1906.

READ—

The reports from the Commissioner in Sind and the Commissioners of Divisions on the working of Municipalities in the Bombay Presidency during the year 1904-1905.

**RESOLUTION.**—During the year under review the total number of Municipalities decreased from 163 to 162 owing to the abolition of those at Prakāsha in the Central Division, Mithi in Sind and Dāpoli in the Southern Division. Out of these 14 are City Municipalities and the rest Town Municipalities. The statistics regarding the Mithi Municipality should not have been entered in the statements.

2. The population of the Municipal Districts decreased by 13,330, owing to the abolition of the Municipalities mentioned above and to the exclusion of the Cantonment of Manora from the limits of the Karāchi Municipality. The boundaries of the Municipal District of Dhulia were extended during the year.

3. The constitution of the Godhra and Bhiwandi Municipalities in the Northern Division and of those of Soundatti-Yellama, Roha-Ashtani, Mahād and Panvel in the Southern Division was altered so as to bring it into conformity with the provisions of section 10 of Act III of 1901. Triennial elections were held in a large number of Municipalities.

4. The main sources of revenue continue to be octroi and direct taxes on property. The octroi schedules were revised in Dholka, Karāchi, Sukkur, Shikārpur, Jacobabad, and a few Town Municipalities so as to allow of the introduction of the rates prescribed by the Government of India. A new tax of 8 annas per annum on animals used for riding, draught or burden was introduced by the Hāveri Municipality, as also tolls on carts and animals by the Gulcdgudd Municipality. The levy of octroi on new articles was sanctioned at Kalyān, while a temporary water-rate and a general sanitary cess were levied by the Kurla and Bhiwadi Municipalities respectively. The Municipality at Gogha continued the light tax on houses and the slight enhancement in octroi introduced last year. The Umreth Municipality increased the rate of their house-tax. The Navalgund Municipality reduced the toll from 4 to 2 annas. In Kaira the privy cess was suspended for one year, while the Hāveri Municipality abolished toll, the Vengurla Municipality the tax on shops for sale of country gunpowder and fire works, and the Kurla Municipality the temporary octroi on tobacco. The Gadag Municipality revised its toll rules, the Kambar and Rato-dero Municipalities the Halākhora tax and wheel-tax, respectively, and the Rānder Municipality its special and general sanitary cesses. The revision of house, water and sanitary cesses was effected in Jalgaon and of house-tax in Igatpuri and Sirur.

5. The aggregate gross income of the Municipalities during the year under review was Rs. 81,47,317 as against Rs. 71,04,115 in the preceding year. Exclusive of the receipts under "Extraordinary and Debt," the net revenue amounted to Rs. 68,49,973 against Rs. 61,09,925.\* Of this increase (Rs. 7,40,047), which is more or less general, Sind alone accounts for Rs. 6,36,876, but deducting the very large amounts on account of refunds which are included in the figures for that Province, the net increase in Sind amounted to Rs. 2,21,213 only. The following table shows the totals under the various heads:—

\* \* These figures may not tally with those shown in the following paragraphs, because owing to the abolition of the Dāpoli Municipality, and to the destruction by fire of the Municipal records at Mahād the figures of these two Municipalities for 1903-04 have been deducted by the Commissioner, Southern Division, for the purposes of comparison.

6. The total receipts from Municipal rates and taxes showed an increase of Rs. 6,21,520, to which all sub-heads, except those of "taxes on houses and lands," "Conservancy" and "Miscellaneous" have contributed. The net receipts from octroi rose in the Northern Division by Rs. 4,169, in the Central Division by Rs. 81,170, in the Southern Division by Rs. 13,531, and in Sind by Rs. 1,25,824. In the Northern Division the increase is unimportant and calls for no remarks. In the Central Division the increase was due to higher rates being in force throughout the year in Dhulia and Poona City and to brisker trade mainly in Sholapur, Bārsi and Pandharpur. The revenue in Ahmednagar, Nāsik and Sātara, however, seems to have suffered from the effects of plague. In the Southern Division the Belgaum and Dhārwar Districts show a net increase of over Rs. 12,000, which is said to be due, in the former, to the larger imports, chiefly in Belgaum, Gokak and Athni, and in the latter to the increased consumption of cloth and metal in Hubli and more vigilant collection in Dhārwar. In Sind the increase was due to enhancement of the octroi rates in the principal Municipalities combined with larger importations of food stuffs, the produce of the excellent season of 1903-04, and to the absence of plague from Hyderabad and Lārkāna. As in the preceding year, Karāchi shows the largest increase of Rs. 78,917, the other towns which contributed to the increase being Hyderabad, Rāto-dero, Jacobabad, Tatta, Tāndo Adam, Sukkur, Shikārpur, Rohri, Garhi Yāsin and Sehwan. There was a slight falling off in Hāla, Tāndo Muhammad Khan, Lārkāna and Bubak.

