## CHAPTER NO. I INTRODUCTION.

### 1.1 Introduction and Location :-

Nanded district is situated between 18°-15' and 19°-55' north latitude and 77°-15' east longitude. The contour of the district is irregular. It is situated on south-east fringes of Maharashtra State demarcating the boundaries of Andhra Pradesh and Maharashtra. It is one of the five districts of Marathwada division and lies in the Godavari basin. As per 1971 census the area of this district is 10,492.0 sq.km. and the population is 13,97,762 constituting 3.37% and 2.78% of the area and population of the state respectively. Nanded town, the district head-quarter, is situated on the left bank of river Godavari. It is commercial town with facilities of communication. It has a Divisional Office of the Controller of Maharashtra State Road Transport Corporation and two Bus Depots. Besides this, a railway Station to cater to the needs of the commuters, Commerce and trade. The metre gauge track of the South Central Railway passes through the town. It is famous for the monumental Guru Govindsingh Gurudwara which is next to Amritsar in India.

### 1.2 Boundaries :

The district is bounded on the north by Vavatmal district, Adilabad and Nizamabad districts of Andhra Pradesh lie on the east and south-east and Santpur taluka of Bidar district of Karnataka State lies in the south. Osmanabad district on South-west and Parbhani on north-west of the district.

### 1.3 Area :

The total area of the district is 10,492.0 Sq.Km, out of which the rural area comprises 10,236.3 Sq. Km, and the urban area 255.7 Sq.Km. It is the Seventeenth district in rank in terms of area in Maharashtra State and Vis-a-Vis Marathwada region, it stands at the last rank of the ladder, within the district.

Kinwat taluka is the biggest of all the talukas, while Deglur is the smallest.

The district lies in the plateau of South India, it is the most homogeneous district in Maharashtra. It does not have any well defined topographical natural zones. The southern portion of the district is somewhat different because of its poor hilly soil. The north-eastern part of taluka Kinwat is different because of its extensive mountain ranges and barren and unculturable area. The rest of the central part of the district is flat with fertile land of black cotton soil.

#### 1.5 (A) Hill Ranges and Forests :-

There is only one main system of hills known as Phagor Bhavari range. It traverses the district from north-west to south-east. There are few minor hill ranges like Mukhed hill in Bhokar and Hadgan talukas and Belaghat mountain in Kandhar and Mukhed taluka. This district has various types of forests from sparse and stunted to dense and ever green.

The area under forest is over 777 Sq. Km. forming 8.27% of the total geographical area of the district. Major portion of the forest area is in Kinwat taluka forming 25% of the total forest area in the district. Hadgan and Bhokar talukas are also gifted with dense forest area.

#### 1.5 (B) Rivers.

The important rivers that flow in the district are the Godavari, Manjara, Manyad, Saraswati, Penganga, Ashma, Sita and Lendi. The Godavari enters the district from the west passing through the central part of the district, flows into Nizamabad district of Andhra Pradesh. The Manjara which is the largest tributary of the Godavari flows from south to north demarcating the boundary of the district and Andhra Pradesh. The Manyad flows through Kandhar taluka from west to east and forms the natural

boundary between Mukhed and Deglur talukas on one hand and Biloli on the other. The Saraswati rises in Wakhed hills and flows from north to south through the eastern portion of the district and enters the Godavari near the village Malkautha. The river then flows in the eastern direction, joins the Godavari on left bank about three kilometres from Nanded town. The Lendi flows from west to east in Deglur taluka. It runs partly along the Southern boundary and after taking slightly northward course passes through Deglur taluka and meets the Manjara. The Penganga river forms the northern boundary of the district flowing in the eastern direction and falls into the Wardha river of Yavatmal district in Vidharbha region. The less important river Seta rises from north and meets the Godavari.

The perennial rivers of this district are the Godavari, Manjara, Manjed and Penganga. The irrigation potentials of these perennial rivers are not fully utilised, except Manjed. The command area under its projects is only 39,722 Hectares.

#### 1.5 (C) Soil.

Black cotton soil is universal in all the taluka of the district. It is very rich in calcium, magnesium and carbonates, but poor in nitrogen, potash, phosphates and humus. The high retentivity of moisture has rendered it very useful in rainfall starved region of the district. The best black cotton soil is found in narrow strips of land on the banks of the Godavari and its tributaries.

Good black cotton soil is found along the banks of the Manjara and the Manjed rivers in Biloli taluka, while elsewhere it is undulating and much inferior in quality and covered with loose stones. The soil of Nanded taluka consists principally of rich black alluvial deposits. Near the foot of the hills black soil is scarce and it is of a very poor description. Deglur taluka though the smallest in the district is endowed with the

best soil in the district. With the exception of a small portion of the taluka towards the western direction, the entire soil is of superior quality and suitable for raising Rabi crops. One half of the Wandhar taluka has black and rich soil and grows rabi crops. The other half is covered with hills, small bushes and light soil. It is undulating and covered with loose stones where rabi crops are generally grown. About three fourth taluka of Nanded is highly fertile, particularly the soil spreading along the banks of Penganga. Towards the south, near the hills, the soil is rather mixed up with certain saline matter. In the remaining two talukas i.e. Bhakar and Kinwat, except for the hilly tracts, the entire land is of black cotton soil.

#### 1.5 (D) Minerals :

This district is devoid of important minerals worth mentioning. The only mineral available in the district is lime stone. The deposits of intertrappean lime stone have been found to occur in Kinwat taluka. The lime stone quarried is not uniform in grade and is highly siliceous. Building materials like deccan trap of basalt, sand, sandstones and brick clay are also found in this district.

#### 1.6 Climate, Temperature and Rainfall :

##### 1.6 (A) Climate :

The climate of the district is dry and subject to extremes of heat and cold. It is very hot in summer and cold in winter. The hottest month of the year is May and coldest are December and January. Within the district itself, the weather conditions show local variations, Kinwat taluka in the extreme north-east is comparatively more hot than other talukas of the district. There are wide seasonal variations in temperature even at Nanded town. Like other parts of the Division the rainy season starts from June and lasts up to the middle of September. However there are scattered and less regular showers of untimely rains in other

seasons also. The climate of the district, in general, is healthy though subject to extremes of heat and cold.

#### 1.6 (B) Temperature :

Monthly temperature records are available only for Handed station. In the year 1960 and 1981 the mercury touched the highest point 41.5 and 41.3 centigrade respectively in the month of May. The lowest temperature recorded was in the month of Feb. 1960 i.e. 15.6 centigrade and 11.7 centigrade in the month of Jan. 1981.

#### 1.6 (C) Rainfall :

The rainy season commences from June and continues upto the end of September, Handed district falls in assured rainfall zone of the state with a discount that the same is not evenly distributed in all parts of the district. Usually, 75% of the total rainfall is received from the southwest monsoon (June to September) and 16% from post monsoon period, (October to December). Pre-monsoon showers contribute 7% of the total rainfall and the remaining 2% is received from winter monsoon during January and Feb.

The rainfall data is available from eight Rain gauge centres located at each taluka head-quarters of the district.

The maximum rainfall was recorded in Bhaker taluka in the year 1981 i.e. 1,376 mm. whereas the minimum rainfall recorded in Hadgan Taluka it was 204 mm.

#### 1.7 Development of Agri. Industries at Handed district .

The district being predominantly agricultural in nature grows among other crops, cotton, groundnut, sugarcane, chillies etc. which are important with industrial point of view. <sup>Based</sup> ~~Based~~ on the available agriculture resources procession of Industries like Ginning Pressing, Oil mills and Dal mills are found at Handed and at a few taluka centres. However, as a result of many minor and medium irrigation projects which have been put into operation besides major irrigation projects i.e. Parna Project there is

continuous increase in the net area sown in the district resulting increase in the main food crops as well as commercial cash crops. Thus in the recent years some industrial development has taken place and most of the units are based on agriculture resources. Some of the worth mentioning units are as under.

1. Spinning mill :

The unit has been established in co-operative sector by utilising the local available raw material of cotton. It produces cotton yarn of 20 to 40 counts. The unit has fixed capital investment of Rs. 113.09 lakhs employing 414 workers.

Another spinning mill is coming up in co-operative sector at Umri in taluka Bhokar.

2. Sugar Factories :

Kalamber Vibhag Sahakari Sakhar Karkhana, a sugar factory in co-operative sector is functioning in the district at Kalamber village of Kandhar taluka. The capital investment of this unit is Rs. 243.63 lakhs with capacity to crush 1250 M.Ts. of sugarcane, employing 949 workers in the factory.

One more co-operative sugar factory is also functioning at Kenur village of Biloli taluka in co-operative sector.

3. Textile Corporation of Marathwada .

As a partly integrated powerloom project for Marathwada the Texcom has established a pre-weaving and processing plant at M.I.D. C. Nanded. 42 co-operative Societies having 2304 power looms have been organised at different places in Marathwada with centralised processing plant at Nanded. The capital investment of Texcom is Rs. 276.50 lakhs employing over 1271 workers in the central processing plant Nanded and about 2300 weavers are employed in weaving sectors.

4. MAFCO .

With a view to assist the farmers in marketing of perishable agriculture produce, MAFCO has established a cold storage and slaughter house at Nanded with fixed capital investment of

rs. 51.00 lakhs. It also produces beef and other canned fruit products. Number of workers employed in the unit is 156.

#### 5. Other farm based industries.

The Maharashtra Agri Industries Development Corporation has set up an unit for manufacture of granular fertilizer at Nanded which will meet the growing demand for the agricultural inputs in the district. Dairy industry, which is an allied agricultural

activity, has very good scope in the district. There are nearly 824 271

primary dairy co-operative societies in the district with its federation functioning at district head-quarters. In order to foster the development of dairy activities and to increase the milk production with an object to provide a source of additional income to agriculturist, a Dairy project with collection capacity of one lakh liters of milk per day has been started functioning at Nanded.

