Rajputana University, Jaipur.

Secretary

Shri T. S. Seshukutty.

TABLE OF CONTENTS

Chapter I.	<i>General</i> (Pages 1—,)	
	The importance of Rubber.	1
	Its place in the Economy of T. C. State.	2
	Rubber cultivation—A brief historical retrospect.	3
	India's place in world rubber.	4
	Rubber production in India in relation to internal demand.	5
	Rubber manufacturing industry in India	6
	Synthetic rubber.	7—8
Chapter II.	<i>Climatic and other Characteristics of Rubber Growing Regions in India.</i> (Pages 4—7)	
	Climatic and other conditions suitable for rubber cultivation.	1
	Rubber growing regions in India.	2
	Rubber growing regions in India compared with Malaya.	3
Chapter III.	<i>The organisational Structure of the raw Rubber Industry in India.</i> (Page 7—11)	
	Introduction.	1
	Rubber plantations classified according to size and ownership.	2
	Classified according to control.	3
	Reporting acreage analysed.	4
	Distribution of estates according to sizes.	5
	Rubber control.	6
Chapter IV	<i>Capital Structure</i> (Pages 11—34)	
	Introductory.	1
	Sources of information.	2
	Limitations of data.	3
	The general trend of holdings between 1939 and 1954.	4
	Holdings of individuals analysed by classes of companies.	5
	Capital investment in reporting companies.	6
	Investment analysis of Sterling companies.	7
	—Rupee Non-Indian companies.	8
	—Rupee Indian companies.	9
	Capital investment in reporting companies analysed according to types of ownership.	10
	Total capital investment—in Joint Stock companies worked out:	11
	—In the company sector.	12
	—In proprietary and partnership concerns.	13
	Resume of the analysis made.	14—16
	Value of total assets (our figures).	17
	Fixed assets—estimation of	18
	Non-Indian companies—fixed assets per acre (our figures).	19
	Reserve Bank's figure.	19

	Value of fixed assets (Sterling companies—our figures).	20
	Valuation of different items of fixed assets.	21
	Land assets—estimation of	22
	Basis of land valuation unscientific.	23
	Extent of growth of fixed assets.	24
	Extent of investment in fixed assets.	25
	Growth of fixed assets—Reviewed.	26
	Fixed assets and internal resources (net worth)	27
	Non-Indian companies.	28
	Sterling companies (our figure)	29—31
	Floating assets—Total growth of floating assets 1939-53.	32
	Management-wise growth of floating assets (1939-53)	33
	Management-wise proportion of floating to total assets (our figures) for 1953.	34
	Reserve Bank's figures (1950—53)	35
	Conclusion (floating assets).	36
	Share capital—Growth of share capital (our figure).	37
	—As related to total assets.	38
	Conclusion—share capital.	39
	Borrowings.	40
	Estimate of reserves per acre.	41
	Growth of reserves per acre (our figures)	41
	Relation of retained profit to growth of reserves.	42
Chapter V.	<i>Cost of Production of Rubber.</i> (Pages 34—41)	
	Introductory.	1
	Importance of cost of production.	2
	Earlier inquiries on cost of production.	3
	Coverage of our analysis.	4
	Small holders.	5
	Cost of production of rubber in 1950-53	6
	Region-wise analysis of costs.	7
	Management-wise analysis of costs.	8
	Proportion of heads of costs to total cost.	9
	Cost of production of small holders.	10
	The price of raw rubber.	11
Chapter VI.	<i>Transport and supplies</i> (Pages 41—42)	
	Introductory.	1
	Need for an organisation for supplies.	2
	Recommendations.	3
Chapter VII.	<i>Marketing of Rubber.</i> (Pages 43—52)	
	Rubber control—started as a war measure	1
	-its continuation after war.	2
	-prices.	3
	-modes of sales of rubber.	4
	-role of dealers.	5
	Evidence analysed.	6
	Small growers' and dealers' difficulties.	7
	Sri D.V. Reddy's Report on Rubber Industry.	8
	The Board's discussions on the Report.	9
	Centralised-marketing depended on producers' consent.	10
	Complaints of degrading examined.	11
	Import of Group I Rubber—recommended to be prohibited.	12