7. The receipts from taxes on houses and lands increased in the Southern Division and in Sind, but decreased in the Northern and Central Divisions. The increases in the Southern Division, and in Sind, amounting to Rs. 4,853 and Rs. 4,448, respectively, were due chiefly to the recovery of arrears, while the absence of such recoveries is responsible for the apparent decrease of Rs. 10,796 in the Northern Division and of Rs. 10,325 in the Central Division.

8. The increase of Rs. 11,011 in the realizations from the tax on animals and vehicles occurred mainly in the Northern Division where it was due to the recovery of arrears in Ahmedabad, Bulsār and Kalyān. In Sind the increase was caused by briskness of trade in Karāchi, Hyderabad, Sukkur and Shikārpur. The increase in the Central Division and the decrease in the Southern Division are unimportant and require no comment.

9. The income from tolls on roads and ferries shows an increase of Rs. 4,002 in the Northern Division, of Rs. 2,730 in the Southern Division and of Rs. 2,084 in Sind, while in the Central Division it decreased by about Rs. 3,600. The increase in the Northern Division was due to constant and careful supervision at Ahmedabad, to improvement in the system of levying the tax at Godhra, and to larger imports of cotton, fodder and fuel at Anklushwar and Nadiad. The decrease of Rs. 2,174 in Bhiwadi was nominal in-as-much as the previous year's income included Rs. 1,500 on account of deposits adjusted and Rs. 465 on account of arrears for the preceding year. The decrease of about Rs. 1,000 in Viramgam was due to plague. In the Southern Division the increase was mainly due to heavier traffic in Dharwar and to the importation of an unusually large quantity of cotton into Hubli, as the result of a good cotton season. In Sind the increase was due to higher receipts from tolls on carts from extra Municipal areas conveying produce into Sukkur and Shikarpur. The decrease in the Central Division has not been explained.

10. The increase of Rs. 30,181 under "water-rate" occurred in the Presidency proper. Out of this the Northern Division is responsible for Rs. 18,953, owing to increased house-connections in Ahmedabad, Surat, Rander and Thana, to the consumption of a larger quantity of water and to the levy of a temporary water-rate at Kurla, to the installation of new meters at Bandra and to an enhancement of the rate at Bhiwadi. In the Central Division the increase (Rs. 10,082) was chiefly due to enhancement of rates in Dhulia, to an increase in the number of house-connections in Poona City and to greater care in the assessment and recovery of the tax in Sholapur. In the Southern Division the increase was nominal, being due mainly to the collection of arrears of previous years by the Hubli Municipality. In Sind the Municipality of Hyderabad showed an increase of Rs. 2,638 owing to the payment by the Military authorities of arrears of rates due for water supplied to the Garrison, but this increase was more than counterbalanced by a decrease of Rs. 7,450 in Karachi, which has been attributed to larger recoveries in 1903-04 of arrears of "plague" water-rate and to the non-payment during the year by the Military and North-Western Railway Departments of the amounts due for February 1905.

11. The receipts from the conservancy cess decreased everywhere, except in the Northern Division, where, owing to the levy of a revised sanitary cess at Rander and to the recovery of arrears in that and other places, such as Ahmedabad, Kalyan, Kurla and Bandra, the receipts increased by Rs. 5,112. The decrease of Rs. 8,468 in the Central Division was due to collections having been retarded in many places on account of plague and to the abolition of the conservancy cess in the Satara suburban area. The decrease would have been larger but for better collections in Sholapur City.

12. Other taxes show an increase of Rs. 1,075 in the Northern Division and Rs. 1,811 in the Southern Division due to larger attendance of pilgrims at Dakor, Yellama, Guddguddapur and Ulvi. In the Central Division there was a net increase of Rs. 7,068 on account of pilgrim tax, but this was more than counterbalanced by a falling off of Rs. 2, 440 in the plague tax and of Rs. 5,673 in the Trade Registration Fees. The latter decrease is attributed to the imposition of octroi on goods which, when octroi was not levied on them, were liable to pay the fees referred to.