The abundant availability of groundnut offers good scope for establishment of vanaspati plant in the district. An oil complex with vanaspati as final product is coming up in co-operative sector at Dharmabad in near future.

In addition to the above, the Marathwada Development corporation is establishing a Industrial Estate in Kinwat. A roofing tiles factory is also running by the Marathwada Development corporation in Gokunda taluka Kinwat.

Apart from above, out of total 276 registered small scale industries in the district, there are 275 farm based small scale industries in the district. The total capital investment in these units is rs. 99.45 lakhs giving employment to over 1,375 persons.

The activity-wise break-up of working units is given below.

| Sl. No. | Name of the Agro based industry. | No. of working units in the district during 1981-82. |
|---------|----------------------------------|--|
| 1       | 2                                | 3  |
| 1.      | Oil Mills.                       | 64   |
| 2.      | Dal mills.                       | 20   |
| 3.      | Ginning & Pressing.              | 26   |
| 4.      | Bio fertilizers.                 | 2  |
| 5.      | Bakery.                          | 16   |
| 6.      | Khandsari.                       | 3  |
| 7.      | Poha & Rice mills.               | 28   |
| 8.      | Chilli Powder.                   | 36   |
| 9.      | Kopra Powder.                    | 2  |
|         | Total                            | 197  |

The economy of the district is mainly agricultural and hence the industries based on demand for items like insecticides, pesticides, mixed fertilizers, agricultural implements including dusters and sprayers, have good scope in the area.

CHAPTER NO. II  
PRELIMINARY NOTES ON SCOPE AND LIMITATION OF STATISTICS  
PRESENTED IN THIS STATISTICAL ABSTRACT 1981-82.

Purpose and Scope :

This is the 21st issue of the District Statistical Abstract published since 1959-60. As stated in the previous issue the purpose of this publication is to present the background purpose of statistical material on as many Socio-Economic Characteristics of the district as possible, so as to make it a useful reference book. The statistical data presented in this issue for the year 1981-82 will be useful for research, planning or further Socio-Economic studies about the district. It presents taluka-wise data on various socio-economic aspects for inter-taluka comparison within the district. There are a few tables for which the data for 1981-82 were not available, the same have been substituted by the data available for the latest year. The data on similar lines for the earlier years have also been incorporated in the respective tables to facilitate comparison and to draw safe inferences therefrom.

District-at-a-Glance :

This table gives a picture of the district in a nutshell. It is divided in two parts. The first part deals with general particulars on various topics like population, agriculture, education etc. of the district. The second part presents the data on those items for the State as a whole. The reference period to which the data relates to the district or state is shown against each item though it may not relate to the identical period due to non-availability of data for the same year.

The scope and limitation of the statistical data presented in this issue is briefly described in the following paragraphs.

Area and Population :-

In all 9 tables i.e. table No. 1.1 to 1.9 are included in this section. Data for 1971 population census has been given

in table No. 1.1 and 1.3 to 1.6 where as in table No. 1.2 data for 1951, 1961 & 1971 have been furnished. In table No. 1.7 data for 1971 population census and the Modified information of 1977 have been included. In table No. 1.8 and 1.9 the data from the Housing report of 1971 population census has been incorporated.

The terms of urban and rural areas used in these tables are defined as under :-

For any place to be recognised as an urban area (town) for 1971 census, it was to have a municipal corporation or an area under municipal council or a cantonment or a civil line. If it did not have any of these urban local bodies to administer its affairs, the following empirical tests were applied, (a) a minimum population of 5,000 (estimates for 1971), (b) a density is not less than 400 per Sq.Km. (1,000 per Sq.Mile), (c) 75 percent of the male working population pursuing occupations falling outside agriculture, (d) the place should have according to the Director of census operations of the state, a few pronounced urban characteristics and condition.

The term rural area (village) used in the tables denotes a statutorily recognised village having a well defined boundary and separate land records. Hamlets, wadis or padas have, therefore, not been as separate village. On the other hand, statutorily recognised villages having no population have been shown separately as un-inhabited villages. Villages also include Forest villages comprising mostly forest labourers and there families.

The table No. 1.1 gives taluka-wise area, houses and population as per 1971 census, where as table No. 1.2 indicates decadal variations in population since 1951 to 1971. The table No. 1.3 gives the taluka-wise number of villages according to population ranges and the table No. 1.4 indicates the taluka-wise number of towns according to 1971 population census. The taluka-wise numbers of workers and non-workers are shown in table No.1.5, where as in table No. 1.6 the distribution of population by age group

and by religion in rural and urban area of the district is given as per 1971 population census. In table No. 1.7 the taluka-wise population of scheduled castes, Scheduled Tribes, and Neo-Budhists has been shown as per 1971 population census with the revised figures of the population of Scheduled Castes and Scheduled Tribes in 1977. The table No. 1.8 indicates the distribution of houses by material used for walls/roof, where as table No. 1.9 gives the number of households according to size and status in rural and urban areas as per Housing Report and table No. 11, part-IV of 1971 population census.

### 2. Climate :-

The table No. 2.1 gives monthly rainfall and number of rainy days in each month at the selected centres for the calendar year 1981. A day is treated as a "rainy day" if during the 24 hours the rain-gauge recorded a minimum 2.55 mm. of rain fall. Annual rainfall for each centre is also indicated in the table. Normal rainfall is the average rainfall over a period ranging from minimum of five years to maximum of ten years. The table No. 2.2 indicates month-wise maximum and minimum temperature for the calendar year 1960 and 1981 as recorded at Nanded centre. The data are supplied by the Metrological centre, Govt. of India. The mean maximum and minimum temperature denotes the average of the maximum and minimum temperature recorded daily during the month. The mean (average) temperature is the simple average of the mean maximum and minimum temperature.

### 3. Agriculture :-

In all 13 tables i.e. Table No. 3.1 to 3.13 are included in this section. The table No. 3.1 indicates the taluka-wise figures of land utilisation under the standard heads of land uses for the year 1960-61, 1979-80 and 1980-81 against each taluka. The break-up for the geographical area according to different types of land uses is shown. Major constituents of the Geographical area are forest, land put to non-agricultural uses, barren and

uncultivable land, cultivable waste, permanent pastures, land under miscellaneous trees/crops not included in the area sown; current fallow, other fallow and lastly net area sown. Under "forests" area included are actual forest areas or lands classed administered as forests under any legal enactment dealing with forests whether state owned or private. If any portion of such land is not actually wooded but put to some agricultural uses, that portion is included under the appropriate heading of cultivated or uncultivated land as the case may be. Land put to non-agricultural uses stands for all lands occupied by buildings, roads and railways or under water i.e. rivers and canals and other lands put to uses other than agricultural uses. Barren and uncultivable land covers all barren and uncultivable land like mountains, deserts etc. Lands which can not be brought under cultivation unless at high cost is classified as "Barren and uncultivable Land" whether such land is in isolated blocks or within cultivated holdings. "Cultivable waste" includes all lands available for cultivation whether not taken-up for cultivation or taken-up for cultivation once, but not cultivated during the current year and last five years or more in succession. Such land may be either fallow or covered with bushes and jungles, which can not be put to any use. They may be assessed or not assessed and may be in isolated blocks or within cultivated holdings. "Permanent Pastures and other grazing Lands" cover all grazing lands whether they are permanent pastures and meadows or not. Village common and grazing lands within forest area are included under this head. "Land under Miscellaneous trees, groves etc. not included in the net area sown", includes all cultivable land which is not included under net area sown, but put to some agricultural uses. Land under casuarine trees, thatching grass, bamboo bushes and other for fuel etc., which are not included under "Orchards" are classed under this category. "Current fallow" comprised of cropped area, which are kept fallow during the current year. "Other fallow lands" include all lands which were

taken up for cultivation, but are temporarily out of cultivation for a period of not less than one year and more than five years. The "net area sown" consists of net area sown with crops and orchards, area sown more than once being counted only once. The "Gross cropped area" represents the sum total of area under all crops. The difference between the total or gross cropped area and net area sown is accounted for by the area sown more than once during the same year with the same or different crops.

The Table No. 3.2 gives taluka-wise area under different crops for the year 1960-61, 1979-80 and 1980-81, whereas table No. 3.3 indicates the yield per hectare and out turn of principal crops in the district for those three years. The taluka-wise figures of area irrigated by different sources are furnished in table No. 3.4, whereas the taluka-wise figures of area irrigated under different crops during the year 1960-61, 1979-80 and 1980-81 are given in table No. 3.5. In table No. 3.6 the taluka-wise number of irrigation wells and other wells are shown for the year <sup>1969-70</sup> 1969-70, <sup>1979-80</sup> 1979-80 and <sup>1980-81</sup> 1980-81. The table No. 3.7 gives the information about minor irrigation works for the year 1965-66 and 1980-81. The table No. 3.8 indicates the details of the Major and Medium Irrigation Projects as at the end of June 1981. The table No. 3.9 gives month-wise agricultural wage rates for skilled and unskilled labourers for Ardhapur, Loha and Bhooker centres of this district for the calendar year 1981. The data for number of operational holdings and area under different size classes in the district is furnished in table No. 3.10 for the year 1976-77. The table No. 3.11 indicates the taluka-wise number of agricultural implements as per 1978 live-stock census. The information about famine scarcity is furnished in table No. 3.12 for the year 1981-82. The table No. 3.13 gives information determination of precarious and other scarcity areas according to history of scarcity, for the year 1981-82.

4. Animal Husbandry, Forest and Fisheries

In all 8 tables i.e. table No. 4.1 to 4.8 are included under this section.

