

RESOLUTION

REVIEWING THE

REPORTS ON MUNICIPAL TAXATION
AND EXPENDITURE

IN THE

BOMBAY PRESIDENCY
(INCLUDING SIND),

FOR THE YEAR 1908-1909

(including Statistical Statements Nos. I to IV prepared by the
Municipal Commissioner for the City of Bombay).

BOMBAY
PRINTED AT THE GOVERNMENT CENTRAL PRESS

1910

BRAD—

The reports from the Commissioner in Sind and the Commissioners of Divisions on the working of municipalities in the Bombay Presidency during the year 1908-09.

RESOLUTION.—During the year under review the Hānsot and Māndvi Municipalities in the Broach and Surat Districts were abolished in accordance with the desire of the residents in the municipal area. The number of city and town municipalities in the Presidency were thus reduced to 14 and 143 respectively. The Dharangaon and Kaira Municipalities have been suspended. There are 10 notified areas.

2. The abolition of the two municipalities mentioned above brought about a reduction of 8,000 in the recorded population of municipal districts. The population of Ahmedabad is reported to be rising steadily owing to the expansion of the mill industry and is now roughly estimated at 2,25,000. The municipal boundaries of the Sindkheda Municipality in the West Khāndesh District and of the Ratodero and Shikārpur Municipalities in Sind were extended during the year.

3. The main event of the year was the promulgation in July 1908 of the Government Resolution under which the municipal administration of the Presidency will be gradually freed from direct official control. The Resolution promised to increase the number of elected Councillors to two-thirds of the whole except in special cases and gave the privilege of selecting their own President to all municipalities with a population of 15,000 and over. On these privileges two limitations were set: firstly it was provided that the elected President must secure the votes of at least two-thirds of the members, and secondly the condition was laid down that a Chief Officer approved by Government must be appointed. The first of these concessions can come into effect only gradually since the expiry of the existing terms of the Boards must be awaited, but rules giving effect to the concession were sanctioned for the municipalities of Nāsik, Yeola, Mālegaon, Jalgaon, Belgaum, Hyderabad and Shikārpur. A large number of municipalities were given the privilege of selecting their own President.

Before effect could be given to this Resolution, six municipalities in the Northern Division and nineteen in Sind were reconstituted on the old basis. Some minor extensions of the elective system were recorded, as for instance the Kharda Municipality received the right to elect 6 out of the 12 councillors and on the petition of the ratepayers of Mātherān the municipality there was re-constituted, four out of the nine seats in the Board being made elective. On the other hand the resignation of all the members except the President and the Vice-President of the Vita Municipality without good reason rendered it necessary to re-constitute the Board so as to consist of 6 nominated members instead of 6 elected and 6 nominated as heretofore, while, as mentioned above, the Kaira and Dharangaon Municipalities were suspended for gross mal-administration.

4. There were no notable alterations in the system of taxation. Minor changes may be summarised thus. *Northern Division*—Revised octroi schedules were introduced at Rānpur, Bassein, Ahmedabad and Dholka. In Ahmedabad the enhanced rate of 5 annas per 1,000 gallons for water supplied by meter was levied from 1st April 1908. In Māhim the increased house and wheel-taxes, which have for some time been levied temporarily, were made permanent. *Central Division*—(1) Revision of the octroi schedules of the Municipalities of Dhulia, Nandurbār and Talegaon-Dābhāde, (2) revision

of the rates of wheel-tax by the Nandghar and Baramati Municipalities, (3) revision of house-tax by the Shirdi Municipality, (4) arrangement for the joint levy of octroi by the Ahmednagar and Bhingar Municipalities and the Ahmednagar Cantonment, (5) levy of a rate on private plague huts by the Poona City Municipality under the Epidemic Diseases Act, (6) increase in the rate of pilgrim-tax by the Jejuri Municipality, (7) imposition of a sanitary cess by the Junnar Municipality and (8) resumption by the Wai Municipality of the levy of the conservancy tax which had been suspended unauthorisedly by the board since 1905. *Southern Division*—A special sanitary cess was introduced in Bijapur and toll was levied in Haveri for the first time during the year. The Navalgund Municipality which already levied toll on carts laden with goods (not liable to octroi) extended it to pack animals and conveyances carrying passengers. Some minor changes were made as regards rates in the octroi schedule in Dhárwár and Alibág. *Sind*—The Hyderabad Municipality imposed a general water-rate of Rs. 2 per annum, the Matári Municipality made a slight alteration in their octroi schedule and the Kambar Municipality increased the rate of toll on laden carts entering the town.