13. The revenue derived from Municipal property and powers apart from taxation rose from Rs. 7,91,230 to Rs. 8,71,716, the Northern Division, Southern Division, and Sind, showing an increase of Rs. 11,849, Rs. 13,306 and Rs. 94,942, respectively, and the Central Division, on the other hand, a decrease of Rs. 36,000. Rent from houses and lands increased by Rs. 2,859 in the Northern Division, as a result generally of more land having been given on lease in Ahmedabad, Nadiad, Surat and Bandra. Sale proceeds of land, &c., yielded a net increase of Rs. 22,851 in the Northern Division, which was mainly due to a larger area of land having been sold in Surat, where the whole of the Nawapura Golwad suburb was destroyed by fire in March 1904. In Sind the proceeds from the sale of land in Karachi, Hyderabad and Sukkur mainly

contributed to an increase of Rs. 62,575. In Karachi the sale was confined to building plots, in Hyderabad to alignment land and additions to existing occupancies, and in Sukkur to land falling under all these heads. The demand for sites in Hyderabad was keen, but sales were suspended until the issue of the Municipal building rules and by-laws. The transfer of the Sessions Court from Bhikárpur to Sukkur has increased the demand for houses and building sites at the latter place. The greater part of the Hyderabad receipts was for land sold in 1903-04, but paid for during 1904-05. Conservancy receipts (other than taxes and rates) decreased in the Northern Division by Rs. 4,882, and in the Central Division by Rs. 41,093. The decrease in the former Division does not call for remark, while that in the Central Division was practically nominal, being due in great measure to the fact that the accounts of 1903-04 were swollen by the credit to this head of a Provincial plague grant of Rs. 40,000 to the Sholápur Municipality. Fees from markets and slaughter-houses increased in the Central Division, the Southern Division, and Sind by Rs. 6,259, Rs. 8,232 and Rs. 3,517, respectively. The increase in the Central Division was due to larger recoveries from squatters in Dhulia as the result of keener competition among them, to the imposition of higher rates of stall fees in Poona City and to larger sales of cattle in Sholápur, where fees on such sales are levied and are credited to this head. In the Southern Division the increase was shared in by all the Districts except Kánara; and that in Sind was contributed to by those of Karachi, Tatta, Kambar, Mirpur-Khás and Jacobabad. The increase of Rs. 1,394 in school fees in the Southern Division is small but significant as being due to better attendance at schools consequent on the absence of plague from some of the towns. In the Southern Division the nominal increase of Rs. 6,771 under fees and revenue derived from Medical Institutions was caused by the Municipality of Hubli, which had expended on plague Rs. 7,000 out of the Hospital Fund, having recredited the amount under this head. Under other fees there was an increase of Rs. 17,954 in bandar fees at Sukkur; due to larger imports of produce by river, and of Rs. 917 in stallage fees at Lárkána owing to keenness of competition.

14. Grants and contributions for general and special purposes increased by Rs. 52,520, of which Rs. 609 only were contributed by Sind and the rest by the Presidency Proper, where the increase was fairly equally divided. The increase was wholly under "Grants from Government for Educational purposes," and was due to the enhanced grants for Primary Education having been drawn for the whole instalment for half the year only, as in 1903-1904, and to the receipt by the Municipalities of Sukkur, Rohri, and Kambar of the grants for their Anglo-Vernacular schools for two years together. The Government grant for medical purposes decreased in the Northern Division by Rs. 2,048, in the Central Division by Rs. 4,551 and in Sind by Rs. 20,023. The large apparent decrease in Sind was due to the receipt by the Municipality of Hyderabad of a plague grant of Rs. 17,000 in 1903-1904. The Local Fund grant for general purposes decreased in the Northern Division by Rs. 3,307, as the result of remissions and suspensions of Local Fund cess granted on account of failure of crops in parts of the Kaira District. The same cause contributed to a decrease of over Rs. 5,000 in the Local Fund Educational grant in that Division. In Sind the decrease (Rs. 18,543) in grants from Local Boards was general, but was chiefly due to contributions of Rs. 6,000 made in 1903-1904 to each of the Municipalities of Jacobabad and Mithi for schools, not having been reported in the year under report.

15. Of the total income Rs. 53,55,213 were realized from Municipal rates and taxes as against Rs. 47,33,023 in the previous year, indirect taxation yielding Rs. 32,89,022 or 61.4 per cent. and direct taxation Rs. 20,65,291 or 38.5 per cent. as compared with 56.9 and 43, respectively, in the previous year.

16. The incidence of taxation per head of population has increased from Rs. 1-10-7 to Rs. 1-11-6, and the incidence of income from Rs. 2-10-6 to Rs. 3-1-0. Karachi has again the highest rate of taxation (Rs. 6-2-5) and Ashta the lowest (Rs. 0-1-10).

17. The aggregate gross receipts from octroi duty amounted to Rs. 32,80,022 as against Rs. 26,06,049 in the preceding year, while the net receipts amounted to Rs. 20,05,239 as against Rs. 18,38,613. Statement No. IV appended to this Resolution shows the classes in which the standards of consumption prescribed by Government were exceeded. The Municipalities in which there was an appreciable excess are those mentioned in the margin, the number of defaulting Boards in the Northern Division being, as before, very small. As usual, the explanations given are

*Coin.*—Jalgaon, Bārsi, Karmāla, Tando Muhammad Khān, Tando Allahyar, Garhi Yāsīn, Rato-dero, Mirpur Khās and Jacobabad.

