NOTIFICATION.

Bombay Castle, 4th August 1831.

GENERAL DEPARTMENT.

The Right Hon'ble the Governor in Council having sanctioned the publication of a weekly paper to be styled the "BOMBAY GOVERNMENT GAZETTE," notice is hereby given, that after this day all advertisements and other public papers of the government, will be printed in the BOMBAY GOVERNMENT GAZETTE only: and all orders or other public notices, appearing in that paper, under the signature of the secretaries, or other public officers of the government, are hereby ordered and directed to be conformed to and obeyed accordingly.

Bombay Castle, 18th January 1832.

When official notifications from the government are inserted in the BOMBAY GOVERNMENT GAZETTE, no communication on the same subject will be made in writing to any department concerned; but all public officers are required to take notice of such official notifications in the same manner as if they had been directly communicated to them by letter from the secretary's office, and as heads of offices alone will be furnished by government with the BOMBAY GOVERNMENT GAZETTE, they will be expected to communicate to their subordinate officers all orders which may in any manner concern them.

The Bombay Government Gazettes furnished by government to public offices are to be lodged with the records, and are not to be removed from the office.

Notification.

GENERAL DEPARTMENT.

The Hon'ble the Governor in Council advertising to the extent and importance of the works entrusted to the Department of "Roads & Tanks" and the large expenditure of Public Money involved in them, considers it very desirable that the greatest procurable degree of scientific and practical skill should be possessed by the Officers appointed to that Department, and that a certain degree is absolutely necessary to qualify them for the performance of its duties.

In order therefore to the more efficient organization of the Department with reference to these considerations, it has been resolved to separate it into the branches of Projective and Executive, with Assistants of the 1st and 2nd Class, attached to each respectively. The strength of the Department will then in future consist of one Superintendent, two First Class Assistants in the Projective branch, and six Second Class Assistants in the Executive branch. The duty of the Superintendent will be to exercise a control and supervision over the operations of the Department, and generally to direct the projection of the works; that of the First Class Assistants to design and estimate the more important works, and that of the Second Class Assistants to superintend the construction of works, and occasionally to frame Estimates for those of a simple kind, to which extent at least it will be expected that their attainments will qualify them.

The First Class Assistants will also in addition to the above, as far as their other duties admit, exercise a control and supervision over works in progress, especially those designed by themselves, and will afford, on all occasions, the benefit of their professional knowledge to the Second Class Assistants in pointing out defects, and in enabling them to overcome any difficulties they may encounter in their work.

To secure as far as possible the efficiency of the Department, the Governor in Council is

pleased to resolve, that with the exception of Engineer Officers, who it may be presumed, are already possessed of the requisite qualifications, no Officer shall be permanently appointed to the Department until he shall have passed a satisfactory examination on certain points which have been laid down as a test of qualification. For this purpose annual examinations will be held at Poona on the first Monday in July, before a Committee appointed by Government, on the recommendation of the Military Board; these examinations will be open to all Officers who choose to present themselves as candidates for appointment in the Department, and previous information as to the nature of the examination will be afforded by the Military Board on application made to it by any Officer for that purpose. A certain amount of proficiency, as shown by these examinations, will be indispensable to a permanent appointment in the Department, and the degree of proficiency that may be acquired beyond that limit, will have due weight along with other considerations in the selection of Officers for appointment.

Under the above modification the Department of Roads and Tanks will be constituted as follows.

Major Peat, Superintendent.

1. Lieut. Hart, First Class Assistant.
2. Vacant..... do..... do.

1. Lieut. Kemball, Officiating Second Class Assistant.
2. Lieut. Willoughby.... do.... do.
3. Lieut. Furneaux..... do.... do.
4. Lieut. Adams..... do.... do.
5. Vacant..... do.... do.
6. Vacant..... do.... do.

Mr. Mungavin, Acting Assistant, until the appointment of another Assistant, or until further orders.

The appointment of the Officers denominated "Officiating" is to be considered as provisional, and dependant for eventual confirmation on

their passing a satisfactory examination previous to any other qualified Officer having been found available for the situation.

POLITICAL DEPARTMENT.

Bombay Castle, 27th March 1843.

The Honorable the Governor in Council is pleased to re-publish for general information the following Notification issued under the orders of the Right Honorable the Governor General of India, on the 15th instant.

*By order of the Hon'ble the Governor in Council.
J. P. WILLOUGHBY, Secy. to Govt.*

NOTIFICATION.

BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA.
Political Department; Agra, the 15th March 1843.

