Notice

Is hereby given, that a Light is now exhibited on the New Light House, erected on the Great Savage Rock at the entrance of the Arracan River in Lat. $20^{\circ} 5' N.$ Long. $92^{\circ} 55' 38'' E.$ The Light is elevated 106 feet above the level of the Sea, and may be seen from the deck of a Ship in clear weather at a distance of 15 Miles. The following directions by Captain Paterson, Commander of the H. Co.'s Ship Amherst, for entering the Port of Akyab at night, by the aid of this Light, and one intended to be placed on a Light House now erecting on Mosque Point within the River, are published for general information.

By order of the Actg. Supt. of Marine,
A. B. CLAPPERTON,
Offg. Secretary.

FORT WILLIAM, }
The 7th June 1844. }

SAILING DIRECTIONS FOR THE PORT OF AKYAB, IN THE ARRACAN RIVER.

Ships sailing for Akyab during the South West Monsoon, should steer for the South end of the Western Bolongo, in Lat. $19^{\circ} 50' N.$ Long. $93^{\circ} 3' E.$, then standing along the Coast to the Northward and Westward about five or six miles off Shore, until the Light is sighted on the Great Savage, at the entrance of the Arracan River, then steer so as to bring it to bear N. by East or N. N. E., and if they intend to run in during the night, with either of those bearings they will cross the bar in the best water, in three fathoms low water spring tides.

After deepening across it, the course should be altered to N. by W. or even N. N. W., according to the state of the Tide and Sea at the time, to avoid the Western Rocks (above water) bearing from the Light S. W. $\frac{1}{2}$ S., distant nearly half a mile; the Flood Tide sets in on these Rocks.

When the Light bears East in six to nine fathoms on the edge of the flat to the Westward; the course must be altered to N. N. E. and N. E. by N., having brought the Light to bear S. E. by S. $\frac{1}{4}$ S. the Ship will be inside of Passage Rock, which is five to seven feet above water, and bears from the Savage Light N. W. $\frac{1}{4}$ N., distant a quarter of a Mile, and should then steer N. E. Easterly, to avoid the Reef projecting from Mosque Point a Mile in extent to the South; some of the Rocks are above water at half ebb. There is a Red Buoy placed on the Southern entrance in about nine fathoms, which with attention may be seen in a clear Night without the Moon, and after bringing Mosque Point to bear N. W. by N. to N. W., the Ship should anchor.

On Mosque Point a small Light House is nearly finished, the Light of which will be a deep red, and will be seen about six Miles, or three Miles beyond the bar, as a leading mark to clear the Western Rocks, keeping it a little open to the Westward of the Savage Light when steering in or out, also to point out when the Ship is inside of the Reef off Mosque Point. With this Light bearing N. W. by N. to N. W. is good Anchorage, having excellent holding ground and perfectly sheltered from the Sea,

A stranger should not attempt to run in at Night, particularly in the rains, except at high or low water, as the ebb tide runs very rapidly in strong eddies off the Passage Rock, over the dangerous flat to the Westward, and the flood in strong eddies upon the Rocks.

During the N. E. Monsoon, Ships bound to Akyab, from the Northward should endeavour to make the Table Land of the Western Bolongo in Lat. $20^{\circ} 1' N.$, then steering due East they will avoid the Oyster Reef in Lat. $20^{\circ} 5' N.$ Long. $92^{\circ} 40' E.$, which is distant from the Savage Light fifteen Miles due West. This course is recommended, as although in favorable weather the Savage Light is seen outside the Reef in 16 to 17 fathoms water, the depth suddenly decreases, and the probability of hazy or rainy weather would prevent the Light being seen, and steering boldly in to sight it, to the Northward of Lat. $20^{\circ} 1'$, would endanger the safety of the Vessel, by suddenly falling upon the Oyster Rock or Reef before sighting the Light House.

I would not advise strangers on any occasion to make use of the Channel inside of the Oyster Rock or Reef.