*Sugar.*—Dholka, Ankleshwar, Bāsasin, Bāramati, Gokāk, Hubli, Vengurla, Rājāpur, Tando Muhammad Khān, Lārkāna, Rato-dero and Mirpur Khās.

*Ghee.*—Tando Allahyar and Mirpur Khās.

*Oils.*—Broach, Jalgaon, Shirpur, Sāsavad, Bāramati, Indāpur, Bārsi, Karmāla, Belgaam, Athni, Sirsi, Vengurla, Rājāpur, Ohiplun, Kotri and Keti Bandar.

*Drugs.*—Gogha, Jalgaon, Nandurbar, Talegaon Dābhāde, Sholāpur, Bārsi, Paudharpur, Athni, Hubli, Navalgund, Sirsi, Haliyāl, Vengurla, Rājāpur, and Sukkur.

*Tobacco.*—Nipāni, Vengurla, Tando Muhammad Khān, Kambor, Rato-dero, Bubak and Jacobabad.

*Cloth.*—Ahmedabad, Ankleshwar, Karād, Karmāla, Tatta, Garhi Yāsīn, Lārkāna, Kambor, Rato-dero, Umarkot, Mirpur Khās and all the Municipalities in the Hyderabad District except Matlari.

*Metals.*—Dhulia, Jalgaon, Nāsik, Sātara City, Hubli, Vengurla, Hyderabad and Tando Adam.

the consumption of commodities by the inhabitants of villages in the vicinity of market towns without claiming refunds, the exportation of imported articles in an altered form, larger imports on account of marriages, the impossibility of disposing of the goods imported in the year during the same year and the like. In the Northern Division, the Central Division and Sind larger refunds were granted than in the preceding year. In several cases it has been stated that the people in the neighbouring rural districts buy articles in Municipal towns but do not ask for refunds, or that they purchase such small quantities that refunds cannot be granted. On the whole, however, there is a slight improvement in the working of the system, and it may be hoped that satisfactory results will be shown when the model rules which are under the consideration of Government are brought into operation.

18. The total expenditure of the Municipalities in the Presidency was Rs. 77,78,576, against Rs. 68,04,990. Excluding "Extraordinary and Debt", the expenditure amounted to Rs. 67,90,086, showing an increase of Rs. 9,86,378 over the figures of the preceding year, since revised (Rs. 58,03,708). The fluctuations in the various heads of expenditure will be seen from the following table:—

	1904-05.	1903-04.	Increase or Decrease.
	Rs.	Rs.	Rs.
General Administration and Collection Charges.	18,56,536	14,15,951	† + 4,39,585

	1,02,34,345	85,99,419	+ 16,44,926

19. The large increase in expenditure on account of General Administration and Collection charges is ascribed mainly to the fact that Rs. 4,15,665

† These results may not tally with those in the following paragraphs for the reasons given in the foot-note to the statement appended to paragraph 5.

\* Figures since revised.

were granted as octroi refunds in Sind. This amount was contributed to by all the Municipalities, except those noted in the margin,\*

\* Tando Muhammad Khán, Tando Adam, Hála, Matiarí, Garhi Yasin, Kambar, Rato-dero and Umarmot.

and was due to larger exports, payment of arrears and greater promptness in the preferring of claims. The small refunds in Hála, Nasarpur, Tando Muhammad Khán, Mánjhand, Rohri and Shikárpur call for no remarks, but the decreases in Rato-dero, Kambar and Umarmot were due respectively to payment of arrears in the previous year, breakdown of the local rice mills and storage of grain in Bonded Warehouses instead of in the town. The increase of Rs. 2,139 in the Northern Division and that of Rs. 17,921 in the Central Division was due to larger refunds in Nadiál, Broach, Khándesh, Poona and Sholápur. The decrease in Ahmednagar was due to the establishment of Bonded Warehouses outside the town, and that in the Northern Division, wherever it occurs, to smaller exports, and to the decrease in the amount of the rebatements claimed in respect of houses remaining vacant at the close of the year. The decrease of Rs. 11,611 in the Southern Division was distributed over all the districts, except Kolaba, and was due to smaller exports in Nipáni, smaller refunds on account of octroi and other items in Belgaum, the absence of arrears in Hubli, the reduction in octroi receipts in Kánara, the smaller number of applications for refund in Bijápur, the failure to dispose of such applications in Bágalkot, Vengurla and Rajápur, and the revision of its octroi schedule by the last named Municipality. The expenditure on account of general administration increased in the Northern Division by Rs. 2,059, Ahmedabad being responsible for the whole of the increase. Economy resulting in a saving of over Rs. 4,000 was effected in the Ahmednagar District owing to a reduction of Rs. 200 in the salary of the Municipal Secretary and curtailment in other directions. The increase of Rs. 2,216 in Poona City was due to heavier expenditure on contingencies and payment of salaries in arrears. This Municipality is, however, reported to have been incurring for some years past an unauthorized expenditure of about Rs. 27,000 per annum on permanent establishment and the matter is under inquiry. In Sind the expenditure under this head was practically stationary. The increase of Rs. 9,069 in Northern Division on account of collection charges was due to the increase of establishment generally in Ahmedabad, Surat and Thána, and that of Rs. 1,331 in Sind to the cost of a new octroi office being debited to this head by the Garhi Yasin Municipality. Charges on account of collection of tolls on roads and ferries decreased by Rs. 2,149 in the Northern Division, the Municipalities which contributed to this decrease being those of Surat, Thána and Godhra.

