the roads are covered in all weather roads and given in col.No.3.

To sum up, it can be seen from the data available on communication, that there is a vast scope of road development in Chandrapur District.

Prices

3.35 There is a tremendous increase in the prices of important commodities during the last 15 years. prices of important commodities are being collected by the District Statistical organisation at each of the District Head quarters on every Friday and at three selected Rural centres at every fortnight.

3.36 . Following table indicates average prices of some important commodities for the year 1962-63, 1970-71, 1976-77, 1977-78 and 1978-79.

Table No.16

Sr. No.	Commodity	Unit	P R I C E S				
			1962-63	1970-71	1976-77	1977-78	1978-79
1	2	3	4	5	6	7	8
1.	Rice (Luchai No1)	Kg.	0.67	1.46	2.58	2.21	1.83
2.	Wheat (Medium)	"	0.63	1.12	1.84	1.66	1.74
3.	Wheat (Course)	"	0.52	1.05	1.69	1.20	1.31
4.	Gram dal	"	0.60	1.17	1.83	2.10	2.73
5.	Arhal dal	"	0.92	1.71	2.09	3.93	4.81
6.	Moong dal	"	0.73	1.58	2.35	2.74	3.45

9.	Gur	"	0.95	1.38	2.26	2.20	1.79
10.	Groundnut oil	"	2.04	4.61	6.45	9.84	8.29
11.	Meat	"	3.08	6.00	9.80	10.50	12.00
12.	Washing soap	Per Bar	1.52	2.10	2.98	2.80	2.94

3.37 The Prices of Rice, Wheat, all types of pulses except urid dal and meat in the year 1976, were more than three times of the prices prevailing in the year 1963 while the prices of Groundnut oil in the year 1976 were abnormally increased and was four times more than that of the year 1963.

3.38 However there is a decrease in prices of rice and wheat during the year 1977-78 and 1978-79 as compared with the prices of 1976-77. There is a considerable increase in Arhar prices in the last two years.

CHAPTER -IV.

ANNUAL PLAN - 1977-78 AND 1978-79.

4.1(a) The importance of centralised implementation of plans has been recognised in our country from the earliest days of the Five Year Plans. The main reason behind this is that a region demarcated on purely administrative grounds, comprises several districts with varying resources and this makes it very difficult to focus attention on the problems of specific area within that region. Regional Planning also tends to accentuate regionalism so that the plan expenditure is regarded as an end in itself rather than as a mean, to secure optimum utilisation of the potential of each area.

4.1(b) The State Government has, therefore, decided to adopt the district as a unit of Planning. It is true that even within a district, there are differences in resource endowments and some areas would merit greater attention than others. However, the district is a smallest unit for which there is a competent body of administrators and a fairly good data base.

4.1(c) The district plans would naturally concentrate on the development of local resources and the satisfaction of local people, being the objects of the Distt. Planning, but they must also reflect the main thrust of the national and State Plans and embody the essential Programme and norms indicated by the State Government as the second object.

4.2(a) The Organisational machinery set up in each district for the formulation, monitoring and overseeing of the District Plan originally consisted of (a) The District Planning Board and (b) The District Development consultative Council. These two bodies have now been amalgamated to form a single body of District

Planning and Development Council which is presided over by the designated Minister of the District and includes members of parliament and the State legislature from the District the president of Zilla Parishad, the Divisional Commissioner, the District Collector, the president of the largest municipality, the Chairman of the D.C.C. bank, Director of the Maharashtra State L.D. Bank representing the District, Regional Development Corporation, nine non-official members nominated by the State Government etc; & the Collector functions as the member Secretary. To assist the council in its day to day activities, a small executive committee is appointed under the Chairmanship of the designated Minister of the District. The District Planning Officer functions as the Secretary. This Committee is required to meet at least once in a month and to have a continuous dialogue with the various departments responsible for development activities in the District. The set up of the Executive Committee is as below:

The Executive Committee of the D.P.D.C. should consist of the following members.

