"Education of Scheduled Castes and Scheduled Tribes" is a periodic publication brought out by the Department of Secondary & Higher Education, Ministry of Human Resource Development. The present publication relates to the years 1991-92, 1992-93 & 1993-94 and contains State-wise data on Population, Literacy, Enrolment, Drop-Out Rates, Gross Enrolment Ratio, Number of Teachers etc. Efforts have been made to include Time Series National Data for the last 20 years on education of Scheduled Castes and Scheduled Tribes at the school level.

While every care has been taken to make this publication as accurate as possible, suggestions for improvement and corrections, if any, are welcome. I hope this publication will be useful for educational planners and policy makers as well as for those engaged in research and development and are interested in studying the aspects related to the Education of these communities.

I would like to thank the Secretaries/Directors/DPIs of Education Departments of States and Union Territories for extending their cooperation in supplying the relevant data for this publication. I have great pleasure in placing on record my appreciation for the efforts put in by the SC/ST Cell of the Ministry of Human Resource Development for the collection, compilation, analysis and presentation of the data presented in this publication.