20. Of the increase of Rs. 24,709 under the head Public Safety, as much as 44 per cent. or Rs. 11,291 was contributed by the Northern Division and the remainder by the rest of the Presidency. The increase was due to the purchase of fire-extinguishing apparatus in Surat, Bhiwndi, Dhulia, Násik, Poona and Pen, to the introduction of improved street lighting in Bándra, Poona, Belgaum and Athni, and to the revision of establishment and higher price of kerosine oil in Surat. The increase of Rs. 5,211 in the Northern Division under the head Police was due to the construction of new chowkies, and the repair of old ones, and to lighting them and occurred chiefly in Ahmedabad, Bándra and Dhandhuka.

21. The total expenditure under Public Health and Convenience rose from Rs. 29,78,540 to Rs. 33,29,122, showing an increase of Rs. 3,55,582, which was due mainly to additional expenditure on Plague Rs. 2,18,903, Water-supply Rs. 1,57,048, Roads Rs. 90,700, Conservancy Rs. 80,461 and Markets and Slaughter-houses Rs. 7,230. The principal decreases were under Drainage Rs. 80,783, Hospitals and Dispensaries Rs. 38,832, Buildings (Public Works) Rs. 35,709 and Dak Bungalows and Seráis Rs. 8,679.

22. *Water-supply.*— Out of the total increase of (Rs. 1,57,048), Rs. 59,379 was in capital outlay and the remainder (Rs. 97,669) in establishment and repairs charges. The increase under the former head was chiefly on account of the payment of charges in connection with the new water-works scheme at Jalgaon, the laying-out or extension of mains and pipes at Surat, Dhulia, Nipani, Hubli, Hyderabad and Sukkur, and the purchase of new pumping

engines at Nadiad and Sholapur and of meters in Karachi, where also Rs. 10,000 were added to the water renewal fund. Repairs to the existing water-works were carried out at Yemna in the Dhárwar District, at Pen, Pavei and Uran in the Kolába District, and also in Karachi and Shikárpur.

23. The decrease of Rs. 76,823 in expenditure on drainage was in capital outlay and was mainly contributed to by the Municipality of Ahmedabad.

24. Conservancy charges increased in the Northern, Central and Southern Divisions by Rs. 19,442, Rs. 13,090 and Rs. 6,552, respectively, and decreased in Sind by Rs. 6,942. In the Northern Division the increase of Rs. 8,064 in Ahmedabad has not been explained. In the rest of the Division the Municipalities which chiefly contributed to the increase were those of Viramgam (Rs. 2,061), Godhra (Rs. 1,031), Ankleshwar (Rs. 941) and Surat (Rs. 3,114). In the Central Division the increase was chiefly confined to the Sholapur and Poona (City) Municipalities, and in the Southern Division to that of Dhárwar. Some expenditure was incurred in Godhra on experiments in the destruction of mosquitos, and in Gadag on the conversion of night-soil into pondrette. Elsewhere the causes which mainly contributed to the increase noted above were the construction of and repairs to latrines, the purchase of additional conservancy carts and bullocks involving additional establishment and feeding charges, and the watering of roads. The decrease of Rs. 6,942 in Sind was only nominal, being due to the fact that the plague charges in Hyderabad and those on account of paving of streets in Garhi Yasin which were erroneously included under this head in 1903-04 have been shown under other heads this year.

25. The Expenditure incurred on Hospitals and Dispensaries show a total decrease of Rs. 38,832, which was mainly in the Presidency proper. In the Southern Division the decrease (Rs. 11,212) was due mainly to the disbursement of the salaries of the Hospital Assistants direct from the Government grant sanctioned by Government Resolution No. 5544, dated 22nd October 1903, instead of from Provincial Revenues, and to the bills for the supply of Medical Stores not having been received in time to be included in the year's accounts. The decrease of Rs. 5,118 in the Northern Division was due to the absence of payment on account of arrears and that of Rs. 21,728 in the Central Division to a similar cause as also to the abolition of the Dhulia Dispensary in consequence of the completion of the new Civil Hospital at that place. In Sind the construction of a new dispensary at Hyderabad, the purchase of instruments at Shikárpur and repairs to the dispensary building at Tatta were the chief causes of the increase of Rs. 2,494 under this head.

