By order of the Hon'ble the Governor in Council,  
W. R. MORRIS, Secy. to Govt.  
Bombay Castle, 10th June 1841.

### Notification.

The following Rules approved of by Government respecting the Posting of Palkee Bearers are published for the information of the Public, and for the guidance of the several Post Masters under this Presidency:-

I. Travellers may be furnished with Dawk Bearers on application at the different Post Offices, where they will obtain all the requisite information as to the estimated distances between known stations, to which only Dawk bearers can be laid by any Post Master.

II. A set of Dawk Bearers comprizes twelve, and one Mussalchee for which is charged, payable in advance, at the rate of eight annas per Mile, but as in many instances, owing to the delay caused by Travellers remaining longer on the road than the stipulated time, this sum is found unequal to the expense, a further sum of four annas per Mile is required to be paid as a deposit to cover any eventual expense or demurrage caused by delay on the part of the Traveller. —Should none occur, the full amount of the sum deposited is refunded, upon the traveller furnishing a certificate from the Deputy Post Master at the place where his journey finished, that he arrived there without having incurred demurrage. It is the duty of the Deputy Post Masters to furnish Travellers with certificates specifying according to circumstances whether or otherwise they has come on demurrage; —such certificate must however be understood, is only applicable to the Deputy Post Master's Division, who grants it, for it sometimes happens that a Traveller having incurred demurrage on part of the road, by travelling

subsequently during those hours originally appointed for halting, reaches the last Division within the given time.

N. B. It is to be particularly observed, that in some Districts, Bearers are with difficulty procured, and where they have to be sent a considerable distance to take up the Traveller, and in like manner to return home, for time so occupied they are paid additionally, and in all such cases Post Masters are authorized to charge the actual cost for the Travellers Bearers.

*When Demurrage is incurred adjustment of expenses deferred.*

III. When it is reported that a Traveller comes on demurrage, on any part of the road the adjustment of the amount deposited to cover such expenses will be postponed until the receipt of the Bills for the Dak, from all the Post Masters through whose Divisions the Traveller may have passed.

*Form to be provided to Travellers to insure their complaints being brought to notice.*

IV. Travellers whether proceeding from the Presidency, or from Out-stations are provided with a Form, in which they are requested particularly to note any cause of dissatisfaction they may meet with on their journey, and the places where they meet with obstructions, or irregularities on the part of the Bearers or Subordinate Post Office Servants, this Form being affixed to the certificate which the Travellers has to present for signature, secures its being noticed.

*When Bearers are withdrawn from their Posts by directions of the Traveller, adjustment of account how deferred.*

V. When a Dak has been ordered and circumstances may render it expedient for the Traveller to postpone his journey, or to withdraw the Bearers entirely, he will of course be held liable for any expense which may have been incurred on his account. The amount paid for the Dak, and the account deposited to cover demurrage will therefore remain unadjusted until reports are received from the General Post Master on the line of route upon which the Dak was ordered.

*Weight of Travellers Banghies limited.*

VI. Travellers Baggage must not exceed for each Banghy Burdar, twenty-four seers, and this must be divided into two Parcels, or Pattarahs of such dimensions as to render them conveniently portable when slung as Banghies.

*Terms upon which a Traveller avails himself of the Post Office to lay Daks.*

VII. It is to be generally understood, that although Government permits their servants to lay Dak Bearers for the convenience of the Public, the state derives no benefit from this source, and that neither Government nor any of their Officers are in any degree responsible to the Traveller for the misfortunes and dis-appointments which are inseparable from Dak travelling, thus every Traveller travels at his own risk, and is liable to the losses and increased expenses incidental to delays, and accidents, and that Government can in no instance be considered liable to make good any losses whatever.

*Post Master General will investigate complaints.*

VIII. When irregularities and consequent inconvenience occur to Travellers, the Post Master General on being applied to, will immediately investigate the complaint brought to his notice, but this can only be done in the same manner, and to the same end as a superior in any other Department would interfere to enquire into complaints preferred against his subordinates.

In case of surcharge or unjust charges Post Master General will investigate with a view to a refund.

IX. In case of surcharge alone, or charges which to the Parties complaining might appear unjust because arising out of some positive neglect, or error on the part of the Deputy Post Master who lays the Dak, it would be the duty of the Post Master General to investigate the matter with a view to afford pecuniary redress.

X. In every case of refusal to make good demands on account of laying Dak Bearers, Post Masters are authorized to detain all Letters, Parcels &c. for the person from whom demands are due in the same manner as is authorized to act under clause IX of the General Rules.

XI. Any decision pronounced by the Post Master General in all references relative to Dak Bearers, to be considered final.