In connection with municipal taxation the attention of Presidents should be called to the policy of Government in respect of the levy of tolls, and they should be informed that any steps that may be taken with due regard to financial exigencies for their abolition will be favourably regarded by Government.

5. A satisfactory increase was recorded in the aggregate gross income of the municipalities which amounted to 81½ lakhs compared with 80 lakhs in the preceding year. Eliminating the receipt under "Extraordinary and Debt," the net revenue amounted to 71 lakhs compared with 65½ lakhs in 1907-08. The following table shows noteworthy variations under each head of receipt:—

	1908-09.	1907-08.	Increase.	Decrease.
	In thousands.	In thousands.	In thousands.	In thousands.
	Rs.	Rs.	Rs.	Rs.
1. Municipal rates and taxes:—				
(a) Octroi (net receipts, i. e., less refunds) ...	21,37	21,21	16	...
(b) Tax on houses and lands ...	7,72	7,45	27	...
(c) Water-rate ...	7,04	6,98	6	...
2. Revenue derived from Municipal property and powers apart from taxation ...	14,62	13,70	92	...
3. Grants and contributions for general and special purposes ...	8,84	5,65	3,19	...
4. Extraordinary and Debt ...	10,30	14,14	...	3,84

6. There was a decrease in the gross receipts from octroi in the Northern Division, which is attributed to the fact that no Hindu marriages were celebrated during the *Sinhast*. In the Central Division there was a net increase of Rs. 13,800 due to larger receipts principally in Sholapur, Násik and Bhusával. In the Southern Division there was a slight increase in the receipts, while there was a net increase of Rs. 22,800 in Sind.

7. In the Central Division the receipts from the tax on houses and lands increased by Rs. 21,000. The increase is ascribed chiefly to recovery of arrears in some districts and to the combination of the general conservancy cess with the house-tax in Ahmednagar City. In the Southern Division the receipts from the water-rate amounted to Rs. 34,000. In Húbli the receipts rose from Rs. 21,000 in 1907-08 to Rs. 27,000, the increase being due to the collection of arrears. The receipts from this source declined in Karáchi, owing to a decrease in the supply of water to the Railway and Military Departments.

8. The revenue derived from municipal property and powers apart from taxation rose by Rs. 92,000. Eighty-four per cent. of this increase occurred in Sind and was mainly due to a substantial improvement of Rs. 1,38,000 in the receipts from the sale of land in the Karáchi Municipality and of Rs. 18,000 in the Sukkur Municipality in the receipts from the sale of building sites and frontages. There was, however, a substantial fall of Rs. 87,000 in Hyderabad in the proceeds from the sale of the produce of lands, which is attributed to a decrease in the demand. (In the Southern Division the total receipts under "Fees and revenue from markets and slaughter-houses" amounted to Rs. 43,000 against Rs. 36,000 in the previous year, the increase being mainly due to the raising by the Bágalkot Municipality of rents of market stalls and to larger receipts from the sale by public auction of the right of occupation of the stalls in the municipal markets in Belgaum.)

9. The large increase under the head "Grants and Contributions" is due mainly to the liberality of Government. Thus in aid of schemes for sanitary improvement Ahmedabad received Rs. 50,000, Sholápur Rs. 10,000, and Poona Rs. 40,000, while after the close of the year Sholápur was given an additional grant of Rs. 10,000. Contributions of two lákhs and one lákhs of rupees were sanctioned for the Pandharpur and Dhárwár Municipalities in aid of schemes for improved water-supply, and grants for educational purposes were also increased mainly in order to meet the extra expenditure thrown on municipalities in connection with the increased pay sanctioned for school masters.

