ANNUAL REPORT ON EDUCATION IN THE BOMBAY STATE FOR THE YEAR 1954-55

GENERAL SUMMARY OF PRINCIPAL EVENTS AND STATISTICAL TABLES

Introduction

1. The Department of Education in the State of Bombay was created in 1855. During this Centenary year Government desired to bring out a broad history of the educational developments in the State during the preceding century and accordingly a review of the growth of education during the first hundred years of the life of the Bombay Education Department (1855-1955) has been separately published. In addition, the usual annual statistics on education which compare the results of the year 1953-54 and 1954-55 are being published here in the usual form for convenience of reference and continuity; and to make the picture complete, a brief summary of the main features of the year under report is given in the paragraphs that follow.

Institutions and Pupils

2. The total number of educational institutions increased by 2,075 to 55,876 of which only 247 were unrecognised. The recognised institutions included 78 Arts and Science Colleges, (including 23 Universities and Research Institutions) 65 Professional Colleges, 1,521 Secondary Schools, 33,213 Primary Schools, and 20,752 Special Schools (including 19,758 Social Education Classes). There has been an increase in the number of educational institutions at every level; except under Arts and Science Colleges, Special Schools* and unrecognised institutions which show a fall of 1,56 and 19 respectively.

The total number of pupils in all kinds of educational institutions increased by 3,37,535 or by 7.4 per cent. Of these 33,88,960 were boys and 14,93,354 were girls. The number of pupils shows increase at every level, except in unrecognised institutions which show a fall of 1,637 pupils from 13,491 in 1953-54 to 11,854 in 1954-55.

The largest increase of institutions as well as of pupils is seen at the primary level. The number of primary schools increased from 31,130 with 35,53,750 pupils in 1953-54 to 33,213 with 38,30,466 in 1954-55. This is due to the large programme of expansion undertaken by the State Government and to the intensive efforts made to provide the small villages with schools by organising a system of group-schools and peripatetic teachers.

* The fall in special institutions is more apparent than real and is due to the exclusion of gymnasia under the orders of the Government of India.

The following table compares the number of educational institutions and of the pupils reading in them in 1953-54 and 1954-55 :—

| | Schools. | | | Pupils. | | |
|--|----------|----------|---------------------------------------|-----------|-----------|---------------------------------------|

Expenditure

3. The total expenditure on education increased by Rs. 252.2 lakhs to Rs. 2,802.2 lakhs and was met from the following sources :—

| | 1953-54. | | 1954-55. | |
|------------------------------|--------------|-------------|--------------|-------------|
| | Amount. | Percentage. | Amount. | Percentage. |
| | Rs. | | Rs. | |
| Central Government Funds ... | 59,46,472 | 2.3 | 75,54,474 | 2.7 |
| State Government Funds ... | 13,52,66,508 | 53.0 | 14,93,45,133 | 53.3 |
| Board Funds ... | 2,67,17,201 | 10.5 | 3,04,56,716 | 10.9 |
| Fees ... | 5,30,39,534 | 23.3 | 6,60,10,139 | 23.5 |
| Other Sources ... | 2,79,62,440 | 10.9 | 2,68,50,349 | 9.6 |
| Total ... | 25,49,82,245 | 100.0 | 28,02,16,811 | 100.0 |

It will be seen that more than half the increase has taken place in the contribution of the State Government. This is in keeping with the modern trend whereby Government is assuming a greater initiative in and a larger financial responsibility for educational development.

Educational Personnel and Organisation

4. Shri D. C. Pavate relinquished the office of the Director of Education on 21st June 1954, and was succeeded by Shri S. S. Bhandarkar.

The personnel of the Department showed a small increase in strength as shown in the following table :—

| Cadre of Service. | Number of posts in | |
|---|--------------------|----------|
| | 1953-54. | 1954-55. |
| Bombay Educational Service, Class I ... | 68 | 70 |
| Do. Class II ... | 264 | 264 |
| Do. Class III ... | 2,484 | 2,543 |
| Miscellaneous or Special Appointments outside the regular service ... | 144 | 149 |
| Total (All Services) ... | 2,960 | 3,026 |

The total State expenditure on direction and inspection together amounted to Rs. 43,10,679 which formed 2.9 per cent of the total State expenditure on education. In 1953-54, the corresponding figures were Rs. 41,44,682 and 3.1 per cent respectively.

During the year under report, Government sanctioned a scheme for the in-service training of direct recruits to the Bombay Educational Service, Class I. It is to be brought into force during the next year.

76 posts of Social Education Officers for the Community Projects and the National Extension Service Blocks were sanctioned during the year. They are to be regarded as a temporary addition to the cadre of the Assistant Deputy Educational Inspectors.