Animal Husbandry :-

The table No. 4.1 gives taluka-wise number of various types of live-stock and poultry as per 1978 live stock census. The live-stock census is conducted through out the country once in 5 years on the uniform basis with common concepts and method of enumeration. During the census operations all live-stock and poultry were enumerated by house to house enquiry. Particular care was taken to enumerate live-stock in slaughter houses, stray animals and animals in transit.

The table No. 4.2 indicates the veterinary statistics for the year 1981-82. The taluka-wise number of mobile veterinary units are shown in table No. 4.3 for the year 1960-61, 1980-81 and 1981-82. The figures of disease-wise live stock mortality are furnished in table No. 4.4 for the year 1981-82. The information about the number of recognised slaughter houses and animals slaughtered in the slaughter houses is given in table No. 4.5 for the year 1960-61 and 1981-82.

B - Forest :-

The table No. 4.6 indicates the area under different types of Forests in the district for the year 1960-61 and 1981-82. Data regarding forests under the control of the State Govt Forest Department and under the Control of the State Govt. Revenue Department are given separately. The area under forest is classified according to legal status into three categories i.e. reserved forests, protected forests and un-classed forests.

The legal status refers to the classification of forest under the Indian Forest Act XVI of 1972. Reserved forests are those that are intended mainly for timber production where in the rights

of grazing and cultivations seldom allowed. In protected forests the restrictions are not so rigid. Right of grazing or cultivation is allowed but certain limitations and restrictions are imposed. The unclassified forest refers to the inaccessible forests of unoccupied waste. The forests which are taken over by Government from local bodies or private individuals for management on lease basis are called "Leased Forests". There is no classification of ex-proprietory forests as such. The forest area shown in table No. 4.6 may not tally with the area shown in table No. 3.1. The two sets of figure differ due to the following reasons.

(i) In the Indian forest statistics returns, the whole area including non-wooden area under the control of Forest Department is taken as area under the Forests, while in Agricultural statistics, it is classified according to its actual utilisation.

(ii) The Forest Department returns are meant to serve a definite administrative purpose and indicate the ownership of the forest areas and the actual utilisation of the area is not so important from the point of view of Forest Department as it is in the Land utilisation statistics under Agricultural statistics.

(iii) The Forest Department returns relate to financial year while Agricultural statistics relate to the Agricultural year.

The table No. 4.7 gives data on Major and Minor Forest Produce in the district for the year 1960-61 and 1981-82.

#### C - Fisheries :

The table No. 4.8 gives taluka-wise data on Inland fisheries in Nanded district for the year 1974-75 and 1981-82.

#### 5. Employment, Industry, Mining and Electricity :-

In all 10 tables i.e. table No. 5.1 to 5.10 are included under this section.

#### Factory Statistics :-

The factory statistics shown in table No. 5.1 to 5.3 cover following types of factories registered under Factories Act 1948.

(1) Those employing 10 or more workers and working within the videx aid of power (Section 2 m(i)).

(2) Those employing 20 or more workers and working without aid of power (Section 2 m(ii)).

(3) Those registered under Section 85 of the Act under which the State Government makes applicable the provisions of Act though the above conditions are not fulfilled. However, statistics of the Defence Factories are excluded.

The table No. 5.1 gives number of factories and average daily employment of workers during the calendar years 1980 and 1981, whereas the table No. 5.2 indicates industrywise distribution of working factories for those two years. The distribution of factories according to number of days worked is shown in table No. 5.3 for the calendar year 1980 and 1981. The table No. 5.4 gives statistics relating to Annual Survey of Industries in the district for the year 1979-80 and 1980-81.

#### Employment Statistics :-

The table No. 5.5 gives Employment Exchange statistics in the district with occupational distribution of total registrations and placement as on 31st March, 1966, 1970, 1975, 1981 and 1982. The table No. 5.6 indicates the data regarding the Vocational Guidance Programme in the district for the year 1967-68, 1980-81 and 1981-82. The table No. 5.7 gives the information about the works under taken under Employment Guarantee Scheme, employment generated and expenditure incurred monthwise from April, 1981 to March, 1982. The table No. 5.8 indicates data on employment in different industries as on 31st March, 1982.

#### Electricity :

The table No. 5.9 gives data regarding number of towns and villages electrified and population covered as on 31st March, 1961, 1966, 1970, 1975, 1980, 1981 and 1982. The table No. 5.10 indicates

data of consumption of electricity for the year 1965-66, 1980-81 and 1981-82.

6. Co-operation :

In all 14 tables i.e. table No. 6.1 to 6.12 are included under this section.

The table No. 6.1 ~~table~~ indicates the number of different types of Co-operative Societies and the table No. 6.2 gives selected data of all the types of societies in Nanded district as at the end of June, 1981 and 1982.

Loans outstanding includes outstanding amount in respect of loans, cash credits and overdrafts and the amounts of outstanding bills purchased or discontinued. Overdues refer to amount of loan or instalments, which were due for collection but which were not actually collected and for the repayment of which no extension has been granted by the competent authority.

The reference period is common for the table No. 6.3 to 6.12 i.e. end of June, 1982.

The table No. 6.3 gives information about Audit classification of all types of societies in Nanded district, while table No. 6.4 gives statistics relating to co-operative banks. The table No. 6.5 indicates data relating to Primary Agricultural Credit Societies. Table No. 6.6.1 gives the figures of crop loans advanced by primary agricultural credit societies, whereas table No. 6.6.2 gives information about crop loans advanced by farmers services societies and table No. 6.6.3 indicates data on crop loans advanced by the Adiwasi Co-operative Societies in Nanded district. The table No. 6.7 indicates data on operation of central and primary co-operative marketing societies and table No. 6.8 and 6.9 give data regarding other co-operative societies of different types. The table No. 6.10 indicates operation of regulated markets, while table No. 6.11 gives data regarding operation of other co-operative societies of different types and table No. 6.12 indicates the

number of Registered Money Lenders and loans advanced by them to the traders and Non-traders. The transaction of Money Lending in the State are regulated under the provision of Bombay Money Lenders Act. The information for loans advanced to traders and Non-traders relates to those money lenders who have submitted the returns.

7. Medical and Public Health :-

In all 5 tables i.e. table No. 7.1 to 7.5 are included under this section.

The table No. 7.1 gives taluka-wise data for medical facilities intended by the hospitals and dispensaries for the treatment of in-door and out-door patients. It shows the number of hospitals, dispensaries, maternity homes and primary health centres. It also gives the number of doctors, vaidayas, nurses and beds in the hospitals during the calendar year 1981. The table No. 7.2 gives the taluka-wise number of births and deaths registered in the district during the calendar year 1961 and 1981. The table No. 7.3 furnishes the information about the deaths occurred due to different important diseases like Malaria, Cholera, Small Pox, Tuberculosis etc. in the district during the calendar year 1971, 1975, 1980 and 1981. The table No. 7.4 gives vaccination statistics and cholera ~~inoculation~~ inoculation taluka-wise for the calendar year 1981, while the table No. 7.5 gives the taluka-wise number of Family Planning Centres operating in the district as on 31st March, 1982.

8. Education :-

The data on Education is presented in 11 tables i.e. table No. 8.1 to 8.11.

The table No. 8.1 indicates taluka-wise number of literates separately for male and female in rural and urban areas with percentage of literacy according to 1971 population census. Table No. 8.2 and 8.3 furnish the data on education in rural and urban areas respectively as per 1961 census. The table No. 8.4 indicates the number of different types of educational institutions, pupils

and teachers in the district during the year 1979-80, 1980-81 and 1981-82 where as table No. 8.5 indicates number of Backward class pupils in Primary and Secondary schools and colleges in the district for the year 1981-82. The table No. 8.6 gives data for other type of educational institutions in the district for the year 1980-81 and 1981-82. Table No. 8.7 indicates data on Backwardly Backward Class Concessions of free education for the year 1981-82. The table No. 8.8 shows recurring and non-recurring expenditure on Primary education during 1964-65 and 1981-82, while table No. 8.9 indicates the number of vocational and technical schools in Handed district during 1973-80, 1980-81 and 1981-82. The table No. 8.10 shows the number of adult education centres in Handed district for 1980-81 and 1981-82 and table No. 8.11 gives data on teachers training institutions in Handed district for 1970-71, 1980-81 & 1981-82.

### 9. Transport and Communication :

Table No. 9.1 to 9.7 gives information on the Transport and Communication facilities available in the district.

Table No. 9.1 shows the length of Railway route in Km. covered by meter gauge in the district as on 31st March, 1961 and 1982. The table No. 9.2 gives length of roads in Km. according to category and surface classification in Handed district under Public Works Department, Zilla Parishad and Municipal Councils as on 31st March 1961 and 1982 and table No. 9.3 indicates data on different types of motor vehicles in operation in Handed district as on 31st March, 1961 and 1982. The table No. 9.4 presents data regarding operational statistics of nationalised road transport according to S.T. Division for the year 1960-61, 1980-81 and 1981-82, with number of routes, route distance in Km., vehicles on roads per day, average daily earning, number of passengers travelled per day etc. The information regarding traffic census on important roads in Handed district is furnished in table No. 9.5 as on 31st Dec. 1961.

The table No. 9.6 indicates the number of Post Offices, telegraph offices, letter boxes, post men, Telephones and number of radio licences issued and renewed together during 1960-61, 1965-66, 1970-71, 1975-76, 1980-81 and 1981-82. The table No. 9.7 shows village-wise rural broadcasting statistics such as number of villages where receiving sets are installed, rural population covered and total number of radio farm forums as on 31st March, 1982.

#### 10. Local bodies :

Table No. 10.1 to 10.4 indicate data relating to local bodies.