10. Of the total income, 46 lákhs were realized from municipal rates and taxes compared with 45 lákhs in the previous year, indirect taxation yielding $21\frac{1}{2}$ lákhs or 46 per cent. and direct taxation $24\frac{1}{2}$ lákhs or 54 per cent. compared with 47 and 53 per cent., respectively, in the previous year. The incidence of taxation per head of population increased from Rs. 1-14-9 to Rs. 1-15-5 and the incidence of income from Rs. 2-12-10 to Rs. 3-0-6. As in previous years, Karáchi has the highest rate of taxation (Rs. 7-0-9) and Ashta the lowest (Rs. 0-3-4).

11. The net receipts from octroi duty amounted to Rs. 21,37,000 compared with Rs. 21,21,000 in the preceding year. There were increases of nearly Rs. 14,000, Rs. 1,600 and Rs. 23,000 in the Central and Southern Divisions and in Sind, which were partly counterbalanced by a decrease of Rs. 22,000 in the Northern Division. Notwithstanding its well known defects the octroi system worked, on the whole, satisfactorily, and refunds are reported to have been promptly paid by the majority of municipalities. All the municipalities in Sind have been invited to consider the advisability of making adequate provision in their by-laws, where such provision does not already exist, for the grant of refunds on the export of articles such as paddy, sugar, wheat, metal and tobacco which change form after importation.

12. The total expenditure of the municipalities, in the Presidency was $79\frac{1}{2}$ lákhs compared with 74 lákhs in the previous year. Excluding "Extraordinary and Debt," the expenditure amounted to Rs. $67\frac{1}{2}$ lákhs or $7\frac{1}{2}$ lákhs more than in 1907-08. The important fluctuations in the various heads of expenditure are shown in the following table:—

	1908-09.	1907-08.	Increase.	Decrease.
	In thousands.	In thousands.	In thousands.	In thousands.
	Rs.	Rs.	Rs.	Rs.
General Administration and collection charges	6,76	6,36	40	...
Public health & convenience	41,09	34,95	6,14	...
Public instruction	10,86	10,58	28	...
Extraordinary and Debt	12,44	13,89	...	1,45

13. The increase (Rs. 21,000) in the Central Division under this head
 General Administration. was chiefly due to the grant of grain compensation to
 municipal employes in the Poona District, the
 construction of náka buildings by the Poona City and Suburban Municipalities,
 the employment of special establishment by the former municipality for the
 revision of the house-tax assessments and for the recovery of arrears and to the
 special expenditure entailed in Násik and Trimbak during the *Sinhast*. In Sind
 there was an increase of Rs. 4,300 in establishment charges, of Rs. 8,500 in the
 charges for the collection of taxes and of Rs. 3,600 under the head "Pensions
 and Gratuities."

14. The increasing attention paid to sanitation under the stimulus of
 Public Health. liberal Government grants is shown by the increase
 of six lakhs under the head "Public health and conve-
 nience." Roads continue to receive a fair share of attention. Ten municipali-
 ties in the Northern Division and twelve in the Southern Division however
 failed to comply with the principle that the whole of the proceeds from wheel-
 tax and toll must be spent on the maintenance of roads. Bulsár utilized nearly
 40 per cent. of the income derived from these sources for purposes other than
 road construction or maintenance. Broach, on the other hand, spent on its
 roads about $3\frac{1}{2}$ times the income derived from tolls and wheel-tax.

15. The cost of "Public Instruction," which in the previous year had
 Public Instruction. shown an increase of Rs. 88,000, again rose by
 Rs. 28,000 and now stands at Rs. 10,86,000. Apart
 from fluctuations in non-recurring expenditure on school buildings and the like,
 the increase was due mainly to the improvement in the pay of teachers in the
 Presidency proper.

16. The charges under "Extraordinary and Debt" increased in the
 Extraordinary and Debt. Northern and Southern Divisions by Rs. 13,300 and
 Rs. 2,800, respectively, and decreased in the Central
 Division and Sind by Rs. 41,000 and Rs. 1,20,000, respectively. The total
 decrease in the whole Presidency under this head was Rs. 1,44,900.

17. The result of the year's operations is an increase of Rs. 2,20,000 in
 Closing balances. the total closing balance, which increased in the
 Northern Division, Central Division, Southern Divi-
 sion and Sind by Rs. 36,000, Rs. 72,000, Rs. 37,000 and Rs. 75,000, respectively.

