ACT No. XIII. OF 1839.

I. It is hereby enacted, that the several charges of the Port and Roadstead of Madras, levied under the heads of Anchorage Duty, Light House Duty, Regular Boat Hire and Report Catamaran Hire, shall, from and after the first day of August next, be consolidated and commuted into a Port Duty, to be levied at the rate of three Annas per Ton upon every Vessel, not being a vessel sailing under the colours of a Foreign, European, or American nation of which the Tonnage shall not exceed 700 tons by measurement made in the manner prescribed by Acts 5 and 6 of William IV. Cap. LVI. and if the vessel exceeds 700 tons by measurement so made, the Port Duty shall be levied as upon that tonnage.

II. And it is hereby enacted, that upon every vessel sailing under the colours of a Foreign, European, or American nation, that may anchor in the Port of Madras, there shall be levied a consolidated Port Duty at the rate of three Annas six Pie per ton, according to measurement made in the manner above prescribed.

III. And it is hereby enacted, that if any vessel, British, Native or Foreign, anchoring in the Port of Madras, shall not break bulk therein, and shall not remain four complete days from the time of dropping anchor, there shall be levied upon such vessel reduced duties as follows; that is to say, two-fifths of the tonnage duty prescribed above shall be levied upon every vessel which without breaking bulk shall after

anchoring therein sail again out of the Port within forty-eight hours, and seven-tenths upon every vessel which without breaking bulk shall stay more than forty-eight hours and less than four complete days.

IV. And it is hereby enacted, that all the powers and authorities, penalties and other means whereby the payment of any of the charges of the Port and Roadstead of Madras may have been legally enforced before the passing of this Act, shall be applicable to the enforcing of the consolidated and commuted Port Duties imposed by virtue of this Act.

V. And it is hereby enacted, that it shall be lawful for the Government of India to order the consolidation and commutation of any Port or Harbour Duties, as levied in any subordinate Port of any Presidency into a Tonnage Duty, which shall be leviable at the rate and in the manner specified in the next following Section of this Act, upon the vessels anchoring in, and trading with such Port.

VI. And it is hereby enacted, that when the Governor General of India in Council shall direct the Port Duties to be commuted and consolidated at any Port of the Madras Presidency other than that of Madras, or at any subordinate Port of any other Presidency, the total amount levied at such Port shall not exceed one Anna per ton for British and Native vessels not exceeding 700 tons, and upon vessels exceeding that measurement at the rate for 700 tons, and upon Foreign, European, and American vessels, at the rate of one Anna four Pie per ton; and all vessels anchoring in any such Out-ports, shall be charged with reduced Duty in the proportions above provided for the Port of Madras, if they leave such Port without breaking bulk before completing four entire days from the time of anchoring therein.

VII. And it is hereby enacted, that the consolidated and commuted Port Duties above prescribed, when ordered to be levied in any Port by the Governor General of India in Council, shall

be levied by the Officer appointed by the Government of the Presidency within which the Port is situate to give Port Clearances or other customary documents to vessels sailing from such Port; that is to say, by the Master Attendant, or by the Collector of Customs at such Port, as may be ordered by such Government; and if such Duties be not paid upon demand, it shall be competent to such Officer to withhold from the vessel on account of which payment may be refused any Port Clearance or other customary document required to be possessed by ships leaving such Port until the same shall be paid.

VIII. And it is hereby enacted, that all the powers and authorities, penalties and other means by which any Port or Harbour Duty of any Subordinate Port of any Presidency which shall be consolidated, and commuted by virtue of this Act may have been legally enforced before the consolidation and commutation thereof as hereinbefore provided, shall be applicable to the enforcing of the consolidated and commuted duties at such Port imposed by virtue of this Act.

Notice.

Referring to the 3rd para. of the Government Notification of the 24th, and published in the Government Gazette of the 25th April last, the Post Master General begs to notify, that the Mails to be forwarded to Aden by a sailing vessel, to be dispatched on the 20th instant therein alluded to, will be closed at 1 P. M. of that day; after which hour it is distinctly to be understood, that no letter can be received; as experience has shewn, that no other plan than a rigid adherence to the hour can be adopted to put an end to the great inconvenience caused by letters being sent to the Post Office after the hour specified for closing.

Post Master General.

BY THE HONORABLE THE GOVERNOR IN COUNCIL.

BOMBAY CASTLE, 6th JUNE 1839.

No. 315 of 1839—Lieutenant and Brevet Captain D. E. Mills, of the 19th Regiment Native Infantry, is allowed a furlough to England for three years, for the benefit of his health.

No. 316 of 1839.—The following General Order by the Honorable the President of the Council of India in Council, under date the 20th ultimo, is re-published at this Presidency.

No. 77 of 1839.

GENERAL ORDERS BY THE HONORABLE THE PRESIDENT IN COUNCIL.

Fort William, 20th May 1839.

The Honorable the President in Council is pleased to publish the following Military Dispatch, No. 14 of 1839, from the Honorable the Court of Directors, dated 20th March, vizt.

Military Department.

No. 14 of 1839.

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

Para. 1. You are aware of the anxiety we have long entertained, that the whole of the Departments of Building, Surveying, and Road and Canal making and repairing, should be confided to Officers of the Corps of Engineers.

2. Upon a review of the present state of these Departments, we find that notwithstanding the full employment of the Officers of Engineers at your Presidency, upon duties belonging to their profession, there are still 26 Officers not of that branch, who are employed upon similar duties.

3. The Establishment of Engineers at your Presidency is 60, with the addition at present of 12 Supernumeraries. These added to the Officers of other Arms, employed as Engineers, form an aggregate at your Presidency, of 98 Officers.

4. We have now to announce to you, our Resolution to raise the fixed Establishment of Engineers at your Presidency, from 60 to 87, composed of three Battalions, each of the following Establishment, vizt.

- 1 Colonel.
- 1 Lieutenant Colonel.
- 2 Majors.
- 6 Captains.
- 12 First Lieutenants.
- 7 Second Lieutenants.

29

5. This augmentation will still leave 11 of the 26 appointments above mentioned, to be filled by Officers not of the Engineers; some of these are temporary in their nature, and we would hope that on their cessation, and by a careful attention to the employment of the Engineers, you will be relieved in a short period from the necessity of confiding such duties to Officers who have not been specially educated for this branch of the Service.

6. There are now eleven Supernumeraries to the Corps of Engineers at the Presidencies of Madras and Bombay. The whole of these are to have the option of being transferred to Bengal, ranking with the Supernumeraries at your Presidency, according to their rank at Addiscombe, as shown in the enclosed List. The option of transfer is to be given in order of seniority at each Presidency, from the highest to the lowest.

7. The augmentation is to have effect from the date of its announcement in General Orders.

8. The above augmentation will suffice to bring upon the Establishment, all the present Supernumeraries at the three Presidencies, and also two Cadets who are on the eve of completing their studies at Chatham.

London, 20th March 1839.