1. Designated Minister of the Distt: - Chairman
2. Other Ministers of the Distt. - Vice-Chairman
3. Divisional Commissioner - do
4. President Z.P. - Member
5. One of the four representatives of Urban local bodies i.e. the Mayor of the Mpl. Corpn. and one president of A.B.U. Class mpl. councils each to be nominated by the chairman of the DP. & D.C. - Member
6. Collector of the District - Member
7. G.E.O. Z.P. - Member
8. Two other representatives of the Council to be nominated by the Council by consensus. - Member
9. All members of the Parliament and State legislature from the Distt. - Member.

10. Chairman Central Co-operative Bank - Member
11. Manager lead Bank - Member
12. District Planning Officer - Secretary

TRIBAL SUB- PLAN.

In addition to the Exercise in District Planning with district as the basic Unit, Govt: has also undertaken the task of formulating development plans on area basis for certain special areas like the Tribal and Hilly and inaccessible areas in this District with an aim to integrate development of this area for accelerating Socio Economic Development of the people living in Tribal areas for the purpose of formulation of the Sub-plan and for overseeing the implementation thereof. " The Special Executive Committee" of Tribal Sub-plan of the District Planning and Development Council has been constituted in this district whose set up is as below :

TRIBAL SUB-PLAN

Special Executive Committee of the D.P.D.C.

1. Designated Minister of the District - Member
2. One of the Tribal Executive Representative. - Vice-Chairman
3. Tribal Commissioner - Vice-Chairman
4. President Zilla Parishad - Member
5. All Tribal MP./M.L.A.& M.L.O. - Member
6. Chairman Social Welfare Committee Zilla Parishad. - Member
7. Chairman Social Welfare Committee - Member
7. Chairman of P.S. in Tribal Area. - Member
8. Two Non-Official members (Nominated by the Govt.) -
9. Chief Executive Officer, Z.P. - Member
10. Collector - Member Secretary.

4.3(a) For the Fifth Plan of Chandrapur District an allocation of Rs.42.83 crores was indicated to the District Planning and Development Council,

Chandrapur. The Draft Fifth Plan of this district has been prepared keeping in view the importance given by State, for removal of poverty, minimum needs programme, 15 Point programme, productive programmes for achieving a break through on Agricultural front, development of irrigation and power etc. The care has therefore been taken to ensure that the provisions on the items included under minimum needs programme and 15 point programme are given the first preference in the plan as per directives of the State Government.

4.3(h) Following table will indicate sectorwise Fifth plan outlay, percentage to total outlay, expenditure incurred during 1976-77, 1977-78 and 1978-79 and percentage of expenditure to total outlay during the respective years. This is inclusive of Non-Tribal and Tribal-Sub-Plan.

(Rs. in lakhs)

Head of Development	Fifth plan Outlay	Percentage to total	Expenditure upto:			% of Expt. to total outlay		
			1976-77	1977-78	1978-79	76-77	77-78	78-79
1.	2.	3.	4.	5.	6.	7.	8.	9.

II. Co-operation & Community Development	200.41	4.68	17.58	100.34	131.15	8.77	50.65	07.44
III. Irrigation & Power	959.28	22.40	195.88	359.91	609.91	20.41	37.52	63.50
IV. Transport & Industry & Mining.	184.12	4.30	7.64	13.65	23.87	4.14	7.41	12.96
V. Transport & Communication	476.13	11.12	94.23	174.20	386.02	19.80	36.81	07.59
VI. Social Services	906.93	21.17	91.57	238.54	458.23	10.10	26.30	50.55
VII. Miscellaneous.	319.26	7.45	120.31	208.52	306.21	37.68	65.32	95.91

1.	2.	3.	4.	5.	6.	7.	8.	9.
Total	4283.00	100.00	633.62	1349.79	2366.92	14.79	31.52	55.26