18. In the Northern Division the only municipalities in debt to Govern-
 Liabilities of Municipalities. ment are those of Ahmedabad and Bándra. The
 former is also in debt to the public. The total liabili-
 ties of the Ahmedabad Municipality amounted at the end of the year to
 Rs. 19,98,000, the outstanding balance of the Government and the public loans
 being Rs. 88,000 and Rs. 19,10,000, respectively. The sinking fund against
 the public loan amounted to Rs. 3,03,000 against Rs. 3,02,000 in the
 previous year. Of the total debt of Rs. 67,200 outstanding at the beginning
 of the year, the Bándra Municipality paid off Rs. 3,800, leaving a balance of
 Rs. 63,400.

In the Central Division the total number of municipalities in debt was 13,
 their net aggregate liabilities on account of loans amounting to Rs. 7,84,965.
 All these municipalities paid their instalments on the prescribed date.

(In the Southern Division the total number of municipalities in debt was 8,
 their net aggregate liabilities amounting to Rs. 2,28,500. During the year the
 balance of the Dhárwár Municipality's Plague loan (Rs. 23,200) was remitted
 by Government, in connection with the financial arrangements for the water-
 works.)

The total amount repaid during the year by the municipalities in the
 Northern, Central and Southern Divisions was Rs. 17,600, Rs. 84,300 and
 Rs. 17,000.

19. In the Northern Division the audit of municipal accounts led to the
 Audit. detection of certain frauds on the part of the octroi
 staff in Bassein, and criminal proceedings against the
 offenders are pending. In the Central Division the accounts of 20 municipalities
 remained unaudited at the close of the year under report, but of these the accounts
 of 10 have since been audited. In Jalgaon the misappropriation of a sum of Rs. 23

by one of the octroi karkúns was discovered and on conviction the offender was sentenced to nine months' imprisonment. In Indapur the audit revealed frauds for which the Municipal Secretary was criminally prosecuted, but the proceedings ended in his acquittal. The accounts of the Karmála Municipality were found to be in great confusion owing to slack supervision and the Secretary was dismissed for peculation. In the Southern Division the accounts of 14 municipalities remained unaudited. In Sind the accounts of all the municipalities, except the Umarkot and Mirpur Khás Municipalities, were audited in the course of the year and no serious irregularities were brought to light.

20. The chief municipal needs are better water-supply, improved drainage, good roads, public latrines, school-houses, dispensary buildings, markets, slaughter-houses, opening of congested streets, etc. Of the many needs of Ahmedabad the most pressing are the completion of the drainage system, the improvement of the water-works plant and the opening out of over-crowded localities. On the last named the municipality propose to spend the special grant of Rs. 50,000 made to them by Government for sanitary improvements but owing to the dilatory proceedings of the municipality, it appears likely that the grant will lapse to Government. Surat's most urgent needs are an efficient system of drainage for the removal and disposal of sullage water and the extension of the water-works. During the year a new drainage scheme for Poona City and a scheme for the improvement of the water-supply in Pandharpur were approved. To enable the Poona Municipality to carry out the former scheme Government have already remitted sums aggregating Rs. 2,31,907 due from the Municipality on account of the plague and Májri farm loans. Other financial arrangements in connection with this scheme are under consideration. It is now proposed that in addition to the remission of these loans Government should grant a subsidy of nearly 8 lákhs and that the remaining 10 lákhs required should be granted in the shape of a 4 per cent. loan repayable in 40 years. The need of a pure water-supply at Pandharpur and Násik, the two principal places of pilgrimage in the Presidency, had long been felt, but the estimated cost of the work in both towns was so heavy that neither municipality ever attempted to supply the need. Government have now come to their assistance and ensured the completion of both works by making a grant of Rs. 3,50,000 to Pandharpur and promising a grant of Rs. 2,44,400 to Násik. The work connected with the diversion of the existing open drain at Pandharpur, which was undertaken in 1907-08 as a partial measure of improvement in lieu of a complete drainage scheme, made excellent progress during the year, the total expenditure reported being Rs. 60,000. A scheme for the improvement and development of Bhusával has already received the general approval of Government, who have promised a loan not exceeding Rs. 70,600 and a grant-in-aid up to one-half of the outlay on sanitary measures, but the attitude taken up by the G. I. P. Railway Company in regard to the payment of municipal taxes on railway buildings impedes progress for the present. (In the Southern Division Government have promised a grant of Rs. 2,00,000 to the Bijápur Municipality and have sanctioned a grant of one lákhs to the Dhárwár Municipality for the construction of water-works at those places where scarcity of water has been experienced in all years of short rainfall. Hubli needs improvement in its water-supply.) Government have now begun the work of reconstruction of the water-works of Ratnágiri. A joint water-supply and drainage scheme for the City and Cantonment of Belgaum is a real want, and the Sanitary Engineer has recently been asked to make the necessary surveys and to prepare detailed plans and estimates. Town extension is needed in some of the larger centres, and special grants of Rs. 50,000 each have been made by Government to Belgaum and Hubli for the purpose.

