In Memoriam

Since the Report of the Committee was signed we have learnt with profound grief of the premature and sudden demise of Mr. Wajahat Hussain, Deputy Governor of the Reserve Bank of India. It is our unanimous desire to place on record our deep sense of gratitude to the late Mr. Wajahat Hussain for the invaluable assistance we received from him. Although not a member, he was closely associated with the work of the Committee and brought to bear on it his long administrative experience, his mature judgment and above all, his deep sympathy for the welfare of the rural population of India. By his premature death, the Co-operative movement has been deprived of a true friend who had abiding faith in silent and unostentatious work. By his good humour, sweet courtesy and social charm, he had endeared himself to each one of us and we shall always cherish the memory of the days we spent with him.

R. G. Saraiya (Chairman)
