DEPARTMENT OF ECONOMICS AND STATISTICS
ASSAM, SHILLONG

Foreward

This brochure is intended to provide, through a series of statistical tables, a glimpse of the progress achieved in the vast and varied field of education in Assam since 1947-48. The post Independence period has been chosen because of ready availability of statistical data in consistent series and their break-up as also to depict a picture of educational development achieved by the popular Government. Except for the information on Literacy and Budget which have been taken from the Census Report, 1951 and the State Budget respectively, the data presented in this brochure have been collected from the Director of Public Instructions, Assam.