21. It will be interesting to show in one table the contributions from Provincial Revenues made or promised to municipalities during the year. The following table has consequently been prepared :—

A. Grants actually made—				Rs.
(1) Education	3,30,000
(2) Hospitals and Dispensaries	81,000
(3) Water-supply and Drainage	2,86,000
(4) Sanitary Improvements	2,50,000
(5) Remission of loans	2,55,000
				12,02,000

B. Grants promised but not yet actually made—	Rs.
(1) Education	14,000
(2) Hospitals and Dispensaries
(3) Water-supply and Drainage	12,25,000
(4) Sanitary Improvements
(5) Remission of loans
	13,39,000

Thus of the total money available for expenditure by municipal bodies Government contributed no less than 18 per centum from Provincial resources.

It is satisfactory to find that the liberality of Government in promising free assistance for sanitary schemes has met with ready response. A number of useful schemes have already been sanctioned, and many more are in preparation, while municipal bodies have shown themselves willing to draw upon their own resources to the utmost possible extent.

22. The following are the noteworthy features of the administration of the larger Municipal towns during the 12 months.

Ahmedabad.—There are few signs of progress in the city. The Collector reports—“From the manner in which municipal business is conducted little progress can be expected. General meetings are held with extraordinary frequency, but the outturn of business is meagre. The waste of time in mere talk is appalling. * * * The urgent need of a capable Chief Officer more independent than the Secretary is generally admitted. At present supervision is well nigh impossible. The failure of the loan last year has been mentioned. * * * * The report of the Mechanical Engineer, Mr. Whittell, on the pumping engines, the urgency of which is obvious on the face of it, was received late in April. Three months have passed, the monsoon has set in when engines can be relieved, but no decision has been taken. For two years negotiations have been in progress with Messrs. Killick, Nixon and Co. with regard to the institution of electric tramways and the supply of electric power in and near the city. It has been decided, after schemes have been drawn up in detail, that the roads in the city are too narrow for tram cars, but a final answer has not been given by the municipality about the supply of power”. These instances point to the incapacity of the municipal body to treat any subject in a business-like manner or to conduct the administration of city government. Now that a Chief Officer has been appointed His Excellency the Governor in Council trusts that an all-round improvement will be shown.

Násik.—The efficiency of the Násik and Trimbak Municipalities was proved by the excellence of the arrangements made during the *Sinhast* fair and by their willingness to give effect to any suggestions made by the local and sanitary officials.

Poona.—The Poona City Municipality was on the whole well managed, but great vigilance will be necessary to ensure the satisfactory working of conservancy arrangements under the contract system adopted during the year.

Sholápur.—The affairs of this municipality are conducted with intelligence and public spirit. A vigorous inoculation and rat-killing campaign carried out in the city under the Collector's orders received the willing assistance of the municipality.