4.3(c) The following table indicates Sectorwise Fifth Plan Outlay, Percentage to total outlay, Expenditure incurred upto 1976-77, 1977-78 & 1978-79 and percentage of expenditure to total outlay upto the respective years in respect of Tribal sub-plan

(Rs. in lakhs)

Sr. No.	Head of Development	Fifth Plan Outlay	Percentage to total	Expenditure upto				% of Expenditure to Total	
				1976-77	1977-78	1978-79	1976-77	1977-78	1978-79
1.	2.	3.	4.	5.	6.	7.	8.	9.	10.
I.	Agricultural-Programme	239.24	21.20	-	90.78	276.44	-	37.95	115.55
II.	Co-operation & Community-Development.	103.40	9.16	-	73.32	102.02	-	70.91	98.67
III.	Irrigation & Power	352.14	31.20	-	111.28	300.85	-	31.60	85.43
IV.	Industries & Mining	3.08	0.27	-	1.60	3.08	-	51.95	100.00
V.	Transport & Communication	154.70	13.70	-	49.23	137.87	-	31.82	89.12
VI.	Social Services.	198.19	17.56	-	64.84	138.90	-	32.72	70.08
VII.	Miscellaneous.	78.00	6.91	-	53.06	104.92	-	68.03	134.51
Total		1128.75	100	-	444.11	1064.08	-	39.35	94.27

During the year 1975-76 and 1976-77 no separate provisions were made under the T.S.P. and hence the expenditure and % could not be given.

4.4 It will be seen from the above table that proportionate weightage have been given to the important sectors and sub-sectors while providing outlay, considering the backwardness of district. For example, Chandrapur district being vast in area having considerable large area mainly under paddy crops, requiring all possible sources of irrigation, proportionate weightage in allocation of outlay has been given to Agricultural Programme and Irrigation and powers i.e. 28.88% and 22.4% of total outlay; which seems to be balancing with other sectors for planned development of the District. Chandrapur district though being large in area but having very poor Transport and Communication facilities affecting implementation of various plan schemes and there by the fast development in interior backward area has been given priority and an outlay of Rs. 476.13 lakhs which is 11.12% of total outlay has been provided. Taking in to consideration the heavy rainfall, dense forests, long distances, very poor condition of Roads both Kachha and Pakka, large No. of inaccessible Villages, the outlay provided for development of Transport and Communications seems to be less, Same is the fact with subsectors covered under Social Services. In all Rs. 906.93 lakhs which is 21.17% of total outlay, have been provided for Social Services. The factual position of Educational facilities available, the percentage of literacy, the outbreaks of various diseases in most backward areas and availability of medical facilities to overcome, percentage of doctors in P.H.Cs, Dispensaries to per 100 population, poor facilities of fresh drinking water, poor condition of

labourers etc; have seem not to be attended properly and there by the less provision has been made. In fact this sector should have more outlay for speedy and overall comprehensive development under Fifth Five Year Plan.

As regard expenditure on all the above sectors viz: Agricultural programme, Irrigation & Power, Transport and Communication and Social Services having some what weightages, it can be seen from the table that the percentage to the sectorwise total outlay is very poor i.e. 8.60, 20.59 and 36.57 upto 1976-77, 1977-78, 1978-79 respectively. It seems that the minimum outlay that too with the proportionate weightages provided under Fifth Five Year Plan is not going to be fully spent, which is bound to give short falls in achievements and affect the overall development.

Table No.4.5

Showing the yearwise and major headwise budgeted outlay, Revised outlay, actual expenditure and percentage of expenditure to revised outlay.