26. The expenditure on markets and slaughter-houses increased by Rs. 7,230, which is mainly due to an increase of Rs. 7,578 in the Central Division, where it was caused by the construction of new slaughter-houses in Jalgaon, Shirpur and Násik, and of a new grain market at Burámati and also to extensive repairs to markets in Poona City.

27. Under "Public Works Buildings," no fluctuations of importance took place in the Presidency proper. The Municipality of Sholapur spent Rs. 4,927 on the Victoria Memorial Market. In Sind the expenditure under this head as contrasted with that of the previous year decreased by Rs. 41,233 owing mainly to the fact that the Karachi Municipality had not to provide for works, such as the construction of new latrines, the extension of the Lyari market and the Jaffer Fuddo Dispensary undertaken by them in 1903-04.

28. The expenditure on roads rose from Rs. 4,52,509 to Rs. 5,43,210 giving a net increase of Rs. 90,700. Of this increase Rs. 59,198 was in the Northern Division where land worth over Rs. 40,000 was acquired for the purpose of road improvements in Surat, and over Rs. 12,000 were spent on account of repairs, set-backs and a sinking fund for the gradual acquisition of land for widening the existing roads and constructing new ones in Baudra. The increase of Rs. 19,514 in the Central Division is attributed to considerable expenditure having been incurred in Khándesh, Násik and Poona, either on new roads or on the improvement of old ones. In the rest of the Presidency the increase calls for no special remarks. In Ahmedabad the roads are reported to have been very much neglected. In Karachi the roads are in good condition, and so also in the Shikárpur suburban area where metalled roads are

being gradually extended. In Hyderabad and Sukkur the roads are in many cases reported to be in a bad condition, while in Lárkána and Jacobabad they are being gradually metalled. In Sind the total revenue from wheel-tax was a little more than  $\frac{1}{3}$ rd of the total expenditure on roads, and in the Northern Division also the expenditure in many places exceeds the realizations from wheel and toll tax. The increase of Rs. 4,314 under Stores was also almost wholly due to increased expenditure by the Hubli Municipality in connection with extensive repairs to roads.

29. The expenditure on plague charges increased by Rs. 2,18,903, which is wholly ascribed to Poona, and results from the adjustment of the plague loan of Rs. 2,69,661 granted in Government Resolution No. 1323, dated 8th April 1904, and the provision of additional accommodation in Health Camps in the City.

30. The cost of public instruction rose from Rs. 7,99,723 to Rs. 9,17,974, showing a net increase of Rs. 1,18,251, which was primarily due to the utilization of the increased grant from Provincial Revenues towards Primary Education. Of the total increase as much as Rs. 94,575 was under the sub-head Schools and Colleges, and was distributed as follows:—Northern Division (Rs. 45,625), Central Division (Rs. 11,859), Southern Division (Rs. 25,536) and Sind (Rs. 11,556). The objects to which this expenditure was devoted were the opening of new schools, improvement of the staff and accommodation in those already existing, the provision of additional scholarships and the purchase of furniture, kindergarten and scientific apparatus wherever required. Schools for the primary instruction of the depressed classes were opened at Jambusar, and new schools for girls were opened at Surat, Talegaon Dábháde and Wái. No provision for girls' schools has yet been made by any of the Municipalities in the newly constituted district of Lárkána. The Collector, however, reports that there is reason to hope that before long most of the Municipalities will have taken the question into consideration. The Municipalities of Gokák, Bágalkot and Bijápur have each opened a new class for the Mahar boys and a school for the low caste children has been opened in Tásgaon. Experimental night schools are reported to have been started at Rato-dero and Bubak. The Municipality of Poona purchased a site for a museum, and that of Karáchi contributed Rs. 15,000 towards the cost of a Public Hall to be constructed by the Trustees of the late Gulam Hasein Kalakdina. The Hall when completed will be used for the Native General Library and other public purposes.

31. The increase of Rs. 4,260 under Contributions was due to the enhancement in the contribution of two-fifths of the net receipts from octroi and wheel-tax, which is paid annually by the Jacobabad Municipality to the Cantonment Fund.

