FINANCE. The great depreciation of the new Syasye Rupee coined at the Mint of His Highness the Guikwar, and now in circulation in the Baroda State, and in the Kaira and other Collectorates, having induced Government to cause a careful Assay of a quantity of the same to be made; it has been discovered that the present intrinsic value of that Coin does not exceed 87.714 decls. Company's Rupees per 100 Syasye Rupees. The Honorable the Governor in Council is therefore pleased to direct, that this rate be in future adopted by all Government Officers, in lieu of that hitherto acknowledged in respect to that coin.

No. 661 of 1841,—The Honorable the Governor in Council is pleased to rescind the various orders now in existence regarding provision of Private Carriage to Troops when marching, and to substitute them the following rules now in force in Bengal, modified to the wants of Troops belonging to this Pre-

sidency and the nature of the Countries through which they have ordinarily to pass.

1: Carriage will be provided by the Civil Authorities nearest to the Military Station from whence the Troops have to march, on Indent countersigned by the Commanding Officers, transmitted through the Superintendent of Bazars and the following Tables exhibit the scale of Carriage Equipment considered sufficient for each class and description of person. In respect to European Officers it may not be unnecessary to remark, that it is in addition to the Carriage for their Camp Equipmes which they are expected to be a complete of the control of the carriage for their Camp Equipmes which they are expected

to keep complete agreeably with existing orders.

2. The Collector or other Civil Officers will be strictly guided by these Tables as exhibiting the utmost extent of Carriage sanctioned by Government, and is only to be supplied on regular Indent, according ing to the accompanying Forms.

3. Individuals with Families requiring Bearers, Coolies or additional Carriage at a period of a general relief, are invariably to make their own arrangements through the Bazar Master, who will render every assistance, and for which there is ample time between the issue of the General Order and the march of the Corps.

4. To prevent interference with the commerce or agriculture of the country, the Carriage is only to be hired to the nearest Station, Civil or Military, in the adjoining District, beyond which it is not to be taken unless the Collector of that District shall certify that a relief cannot be furnished.

5. In order to prevent impediment to the public service, it will be the duty of the Collector furnishing the Carriage to forward immediately to the Collector of the adjoining District the Indentor a copy thereof, in order to the preparation of the relief of Cattle &c, and the Military Staff Officer whose duty it is to apprize the Civil Authorities of the movement of Troops will invariably report to each the probable date they may be expected to arrive within their respective Collectorates.

6. Indents are not to be made for any Detachment under the strength of a Company, as it is presumed no

difficulty can be experienced on account of such a detachment.

7. As Carriage cannot always be procured at a moment's notice, and as it is but equitable that the owners thereof should be remunerated from the date on which it may be furnished, it is hereby directed that Batta, for demurrage shall be paid from that time to the day of marching, when the full hire is to commence from the day succeeding the date of arrival. Batta is to be paid for the return Cattle or Carriage if not employed by the relieved Regiment at the rate of 15 Miles per day. The rates for hire and Batta is to be fixed by the Civil Authority, and the Commanding Officer will be held responsible that all claims are fairly and speedily adjusted.

8. It will be the duty of the Commanding Officer to see that reasonable advances are made to the Owners or Drivers of the Cattle both before the Troops move and during the march should a relief be unexpectedly

protracted.

9. In the event of the Troops passing the British Frontier without having been able to effect a relief of Cattle, it will be the duty of the Commanding Officer from time to time to regulate the hire in as equitable a manner as possible with reference to the price of Fodder, Grain and other local considerations.

10. In all cases where Carriage is furnished to Troops, or hired for any other public purpose, it shall, if possible, be set at liberty the day of arrival at its destination and shall be exempted from seizure, molestation thereafter, in order to admit of its returning home unless required by the releived Regiment going to

the Station, from whence it was supplied,

11. The Hon'ble the Governor in Council relies with confidence of the united exertions of all concerned for carrying these orders into effect, and for the Military authorities to impress on the minds of those under their Command, that the resonable comfort and convenience of the Troops are not less the object of Government in their publication than to relieve the Country from every species of inconveniences which the necessities of the service do not require