Sr. No.	Head of Development.	Year	Total Budgeted outlay	Revised outlay	Actual expenditure	Percentage of expenditure to revised outlay.
1.	2.	3.	4.	5.	6.	7.
1.	Agricultural Programme.	1976-77	143.67	144.09	106.41	73.84
		1977-78	152.85	182.96	148.22	81.01
		1978-79	220.90	210.09	197.76	94.13
2.	Co-operative & Community Development.	1976-77	11.26	10.45	17.58	168.22
		1977-78	89.59	78.29	82.76	105.70
		1978-79	28.34	27.09	30.81	113.73

		1977-78	216.93	232.24	164.03	70.62
		1978-79	269.50	246.72	249.14	101.00

1.	2.	3.	4.	5.	6.	7.
4. Industry & Mining	1976-77	32.25	33.16	7.64	23.04	
	1977-78	34.89	6.72	6.01	89.49	
	1978-79	6.41	10.08	10.22	101.39	
5. Transport & Communication	1976-77	91.00	21.00	94.23	448.71	
	1977-78	92.00	86.72	79.97	92.22	
	1978-79	254.66	226.84	211.82	93.38	
6. Social Services.	1976-77	130.32	126.93	91.57	72.14	
	1977-78	201.74	180.50	146.97	81.42	
	1978-79	229.54	234.18	219.69	93.81	
7. Miscellaneous	1976-77	82.00	82.00	120.31	146.72	
	1977-78	60.00	60.00	88.21	147.02	
	1978-79	57.53	60.53	97.69	161.39	
8. Total	1976-77	642.70	572.20	633.62	110.73	
	1977-78	848.00	827.43	716.17	86.55	
	1978-79	1066.88	1015.15	1017.13	100.16	

Note:- The figures for the year 1976-77, 1977-78 & 1978-79 are taken from the monthly progress report for the month of March of that year except the figures of revised outlay for the year 1976-77 which are obtained from the Office of the D.P.D.C. Chandrapur.

4.6. It will be seen from the above table that there is significant increase in the percentage of expenditure to revised outlay in case of Co-operation & Community Development for all the three years i.e. 1976-77, 1977-78 and 1978-79. Some thing is happened in case of Miscellaneous Sector where the percentage of expenditure is 146.72%, 147.02% and 161.39% respectively for the years 1976-77, 1977-78 and 1978-79. The main reason of increase in the expenditure under miscellaneous Sector, seems due to the Employment Guarantee Schemes. The E.G.S. is such a scheme under miscellaneous sector which has no restriction on expenditure. There is expenditure of 90% and below in case of following heads for the years.

Heads	Years
1.	2.
1. Agricultural Programme	1976-77 & 1977-78
2. Irrigation & Power	1977-78
3. Industry & Mining	1976-77 & 1977-78
4. Social Services	1976-77 & 1977-78

At the same time there is more than 100 % expenditure under the following heads for the years shown against each head.

Sr. : No.	Head	Years
1.	2.	3.
2.	Co-operation & Community	1976-77, 1977-78 & 1978-79.
2.	Irrigation & Power	1976-77 & 1978-79
3.	Industry & Mining	1977-78
4.	Miscellaneous	1976-77, 1977-78 & 1978-79.

4.7 The expenditure figures for Ist & IIInd Five Year Plans are not available. However there is an expenditure of Rs.610.05 lakhs in the IIIrd Five Year Plan and Rs. 949.53 lakhs in the IVth Five Year Plan period. Taking into consideration the expenditure incurred during the IIIrd & IVth Five year Plan period, the outlay for the Vth Plan period is much high i.e. Rs. 4283.00 Lakhs, not only this, the total expenditure incurred for each year i.e. for 1976-77, 1977-78 and 1978-79 is even more than the total expenditure incurred during the IIIrd Five Year Plan in

Chandrapur District.

4.8 The headwise and some important Sub-headwise physical and financial achievements during the year 1977-78 and 1978-79 are given in the following paragraphs.

(I) Agricultural Programme:-

(i) Crop Husbandry:- For the year 1977-78 a Provision of Rs.1.66 lakhs was made in the Tribal Sub-plan for this sector which was utilised for Plant Protection measures on 67.61 hectares and of low hybrid Jowar seed was distributed to cover 480 hector. At the same time the Zilla Parishad has given hybrid seed covering 39.60 hectares, of land Fertilizers used in 291.92 hectares of land and 167 goats have also been distributed to small & marginal farmers <sup>on Sub Siderly</sup> under integrated area Development Scheme.

