*General Order by the Hon'ble the Governor
in Council.*

The Honorable the Governor in Council has much gratification in noticing the judicious arrangements of Commander Haines, the Political Agent, and Lieutenant Colonel Capon, and the courage and firmness which were displayed by the whole of the Force at Aden, both European and Native, on the occasion of the Attack made on that place by a formidable Body of Arabs on the morning of the 11th instant, when the Assaults were successfully repelled, happily without any casualty occurring on the side of the British.

2. The Officers and Men of the Military and Naval Services have merited the approbation and thanks of Government for their distinguished conduct on this occasion, which has been brought to the favorable notice of the Honorable the Court of Directors.

By order of the Hon'ble the Governor in Council.
L. R. REID,
Acting Chief Secy. to Govt.

To,
THE HON'BLE THE GOVERNOR IN COUNCIL, BOMBAY.
HON'BLE SIR,

With much satisfaction I have the honor to forward the accompanying copy of a Despatch to the Right Honorable the Governor General of India, announcing the Capture, yesterday, by Storm, of the important Fortress of Kelat, by the Troops under my Command.

I have the honor to be, &c.

Major Genl. Comg. Bombay Column, Army of the Indus.

Head Quarters, Camp near Kelat, 14th November 1839.

Camp near Kelat, November 14th, 1839.

To,
THE RIGHT HON'BLE LORD AUCKLAND, G. C. B. GOVERNOR GENERAL OF INDIA. &c.
MY LORD,

1. In obedience to the joint instructions furnished me by His Excellency the Commander in Chief of the Army of the Indus, and Envoy and Minister to His Majesty Shah Soojah, under date Cabool the 17th September 1839, deputed to me the duty of deposing Muerab Khan of Kelat, in consequence of the avowed Hostility of that Chief to the British Nation during the present Campaign, I have the honor to report, that on my arrival at Quetta on the 31st ultimo, I communicated with Captain Bean, the Political Agent in Shawl, and arranged with him the best means of giving effect to the orders I had received.

2 Guns Bombay Horse Artillery.
4 Do. Shah's do.
2 Russalas Local Horse.
Queen's Royal.
H. M. 17th Regiment.
31st Bengal N. I.
Bombay Engineers.

2. In consequence of the want of Public Carriage, and the limited quantity of Commissariat Supplies, at Quetta, as well as the reported want of Forage on the route to Kelat, I was obliged to despatch to Cutgh Gandava the whole of the Cavalry and the greater portion of Artillery, taking with me only the Troops noted in the margin, leaving Quetta on the 3d instant.

3. During the march the communications received from Muerab Khan were so far from acceding to the terms offered, that he threatened resistance if the Troops approached his Capital, I therefore proceeded and arrived at the village of Girance within 8 miles of Kelat on the 12th instant.

4. Marching from thence the following morning, a body of Horse were perceived on the right of the road, which commenced firing on the advanced Guard commanded by Major Pennycuick, Her Majesty's 17th Regiment, as the Column advanced and skirmishing between them continued until we came in sight of Kelat, rather less than a mile distant.

5. I now discovered that three heights on the North West, face of the Fort, and parallel to the North were covered with Infantry with five Guns in position, protected by small Parapet Walls.

6. Captain Peat, Chief Engineer, immediately reconnoitred and having reported that nothing could be done until these heights were in our possession, I decided upon at once storming them simultaneously, and if practicable entering the Fort with the Fugitives as the Gate in the Northern Face was occasionally opened to keep up the communication between the Fort and the heights.

7. To effect this object I detached a Company from each of the European Regiments from the advanced Guard with Major Pennycuick, H. M. 17th Regiment, for the purpose of occupying the Gardens and Enclosures to the North East of the Town, and two more Companies in the Plain, midway between them and the Column, at the same time I ordered three Columns of Attack to be formed, composed of Four Companies from each Corps under their respective Commanding Officers, Major Carruthers of the Queen's, Lieutenant

Colonel Croker, H. M. 17th Regiment, and Major Western, 31st Bengal Native Infantry, the whole under the Command of Brigadier Baumgardt, the remainder of the Regiments forming three Columns of Reserve under my own direction to move in support.

8. A Hill being allotted to each Column, Brigadier Stevenson, Commanding the Artillery, moved quickly forward in front towards the base of the heights, and when within the required range, opened fire upon the Infantry and Guns, under cover of which the Columns moved steadily on, and commenced the ascent for the purpose of carrying the heights exposed to the fire of the Enemy's Guns, which had commenced while the Columns of Attack were forming.

9. Before the Columns reached their respective Summits of the Hills, the Enemy overpowered by the superior and well directed fire of our Artillery had abandoned them attempting to carry off their Guns, but which they were unable to do; at this moment it appearing to me the opportunity offered for the Troops to get in with the Fugitives, and if possible, gain possession of the Gate of the Fortress, I despatched orders to the Queen's Royal and 17th Regiment to make a rush from the heights for that purpose, following myself to the Summit of the nearest to observe the result; at this moment the four Companies on my left which had been detached to the Gardens and Plain, seeing the chance that offered of entering the Fort, moved rapidly forward from their respective points towards the Gateway under a heavy and well directed fire from the Walls of the Fort and Citadel which were thronged by the Enemy.