# GENERAL ORDERS.

## MILITARY DEPARTMENT.

BY THE HONORABLE THE GOVERNOR IN COUNCIL.

BOMBAY CASTLE, 10th JUNE 1841.

No. 360 of 1841.—The pay of the European Troops at the three Presidencies having been assimilated and the Government of India having authorized the issue of the same, in arrear agreeably to the practice observed under the Bengal Presidency, the following rules are laid down for the gradual accomplishment of that object.

The pay of the European Commissioned Officers of the Company's Service will be paid in arrear in conformity with instructions issued to Pay-masters under the decision of Government dated the 8th February 1838, namely—All Officers entering or returning to the service from Europe and all those promoted, will not be allowed to draw nett pay in advance. The period fixed for the commencement of this arrangement was the 1st February 1838, a reference to the date of the Officers arrival in, or return to this Country, or to that of the General Order announcing his promotion will enable the pay and audit departments to ascertain readily whether the pay of any Officer has or has not been thrown into arrear.

The pay of the European Soldiers of the Company's service arriving from Europe after the 1st May 1841, will be paid in arrear, and that of the Non-Commissioned Officers and Soldiers previously in the service, (though actually paid in advance) will be considered as paid in arrear from the above date and issued in every respect in the same manner as the pay of the Men drawing pay in arrear, with this exception, namely.—That when such Men become casualties the pay overdrawn shall be deducted from the abstract as at present.

Her Majesty's Troops, both Officers and Men of Regiments now on this Establishment, and all who may hereafter join those Regiments from Europe or elsewhere will continue to draw pay in advance as at present, but those belonging to Regiments placed on this Establishment after the 1st May 1841, will draw pay in arrear.

The aggregate monthly amount of the pay and allowances of the Officers of the relieving Regiments will be precisely the same as that drawn by Company's Officers of corresponding ranks, the following Table shews the item included in the aggregate sum,

*Bombay Castle, 15th June 1841.*

No. 78 of 1841.—In publishing the following extract, paragraph 3d at 7th of a letter from the Honorable the Court of Directors dated the 31st of March last (No. 24) the Honorable the Governor in Council

is struck to direct, that in conformity with the instructions therein conveyed, the name of Mr. Patrick be struck off the list of the Indian Navy, and that the name of Mr. Thomas be placed at the bottom of the list of Midshipmen as it stood on the 7th of October last.

3d. In the case of Mr. Patrick, reported in your letter of the 16th October, a Committee of Enquiry was appointed, before which he admitted the truth of the charge brought against him, and declined to adduce any thing in his defence.

4th. It seems that on being called one morning to take his station on deck, he wilfully concealed himself so that the Quarter Master who was sent with a second summons was for a time unable to find him. On being expostulated with for this conduct by his Superior Officer Lieutenant Draper, he told the latter that he would not be bullied, and being then ordered to the Mast-head, he positively and repeatedly refused to go. He afterwards twice broke his arrest and went twice to the Fore-chains with the intention of bathing the second time, in direct opposition to the express orders of Lieut. Draper.

5th. You recommend that Mr. Patrick be placed at the bottom of the list of Midshipmen, but dismissal from the service seems to us a more suitable punishment for his contumacious and insubordinate conduct, the toleration of which is altogether incompatible with the preservation of discipline, or efficiency in a Naval Establishment.—We have the less hesitation in resorting to the extreme measure, as we find from your subsequent letter of the 25th November, that Mr. Patrick instead of exhibiting any signs of amendment, persists in systematic opposition to authority and in riotous conduct aggravated by drunkenness. We accordingly direct that you immediately cause the name of Mr. Patrick to be erased from the list of Members of the Indian Navy.

6th. We must not omit to observe that the circumstances of this case furnish fresh proofs of the justice of the remarks made by us in a recent dispatch regarding the neglect of the Superior Officers to enforce discipline, it was to be presumed that the insubordination displayed by Mr. Patrick could not have attained such a height unless it had been encouraged by long impunity, and we were therefore in no degree surprised to find it stated by Lieutenant Draper that he had had frequent cause for dissatisfaction with Mr. Patrick's conduct, but had nevertheless made no formal complaint on the subject.

7th. With respect to Mr. Thomas, who having procured a fouling piece from a person of an inferior station in life, by promises of payment which he must have known himself unable to fulfil, afterwards offered it for sale, we adopt your suggestion, and direct that his name be placed at the bottom of the list of Midshipmen, nothing but the contrition expressed by Mr. Thomas prevents us from marking our sense of his misconduct much more severely.

By order of the Hon'ble the Governor in Council,  
P. M. MELVILL, Lieut. Col. Secy. to Govt.