There was a provision of 2.68 lakhs in non-tribal area for the year 1977-78 out of which the provision amounting to Rs. 2.51 lakhs have been utilised for plant protection measures covering an area of 243 hectares Free hybrid seed for 419 hectares, of land and distribution of 56 spre yers & 16 dustors. Out of Rs. 2.51 lakhs, 1.94 lakhs have been incurred only on integrated area Development scheme with the following major achievements.

Item	Unit	Achievements	No. of beneficiaries covered
1. Hybrid Jowar	Hect.	78.20	130
2. Fertilizers	"	250.87	437
3. Plant Protection	"	93.65	146
4. Sheep goats	No.	306	79
5. He goats	"	99	99

A provision of Rs. 2.98 lakhs of Non-Tribal area and Rs. 3.28 lakhs for Tribal sub-plan was made for the year 1978-79 out of which the implementing agencies have incurred an expenditure of Rs. 2.90 lakhs on schemes in Non-tribal area and Rs. 2.83 lakhs under Tribal sub-plan. The important physical achievements in both the plans are given below :

Item	Unit	Achievements	
		Tribal	Non-tribal
1.	2.	3.	4.
1. Gobar Gas Plants	No.	78	8
2. Sprayers & Dusters	No.	48	71
3. Dry Farming Demonstration.	No.	30	28
4. Beneficiaries under I.R.D.P.	No.	654	947

(ii) Minor Irrigation:- Minor Irrigation has an important role in the agricultural Development and hence much importance has been given to this sub-sector. A provision of Rs. 28.30 lakhs under Tribal sub-plan and Rs. 36.36 lakhs under Non-tribal was sanctioned for the year 1977-78, out of which Rs. 22.54 lakhs in Tribal area and Rs. 29.97 lakhs in Non-tribal area have been utilised and irrigation potential of 488 Hectares in Non-tribal area and 740 Hecter in Tribal area have been created. The minor irrigation projects are in progress both under tribal & Non-tribal areas.

As regard the year 1978-79 a provision of Rs.40.86 lakhs under non-tribal sub-plan and Rs.29.96 lakhs under Tribal-Sub-plan was made for the year. The concerned departments have utilised Rs.41.17

lakhs under Non-tribal sub-plan and Rs.26.72 lakhs under Tribal sub-plan. The important physical achievements are as follows:

Sr. No.	Item	Unit	Achievement	
			Tribal	Non-tribal
1.	2.	3.	4.	5.
1.	Irrigation	Hect.	151	410
2.	Tanks	No.	10	11
			In Progress	In Progress
3.	Subsidy for new irrigation Wells	No.	81	96
4.	Subsidy for new pipping sets.	No.	180	-

(iii) Animal Husbandry: A provision of Rs. 2.02 lakhs was made under Non-Tribal sub-plan and Rs.3.79 lakhs under Tribal sub-plan for the year 1977-78 out of which Rs. 2.50 lakhs have been spent under Tribal sub-plan and Rs.1.42 lakhs have been spent under Non-tribal sub-plan. At the same time a provision of Rs.3.84 lakhs under non-tribal sub-plan and Rs.4.02 lakhs under tribal sub-plan was made for the year 1978-79 against which the implementing agencies have utilised Rs.3.78 lakhs under non-tribal sub-plan and Rs.3.75 lakhs under Tribal-Sub-plan. The important achievements under tribal and non-tribal sub-plan for the year 1977-78 and 1978-79 are as under.