The scheme of the departmental re-organisation introduced during the preceding year was further developed and consolidated. The experience of its practical working was encouraging and it has helped to add materially to the efficiency of the department and has led to great convenience to the public. A proposal to split up the two district units adopted in 1953-54 and to place an Educational Inspector in charges of *each* district was also sanctioned by Government and is to be introduced with effect from June 1955.

X Primary Education

5. The following table shows the increase in the number of primary schools and pupils during the year under report:—

| Management. | Number of Primary Schools in | | | Number of pupils in all Primary Schools in | | |
|--------------------------|------------------------------|---------|-----------------------|--|-----------|-----------------------|
| | 1953-54 | 1954-55 | Increase or decrease. | 1953-54. | 1954-55. | Increase or decrease. |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| Central Government .. | 10 | 7 | - 3 | 1,343 | 1,269 | - 74 |
| State Government .. | 106 | 110 | + 4 | 12,102 | 13,659 | + 1,557 |
| District School Board .. | 18,773 | 20,186 | + 1,413 | 21,57,679 | 22,78,408 | + 1,20,729 |
| Municipal ... | 2,238 | 2,468 | + 230 | 7,77,027 | 8,86,467 | + 1,09,440 |
| Aided ... | 9,707 | 10,136 | + 429 | 5,77,332 | 6,15,090 | + 37,758 |
| Un-aided ... | 296 | 306 | + 10 | 28,207 | 35,573 | + 7,306 |
| Total ... | 81,130 | 33,213 | + 2,083 | 35,53,750 | 38,30,466 | + 2,76,716 |

The intensity of the developmental drive organised during the year under report can be seen from the fact that the increase in the number of primary school pupils is the largest recorded since 1951-52. This is clearly shown in the following table:—

| Year. | Increase or decrease in the number of Primary Schools. | Increase or decrease in the number of pupils. |
|-------------|--|---|
| 1951-52 ... | - 219 | + 41,792 |
| 1952-53 ... | + 561 | - 31,789 |
| 1953-54 ... | + 2,234 | + 1,07,318 |
| 1954-55 ... | + 2,083 | + 2,76,716 |

Of the 38,30,466 pupils attending primary schools, 25,51,291 were boys and 12,79,175 were girls. Nearly two-thirds of the total number of girls or 8,42,136 were reading in boys schools and the remaining were enrolled in the separate schools for girls.

During the year under report, compulsion was introduced with effect from 1st August, 1954 in 2,507 places with a population of 1,000 and over according to the census of 1951, including the merged areas, where there was no compulsion so far. Consequently compulsion, during the year was applied to all villages of the State with a population of 1,000 and over, except to those in one district, viz. Broach District, where compulsion was effective in all villages with a population of 500 and over. The details regarding the progress of compulsory primary education in the State will be found in Table No. IX of the Government of India Tables and also in Appendix IV published with this report.

In addition to the above another important measure relating to the development of primary education in rural areas during the year 1954-55 was to provide schools or schooling facilities to the smaller school-less villages with less than 500 souls. During this period, one of the schemes launched by Government of India in the field of education was the scheme for the relief of unemployment among the educated. Under this scheme, as many as 10,000 additional teachers were sanctioned to this State. The Government of Bombay took the advantage of this allotment to provide facilities of education to rural areas. With the help of 3,780 teachers out of the total strength of 6,000 teachers sanctioned therefor, the Government of Bombay covered with schools almost all the villages with a population of 500 and over and also with a population of less than 500 by opening either new independent schools or peripatetic and group schools serving a number of villages around a centrally situated village. Where the distance between villages was more than a mile, peripatetic teachers were appointed to serve pairs of villages on alternate days or in alternate session on the same day. This enabled smaller villages to have a one teacher school, although it was a part time school. As a result of these measures, it was possible to provide schools or schooling facilities in as many as 29,006 villages out of the total number of 34,726 villages in the State leaving 5,720 villages without any schooling facilities. It is expected that as a result of the schemes already launched with the help of Government of India, the number of school-less villages in the State will decrease further during the next year.

The following table shows the comparative figures of direct expenditure on primary education for the preceding two years:—

| Year. | Total Direct Expenditure. | | | | | | |
|---------|---------------------------|--------------------|------------------------------|------------------|-----------|----------------|--------------|
| | Central Govt. Funds | State Govt. Funds. | District School Board Funds. | Municipal Funds. | Fees. | Other Sources. | Total. |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
| | Rs. | Rs. | Rs. | Rs. | Rs. | Rs. | Rs. |
| 1953-54 | 65,354 | 7,74,88,310 | 51,55,404 | 1,86,05,809 | 58,99,705 | 43,04,548 | 11,15,19,130 |
| 1954-55 | 50,994 | 7,53,47,365 | 93,08,170 | 1,81,99,234 | 77,73,206 | 49,49,212 | 11,56,28,181 |

The large increase in the contribution of the District Boards is due partly to the recovery of arrears. The increase in the receipts from fees is due to the introduction of fees in Standards V-VII of primary schools.