The Governor General has the highest satisfaction in making known to the army, the names of the several officers, non-commissioned officers and privates, recorded in the reports made to His Excellency Major General Sir Charles Napier, K. C. B., as having most distinguished themselves in the battle of Meeanee.

The Governor General directs, that the unserviceable guns taken at Hyderabad, shall be sent to Bombay, and there cast into a Triumphal Column, whereon shall be inscribed in the English and two native languages, the names of Major General Sir Charles Napier, K. C. B., and of the several officers mentioned by His Excellency in his despatch, and likewise the names of the several officers, non-commissioned officers and privates, mentioned in the reports, that thus the names may be for ever recorded of those who, at Meeanee, obtained for themselves that glory in the field, which is the reward dearest to a true soldier.

The Governor General is further pleased to direct, that the drivers attached to the 2nd company 2nd battalion, 3rd company 3rd battalion of Bombay artillery, in the battle of Meeanee, shall be entitled to the pension of sepoy.

The Governor General requests that the Officers commanding corps in the army of Scinde, will bring before committees the cases of the several officers, non-commissioned officers and privates, who most distinguished themselves in the battle of Meeanee, in order that the Government may award the Order of Merit to all who may be entitled to it by their conduct.

*By order of the Right Hon'ble the Governor General of India,
(Signed) J. THOMASON,
Offg. Secy. to the Govt. of India,
with the Governor General.*

From Major General Sir C. J. NAPIER, K. C. B.

To the Right Hon'ble LORD ELLENBOROUGH,
Governor General of India,
 &c. &c. &c.

Hyderabad, 2d March 1843.

MY LORD,

I beg leave to send to your Lordship reports made by my order; that while the memory is fresh, distinguished deeds may be put on record. The great results of this battle have made me anxious that those who were so conspicuous in the hour of trial *should* be known to your Lordship. Their devotion to their duty was very honorable to them.

In the case of the brave drivers of the two batteries, I am sure your Lordship will do them justice, and I beg especially to recommend them to your Lordship's protection.

I have, &c.
(Signed) C. J. NAPIER, *Major General.*

From Captain G. HURT,
Commanding Field Battery.

To the Adjutant of Artillery,
In Scind.

Camp, near Hyderabad, 23d February 1843.

SIR,

With reference to Division After Orders of yesterday, I beg permission to bring to the notice of the Major General, the general steadiness and good conduct of the drivers of the battery under my command, throughout the action of the 17th, particularly of three men, who brought up the howitzer that was first in action on the sight of the line, (when formed on the bank of the nullah.) under a very heavy and destructive fire, with a degree of coolness and steadiness that could not be surpassed, though two of their horses were dangerously wounded.

Drivers.
Uggur Khan.
Bahadoor.
Mahadoo.

I would not presume to bring these men to notice were they enlisted, or treated as fighting men, but as they are still considered as mere followers, men whose families receive no pension in the event of their death, or themselves, if disabled by wounds, I beg to submit the case to the Major General, as a strong argument in favor of those, on whose courage and conduct the very existence of the battery must often depend.

I have, &c.

Comdg. Field Battery.

From Major J. H. POOLE,
Commanding 22d Regiment.

To the Assistant Adjutant General,
Scinde Field Force.

Camp Hyderabad, 24th February, 1843.

SIR,

In reference to No. 2, After Division Orders of the 22d instant, I called upon the captains and officers commanding companies, to furnish me with the names and acts of individuals of the regiment under my command, who had especially distinguished themselves in the action of the 17th instant. The officers generally assert that, they feel difficulty in making selections, where the conduct of every man of their companies was so satisfactory. In so general a field of action and persevering exertion, I equally feel at a loss where to draw a distinction; but it may be proper to mention the names of private James O'Neill, of the Light company, who took a Standard whilst we were actively engaged with the enemy, and drummer Martin Delaney, who shot, bayoneted and captured the arms of Meer Whullee Mahomed Khan, who was mounted, and directing the enemy in the hottest part of the engagement, when all the regiment behaved with enduring coolness and intrepidity. I hope the particular circumstances of these two cases will exonerate me from the imputation of doing injustice to all the brave soldiers of the regiment, by particularizing them.

I have, &c.

From Major S. CLIBBORN,
Comdg. 1st Grenadier Regt. N. I.

To Lieutenant PELLY,

Camp, near Hyderabad, 24th February, 1843.

SIR,

Agreeably to Division Orders of the 22d instant, I beg to bring to the special notice of Major General Sir C. J. Napier, K. C. B., the names of the following officers and men of the 1st grenadiers, who distinguished themselves by zeal and gallantry in the action of the 17th February.