Sr. No.	Item	Unit	Achievements			
			Tribal	Non-Tribal	Tribal	Non-Tribal
1.	2.	3.	4.	5.	6.	7.
1.	Functioning of K.V.Units	No.	-	10	-	10
2.	Prises to V.Ps. for elimination of scrubbulls.	No.	3	-	3	-

1.	2.	3.	4.	5.	6.	7.
3.	Beneficiaries under control of mouth & foot diseases.	No. 850	-	625	-	-
4.	Distribution of improved Cockerls.	No. 496	-	550	-	-

IV. Dairy Development: A revised provision of Rs. 13.54 lakhs and Rs. 1582 lakhs was made under non-tribal sub-plan for the year 1977-78 and 1978-79 for Govt. Milk scheme, Chandrapur, out of which the implementing Officer has utilised only Rs. 1.38 lakhs during the year 1977-78 and Rs. 3.35 lakhs during the year 1978-79. The work of Govt. Dairy at Chandrapur was in progress.

V. Fisheries: Chandrapur district is having a large No. of Small tanks and hence there is a tremendous scope for Inland Fishery Development. A sizable provision is, therefore, made in the Annual Plans for this sub-sector. Under Tribal sub-plan a provision of Rs. 4.65 lakhs and 4.81 lakhs was made for the years 1977-78 and 1978-79 respectively & out of which Rs. 4.31 lakhs and Rs. 4.80 lakhs have been spent. The work of construction of 3 nurseries was in progress. 36.19 lakhs and 37.09 lakhs Fish seed was also stocked during the years 1977-78 and 1978-79 respectively.

VI. Forest: Maximum importance is given to Forest conservation under Tribal Sub-plan. About 50% provision of Agricultural programme is sanctioned only for forestry during both the years i.e. 1977-78, and 1978-79. The implementing officers have

made good efforts by spending 90% and above outlay during both the years. The schemes on which the Major expenditure is booked during 1977-78 and 1978-79 are (1) Forest Communication (2) Elimination of contractor system and (3) Forest exploitation etc.

II. Co-operation and Community Development:- A provision of Rs. 70.07 lakhs and Rs.8.41 lakhs was made for Tribal Sub-plan and Non-Tribal Sub-plan respectively for the year 1977-78 out of which Rs. 69.59 lakhs and Rs. 8.39 lakhs have been spent on giving Loans, subsidy, Training of personnel, Godown Subsidy etc to the various Co-operative Societies in the district.

During the year 1978-79 also Rs.26.10 lakhs (exp. Rs.26.10 lakhs) have been sanctioned under Tribal sub-plans out of which Rs. 25.27 lakhs have been sanctioned and utilised only on providing Financial Assistance to Adivasi Co-operative Societies.

III. Irrigation and Power:-

(1) Medium Irrigation :- There were seven medium irrigation project in progress during the year 1977-78 and 1978-79 i.e. (1) Dina Nadi Project (2) Chargaon Nalla Project (3) Amal Nalla Project (4) Lathon Sarad Nalla project (5) Chenna Nadi project (6) Pothara project and (7) Chandai nalla project for which Rs.81.18 lakhs and Rs.151.97 lakhs have been spent during the years 1977-78 and 1978-79 respectively from Tribal Sub-plan and Rs.6.52 lakhs and Rs.28.22 lakhs respectively for the years 1977-78 & 1978-79 for Non-tribal sub-plan. The Dina Nadi project has created 540 heeters and 1182 hectors irrigation potential under Tribal sub-plan and non-tribal-sub-plan respectively for the years 1977-78.