32. Under Miscellaneous the expenditure rose by Rs. 43,901, and the increase was shared in by all the Divisions. The increase of Rs. 15,880 in the Central Division has not been explained. That in the Northern Division (amounting to Rs. 12,715) was mainly on account of interest on loans, and was due to the Ahmedabad Municipality having raised in the open market an additional loan of Rs. 2,80,600 for the extension of its drainage. In the Southern Division the bulk (Rs. 5,419) of the total increase (Rs. 7,461) was under the same sub-head and was due mainly to the payment of an overdue instalment by the Hubli Municipality. The increase of Rs. 9,037 in Sind resulted from the following special expenditure in Karáchi:—Discount of  $4\frac{1}{2}$  per cent. drainage loan (Rs. 3,494), stamp duty on Debentures (Rs. 2,568), and grant towards the Seamen's Rest Building (Rs. 3,000).

33. The charges under "Extraordinary and Debt" decreased by Rs. 12,792. In the Northern Division there was an increase of Rs. 1,89,665 under "Investment in Securities" and "Payment to Sinking Fund" in Ahmedabad and of Rs. 23,043 under "Advances" in Ahmedabad, Surat and Kalyán. These were however more than counterbalanced by decreases under other sub-heads, such as "Investment in Savings Bank" (Rs. 1,90,000), "Repayment of Loan" (Rs. 33,353) and "Deposits" (Rs. 13,265) which took place in Ahmedabad, Kaira, Godhra, Surat, Fassein and Bhiwndi, and resulted in a total decrease of Rs. 23,910 in that Division. The Municipalities of Dholka, Dakor and Godhra discharged their loan debts in full. In the Central Division the fluctuations which resulted

in a total decrease of Rs. 34,437 were mainly under "Repayment of Loans" and "Investments in Savings Bank". The Municipality of Dhulia paid Rs. 30,000 in liquidation of its water works loan in addition to the fixed annual instalments, and the Poona City Municipality paid Rs. 14,992 on account of the first instalment of the Plague Loan granted to it in 1904. On the other hand, the Municipalities of Ahmednagar, Bhingar, and Karid paid no instalments in respect of loans. In Sind there was a net increase of Rs. 24,747. The decrease of Rs. 14,983 under "Investments in Securities", and of Rs. 9,946 under "Payment to Sinking Funds", was due to the withdrawal by the Hyderabad Municipality of Rs. 40,000 from its Reserve Fund and of the whole of its Sinking Fund. With the sum thus made available the Municipality was able to repay Rs. 68,500 of its loan of Rs. 1,26,000. The Municipality of Sukkur has fully liquidated its loan of Rupees one lakh. The refund of a large amount deposited with the Hyderabad Municipality by bidders at its auction for the sale of land in consequence of the Municipality refusing to sanction the sales is the only important cause of the variations under "Advances" and "Deposits" in this Province. The increase of Rs. 20,807 in the Southern Division has not been explained.

84. The closing balances of Municipalities in the Presidency rose from Rs. 17,84,429 to Rs. 24,55,769.

85. -The net aggregate liabilities of the several Municipalities in the Presidency on account of loans amounted to Rs. 48,21,571-4-0 which sum is distributed in the several Divisions as follows :—

			Ra.	a.	p.
Northern Division	...	...	22,96,606	15	2
Central do.	...	...	9,91,702	0	0
Southern do.	...	...	8,48,859	0	0
Sind do.	...	...	12,19,935	15	7

The following amounts were paid off during the year :—

			Ra.
Northern Division	...	...	72,018
Central do.	...	...	53,550
Southern do.	...	...	23,083
Sind do.	...	...	67,500

86. Strips of Municipal land were either sold or given on long lease by several of the Municipalities in the Presidency. The transactions in Karachi, Hyderabad and Sukkur deserve special mention. The first named Municipality sold 11,812 square feet for building sites and alignment of houses, and in Hyderabad and Sukkur 14,724 square feet and 5,833 square feet respectively were sold as additions to existing occupancies. The last-named Municipality is also reported to have given out 125,730 square feet of land on lease. Land was either acquired or purchased for such public purposes as road improvements, school, dispensary and office buildings, markets, burial grounds and the like. The Municipality of Surat spent Rs. 52,443 in connection with the City Improvement Scheme, and that of Dhárwár Rs. 5,160 for improving the town sites. The Bándra Municipality is reported to have acquired land worth Rs. 12,576, while the aggregate cost on that account in the Districts of Ahmednagar, Poona, Khándeśh and Sholápur was Rs. 20,800. In Karáchi the expenditure amounted to Rs. 17,612, and that in Hyderabad to Rs. 2,366.

