

REPORT

OF THE

FUEL POLICY COMMITTEE

INDIA
1974

CONTENTS

(i)	Chairman's letter forwarding the Report	
(ii)	Names of Chairman and Members of Fuel Policy Committee	
(iii)	Names of the Secretariat of Fuel Policy Committee	
(iv)	Abbreviations.

AFTER

I	Introduction	1-3
II	Trends in Energy Consumption	4-10
III	Forecast of Energy Demand	11-22
IV	Fuel Resources of India	23-33
V	Regional Distribution of Demand for Energy	34-37
VI	Perspective of Long Term Energy Problems	38-42
VII	Coal Policy	43-59
VIII	Oil Policy	60-73
IX	Policy for Power Sector	74-90
X	Policy for Energy Supply to Domestic Sector	91-97
XI	Costs and Prices in Energy Sector	98-104
XII	Technology Plan for Energy Sector	105-113
XIII	Summary of Recommendations	114-125

ANNEX TABLES AND TECHNICAL NOTES

ANNEX TABLE

II-1	Sector-wise consumption of Commercial Energy for the Period 1953-54 to 1970-71.. .. .	126-130
II-2	Total Consumption of Commercial Energy Fuel-wise in Original Units	131
II-3	Total Consumption of Commercial Energy Fuel-wise in Million Tonnes of Coal Replacement	131
II-4	Coal Consumption Direct and Indirect	131
II-5	Electricity Generation and Consumption	131
III-1	Coal Requirements of Thermal Power Stations (1978-79, 1983-84 & 1990-91)	132
III-2	Estimated Demand for Coking Coal and Blendable Coal in India in 1978-79, 1983-84 and 1990-91	132
XII-1	Extracts from Chapter VI of the Power Economy Committee Study Group Report IV on Rural Electrification	133-134

TECHNICAL NOTE

II-1	Conversion Factors used for Aggregation of Energy Measures	135-136
II-2	Regression Models Relating Energy Requirements to Various Explanatory Variables	136
VIII-1	Refining Capacity, Hydro-Cracking Capacity and Fertilizer Feedstock Choices—A Mathematical Programming Approach	137-138