10. The Gate having been closed before the Troops moving towards it, could effect the desired object, and the Garrison strengthened by the Enemy driven from the heights, they were compelled to cover themselves as far as practicable behind some Walls and ruined Buildings to the right and left of it, while Brigadier Stevenson having ascended the heights with the Artillery, opened two Guns under the command of Lieutenant Forster, Bombay Horse Artillery, upon the defences above the Gate and its vicinity, while the fire of two others commanded by Lieutenant Cooper, Shah's Artillery, was directed against the Gate itself, the remaining two with Lieutenant Creed being sent round to the road on the left leading direct up to the Gate, and when within 200 yards commenced fire for the purpose of completing in blowing it open, and after a few rounds they succeeded in knocking in one half of it; on observing this I rode down the Hill towards the Gate pointing to it, thereby announcing to the Troops it was open, they instantly rose from their cover and rushed in, those under the command of Major Pennycook being the nearest were the first to gain the Gate headed by that Officer, the whole of the Storming Columns from the three Regiments rapidly following and gaining an entrance as quickly as it was possible to do so, under a heavy fire from the works and from the interior, the Enemy making a most gallant and determined resistance, disputing every inch of ground up to the Walls of the inner Citadel.

11. At this time I directed the Reserve Columns to be brought near the Gate, and detached one Company of the 17th Regiment under Captain Darley to the Western side of the Fort, followed by a portion of the 31st Bengal N. I. commanded by Major Western, conducted by Captain Outram, Acting as my Extra Aid-de-Camp, for the purpose of securing the heights under which the Southern Angle is situated, and intercept any of the Garrison escaping from that side; having driven off the Enemy from the heights above, the united Detachments then descended to the Gate of the Fort below and forced it open before the Garrison (who closed it as they saw the Troops approach) had time to secure it.

12. When the party was detached by the Western face, I also sent two Companies from the Reserve of the 17th under Major Deshon and two Guns of the Shah's Artillery under the Command of Lieutenant Creed Bombay Artillery, by the Eastern to the Southern face, for the purpose of blowing open the Gate above alluded to had it been necessary, as well as the Gate of the inner Citadel; the Infantry joining the other Detachments, making their way through the Town in the direction of the Citadel.

13. After some delay the Troops that held possession of the Town at length succeeded in forcing an entrance into the Citadel where a desperate resistance was made by Muerab Khan at the head of his people, he himself with many of his principal Chiefs being killed sword in hand, several others however kept up a fire upon our Troops from detached buildings difficult of access, and it was not until late in the afternoon, those that survived were induced to give themselves up, on a promise of their lives being spared.

14. From every account I have reason to believe the Garrison consisted of upwards of Two Thousand fighting Men, and that the Son of Muerab Khan had been expected to join him from Norosky, with a further re-inforcement; the enclosed Return will shew the Strength of the Force under my Command present at the Capture.

15. The Defences of the Fort, as in the case of Ghuznee, far exceeded in Strength what I had been led to suppose from previous report, and the lowering height of the inner Citadel, was most formidable both in appearance and reality.

16. I lament to say that the loss of Killed and Wounded on our side has been severe, as will be seen by the accompanying Return, that on the part of the Enemy must have been great, but the exact number I have not been able to ascertain; several hundred of Prisoners were taken, from whom the Political Agent has selected those he considers it necessary for the present to retain in confinement, the remainder have been liberated.

17. It is quite impossible for me sufficiently to express my admiration of the gallant and steady conduct of the Officers and Men upon this occasion, but the fact, of less than an hour having elapsed from the formation of the Columns for the Attack to the period of the Troops being within the Fort, and this performed in the open day, and in the face of an Enemy so very superior in numbers, and so perfectly prepared for resistance will, I trust, convince your Lordship how deserving Officers and Troops are of my warmest thanks and of the highest praise that can be bestowed.

18. To Brigadier Baumgardt, Commanding the Storming Columns, my best thanks are due, and he reports that Captain Wylie, Acting Assistant Adjutant General, and Captain Gillard his Aide-de-Camp ably assisted him and zealously performed their duties; also to Brigadier Stevenson, Commanding the Artillery, and Lieutenants Forster and Cooper respectively in charge of the Bombay and Shah's Artillery, I feel greatly indebted for the steady and scientific manner in which the Service of dislodging the Enemy from the heights, and afterwards effecting an entrance into the Fort, was performed; the Brigadier has brought to my notice the Assistance he received from Captain Coghill his Brigade Major, Lieutenant Wootnam his Aid-de-Camp and Lieutenant Creed when in Battery yesterday.

19. To Lieutenant Colonel Croker, Commanding Her Majesty's 17th Regiment, Major Carruthers Commanding the Queen's Royal, Major Western, Commanding the Bengal 31st N. I., I feel highly indebted

for the manner in which they conducted their respective Columns to the attack of the heights, and afterwards to the assault of the Town, as well as to Major Pennycuik of the 17th who led the advanced Guard Companies to the same point.

20. To Captain Peat, Chief Engineer, and to the Officers and Men of the Engineer Corps, my acknowledgments are due.

21. To Major Neil Campbell, Acting Quarter Master General of the Bombay Army, to Captain Hagart, Acting Deputy Adjutant General, and to Lieutenant Ramsay, Acting Assistant Quarter Master General my best thanks are due for the able assistance afforded me by their services.

22. To my Aides-de-Camp, Captain Robinson and Lieutenant Harkett, as well as to Captain Outram who volunteered his services on my personal Staff, I received the utmost assistance, and to the latter Officer, I feel greatly indebted for the zeal and ability with which he has performed various duties that I have required of him upon other occasions as well as the present.

23. It is with much pleasure I state the great assistance I have derived from Captain Bear, in obtaining supplies.