87. The accounts of all the Municipalities in Sind and of the Malcolmpeth Municipality in the Central Division were audited by the Accountant General. In the Northern Division the accounts of 16 Municipalities in all were audited by that officer. In the remaining Municipalities in the Central Division the accounts were examined either by Committees of the Municipalities or by Auditors approved by them, and in the Northern Division, in addition to such auditors, by the Mámlatdár's and Mahálkari's Karkúna. In the Southern Division the accounts of the temporary Municipality of Yamnur were audited by the members of the Board, and those of Panvel and Pen by the Násir of the Sub-Judge's Court and two Government Pensioners, respectively. Serious defalcations were discovered at Dhandhuka, Dohad and Panvel. In the first two places the offenders were convicted and sentenced, but in the case of Panvel

the result of the enquiries was such as to render further consideration necessary, and a full report on the subject is to be submitted to Government. The Municipality of Poona has been adding unauthorizedly to its sanctioned establishment, and the question has already engaged the attention of Government. The accounts of the Municipality of Surat were audited, as before, by the Accounts Department of the Collector's office. In the remaining two Divisions of the Presidency proper the accounts of the Municipalities of Erandol, Wái, Mhaswad, Bijápur, Ilkal, Guledgud, Kárwár, Haliyál and Ulvi were not audited, and, except in the case of the last three Municipalities, orders have been issued by the Commissioners to have them examined.

38. The reports of Municipal Administration for the year 1904-05 disclose a state of affairs which is on the whole distinctly satisfactory. The Commissioners, with the exception of the Commissioner, S. D., are silent as to the interest evinced in Municipal elections by the general bodies of rate-payers, but Government are glad to note that in Dhárwár the elections aroused lively interest, and in Bijápur, though the competition was not keen, a fair amount of interest was exhibited. The point is one in regard to which Government will be glad to receive more information in future reports from all districts. The Commissioners' reviews contain some comments on the manner in which the Councillors of some of the Municipalities performed their duties, as indicated by their attendance at meetings and in other ways, and His Excellency in Council is led to form the opinion that while in several towns there is unfortunately a spirit of apathy, and in some the working of the Board is interfered with by the existence of party factions, still there is a large residue of Municipalities by which good and useful work is being done in a business-like manner.

39. The figures of both income and expenditure are larger than in the previous year, thus evidencing the comparative prosperity of the year under report. Although the expenditure increased by nearly 10 lakhs of rupees, it still fell short of the revenues collected during the year, and His Excellency in Council observes with satisfaction that the closing balances were over 7 lakhs in excess of those of 1903-04. These figures point to the year having been a good one, and it is clear that in Sind and the greater part of the Presidency proper circumstances were more favourable to the successful conduct of Municipal affairs than has been usual within the last few years. Expenditure on plague measures and losses of income due indirectly to the ravages of that disease are not now such prominent features in the reports, and there is ample evidence in the octroi returns, and in the figures showing income derived from sales of land and increased expenditure on water-supply and other conveniences that the year was one of brisk trade and of considerable outlay on objects connected with the health and comfort of the inhabitants of Municipal towns.

40. During the year no new taxation of any importance was imposed. In several cases the consumption of articles liable to octroi appears to have been in excess of the standards laid down by the Government of India, but on the whole there would seem to have been an improvement in this respect, as is shown by the facts that there is a considerable increase in the difference between the gross and the net receipts as compared with those of last year, and that a very large sum, amounting to more than 4 lakhs of rupees, was expended in refunds, mostly in Sind. The Governor in Council is gratified to note that the revenue from water-rates has increased appreciably. This, together with the enhanced expenditure on water-works and kindred schemes is evidence of a considerable extension of facilities for the supply of water in towns—a matter which Government regard as of the first importance. The reasons for the levy of a trade registration fee in Poona are not at present apparent to Government, and the Commissioner, C. D., should be requested to submit a report on the subject, explaining the nature of the tax and showing how long and under whose authority it has been imposed. Educational receipts were increased by grants from Provincial revenues, made out of the special assignments provided by the Government of India, and His Excellency in Council observes with gratification that the funds handed over to the Municipalities have been so expended as to bring about improvements in many of the schools under their control. The expenditure on roads was considerably in excess of that incurred during the previous year, and Government are glad to know that it exceeds the

amount levied in the shape of tolls, but His Excellency the Governor in Council regrets to learn that in some towns of importance the roads are in bad condition. This is a matter to which the attention of the Municipalities concerned should be invited.

The sale and lease of large areas of Municipal land in some of the towns in Sind testify to their growing prosperity and are therefore a satisfactory feature of the year's administration, and Government note with pleasure the commendable effort which has been made by the Municipality of Surat to improve that City by the expenditure of over half a lakh of rupees on the rebuilding in a sanitary manner of a portion of the town not long ago destroyed by fire.

41. Copies of the Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to Commissioners and Collectors and other officers and Departments as usual.

H. O. QUIN,  
Secretary to Government.

\* Deducted because there is no Octroi at Yaukanmardi.

NOTE - The black figures are arrived at by deducting the large refunds which remained to be granted at the close of the year. The figures of net average consumption in black have been taken into consideration in deciding whether the prescribed standards have been exceeded, as giving the correct averages.
