- "Others" include Jowar, Bajra, Maize, Ragi, Barley, and Small Millets. Thus gram is not included in the figures in this Table.
- Prior to 1949, figures in respect of a portion of "Others" for P.E.P.S. Union are included in Himachal Pradesh while for Vindhya Pradesh they are included in Madhya Bharat since separate figures for units comprising these States are not available.
- Local procurement was suspended in some States during 1952: in Madras for all cereals from 7th June, in U.P. for all cereals other than rice from 1st July, in Mysore for millets, in Madhya Bharat for rice and millets and in Saurashtra for all kharif cereals from November. During 1953, monopoly procurement of rice was replaced by levy system in West Bengal from 1st January; the levy system was given up from 14th October and purchases were made on a voluntary basis thereafter. In Andhra, the levy system of procurement was given up in mid-December and purchases were made on a voluntary basis at village site prices fixed by the Government. In U.P. and Jammu & Kashmir, procurement of rice was given up in December and November, 1953 respectively. Procurement of wheat and coarse grain was given up after the decontrol of these grains in November, or even earlier. Procurement of rice was resumed in surplus districts of Madras in 1953.
- The figures with minus sign in the column under "Net Imports" represent net exports from the State concerned to deficit areas.
- In the GRAND TOTAL figures under the column "Net Imports" are given in two rows; the first shows the total supplies out of both the imported cereals and internal surpluses; the second row with minus sign gives separately the supplies out of internal surpluses already included in the first row.

(a) Including gram.

\*\*Rice issued only against medical certificates.

(b) Composition depends on availabilities and requirements.

N. A. = Not available.

†Includes figures for Andhra upto 1952.

- NOTES.—1. Ration allowed to children is one-half of that allowed to adults. Heavy manual workers are allowed a supplementary ration of 4 oz. per adult per day.
2. Quantities shown against (i) Rice, (ii) Wheat, and (iii) others indicate only the maximum quantity allowed in the respective areas for that particular grain, while "Total" indicates over-all scale of ration.
3. There was no statutory rationing in Madhya Pradesh on 31st December, 1949 but a system of quasi-rationing *i.e.*, provisioning scheme was functioning in 16 towns. Even this system of provisioning was not existing on 31st December, 1948.
4. A temporary reduction in the over-all quantum of the cereal ration to 9 oz. per adult per day in all States was announced by the Government of India on the 19th January 1951. On the 12th June 1951, however, the State Governments were authorised to raise, at the earliest date convenient, the 9 oz. ration to the limit of 12 oz. per adult per day consistently with the stocks immediately in their possession.

NOTE :—1. The Subsidy Scheme was introduced from 1st April, 1946. A revised scheme was enforced from the 1st January, 1951, according to which the Central Government subsidized specified quantities of imported cereals in selected industrial towns and deficit areas. With effect from 1st March 1952, the Subsidy Scheme was abolished ; but imported rice (coarse and broken) and milo continued to be supplied by the Centre to the recipient States at reduced pool prices (*i.e.*, at prices lower than their actual landed costs), the resulting losses being borne exclusively by the Government of India.

2. The figures upto 1951-52 in the above table represent the amounts of subsidy accrued on the quantities supplied to the States during the year concerned irrespective of the financial year in which the account adjustments were actually made.
3. During 1952-53, subsidy was paid as follows :—

	Rs.	Lakhs.
(i) Lump-sum subsidy to Government of Travancore-Cochin . . . . .		2,25.0
(ii) Total loss in the shape of reduced pool prices on imported cereals . . . . .		14,98.7
(iii) Losses on American loan wheat . . . . .		5,80.0
<b>TOTAL</b> . . . . .		<b>23,03.7</b>
4. For 1950-51 and 1951-52 in addition to the amounts, shown in the above table, subsidy was also paid as shown below :—		
1950-51 : Enhanced export duty on Jute goods bartered for cereals . . . . .		2,65.6
Subsidy in the shape of reduced pool price on imported cereals . . . . .		3,50.0
<b>TOTAL</b> . . . . .		<b>6,15.6</b>
1951-52 : (i) Enhanced export duty on Jute goods bartered for cereals . . . . .		6,92.2
(ii) Subsidy incurred in the shape of reduced pool price on imported cereals . . . . .		9,26.0

NOTE.—The pool prices given above are for cereals imported by the Government of India on Central Government account from different sources. The prices are fixed at the beginning of the year on a "no profit no loss" basis, taking into account the book value of the stocks in hand and the estimated price that may be paid for future imports during the year. The prices are reviewed periodically and are revised if actuals of expenditure or other considerations justify a revision.