Rs. (ii) Power :- A provision of 52.00 lakhs and 45.00 lakhs was made under non-tribal sub-plan and Tribal Sub-plan respectively and the expenditure was Rs. 46.23 lakhs and Rs.30.10 lakhs at the same time Rs.36.31 lakhs (Exp. Rs.37.60 lakhs) and Rs.31.00 lakhs (exp. Rs.31.35 lakhs) was sanctioned during the year 1978-79 under Tribal sub-plan and non-Tribal Sub-plan respectively. The important achievements are as follows:-

Sr. No.	Item	Unit	1977-78 Achievements				1978-79	
			Tribal	Non-Tribal	Tribal	Non-Tribal	Tribal	Non-Tribal
1.	2.	3.	4.	5.	6.	7.	8.	
1.	Villages Electrified	No.	25	5	48	12		
2.	Pump sets energised	No.	151	219	170	158		

IV. Industry and Mining:- A provision of Rs. 1.73 lakhs (exp. Rs. 1.60 lakhs) and Rs.4.17 lakhs (Exp. of Rs. 4.41 lakhs) was made under Tribal and non-tribal Sub-plan during the year 1977-78 mostly for industrial Co-operatives. Rs. 2.84 lakhs have been spent on providing seed money assistance to 136 unemployed persons the year during 1977-78 under Non-tribal sub-plan.

At the same time Rs. 8.73 lakhs (exp. Rs.8.74 lakhs) and Rs.1.35 lakhs (Exp. Rs. 1.48 lakhs) have been provided for this sector respectively for non-tribal and Tribal sub-plan in the year 1978-79. The Industries Department has spent Rs. 6.45 lakhs under non-tribal sub-plan for providing seed money assistance to 248 educated unemployed persons.

V. Transport and Communication:- Being a largest district in Maharashtra State, the D.P.D.C. of this district was appreciated the need of providing maximum Communication facilities under plan and hence maximum amount is provided for Road Development during the years 1977-78 and 1978-79 under both the sub-plans. A provision of Rs.86.72 lakhs was made during the year 1977-78 from both the sub-plans with an expenditure of Rs.73.12 lakhs. At the same time Rs.123.08 lakhs have been provided for Non-tribal sub-plan and Rs.103.76 lakhs have been provided for Tribal sub-plan during the year 1978-79. The expenditure of Rs.123.18 lakh and Rs.88.64 lakhs was incurred respectively. Substantial are if roads and C.D. Works have been completed during the year 1978-79.

VII. Social Services:-

(1) General Education :- The programme of General Education was emphasised as an important aspect of Socio Economic Development. Being a Tribal district, Chandrapur has a highest need to provide Educational facilities in the interior part of the district. During the Annual plan 1977-78 a provision of Rs.16.58 lakhs and Rs.18.17 lakhs was made under Tribal and non-tribal sub-plans respectively. The expenditure was incurred expenditure of Rs. 8.95 lakhs and Rs.17.41 lakhs. During the Annual Plan 1978-79 the provision & expenditure under Tribal sub-plan and Non-tribal Sub-plan was Rs. 28.76 lakhs (Exp. Rs.22.92) Lakhs and Rs.40.18 lakhs (Exp. Rs. 38.64 lakhs). The expenditure is hooked on various plan schemes including construction of school rooms @ 12 each year. The major part of the expenditure has been incurred on Attaching standard V to VII to Secondary schools (64 Classes), Development and

expansion of Non-Govt. Secondary Schools (81 Classes).  
development of higher secondary schools (20 Jr. Colleges)  
during the year 1978-79 under non-tribal sub-plan and opening  
opening of residential Pry. Schools (2 Schools), Grants  
to Z.P.s for Pry. School buildings (12 rooms) etc, under  
tribal sub-plan during the same year i.e. 1978-79.

(ii) Medical and Public Health :- A provision Rs.8.37  
lakhs plus Rs.15.85 lakhs was made during the year  
1977-78 under non-tribal and tribal Sub-plans and the  
percentage of exp. was 50.9 and 61.0 respectively. The  
provision for Tribal and non-tribal sub-plans for the  
year 1978-79 was Rs.11.82 lakhs (Exp. 95.09 %) and  
Rs. 15.74 lakhs (Exp. 79.69%) respectively. The major  
item of exp. (Rs.7.94 lakhs) during 1978-79 under Non-  
tribal sub-plan was <sup>for the</sup> expending facilities in Civil  
Hospital Chandrapur, at the same time 5 new Rural health  
Centres have been established under Tribal Sub-plan by  
spending Rs. 4.45 lakhs during the year 1978-79.

