TABLE OF CONTENTS

RESOLUTION -- GOVERNMENT OF INDIA

(Page No. V to XV.)

CHAPTER — 1

	Page No.
Introductory	
1 Appointment of the Committee and terms of reference	1
2 Method of enquiry	3
3 Difficulties encountered in the collection and processing of data	4
4 Plan of the report	5

CHAPTER — II

History of growth of the small growers in India

5 Early History	6
6 Internatinal Rubber registraion Agreement	6
7 Expansion during World War	7
8 Rubber Production and Marketing Act	7
9 Growth since 1954-55	8
10 Regional distribution of petty small holdings	9
11 Position of small holdings in other rubber producing countries	10
12 Rubber as a small holders crop	10
13 Small holder reacts quickly to price changes	10

CHAPTER — III

Present position of the petty small holders

14 Objects of the study	11
15 Area	11
16 Yield Status	12
17 Yield vis a vis planting material	16
18 Cost, income and profit analysis	17
19 Significance of the cost trends	19
20 Profit from rubber	20
21 Yield variation and 100 Kgs unit cost	20
22 An assessment of the position of the small growers	21
23 General problems	22
24 Special problems of section of the small growers	24

CHAPTER — IV

	Size of the holding	Page No.
25	Size of the holding vis a vis economic viability	25
26	Average size of the holdings in the small sector	25
27	New Planting Loan Scheme	26

CHAPTER — V**Planting material and planting methods**

28	Productivity and planting material	28
29	Source of procurement	28
30	Concessions and subsidies to small growers	29
31	Demand for high yielding materials likely to go up?	29
32	Popularisation of Tjir - 1 variety not favoured by certain growers	29
33	Buddings versus seedlings	30
34	Wrong planting practices	30
35	Interplanting/Intercropping	30

CHAPTER — VI**Cultural Practices**

36	Cultural practices a vital need	31
37	Cultural practices in the sample units	31
38	Cultural practices noticed during itinerary	32
39	Schemes of the Board for improving cultural practices	32
40	An appraisal of the existing schemes	35
41	Growers grievances	35

CHAPTER — VII**Tapping**

42	Importance of tapping	36
43	Tapping practices	36
44	Tapping task	37

CHAPTER — VIII**Processing and Marketing**

45	Quality and processing	38
46	Measures for improving quality	38
47	Marketing problems	40

CHAPTER — IX

	Page No.
Replanting	
48 Necessity for replanting	44
49 History of subsidised replanting scheme	45
50 Response of small growers not satisfactory	47
51 Reasons for the poor response	48
52 Basis for determining eligibility to be revised	48
53 Necessity for assistance	49
54 Incentive now offered is inadequate	49
55 Rate of subsidy and mode of payment recommended	52
56 Estimate of area to be replanted	55
57 Phased programme	56
58 Financial commitments	56
59 Board should ensure supply of high quality planting materials	57
60 Growers apprehension	57
61 Foreseen impact of the scheme	57

CHAPTER — X

Advisory Service

62 Necessity of Advisory Service	58
63 Advisory service should be strengthened	59
64 Demonstration plots	60
65 Small Growers' Training School	60

CHAPTER — XI

Co-operatives

66 Role of co-operatives in stabilising the small holding sector	61
67 Origin of development of co-operatives	61
68 Existing schemes and their impact	61
69 Fresh Schemes recommended	63
70 Other recommendations	66
71 More co-operatives needed,	66

CHAPTER — XII

72 summary of conclusions and recommendations	67
Acknowledgements	77
Note of dissent by S/Shri Mathew Maniyangadan and Cherian Kappan	80