The table No. 10.1 gives income and expenditure of village panchayats, Zilla Parishad and Municipal Councils during the year 1965-66, 1970-71, 1975-76, 1980-81 and 1981-82, while the table No. 10.2 shows the panchayat samiti-wise income and expenditure of village panchayats in the district for the year 1981-82. This table indicates the source of income by way of grant in aid, contribution, donations, taxes, fees etc. and expenditure on sanitation and health, public works social welfare, administration etc. The table No. 10.3 gives the head-wise actual receipts of Zilla Parishad, Mandal during the year 1960-61, 1979-80, 1980-81, 1981-82 and 1982-83 by way of receipts from various head under Self raised resources and Govt. grants etc., and head-wise expenditure of Zilla Parishad during the above period. Data regarding actuals for 1960-61, 1979-80 and 1980-81, revised for 1981-82 and estimates for 1982-83 is furnished in this table. The table No. 10.4 indicates Municipal Council-wise data on income by way of Govt. grants, octroi, taxes on houses and lands, other taxes etc. and expenditure on general administration, cost of collection of taxes, public safety, public health and sanitation, public works etc. for the year 1981-82.

#### 11. Plan :-

The data regarding plan schemes is furnished in table No. 11.1 and 11.2

The table No. 11.1 indicates the expenditure on District level plan schemes according to Major Head of Development for the year 1980-81 and 1981-82 separately for Non-Tribal and Tribal Sub-Plan schemes, while the table No. 11.2 shows physical achievements on important items separately for Non-tribal and Tribal Sub-Plan schemes for those two years.

12. Prices and Index Nos.:-

The data regarding prices and Index Nos. is presented in table No. 12.1 to 12.3

The table No. 12.1 indicates month-wise average wholesale prices of certain agricultural commodities at selected centres for the calendar year 1971, 1980 and 1981 and the table No. 12.2 shows month-wise average retail prices of important commodities at district head quarters for the calendar year 1981. The table no. 12.3 gives consumers price index numbers (revised series) for working class for the year 1981-82.

13. Judicial and Administration :

The data relating to this section is presented in table No. 13.1 to 13.5

The table No. 13.1 indicates the strength of police force, showing the number of superintendents, Assistant Superintendents, Deputy Superintendents, Inspectors and Sub-Inspectors etc. along with total strength of police force and total cost on it in the district for the calendar year 1961, 1980 and 1981. The table No. 13.2 gives crime statistics indicating the trend of cognizable and non-cognizable crimes and number of cases, tried, compounded withdrawn or otherwise dropped together, cases acquitted, convicted during the calendar year ~~year~~ 1981. The table No. 13.3 indicates the number of prisoners held due to various causes in the district for the calendar year 1979, 1980 and 1981. The table No. 13.4 gives the Number of convict by age and sex in the district

for the calendar year 1979, 1980 and 1981. The table No. 13.5 gives data for work disposed in civil courts in the district for the calendar year 1961 and 1981.

Banking & Insurance :-

The data on Banking and Insurance is tabulated in Table No. 14.1 to 14.3.

The table No. 14.1 indicates the number of banking offices of Scheduled Banks and Co-operative Banks, deposits and advances as on 31st December, 1976, 1979 and 1980. The table No. 14.2 presents data relating to joint Stock Companies as on 31st March 1962, 1981 and 1982, while table No. 14.3 indicates the number of insurance policies issued and amount insured in the district during the year 1960-61 and 1981-82.

15. Miscellaneous :-

The data under this section is presented in 10 table i.e. table No. 15.1 to 15.10.

The table No. 15.1 deals with Cinema Statistics indicating the taluka-wise number of permanent, Semi-permanent and moving talkies with their seating capacity for the year 1963-64 and 1982-82. The table No. 15.2 indicates the data for collection of small savings for the year 1960-61 and 1981-82. The table No. 15.3 gives the taluka-wise figures of land revenue collection for the year 1981-82 with detailed break-up of consolidated demand, arrears, remissions, suspensions and actual collections. The table No. 15.4 shows taluka-wise number of printing presses, news papers and periodicals published in the district as on 31st March, 1982. The table No. 15.5 shows the quantity of rice wheat and sugar issued to Fair Price shops in the district during the year 1971, 1975, 1980 and 1981. The table No. 15.6 gives data relating to demand and procurement of levy for Paddy, Wheat, Jowar etc. for the year 1970-71, 1975-76, 1980-81 and 1981-82.

The table No. 15.7 gives statistics regarding general elections held in 1990. The table No. 15.8 gives the list of Inspection and Traveller Punglows in the district as on 31st March, 1982, while the table No. 15.9 gives the list of Railway Stations in the district as on 31st March, 1982.

The table No. 15.10 indicates the trends in selected indicators and furnished the data for different reference periods on various items as shown below :-

| <u>I t e m.</u>                            | <u>Reference years.</u>  |
|--|--|
| A) Area and Population.                    | 1951, 1961 and 1971.   |

CHAPTER NO. III  
NOTES ON SELECTED INDICATORS.

Agriculture.

Percentage of gross cropped area to net area sown for the year 1960-61, 1970-71, 1979-80 and 1980-81.

A continuous increase in the percentage of gross area sown to net area sown in the district has been observed during the period commencing from 1960-61 to 1980-81. During the years 1970-71, 1979-80 and 1980-81 the percentage of gross area sown to net area sown stood at 104.60, 108.12 and 105.09 respectively. The taluka-wise percentage of gross area sown to net area sown indicated considerable variation. In the year 1960-61, Nanded taluka had the highest percentage of gross area sown to net area sown. In 1970-71 Kandhar taluka with its percentage 114.61 stands at the top of the ladder and Kinwat taluka was the lowest (100.21) of gross area sown to net area sown. Similarly in the year 1979-80 Deglur taluka had the highest percentage (114.38) and Bhokar taluka had the lowest percentage (103.23) likewise in the year 1980-81 Biloli taluka had highest percentage (114.50) and Kinwat taluka had lowest percentage (100.47)

Table No. 3.1

Taluka-wise percentage of gross area to net area sown during 1960-61, 1970-71, 1979-80 and 1980-81 in Nanded district.

| Sr. No. | Taluka       | 1960-61 | 1970-71 | 1979-80 | 1980-81 |
|---------|--------------|---------|---------|---------|---------|
| 1.      | 2.           | 3.      | 4.      | 5.      | 6.      |
| 1.      | Nanded.      | 109.34  | 105.76  | 112.09  | 105.59  |
| 2.      | Hadgaon.     | 100.12  | 102.61  | 104.34  | 103.08  |
| 3.      | Kinwat.      | 101.03  | 100.21  | 104.78  | 100.47  |
| 4.      | Bhokar.      | 102.46  | 100.72  | 103.23  | 101.15  |
| 5.      | Biloli.      | 101.01  | 103.25  | 113.96  | 114.50  |
| 6.      | Deglur.      | 100.22  | 101.36  | 114.38  | 109.59  |
| 7.      | Mukhed.      | 105.99  | 106.31  | 105.81  | 104.64  |
| 8.      | Kandhar.     | 100.75  | 114.61  | 107.18  | 102.37  |
|         | Nanded Dist. | 102.26  | 104.60  | 108.12  | 105.09  |

Percentage distribution of gross area under important crops to total gross cropped area.

The following table shows the percentage distribution of gross area under important crops to total cropped area.

Table No. 3.2

Percentage distribution of gross area under important crops to total gross cropped area.

| Sr. No. | Name of crop. | Percentage. |         |         |         |
|---------|---------------|-------------|---------|---------|---------|
|         |               | 1960-61     | 1970-71 | 1979-80 | 1980-81 |
| 1.      | 2.            | 3.          | 4.      | 5.      | 6.      |
| 1.      | Rice.         | 3.40        | 3.11    | 4.88    | 4.50    |
| 2.      | Wheat.        | 2.70        | 2.53    | 5.12    | 3.53    |
| 3.      | Jowar.        | 44.36       | 36.30   | 32.07   | 39.57   |
| 4.      | Gram.         | 1.96        | 2.64    | 1.97    | 1.85    |
| 5.      | Bur.          | 5.71        | 5.29    | 4.72    | 4.79    |
| 6.      | Sugarcane.    | 0.43        | 0.60    | 0.70    | 0.66    |
| 7.      | Cotton.       | 26.75       | 26.34   | 26.07   | 27.85   |
| 8.      | Groundnut.    | 2.58        | 3.66    | 2.46    | 2.07    |

It is clear from the above table that area under Jowar and Cotton dominated the gross cropped area of the district during the years under review.

Yield rates and out-turn of principal crops.

The following table indicates the yield rates and out-turn of principal crops in the district during 1960-61, 1970-71, 1979-80 and 1980-81.

