F O R E W O R D.

The National Commission on Labour appointed the Study Group for Wage Policy in its attempt to assess the adequacy or otherwise of wage policies being pursued in the years since Independence. This was one of the series of groups set up by the Commission to cover important areas of its terms of reference. The Study Group was required to analyse available information and project its thinking on problems relating to wage policies in the years to come taking into account the possible developments in the economy of the country.

The views expressed in the report are the views of the Study Group. In examining them for framing its final recommendations, the Commission will attach due importance to these views coming as they do from knowledgeable persons. In the meanwhile, the report is being published by the Commission with a view to seeking comments on it from persons/institutions interested in the subject.

The Commission is grateful to the Chairman and Members of the Study Group individually for completing their work within the time limit fixed for them. The Commission is also grateful to all persons/institutions who may have helped the Study Group in reaching conclusions.

P.B. Gajendragadkar,
Chairman

National Commission on Labour,
D-27, South Extn., Part II,
New Delhi-16.