Karáchi.—The extension in Karáchi of the underground drainage system is being pushed on with vigour. The application of the Karáchi Municipality for raising a loan of Rs. 8,10,000 for the improvement and extension of their water service has been provisionally published in the *Bombay Government Gazette*. The negotiations of the municipality with the Port Trust in regard to the municipal land required by the latter for the new Port Trust Export Yard have been brought to a satisfactory conclusion. In connection with the important schemes for the improvement of the Ranchore Lines Quarter, which the Karáchi Municipality are carrying out, a sum of Rs. 95,548 was spent by that body in the acquisition of land by private negotiations with the owners of the plots. The demand for building sites continued in Karáchi and 30 plots were sold at prices ranging from annas 10 in Frere Town to Rs. 17 per yard in Rambag Quarter. The annual recurrence of plague, in spite of all efforts to combat it, is accepted with resignation by the townspeople. Inoculation

is unpopular, but evacuation of plague-infected quarters is resorted to spontaneously.

Hyderabad.—The municipality acquired a total area of 25,342 square feet for the widening and opening up of streets and paid Rs. 25,141 as compensation for a portion of it. *Per contra* they realized Rs. 91,449 from the sales of building sites. The water-works improvement scheme of the municipality has been approved by Government. Government trust that the municipal board will carry out the scheme as speedily as possible, as the drinking water of the town is reported to be bad and insufficient. In 1908 the municipality submitted to Government a scheme for the relief of congestion in the town. The scheme is estimated to cost about 14½ lakhs. The municipality are unable to provide the funds required either from revenue or by means of a loan. It is accordingly proposed to grant to them revenue free Government lands on certain conditions. Government have approved the scheme generally and have asked the municipality to consider the terms on which the lands can be transferred. The drainage scheme has now taken a definite shape and is under the consideration of the Sanitary Engineer. The administration of municipal affairs has been carried on with efficiency, and real progress has been made in several directions.

23. With the extended franchise and the withdrawal of official and nominated Presidents municipal administration in this Presidency is now about to enter on a new era. Direct official control will be withdrawn, and the result of this change will be watched with interest. In future the policy of Government will be to allow municipalities great latitude in the administration of their affairs, while retaining and exercising, whenever the public interest may demand, the full power of control vested in them by the law. The success of this policy will depend for the most part on the spirit which the boards bring to bear upon the business with which they have to deal. The well-being of ratepayers and town folk generally has been entrusted to their own representatives on whom great responsibility now rests.

L. ROBERTSON,
Secretary to Government.

Abstract of Statement No. 1 accompanying the review of the District Municipal Report for the year 1908-09.

Particulars.

Number of Municipalities constituted under the Bombay District Municipal Act, 1901	158
Population within Municipal limits	2,845,213
Number of towns of which the Municipal Committees are appointed by election only	Nil.
Number of towns of which the Municipal Committees are appointed partly by election and partly by nomination	114
Number of towns of which the Municipal Committees are appointed by nomination only	44
Aggregate number of members of Municipal Committees :—					
<i>Ex-officio</i>	466
Nominated	844
Elected	869
Of the above :—					
Officials	566
Non-officials	1,613
Europeans	173
Natives	2,006

No. II.

Bombay Presidency during the year ending 31st March 1909.

Deposits.	Total.	Total receipts, excluding opening balance.	Total receipts, including opening balance.	Incidence of taxation (column 55) per head of population.	Incidence of income (column 55) per head of population.	Remarks.
62	63	64	66	65	67	68
Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	
1,021,799 0 0	4,32,181 0 0	11,34,550 0 0	11,56,981 0 0	3 0 11	8 13 10	† The difference between these figures and those in column 29 of Statement IV is accounted for by the fact that receipts from oil-seeds have been included under Class I in Statement II and under Class III in Statement IV. There is therefore a corresponding difference under Class III.

* In addition to this Government Promissory Notes worth Rs. 16,500 stood to the credit of the Municipality and Rs. 78,900 worth to the credit of the Sinking Fund for repayment of loans. Rs. 644 P-11 in cash also due to the Sinking Fund is included in the Municipal Cash Balance.

† The figure Rs. 11,069-0-7 being the opening balance of Umarkot Municipality includes Rs. 3,200 held in promissory notes which were erroneously excluded from the last year's figures.

‡ The difference of Rs. 3,200 between the closing balance of 1907-08 and the opening balance of 1908-09 is due to the omission to include in the former the amount held by the Umarkot Municipality in promissory notes.