Table No. 3.3

Yield rates and out-turn of the important crops.

| Sr. No. | Crops.         | Yield per hectare (In Kg.) |         |         |         | Out-turn (In '000') Tonnes. |         |         |         |
|---------|----------------|----------------------------|---------|---------|---------|-----------------------------|---------|---------|---------|
|         |                | 1960-61                    | 1970-71 | 1979-80 | 1980-81 | 1960-61                     | 1970-71 | 1979-80 | 1980-81 |
|         |                | 3.                         | 4.      | 5.      | 6.      | 7.                          | 8.      | 9.      | 10.     |
| 1.      | Rice.          | 812                        | 576     | 1,149   | 1,313   | 19                          | 15      | 42      | 44      |
| 2.      | Wheat.         | 539                        | 385     | 876     | 677     | 11                          | 10      | 33      | 23      |
| 3.      | Jowar.         | 850                        | 254     | 1,173   | 714     | 2,62                        | 70      | 3,39    | 2,00    |
| 4.      | Bajra.         | 261                        | 400     | 474     | 467     | 1                           | 1       | 1       | 1       |
| 5.      | Total Cereals. | 819                        | 289     | 1,133   | 764     | 2,94                        | 95      | 4,17    | 2,71    |
| 6.      | Gram.          | 292                        | 138     | 325     | 359     | 4                           | 3       | 5       | 5       |

| 2                   | 3     | 4     | 5     | 6     | 7    | 8  | 9    | 10   |
|---------------------|-------|-------|-------|-------|------|----|------|------|
|                     | 524   | 96    | 422   | 337   | 21   | 4  | 15   | 13   |
| Pulses              | 411   | 124   | 388   | 260   | 36   | 16 | 43   | 29   |
| (in terms of Gur)   | 4,150 | 7,022 | 8,635 | 4,667 | 12   | 32 | 45   | 24   |
|                     | 112   | 23    | 107   | 79    | 1,12 | 26 | 1,36 | 1,01 |
| (in terms of bales) |       |       |       |       |      |    |      |      |
| Groundnut           | 872   | 612   | 418   | 354   | 16   | 17 | 8    | 4    |

It may be seen from the statistics presented in the above table that the yield rates for almost all the crops (except Bajra) during the year 1960-61 were at the higher side compared to the figures pertaining to the next decade i.e. 1970-71. But during the year 1979-80, the yield rates in respect of cereals crops have crossed the level which were in 1960-61. Increase was also noticed in case of Gram and Sugarcane on the other side. Significant decrease in the yield rate of Groundnut was seen in 1979-80 and 1980-81 as compared to the year 1960-61. It can further be seen that during the next year i.e. 1980-81 the yield rates of most of the crops have recorded decrease compared to 1979-80. The changes in the yield rates of the crops are obviously reflected in the total output of the respective crops in the corresponding period.

Net irrigated area to net area sown.

The taluka-wise percentage of net area irrigated to net area sown during the year 1960-61, 1970-71, 1979-80 and 1980-81 is given below.

Table No. 3.4

| Sr. No. | Taluka   | Percentage of net area irrigated to net area sown. |         |         |         |
|---------|----------|--|---------|---------|---------|
|         |          | 1960-61  | 1970-71 | 1979-80 | 1980-81 |
| 1.      | 2.       | 3.   | 4.      | 5.      | 6.      |
| 1.      | Nanded.  | 4.25   | 14.36   | 16.83   | 13.02   |
| 2.      | Hadgaon. | 0.40   | 2.68    | 4.80    | 4.33    |
| 3.      | Kinwat.  | 0.22   | 1.03    | 2.52    | 1.58    |
| 4.      | Bhokar.  | 0.64   | 2.00    | 1.43    | 1.56    |

|                   | 3    | 4    | 5    | 6    |
|-------------------|------|------|------|------|
| 1. Kinwat taluka  | 1.27 | 1.93 | 7.23 | 5.78 |
| 2. Nanded taluka  | 1.01 | 2.21 | 3.30 | 3.15 |
| 3. Phoker taluka  | 0.45 | 2.06 | 2.26 | 2.39 |
| 4. District Total | 1.60 | 3.77 | 2.86 | 2.09 |
| District Total    | 1.20 | 3.62 | 5.18 | 4.08 |

It is evident from the above table that the percentage of net area irrigated to net area sown is increased from 1.20 during the year 1960-61 to 5.18 during 1979-80 and 4.08 during 1980-81 in the District. The highest percentage is observed in Nanded taluka during the year 1960-61, 1970-71, 1979-80 and 1980-81, whereas lowest percentage is noticed in Kinwat taluka 0.22 & 1.03 for the years 1960-61 and 1970-71 respectively and in Phoker taluka 1.43 & 2x 1.56 for the years 1979-80 and 1980-81 respectively.

Percentage of area under different irrigated crops to gross irrigated area.

The following table shows the percentage of area under different irrigated crops to gross irrigated area in the district for the year 1960-61, 1970-71, 1979-80 and 1980-81.

Table No. 3.5

Percentage of area under different irrigated crops to gross irrigated area.

| Sr. No. | Name of crops     | Percentage of area under different irrigated crops to gross irrigated area |         |         |         |
|---------|-------------------|--|---------|---------|---------|
|         |                   | 1960-61  | 1970-71 | 1979-80 | 1980-81 |
| 1.      | 2.                | 3.   | 4.      | 5.      | 6.      |
| 1.      | Rice.             | 20.60  | 12.29   | 24.55   | 21.28   |
| 2.      | Wheat.            | 4.03   | 22.18   | 32.70   | 29.84   |
| 3.      | Total cereals.    | 35.90  | 48.13   | 59.29   | 53.33   |
| 4.      | Gram.             | -  | 3.25    | 3.02    | 1.04    |
|         |                   |  |         | 3.56    |         |
| 5.      | Total Pulses.     | -  | 4.18    | 5.03    | 2.28    |
| 6.      | Sugarcane.        | 28.91  | 16.71   | 17.07   | 19.25   |
| 7.      | Chillies.         | 3.12   | 2.12    | 4.51    | 6.14    |
| 8.      | Turmeric.         | -  | 8.00    | 1.96    | 2.31    |
| 9.      | Other food crops. | 43.22  | 37.83   | 9.24    | 10.45   |
| 10.     | Total food crops. | 99.88  | 94.38   | 91.10   | 83.91   |

|                      | 2      | 3      | 4      | 5      | 6      |
|----------------------|--------|--------|--------|--------|--------|
| Cotton               | -      | -      | 1.46   | 3.30   | 3.68   |
| Groundnut            | -      | -      | 1.66   | 4.80   | 11.24  |
| Other non-food crops | 0.12   | 0.12   | 2.50   | 0.80   | 1.17   |
| Total non-food crops | 0.12   | 0.12   | 5.62   | 8.90   | 16.09  |
| District total       | 100.00 | 100.00 | 100.00 | 100.00 | 100.00 |

The above table reveals that the area is covered by the gross irrigated food crops out of the gross irrigated crops in the district. In the year 1960-61 almost 100% of the area that was irrigated covered food crops. In the next decade i.e. 1970-71, food crops showed 94% which non-food crops had only 6% area under irrigation. The cropping pattern under irrigation has undergone major changes during the last 2 decades i.e. 1961-81. The percentage of area under wheat has gone up from 4.03 to about 30.0 and that of chillies from 3.00 to 6.00. The groundnut crop which had no area in 1960-61 had 11.4% in 1980-81. The remarkable decline in the percentage of areacrops however, noticeable in case of Sugarcane which had gone down from almost 29% to about 10% during the above period.

Source-wise net area irrigated.

The following table indicates the details of the source-wise net area irrigated for the year 1960-61, 1970-71, 1979-80, and 1980-81 in the district.

Table No. 3.6

Source-wise net area irrigated.

| Sr. No. | Source of Irrigation     | Net area irrigated (Hectares) |         |         |         |
|---------|--------------------------|-------------------------------|---------|---------|---------|
|         |                          | 1960-61                       | 1970-71 | 1979-80 | 1980-81 |
| 1.      | 2.                       | 3.                            | 4.      | 5.      | 6.      |
| 1.      | Surface Irrigation       | 1,157                         | 11,954  | 22,031  | 16,591  |
| 2.      | Wells                    | 7,136                         | 13,815  | 15,748  | 12,437  |
| 3.      | Total net area irrigated | 8,293                         | 25,769  | 37,779  | 29,028  |

The comparative figures of above mentioned four years indicate that area irrigated has increased considerably by 455.55 and 13.96 per cent during the year 1979-80 and 1980-81 over 1960-61 and 1970-71. The main source of irrigation in the dist. is wells.

Co-operation.  
Primary Agril. Credit Societies.

Active participation of the co-operative sector in financing rural credit through Primary Agril. Credit Societies has resulted in continuous increasing trend of the Agricultural Credit over the years. The number of societies, membership, working capital, loans overdue, loans outstanding are also increased with the increase in the Agricultural credit over the period from 1960-61 to 1980-81. Comparative figures in respect of Primary Agril. Credit Societies during the years 1960-61, 1970-71, 1980-81 and 1981-82 are shown in the following table.

Table No. 3.7

Primary Agril. Credit Societies, Members, Working Capital, loans advanced, loans overdue, loans outstanding in Nanded Dist.

| Sr. No. | Particular.                         | Y e a r s. |          |          |          |
|---------|-------------------------------------|------------|----------|----------|----------|
|         |                                     | 1960-61    | 1970-71  | 1980-81  | 1981-82  |
| 1.      | 2.                                  | 3.         | 4.       | 5.       | 6.       |
| 1.      | No. of societies.                   | 890        | 953      | 958      | 958      |
| 2.      | No. of members.                     | 47,137     | 1,01,089 | 2,10,068 | 2,05,000 |
| 3.      | Working capital<br>Rs. in ('000')   | 99,91      | 10,25,59 | 17,56,03 | 19,22,70 |
| 4.      | Loans advanced<br>Rs. in ('000')    | 82,56      | 3,47,75  | 9,21,88  | 10,52,17 |
| 5.      | Loans overdue<br>Rs. in ('000')     | N. A.      | 5,36,37  | 3,79,48  | 4,46,48  |
| 6.      | Loans outstanding<br>Rs. in ('000') | 77,09      | 8,30,25  | 13,03,36 | 4,46,48  |

It can be observed from the figures given in the above table that although the number of societies has recorded steady increase during the last two decades, the number of membership, however, showed many fold expansion during that period. The working capital and loan advanced showed 1,657% and 1,019% increase respectively in 1980-81 compared to position in 1960-61.

3. Agricultural Wage rates :

The agricultural wage rates for the skilled labours as well as un-skilled labours employed for different agricultural operations were collected in the district since 1963 at three selected places namely 1) Ardhapur 2) Loha and 3) Bhoker.

The following table gives the details of average wage rates for the year 1980 and 1981.