	Off-take by manufacturers during peak production seasons should increase.	13
	Need for fixing minimum and maximum prices for important trading centres.	14
	Sales in lots-measures for prevention.	15
	Notified price for Rubber-Fair.	16
Chapter VIII.	<i>Profits and their Allocation</i> (Pages 53—63)	
	Coverage of the analysis	1
	Definitions.	2
	Total gross profits.	3
	Gross profits as related to capital employed.	4
	Gross profits as related to net worth and share capital.	5
	Gross profits as related to gross sales.	6
	Gross profits high or low.	7
	Commission to Managing agencies and staff.	8
	Net profits before and after tax.	9
	Net profit after tax related to net worth.	10
	-per acre.	11
	Net profits after tax per 100 lbs. of rubber produced.	12
	Distributed profits.	13
	Conclusions-Gross profits.	14
	Managing Agency commission.	15
	Commission to staff.	16
	Net profit after tax.	17
	—As related to net worth, acre and 100 lbs.	18
	Dividends.	19
	A rational basis for profit distribution	20
Chapter IX.	<i>Finance.</i> (Pages 64—71)	
	Introductory.	1
	Working capital needs-estimates of.	2
	A—Sterling companies	
	B—Non-Indian controlled companies.	
	C—Companies under Indian managing agencies.	
	D—Director controlled Indian companies.	
	E—Proprietary and partnership concerns—Indian.	
	Rubber dealers' role as financiers.	3-4
	State Bank should finance rubber producers.	5
	Long-term financial needs.	6
Chapter X.	<i>Expansion and Development of natural Rubber.</i> (Pages 72—97)	
	Section—A.	
	The problem stated.	1
	Reduction of costs-how to be achieved.	2
	Advantages of planned replanting.	3-4
	Section—B.	
	Estimate of area to be replanted.	1-2
	Production plans of the Development Committee.	3-4
	Rubber Board's views.	5
	Our figures of aged trees.	6-13
	Section—C.	
	Review of certain aspects of working of the industry.	1-5
	Review of efficiency needed.	6
	Need for reduction in dividends and managing	

agency commission.	7
Need for measures to bring down administrative costs.	8
Replanting grant how far used.	9-11
Government control over the replanting grant.	12-14
Section—D.	
<i>A replanting Programme</i>	
Regulation of replanting and new planting	1-2
Replanting fund approved as early as 1951.	3
Mode of investment of replanting fund.	4
A phased replanting programme.	5
Estimate of replanting fund.	6
Collection of the cess.	7
Section—E	
<i>The new replanting subsidy scheme.</i>	1-7
Section—F	
<i>New Planting.</i>	1-2
Section—G	
<i>Labour Relations.</i>	1
Section—H.	
<i>Sale of Rubber Estates.</i>	1
<i>Rules of guidance necessary</i>	2-3
<i>Appendix</i>	
Summary of the principles of the replanting programme in the Report of the Mission of Inquiry into the Rubber Industry in Malaya.	
Chapter XI.	<i>The small grower in the raw rubber industry. (Pages 97—115)</i>
Introductory.	1
Concentration of small holdings.	2
Diversified cropping.	3
Greater elasticity of production in small holdings.	4
International agreement worked against small holdings.	5-9
Greater percentage of low yielding area.	10
Recent increase under low-yielding area.	11
Inadequacy of land—the main problem.	12
Land tenures.	13
Debts of small holders.	14
Cultural practices.	15
Processing.	16
Co-operative smoke houses recommended.	17
Difficulties in organising co-operatives.	18-19
Suggestions for improvement of co-operatives.	20-22
Long-term credit.	23
Need for joint farming societies	24
Central marketing societies.	25
A replanting and new planting scheme for small holders.	26-27
Principles of a replanting policy.	28-33
Allocation of area to be replanted by holders of 15 acres and less.	34
A small holders' assistance fund proposed.	35-36
Surcharge on excise duty on tyres suggested.	37-38

Appendix to Chapter XI

Principles of co-operative marketing.

Chapter XII	<i>Research, Training and Advisory services (Pages 115—117)</i>	
	Introductory.	1
	The Rubber Research Institute.	2-4
	Need for extension and training services.	5-6
	Mobile pest control units suggested.	7
Chapter XIII.	<i>The Machinery for control of Plantation Industries.</i> (Pages 117—120)	
Chapter XIV.	<i>Summary of Conclusions and Recommendations</i> (Pages 120—138)	
	<i>Minute of Dissent</i> (Pages 139—162)	
	<i>Annexures</i> (Pages 1—170)	
	<i>Appendices</i> (Pages 171—180)
