## Legislative Department.

FORT WILLIAM.

THE 15TH FEBRUARY 1841.

The following Draft of a proposed Act was read in Council for the first time on the 15th February, 1841.

ACT No. — OF 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent

on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per-centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per-centage leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act.

It is hereby enacted, that the assessments which by the Statute 33, Geo. 3, Cap. 52, are authorized to be made for the Town of Madras shall be applicable to the following purposes only, viz, lighting and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction of the Governor in Council of Fort Saint George in Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within the following divisions of the Town, or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under their jurisdiction, vizt. (the divisions to be specified.)

IV. And it is hereby enacted, whenever two thirds in number and value of the rate-payers of any of such respective division shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorize the same accordingly, at his discretion; provided always, that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always, that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by

the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattels of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any *ganana*, the Officer charged with the execution of the warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 15th day of May next.

Secy. to the Govt. of India.

1 yesterday did myself the honor to apprise you, for the information of the Major General Commanding the Division, that the Insurgents in the Fort of Nepanee had surrendered themselves unconditionally. I beg now to forward for submission to the Major General, a report of our operations against the Fort.

2. On the morning of the 19th instant, the Detachment under my command, arrived before the Fort of Nepanee, and took up its encamping ground at about 1000 yards from the Fort, to the Westward, having the ruins of the unfinished Fort between the Camp and the Fort.

3. On the same evening a reconnoitre was made round the Fort when I discovered that the Pettah, which is to the Eastward, ran close up to the only Gateway of the Fort, outside of which, the Enemy had taken up a position, in a Battery of 3 Guns, on the crest of the Glacis.

4. As my object was to obtain the entire capture of the Garrison, I resolved on making an attack on the 1 Nine pounder. } Enemy on the Pettah side, to draw the Insurgents in, and to keep possession of the

Staff Officer. } M's. "4th, King's Own," and nothing could have been more satisfactory, than the  
Captain Hall. } manner in which that Officer, and all under him, held their position.

5. Having returned to Camp, I found it advisable to remove the projected position of the Mortar Battery, to a natural good position to the North East of the Fort, distant about 700 yards, and having succeeded in closing the entrance to the Fort, I shifted my Camp, a few hundred yards to the rear of its former position; to afford more complete shelter to the Followers.

6. The Mortar Battery commenced playing at 9 A. M. upon the Fort, and continued doing so till the evening, when it was discontinued in consequence of the Insurgents expressing a wish to Capitulate, but the terms not being granted, the Battery re-opened on the ensuing day, and the fire was kept up till past 11 o'clock A. M. when the Enemy surrendered unconditionally.

7. The whole of the Artillery practice has been most efficient, and I am greatly indebted to that Arm, and to Captains Hall and Burgoyne for the cheerful and zealous manner in which all their duties have been conducted.

8. The Ordnance captured amounts to 56 pieces, and the total casualties on our side are four killed and seventeen wounded, I have been unable to ascertain the number of killed and wounded of the Enemy, but believe about 30 have been wounded and twenty killed.—The number of Prisoners amounts to about 350.

I have &c.