Table No. 3.8

Agril. wage rates for skilled labour, field labour, other Agril. labour and Herdsmen.

| Sr. No.        | Category of labourers.              | Ardhapur. |       | Loha. |      | Bhoker. |      |
|----------------|-------------------------------------|-----------|-------|-------|------|---------|------|
|                |                                     | 1980      | 1981  | 1980  | 1981 | 1980    | 1981 |
| 1.             | 2.                                  | 3.        | 4.    | 5.    | 6.   | 7.      | 8.   |
| <u>Skilled</u> |                                     |           |       |       |      |         |      |
| 1.             | Carpenter.                          | 8.42      | 10.00 | 8.00  | 8.00 | 7.37    | 8.00 |
| 2.             | Blacksmith.                         | 7.21      | 8.00  | 6.00  | 6.00 | 6.50    | 8.00 |
| 3.             | Cobbler.                            | 6.00      | 6.00  | 6.00  | 6.00 | 8.00    | 5.00 |
| 4.             | Field labourers (Un-skilled)        |           |       |       |      |         |      |
| 1.             | Male.                               | 5.27      | 7.21  | 4.83  | 5.96 | 4.33    | 5.50 |
| 2.             | Female.                             | 2.83      | 3.11  | 2.83  | 3.00 | 2.62    | 2.50 |
| 5.             | Other Agril. Labourers (Un-skilled) |           |       |       |      |         |      |
| 1.             | Male.                               | 7.40      | 7.16  | -     | -    | 5.62    | 6.00 |
| 2.             | Female.                             | 4.00      | 3.25  | -     | -    | 4.00    | 4.00 |
| 6.             | Herdsmen.                           | 4.00      | 4.00  | 5.00  | 5.00 | 3.50    | 3.08 |

The above table indicates that the average wage rates of skilled as well as un-skilled labours showed increasing trend in the year 1981 over the year 1980. The highest increase was observed in the wages of un-skilled workers. It was partly due to the fact that these type of labours were diverted towards the works other than agricultural operations in the nearby urban centres and partly due to imbalance between demand and supply of male labours for agricultural operations. Implementation of employment guarantee scheme in rural areas is also one of the cause of increase in wages.

4. Livestock,

Livestock Bovine and Ovine Population per 100 Hectare of cultivable land.

The following table gives the taluka-wise position of Bovine and Ovine live-stock population per 100 Hectare of cultivable area in Nanded district during the year 1972 and 1978.

Table No. 3.9

Livestock Bovine and Ovine population per 100 Hectare of cultivable land during 1971-72 and 1977-78.

| Sl. No.         | Name of Taluka. | Bovine and Ovine Population in the year. |           | Bovine and Ovine Population per 100 Hect. of cultivable area during the year. |         |
|-----------------|-----------------|--|-----------|---|---------|
|                 |                 | 1972                                     | 1978      | 1971-72   | 1977-78 |
| 1.              | 2.              | 3.                                       | 4.        | 5.  | 6.      |
| 1.              | Nanded.         | 94,173                                   | 1,32,327  | 106.75  | 150.37  |
| 2.              | Hedgron.        | 1,07,078                                 | 1,50,399  | 86.47   | 124.81  |
| 3.              | Kinwat.         | 1,06,290                                 | 1,56,077  | 86.87   | 127.51  |
| 4.              | Bhokar.         | 74,541                                   | 1,02,543  | 92.86   | 128.01  |

| 6.              | Deglur.         | 54,489                                   | 75,499    | 87.23   | 120.99  |
| 7.              | Mukhad.         | 76,115                                   | 1,06,416  | 96.84   | 135.38  |
| 8.              | Kandhar.        | 1,43,463                                 | 2,02,396  | 100.23  | 141.73  |
| Gr Dist. Total. |                 | 7,79,743                                 | 11,02,170 | 93.70   | 133.09  |

Considerable variations are observed in the Bovine and Ovine Live-stock per 100 Hect. of cultivable land in different talukas of this district both in 1972 and 1978. It varies from 86.87 in Kinwat taluka to 106.75 in Nanded taluka during the year 1971-72. It was found low in Deglur taluka i.e. 87.23 as against 150.37 in Nanded taluka for the year 1977-78.

Bovine and Ovine population per 100 Hectare of cultivable land during the year 1971-72 was 93.70 and during the year 1977-78 was 133.09

5. Electricity.

Consumption of Electricity.

The following table gives the taluka-wise statistics relating to consumption of electricity in Nanded district during the

year 1960-61 and 1981-82.

Table No. 3.10

No. of villages electrified, pump energised during the year 1960-61, 1981-82 in Nanded district.

| S. No. District/ Taluka. | Villages Electrified. |         | Pumps energised. |         | Per capita consumption K.W.H. |         |    |
|--------------------------|-----------------------|---------|------------------|---------|-------------------------------|---------|----|

| 2. Hedgron.              |                       | 188     |                  | 2,710   |                               |         |    |
| 3. Yinwat.               |                       | 199     |                  | 1,681   |                               |         |    |
| 4. Phokar.               |                       | 127     |                  | 1,317   |                               |         |    |
| 5. Biloli.               |                       | 218     |                  | 1,405   |                               |         |    |
| 6. Deglur.               |                       | 93      |                  | 954     |                               |         |    |
| 7. Mukhed.               |                       | 103     |                  | 644     |                               |         |    |
| 8. Kandhar.              |                       | 190     |                  | 4,097   |                               |         |    |

It is observed that the villages were electrified upto the end of 1960-61 and hence no pump was energised in the district, 1,314 out of 1,388 villages have been electrified upto the end of 1981-82. Per capita consumption of electricity increased from 1.49 KWH. in 1960-61 to 33.22 KWH in the year 1981-82.

Per capita consumption of electricity is one of the best indicator to judge economic development of the district as it co-relates with the industrial, agricultural and other production activities. The per capita consumption of electricity increased from 1.49 KWH in 1960-61 to 17.79 KWH in 1971-72. The same trend is seen during the year 1981-82 (33.22 KWH). This shows that there is a constant increase in per capita consumption of electricity in the district over the period from 1960-61 to 1981-82, and this increase has become about 22 fold in 1981-82 when compared with the year 1960-61. This was due to implementation of urban and rural electrification programme in the district. More electric motors were energised on irrigation wells for lifting water and more power connections were given to industrial

processes. As such there was more consumption of electricity both agricultural as well as industrial uses.

Employment.

Candidates enrolled and vacancies notified.

Statistics relating to candidates enrolled and the vacancies notified in the district indicate the nature and intensity of unemployment problem. The statistics of candidates enrolled vacancies notified in the year 1960-61, 1970-71, 1980-81 and 1981-82 are furnished below.

Table No. 3.11

Candidates enrolled and vacancies notified during 1960-61, 1970-71, 1980-81 and 1981-82 in Nanded district.

| Sr. No. | Item.   | Years.  |         |         |         |
|---------|---|---------|---------|---------|---------|
|         |   | 1960-61 | 1970-71 | 1980-81 | 1981-82 |
| 1.      | 2.  | 3.      | 4.      | 5.      | 6.      |
| 1.      | Candidates enrolled.                                | 7,094   | 6,774   | 9,620   | 11,429  |
| 2.      | Vacancies notified.                                 | 1,130   | 1,178   | 401     | 849     |
| 3.      | Placement in vacancies.                             | 846     | 843     | 343     | 773     |
| 4.      | Percentage of placement to registration.            | 12      | 12      | 4       | 7       |
| 5.      | Candidates on Idle register at the end of the year. | 4,550   | 5,320   | 25,150  | 28,717  |

Enrolment of candidates in the Employment Exchange increased by 61 percent in 1981-82 over 1960-61, whereas percentage of placement to Registration has decrease from 12 percent to 7 Percent. Like-wise the number of candidates on Idle register has increased by 6 times as compared 1960-61.

7. Medical Facilities.

The district has made significant progress in providing medical facilities during the last 20 years. As a result the General Health standards have been improved considerably. The following table reflects the medical facilities available in the district.

Table No. 3.12

Medical facilities available in Nanded district during 1961, 1971, 1980 and 1981.

| Sr. No. | Category                         | Unit     | Years |      |      |       |
|---------|----------------------------------|----------|-------|------|------|-------|
|         |                                  |          | 1961  | 1971 | 1980 | 1981  |
| 1       | 2                                | 3        | 4     | 5    | 6    | 7     |
| 1.      | No. of Hospital.                 | Nos.     | 1     | 2    | 2    | 2     |
| 2.      | No. of Primary Health Centres.   | Nos.     | 6     | 11   | 13   | 13    |
| 3.      | No. of dispensaries.             | Nos.     | 13    | 36   | 84   | 84    |
| 4.      | No. of Indoor patients treated.  | In '000' | 47    | 54   | 1,75 | 1,88  |
| 5.      | No. of outdoor patients treated. | "        | 6,38  | 6,41 | 7,89 | 19,87 |

It is observed that No. of Primary Health centres and dispensaries have been increased in 1981 as compared from the year 1961. The No. of indoor patient treated have increased by 300% and the out-door patient treated have increased by 217% during 1981 over 1961.

8. Education :

Important ratio in education.

The following table indicates the expansion trends in the strength of pupils in Nanded district during the years 1960-61, 1970-71, 1980-81 and 1981-82.

Table No. 3.13

No. of students in different categories during 1960-61, 1970-71, 1980-81 and 1981-82 in Nanded district.

| Sr. No. | Category            | No. of students during the years |         |         |         | Percentage increased.       |                             |

\* Revised figures.

From the above table it can be seen that the strength of student, Boys as well as girls increased considerably in Pre-primary, primary and secondary institutions, abnormal increase is observed in the strength of boys and girls in primary and Secondary institutions during 1970-71 over 1960-61, the higher percentage in primary and secondary institutions in respect of Boys and girls is 82.08%, 126.13% and 217.76% and 342.68% during 1970-71 respectively.

