

HANDBOOK OF BASIC STATISTICS
OF
MAHARASHTRA STATE
1981

P R E F A C E | GIPE-PUNE-194386

THE ' Handbook of Basic Statistics of Maharashtra State, 1981 ' is the 21st issue in the series of the Handbook started in 1960 with the object of presenting up-to-date statistical data on various socio-economic aspects of Maharashtra State in a concise form. For the purpose of comparison of the economy of the State with that of India, corresponding data for India have also been shown in the first opening table. Data on trends in some selected indicators are presented in the last series of tables to throw light on the growth of economy. The provisional figures on 1981 population census are also presented for the first time in this Handbook.

In attempting to give up-to-date information provisional figures have sometimes been presented which may be revised when final figures become available.

The co-operation extended by various departments of the State Government, Central Government and autonomous organisations in bringing out this publication is gratefully acknowledged.

It is hoped that the Handbook will be found useful as a convenient pocket book for ready reference.