The following table shows the number of pupils who appeared at and passed the Primary School Certificate Examination during the last two years:—

| Year. | | Number appeared. | Number passed. | Percentage of passes. |
|---------|-------|------------------|----------------|-----------------------|
| 1 | | 2 | 3 | 4 |
| 1953-54 | Boys | 1,20,004 | 54,668 | 45.6 |
| | Girls | 34,037 | 14,540 | 42.7 |
| | Total | 1,54,041 | 69,208 | 44.9 |
| 1954-55 | Boys | 1,25,444 | 55,051 | 43.9 |
| | Girls | 34,576 | 13,457 | 38.9 |
| | Total | 1,60,020 | 68,508 | 42.8 |

The total number of primary teachers in the State increased from 96,871 (77,742 men and 19,129 women) in 1953-54 to 1,00,704 (80,474 men and 20,230 women) in 1954-55. The percentage of trained teachers also increased from 54.7 (52.9 for men and 61.8 for women) in 1953-54 to 56.2 (54.1 for men and 64.3 for women) in 1954-55.

The curricula of primary schools were revised *in toto* with a view to simplification and are proposed to be introduced with effect from June, 1955. A prominent feature of the new curricula is that they prescribed a common course of study for basic and primary schools in so far as the academic subjects, cleanliness, civics, physiology and hygiene, community life etc. are concerned. Considerable progress was recorded in the construction of buildings for primary schools. During the year under report, a total provision of Rs. 50 lakhs was made for sanctioning loans for the construction of primary school buildings and for carrying out special repairs to the existing buildings and in addition, a total building grant of Rs. 8,22,143 was paid for the construction of primary school buildings in the ex-merged State areas. The total loan sanctioned for special repairs alone amounted to about Rs. 9,32,000 (for about 340 school buildings) and the remaining amount of loans and grants was utilised for construction of about 2,400 rooms.

Basic Education

6. The number of Basic Schools decreased by 1 and stood at 167 with an enrolment of 30,497 pupils at the end of the year under report. However, steps were being taken to convert 123 primary schools with 18,446 pupils to the basic pattern and the process is expected to be completed during the next year.

All Training Institutions were converted to the basic pattern during the year under report. As this bold reform has led to several difficulties for private training institutions, Government appointed a special Committee under the Chairmanship of Kumari S. Panandkar, Principal Secondary Training College, Bombay, to consider ways and means for the improvement of non-Government primary training colleges. The report of the Committee is awaited.

The curricula of basic schools were revised during the year with the object of eliminating, as far as possible, the difference between them and the curricula for ordinary primary schools. As stated already, the revised curricula are to be brought into force from June 1955.

The total expenditure on basic education during the year under report came to Rs. 13,45,817 on Basic and Craft education and Rs. 60,99,976 on buildings.

The Graduates' Basic Training Centres at Rajpipla, Dhulia and Dharwar continued to work satisfactorily and had an enrolment of 31, 56 and 41 respectively.

Secondary Education

7. During the year under report, the number of High Schools increased from 1,097 in 1953-54 to 1,165 in 1954-55. Of the total increase of 68 High Schools, 66 were meant for boys and 2 for girls. The number of Middle Schools, however, decreased by 3 from 359 in 1953-54 to 356 in 1954-55, due mainly to conversion of some of the Middle Schools into High Schools.

The number of boys attending Secondary Schools increased by 19,439 to 3,61,078 in 1954-55, and the number of girls by 11,566 to 1,14,124 in 1954-55.

The table on the next page shows the increase in the number of secondary schools and pupils classified according to management:—

During the year under report, the Ismail Gafurbhai Kapurwala High School of Commerce, Anand, was closed and 2 new Agricultural High Schools were started at Jangaon (District Ahmednagar) and Murud-Janjira (District Kolaba). Therefore, the total number of Vocational Secondary Schools in the State increased to 29 with an enrolment of 6,310 in 1954-55. The corresponding figures for 1953-54 were 23 and 6,222 respectively. Of the 29 Vocational Schools, 8 were Technical, 9 were Agricultural and 12 were Commercial. 12 of these were managed by Government and 17 by private agencies.

The total number of teachers in Secondary Schools increased from 20,401 (16,539 men and 3,862 women) in 1953-54 to 21,391 (17,044 men and 4,347 women) in 1954-55. Of these 13,639 or 63.8 per cent were trained.

Three Seminars for Headmasters of Secondary Schools were organised at Mahabaleshwar during the year under report. One of these was organised on behalf of the Government of India and the other two on behalf of the State Government. The total expenditure on these seminars came to Rs. 35,075 and they were attended by 199 Headmasters.