Table No. 3.14

Important ratios in education.

| Sr. No.                   | Items                   | Years   |         |         |         |
|---------------------------|-------------------------|---------|---------|---------|---------|
|                           |                         | 1960-61 | 1970-71 | 1980-81 | 1981-82 |
| 1.                        | 2.                      | 3.      | 4.      | 5.      | 6.      |
| <b>A) Institutions</b>    |                         |         |         |         |         |
|                           | i) Secondary to Primary | 1 : 17  | 1 : 10  | 1 : 11  | 1 : 11  |
|                           | ii) Higher to Secondary | 1 : 28  | 1 : 17  | 1 : 10  | 1 : 7   |
| <b>B) Teachers/Pupils</b> |                         |         |         |         |         |
|                           | i) Primary              | 1 : 36  | 1 : 28  | 1 : 36  | 1 : 38  |
|                           | ii) Secondary           | 1 : 22  | 1 : 22  | 1 : 24  | 1 : 28  |
|                           | iii) Higher             | 1 : 19  | 1 : 31  | 1 : 30  | 1 : 13  |

From the above table it may be seen that during the decade 1961-71, ratio of secondary to primary institutions improved

1 : 17 to 1 : 10 and that of higher to secondary institutions from 1 : 18 to 1 : 17. It further improved to 1 : 7 during the year 1980-81 after setting set back in 1980-81.

Similarly, the ratio of teachers/pupils during the decade 1960-71 in respect of primary education showed improvement from 1 : 35 in 1960-61 to 1 : 22 in 1970-71 but later came down to 1 : 36 during the year 1980-81 and then again decreased to 1 : 38 in 1981-82 but in case of secondary education, the ratio between teachers and pupils was found at the same level i.e. at 1 : 22 up to 1970-71. But then slightly disturbed in 1980-81 and 1981-82 also. As regards higher education there is an improvement in ratio from 1 : 19 in 1960-61 to 1 : 13 in 1981-82.

### 9. Banking

#### Increase in Commercial Banking.

The total number of bank offices in the district are increasing every year. The position of banking offices and No. of households served per banking office at the end of Dec. 1961, 1971, 1979 and 1980 is given in the following table.

Table No. 3.15

No. of banking offices and No. of households served per banking offices.

| Sr. NO. | District/<br>Taasil. | Number of banking offices as at the end of December. |      |      |      | No. of households served per banking offices. |       |       |       |

| 8.      | Kandhar.             | --   | --   | 19   | 20   | --  | --    | 2,105 | 2,000 |
| 9.      | Dist.Total.          | 16   | 65   | 132  | 149  | 13,125  | 4,231 | 1,047 | 1,725 |

Note:- Taluka-wise No. of banking offices for 1961 and 1971 are not available.

At the end of Dec. 1961, there were only 16 banking offices in the district and the No. of households served per bank were 125. At the end of Dec. 1971 the No. of banking offices were increased to 35 and the No. of households served per bank were 1,947. The No. of households served per bank were 1,947 in 1979 banking offices and the No. of households served per bank were 1,947 in 1930 with 149 banking offices in the district.

In the year 1960-61, the number of bank offices per lakh population in the district was one, whereas it increased to 4.7 in 1970-71, 9.4 in 1979-80 and 10.6 as at the end of Dec. 1980. Nanded taluka has the largest number of bank offices in the district. This is due to the fact that most of the banks are located at Nanded proper.

#### 10. Roads.

Road communication facilities increased faster than the other facilities of socio economic development of the district. Increase in road mileage per 100 Sq. Km. is the best indicator of the development in this respect. It increased considerably from 3.79 Km. in 1960-61 to 30.91 Km. in 1971-72, 53.64 Km. in 1980-81 and 55.64 Km. in 1981-82. This increase in road mileage can be attributed to the implementation of road development programme including crash programme of rural roads taken up in the district during plan schemes and employment guarantee schemes.

National highway passes through this district. The length of State high way was 290.07 Km. in 1971-72, which increased to 818.12 Km. during the year 1981-82. The length of Major District Roads was 608.08 Km. during the year 1971-72 and the same was increased to 747.06 Km. in the year 1981-82. The length of Water bound macadam surface roads was 826.54 Km. during 1970-71 and is 2,315.54 Km. during 1981-82. The Black topped surface road length was 450.42 Km. in the year 1971-72 and 868.99 Km. in the year 1981-82. The rest was covered by granular material and lower type of surface.

11. Prices.

For the few years an increasing trend is observed in the prices of different commodities. The retail prices of almost all the commodities indicate an increasing trend in the district in the year 1981 compared with the prices in 1963. The following table shows the increase in prices for the year 1981 over 1963.

Table No. 3.16

Average retail prices during 1963 & 1981 and percentage increase and decrease in 1981 over 1963.

| Sr. No.                         | Name of the Commodity. | Variety.     | Unit.   | Average retail prices during |       | Percentage increase or decrease in 1981 over 1963<br>(Price relative prices in 1963 = 100) |     |
|---------------------------------|------------------------|--------------|---------|------------------------------|-------|--|-----|

| 2.                              | Supari.                | Mangluri.    | Kg.     | 7.26                         | 24.91 | (+)  | 343 |
| 3.                              | Tobacco (Leaf)         | Local.       | Kg.     | 5.00                         | 12.12 | (+)  | 242 |

The prices of all the commodities were higher in the year 1981 compared with the prices in 1963. Higher percentage increase was observed in the prices of Arhar Dal, Gram Dal, Groundnut oil, Dry Chillies, Tea Leaf and Kerosene oil.

CHAPTER NO. IV.  
ANNUAL PLAN 1980-81 & 1981-82.

The principle of achievement economic growth through the process of planning was an accepted policy at the national level. The planning process started in the country since 1951 aiming at balanced growth of all the regions and sectors of the country with the sole aim of achieving a social order giving equal opportunity to all concerned to participate in the economic growth and attain a better level of personal standard. Initially the planning process started from the national level and percolated down to the state and district level under the national policies and frame work of development. However, this phase of development gave faster growth in certain region and sectors due to natural resources and strategic position and certain regions lagged behind in the pace of development. To avoid this, the Govt. of Maharashtra, therefore, adopted a special plan policy of decentralisation. The Govt. adopted district as a unit of planning and constituted District Planning Boards in 1972. The Govt. had also set up in the year 1973, a District Development Consultative Council to serve as a forum for ascertaining the views of the people in the matter of development of the district and their felt needs.

4.2 The main objectives of the planning at district level are-

- i) To utilise fully the natural resources at district level having a better chance of taking an inventory of the resources from the resources from the local people.
- ii) To prepare a perspective plan for the development of the region with the frame work of national and state level policies.
- iii) To remove the imbalances in the areas within the region.

The Govt. reviewed the working of the District Planning Boards set-up earlier and the District Development

Consultative Councils and with a view to associate the elected representatives of the people more directly in the planning process formulated a new body designated as District Planning Council consisting of the following.

1. The District Minister of the District. - Chairman.
2. The Commissioner of the concerned Division. - Vice Chairman.
3. All members of Lok Sabha and Vidhan Sabha elected from the District. - Members.
4. All members of the Rajya Sabha and Vidhan Parishad residing in the Dist. - Members.
5. The Collector of the District. - Member.
6. The President of Zilla Parishad. - Member.
7. The Mayor of the Municipal Corporation or the President of the Largest Municipal Council in the District. - Member.
8. The Chairman of the District Central Co-operative Bank. - Member.
9. The Director, Maharashtra State Land Development Bank, representing the Dist. in the Board of Directors. - Member.
10. The Regional Manager of the Lead Bank. - Member.
11. The representative of Regional Development Bank. - Member.
12. The Non-official members of the Former Dist. Planning Board, nominated by Govt. - Member.
13. Four Non-official members of the former District Development Consultative Council, nominated by Govt. - Member.
14. The Chief Executive Officer, Zilla Parishad. - Member Secretary.

The organisational set up of the D.P.D.C. at the District level consists of small planning cell headed by the collector and Member Secretary of the D.P.D.C., District Planning Officer, two Research Assistants, one Planning Assistant, and two Clerk-Typists. The D.P.D.C. meets twice or thrice in a year and approves the broad policies and the Annual Plans. To assist the D.P.D.C. in the day today planning and development activities, an executive committee was constituted at the district level consisting of the following :-

- 41
1. District Minister of the District. - Chairman.
  2. Other Minister(s) of District. - Vice Chairman.
  3. Divisional Commissioner. - Vice Chairman.
  4. President Zilla Parishad. - Member.
  5. One of the four representatives of the local bodies i.e. the Mayor of the Municipal Corporation & one President of "A", "B" and "C" class V.Cs. each, nominated by the Chairman D.F. & D.C.
  6. Collector of the District. - Member Secretary.
  7. Chief Executive Officer Zilla Parishad. - Member.
  8. Two other representatives of the council to be nominated by the Chairman D.F. & D.C.
  9. All Members of Parliament & the State Legislature from the District. - Members.
  10. Chairman, Dist. Central Co-operative Bank of the Dist. - Member.
  11. Lead Bank Officer of the Dist. - Member.
  12. District Planning Officer. - Secretary.

The executive Committee of the D.F. & D.C. discharges all the functions of the D.F. & D.C. and meets as often as required - at least once in a month. The main functions of the D.F. & D.C. are as under :-

1. To ensure Co-ordinated action by various implementing agencies at the district level including the Zilla Parishad.
2. To give the guide lines to various implementing agencies at the District level in regard to preparation and implementation of the Annual plans.
3. Subject to orders of Govt. to approve the annual plans of the district.
4. To review from time to time the progress of implementation of various schemes included in the Annual plans and make recommendations to the State Govt.