(iii) Water Supply and Drainage:- A Provision of  
Rs. 45.50 lakhs and Rs.24.51 lakhs have been sanctioned  
during the year 1977-78 for Non-tribal and Tribal Sub-  
plan respectively. The respective expenditure is  
Rs. 35.17 lakhs and Rs.25.56 lakhs on one Govt. Water  
Supply Schemes (Rs. <sup>23.07</sup> lakhs),\* twenty two Rural Pipe  
water supply schemes, 53 drinking water Wells etc,  
under non-tribal sub-plan and three Rural water supply  
schemes, 64 drinking water wells and 17 borewells under  
Tribal Sub-plan.

\* The Municipal Water Supply Schemes (Rs.0.32 Lakhs),

For the year 1978-79 in all Rs. 71.02  
lakhs (Rs.39.21 lakhs from Non-Tribal and Rs.31.81 lakhs  
from tribal sub-plan) have been provided for this

Difficulties and holsnecks experienced in the implementation of various schemes during the year 1977-78 and 1978-79.

- 1) The budget provision under most of the schemes were received late, i.e. by May end. In case of new works/items/schemes the provision as proposed by the District Planning and Development Council were remained unbudgetted for want of administrative or technical sanction.
- 2) In case of continued schemes the administrative approval and orders to continue the schemes were abnormally delayed by various Heads of Departments. Even in case of budgetted schemes orders to release budget grants were considerably delayed by the heads of the departments, resulting in failure to achieve the targets in the plan year.
- 3) The schemes were formulated without any study or survey but on the basis of the schemes implemented in other districts and without studying the feasibility of the schemes in the district.
- 4) Roads were proposed without studying whether the land would have to be acquired or not. Normally the land acquisition process takes its own time. The provision under such works remained unspent under such circumstances.
- 5) The preliminaries required to be completed before implementation of such programme were never completed before hand and those steps were taken after a major period was lapsed.
- 6) Planning of programme in most of the schemes was not done which resulted in not achieving the desired targets.

sub-sector out of which Rs.70.11 lakhs (Rs.38.85 lakhs) from Non-tribal and Rs.31.26 lakhs from Tribal Sub-plan) have been spent on one Govt. Water supply scheme, one ~~Muni~~ Municipal Water Supply scheme, from non-tribal area and, 3 Rural Water Supply schemes, 53 drinking water Wells and 28 borewells in Tribal area.

(iv) Welfare of Backward Classes :- During the year 1978-79 a provision of Rs.33.15 lakhs (Exp. Rs.31.19 lakhs) was made under Tribal sub-plan and a provision of Rs. 8.62 lakhs (Exp.Rs.7.75 lakhs) was made under non-tribal sub-plan during the same year. The items on which the major amount spent <sup>are</sup> 24 Ashram Shalla complexes (Rs.18.20 lakhs). Under tribal sub-plan and post S.S.C. scholarship were awarded to 176 students, Opening and maintainance of 4 B.C. Hostels, Grant-in-aid to 43 aided B.C. Hostels in non-tribal sub-plan.

VII. Miscellaneous :- The main scheme under this sub-head is the employment Guarantee scheme. During the year 1977-78 a provision of Rs.35.00 lakhs and Rs.36.00 lakhs under Non-tribal and Tribal-Sub-plan was made respectively, & there is more than 100% expenditure under E.G.S. As regard the Annual Plan 1978-79, Rs.51.86 lakhs have been spent under non-tribal sub-plan against the provision of 43.00 lakhs on E.G.S. works. The provision and expenditure under Tribal Sub-plan during the year 1978-79 was Rs.44.38 lakhs against the provision of Rs.16.38 lakhs i.e. about 300 % expenditure is incurred on E.G.S. works under non-tribal sub-plans during the year 1978-79.