Lieutenant Johnstone, who cut down a Beloochee, and saved the life of a sepoy, who had bayoneted this Beloochee, but was overpowered in the life struggle.

Subedar Major Cooshall Sing, and Subadar Esseree Pursaud, likewise privates Sunker Misser and Kadaree Powar, who were conspicuous throughout the day for their zeal and gallantry.

From Major N. R. REID,
Commanding 12th Regt. N. I.

To the Acting Assistant Adjutant General,
Scinde and Beloochistan.

Hyderabad Fort, 25th February, 1843.

SIR,

With reference to No. 3 of the Division Orders, dated the 22d instant, I have the honor to transmit, for the purpose of being laid before the Major General, a nominal Roll of non-commissioned officers, naiks and privates, in the 12th regiment N. I. who have been reported to me by the officers in command, and in charge of the companies to which they belong as having particularly distinguished themselves in the action of the 17th instant.

I take this opportunity of recording the gallant conduct of the late Captain and Brevet Major Jackson, who fell at the head of the grenadier company, in a personal conflict with several of the enemy. The other officers, Lieutenant and Brevet Captain Meade and Lieutenant Wood, who were killed, were also most conspicuous when they fell, in cheering on their men at one of the most critical periods of the action. To the other European officers I am also much indebted for their gallant conduct and example throughout the day; but to Lieutenant and Brevet Captain Brown, the only mounted officer with me in the battle, in a particular degree I beg to place on record, the deep gratitude I must ever feel for the assistance he afforded me, as well as my admiration at the gallantry he displayed in cheering the men throughout the conflict at every part of the line, where the resistance was most hot and determined.

I have, &c.
(Signed) N. R. REID, Major,

To the Assistant Adjutant General,
In Scinde and Beloochistan,

SIR

Camp Hyderabad, 25th February, 1843.

Agreeably to Division Orders of the 22nd instant, I beg to bring to the especial notice of Major General Sir C. J. Napier, K. C. B., the following officers of the 25th regiment N. I., who particularly distinguished themselves by zeal and gallantry, in the action of the 17th of February 1843.

The whole of the sepoy's behaved so well, that I consider it would be invidious to make any distinction.

Lieutenant Marston, grenadier company, who cut down two of the enemy single handed, in front of the line.

Subadar Major Nund Ram, who though wounded, remained with his company throughout the action.

Subadar Russall Sing, grenadier company, who shot three men, and cut down one, and shewed great zeal in encouraging and leading on his men.

Jemadar Bappoo Sawunt, light company, who cut down one man.

I have, &c.

From Captain J. JACOB,
Commanding Scinde irregular horse.

To the Acting Assistant Adjutant General,
Scinde and Beloochistan.

SIR,

Camp, near Hyderabad, 23d February, 1843.

With reference to Division Orders of the 22d instant, I have the honor to request, that you will bring to the notice of Major General Sir Charles Napier, K. C. B., commanding in Scinde and Beloochistan, that throughout the battle fought on the 17th instant, I received the most essential service from my Acting Adjutant, Lieutenant Russell, whose steady, cool and daring conduct on the occasion, mainly contributed to the good behaviour of the corps I have the honor to command, especially while it was exposed alone for nearly two hours to a heavy fire of artillery, in a most trying position for an irregular sepoy corps, which until a few months before that day, had, since it was raised, been always dispersed in small detachments, and the men of which had, with few exceptions, never been engaged in any but skirmishing fights. I am also greatly indebted to this officer for the promptness with which he assisted me in the very difficult task of re-forming, after charging through the enemy's camp, when the men were excited to the highest pitch, and when their services were required to repel an expected attack on the rear guard.

I also request, that you will have the kindness to bring to the notice of the Major General, the excellent conduct of Russuldar Surferay Khan, Jemadar Alladad Khan Nawab, and Duffadar Mhobut Khan. The good conduct of these three native officers was most conspicuous throughout the day, and particularly on one occasion, when the regiment was moving over ground rendered nearly impassable by water-courses, hedges, and deep cuts filled with thorns and lined by matchlock-men; in advancing at the gallop over these obstacles so many falls took place, that more than fifty of our horses were lying on the ground at once; this occurred under a very heavy fire from the village and nullahs on the right of the enemy's line, and on this occasion the native officers abovementioned, reformed their men and restored order in a style which was deserving of my highest admiration. I do not mention Lieutenant Fitzgerald, my second in command, as I have already brought that officer's services to the notice of the General.

I have, &c.