4.5 Having accepted the principle of planning from below, a venture for the first time in the country was adopted in Maharashtra to formulate District Five year plan to commensurate with the national Fifth Five year plan. The formulation of the dist. Fifth Five year plan was started in October, 1972, which included various deliberations of the D.F. & D.C. on broad sectors of development and individual schemes to be implemented in the district in the next five years. The fifth five year plan

prepared for Mandated district was of the tune of Rs. 41.99 crores against the ceiling of Rs. 31.00 crores fixed by planning Dept. and was submitted to Govt., but the same was not approved by the Govt. In the subsequent years Annual Plans were formulated and approved by D.P. & D.C. The Annual Plans approved by the D.P. & D.C. were screened at the State level by the Minister of Planning, Minister of Finance and Departmental Officers and finally approved for inclusion in the State Annual Plan.

4.4 The progress of Head wise expenditure on district level plan schemes i.e. Non-Tribal Plan Schemes and Tribal Sub-Plan Schemes for the year 1980-81 and 1981-82 is as under :-

| Sr. No.        | Head of Development.          | Rupees in thousands. |                     |                   |                     |
|----------------|-------------------------------|----------------------|---------------------|-------------------|---------------------|
|                |                               | Non-Tribal           |                     | Tribal Sub-Plan   |                     |
|                |                               | 1980-81              | 1981-82             | 1980-81           | 1981-82             |
| 1              | 2                             | 3                    | 4                   | 5                 | 6                   |
| I.             | Agricultural Programmes       | 1,06,60<br>(18.64)   | 1,69,21<br>(17.65)  | 6,34<br>(7.66)    | 17,30<br>(10.99)    |
| II.            | Co-operation.                 | 11<br>(0.02)         | 67<br>(0.07)        | -<br>(0.00)       | 1,29<br>(0.82)      |

| IV             | Industries and Mining.        | 17.11<br>(2.99)      | 26.49<br>(2.76)     | 17<br>(0.21)      | 29<br>(0.18)        |
| V.             | Transport and Communications. | 70.84<br>(12.38)     | 1,08,74<br>(11.34)  | 4,00<br>(4.83)    | 16,16<br>(10.27)    |
| VI.            | Social Services.              | 2,00,89<br>(35.12)   | 2,52,10<br>(26.29)  | 35,35<br>(42.69)  | 39,45<br>(25.05)    |
| VII            | Other Schemes (E.G.S.)        | 1,08,15<br>(18.91)   | 3,02,75<br>(31.58)  | 6,47<br>(7.81)    | 7,24<br>(4.60)      |
| Total I to VII |                               | 5,72,02<br>(100.00)  | 9,58,84<br>(100.00) | 82,80<br>(100.00) | 1,57,42<br>(100.00) |

Note :- The bracketed figures indicate percentage to total expenditure.

#### Tribal Expenditure :-

It is clear from the above table that during the year 1980-81 the maximum expenditure was incurred on the Head of Development Social Services (35.12%) and minimum expenditure was on the Head Co-operation (0.02%). E. G. S. occupied second position (18.91%), where as Agril. programme occupied the third position with (18.64%) in terms of the percentage to the total expenditure incurred during the year 1980-81. The expenditure on Irrigation & Power was 11.94% and on Industry and Mining it was 2.99% during the year 1980-81.

During the year 1981-82 the highest expenditure was on E. G. S. (31.58%) and lowest on Co-operation (0.07%). It was 26.29% on Social Services, 17.65% on Agricultural Programme, 11.34% on Transport and Communication and 2.76% on Industry and Mining during the year 1981-82.

#### Tribal Sub-Plan Expenditure :-

During the year 1980-81 the highest expenditure was on the Head Social Service (42.69%) and there was no expenditure on the Head Co-operation it was 36.80% on Irrigation and Power 7.81% on E. G. S., 7.66% on Agricultural Programme, 4.83% on Transport and Communication and 0.21% on Industry and Mining during the year 1980-81.

During the year 1981-82 the maximum expenditure was on the Head Irrigation and power (48.09%) and minimum on the Head Industries and Mining (0.18%). It was 25.05% on Social Services, 10.99% on Agricultural Programme, 10.27% on Transport and Communication, 4.60% on E. G. S. and 0.82% on Co-operation during the year 1981-82.

#### Achievements under Non-Tribal Plan Schemes :-

The subsidy for pesticides and racticides was given in Migfly Campaign under Crop Husbandry for 860 hectares during 1980-81 and for 4,800 hectares during 1981-82. The subsidy was

given for Rat Control in 2,000 hectares during the year

Minor Irrigation, Beneficiaries of 260 hectares were during the year 1980-81 and the irrigation potential was 379 hectares during 1980-81 and 476 hectares during 1981-82.

Area handed under Soil Conservation was 8,297 hectares during 1980-81 and 8,086 hectares during 1981-82.

The area of 1,320 hectares was developed under Land Development during 1980-81.

Under Animal Husbandry programme 450 cockrels and 250 cockrels were distributed during the year 1980-81 and 1981-82 respectively. 280 Fodder plots were developed during 1980-81, whereas during 1981-82 only 32 Fodder plots were developed. 10 Dairy Societies were assisted under Dairy Development Programme during the year 1980-81.

Under Fisheries Development programme the number of Fish seed produced was 71 lakhs during 1980-81 and 70 lakhs during 1981-82. The figure of stocking of fish was 40,000 during 1980-81 and 20,000 during 1981-82. The weight of netted fish was 240 Metric Tonnes during 1980-81 and 571 Metric Tonnes during 1981-82.

Under the Hand Co-operation 6 Block Level Artisans, one processing society and 9 Handloom weavers societies were assisted during the year 1980-81.

Under Power Development 6 villages were electrified and 247 pumps were energised during 1980-81, whereas during 1981-82, 5 villages were electrified and 233 pumps were energised.

Under Industries and Mining Seed Money assistance was given to 200 educated un-employed during 1980-81 and to 308 educated un-employed during <sup>1981-82</sup> ~~1980-81~~. The number of educated un-employed trained was 217 during 1980-81 and 194 during 1981-82.

Under Roads and Bridges programme the length of District

Road constructed was 37 Km. during 1980-81 and 67 Km. during 1981-82. One Bridge was completed during 1980-81, where as the number of Bridges constructed during 1981-82 was 15. 35 C.D. works and 10 C.D. works were completed during 1980-81 and 1981-82 respectively.

Under Education Sub-Head 3,005 sets of Books and 1,260 sets of Books were supplied under Book Bank Scheme during 1980-81 and 1981-82 respectively. The number of Higher Secondary School Buildings constructed was 5 during 1980-81 and 4 during 1981-82. 38 additional divisions were started in Non-Govt. Secondary Schools during 1980-81, where as 50 such additional divisions were started during 1981-82.

Under water supply and Drainage 3 urban and 9 Rural piped water supply schemes were completed during 1980-81, where as 2 urban and 7 Rural piped water supply schemes were completed during 1981-82. The number of wells constructed was 32 during 1980-81 and 45 during 1981-82. 210 Bore wells and 427 Bore wells were constructed during 1980-81 and 1981-82 respectively.

Under Housing programme 2,421 huts were constructed for Agricultural labourers during 1980-81 and 2,504 such huts were constructed during 1981-82.

Under welfare of Backward classes Sub-Head, 130 students and 782 students were benefitted under grant of tuition fees, examination fees during 1980-81 and 1981-82 respectively. Scholarships were given to 40 N.T. students during 1980-81 and to 10 N.T. students during 1981-82. Scholarships were also given to 2,425 High School students of Backward classes during 1980-81 and to 1,670 such High School students during 1981-82. 3 Harijan Basties were improved during 1981-82.

Expenditure under Tribal Sub-Plan Schemes :-

Under Tribal Sub-Plan Programme 350 Cockrels were distributed during 1981-82.

Under fish production programme, the figure of stocking of fish was 3,10,000 during 1980-81 and 7,000 during 1981-82. The fish weighing 80 Metric Tonnes was netted during 1981-82.

Under Power Development Sub-Head, 28 pumps were energised during 1980-81, where as the number of pumps energised during 1981-82 was 24.

Under Roads & Bridges Development programme, the length of District Road constructed was 4 Km. during 1980-81 and 5 Km. during 1981-82. 2 Bridges were completed during 1981-82 and 7 C.D. works were completed during 1980-81.

Under Education Sub-Head, 65 sets of Books and 24 sets of Books were supplied under Book Bank Scheme during 1980-81 and 1981-82 respectively.

Under water supply and Drainage Sub-Head one urban piped water supply scheme was taken up during 1980-81 & 1981-82. 5 wells were constructed during 1980-81, where as during 1981-82, 15 wells were constructed. 49 bore wells and 68 Bare wells were constructed during 1980-81 and 1981-82 respectively.

Under Public Health Sub-Head one and two F.H.C. and Sub-Centre buildings were constructed during 1980-81 and 1981-82 respectively.

Under Housing programme 847 huts were constructed for Agricultural labourers during 1980-81 and 328 such huts were constructed during 1981-82.

Note :- 1) Since the source for total area figures in respect of district is the surveyor General, while that for the total area figures in respect of Tahsils is the State Land Records Department, the Rural area for Tahsils in the district do not add up to the corresponding figures shown against the district.

2) Figures do not add-up due to rounding.

Note :- The data on land holding given in column (3) to (8) are based on complete enumeration of all land holdings, while the data in the remaining col. (9) to (23) are based on the estimates built up on the basis of sample study. As such the break up of the land holdings according to certain characteristics (shown in Col. 9 to 23) may not add up to the aggregates indicated in col. (7) and (8).