JAMES PATERSON,
Comdr. H. Co.'s Ship Amherst.

MARINE DEPARTMENT.

Bombay Castle, 27th July 1844.

No. 88 of 1844.—In pursuance of the provisions of the Mutiny Act and Articles of War for the better Government of Officers and Soldiers in the service of the East India Company, for providing for the observance of discipline in the Indian Navy, and for regulating the distribution of the effects of Officers, Soldiers and Seamen dying in the service, the Honorable the Governor in Council is pleased to define the following rules of procedure to be observed on the decease of European Officers and European Seamen belonging to the Indian Naval service.

2. Immediately upon the decease of an Officer present in a Ship or Vessel of the Indian Navy, the 1st Lieutenant or the Officer next in rank to the Commander, or the Commander himself, where there is not other Commissioned Officer on board, shall secure the effects or equipage of the deceased, and whenever practicable, a committee of Commissioned Officers shall be appointed, whose duty it will be to search for a Will to make an inventory of the effects, and as far as possible to adjust the ship debts of the deceased. The Purser or the Clerk in Charge though only a Warrant Officer may be a Member of the committee, but no other Warrant Officer is to be considered as so qualified.

3. The Officer who has secured the effects, or the committee, when a committee has been convened, will dispose of the effects and convert them into money, by public sale or otherwise, as may be most advantageous, and after deducting the amount of payments made in adjustment of ship debts, will remit the surplus to the Sub-Treasurer, and notify the remittance forwarding at the same time all papers connected with the estate, to the Military Secretary to Government, to be by him paid to the Executor or legal representative of the deceased.

4. In order that the accounts of estates may be closed as soon as possible, the amount for which effects are sold, is to be realised at once, and not left to be recovered on any future issue or adjustment of pay. To obviate all difficulty in this respect, advances may be made to any purchaser, by the Commander of the Vessel to which he the said purchaser may belong.

5. If a Will be found and the Executor be present or within the distance of one month's communication, the officer or the committee as abovementioned, shall ascertain the wishes of the Executor, and dispose of the property of the estate as he may desire, but in every case, the property is to be considered subject to the orders of the Military Secretary to Government, without whose authority no effects or proceeds or surplus of effects are to be made over to any party except only for the satisfaction of ship debts.

6. The Officer or the committee as above, will in all cases draw the arrears of pay &c. which may be due to the deceased, and accounts of estates are not to be closed until such arrears shall have been received, but pending the close of the accounts remittances on account may be made to the Sub-Treasurer on behalf of the Military Secretary to Government, abstracts for arrears are to be framed and transmitted to the Presidency without delay, where the Purser of the Receiving Ship "Hastings" will draw from the Pay Office what is due, and deposit it in the hands of the Sub-Treasurer; care must be taken that in all abstracts so transmitted, the particulars of deductions to be made are properly stated and duly signed by the Commanding Officer and Purser or Clerk in Charge, to enable the Paymaster to recover the same prior to any payment for eventual deposit in the Treasury. A copy of these abstracts of arrears is to accompany the proceedings of the committee when sent to the Military Secretary to Government,

7. All proceedings and papers connected with estates, and all references for instructions are to be transmitted to the Military Secretary to Government, by the Officer Commanding, and by whose order the committee if there be a committee has been convened.

8. In the case of the demise of an Officer possessed of instruments, books, maps or charts the property of Government, it will be the duty of the Commanding Officer to take care that the same be not sold with the private effects of the deceased, and that proper measures be taken for their safe custody.

9. With reference to Section 49 of the Mutiny Act, it is notified that claims of the following kind only can be admitted as ship debts, and adjusted accordingly, viz.

Sums due to the Indian Navy fund, Mess bills unadjusted since the last regular issue of pay.
Bills for clothing or other Articles supplied from Ship Stores.

Funeral Charges. | Servants Wages.

10. When an Officer dies on shore at the Presidency, it will be the duty of the Officer Commanding the "Hastings" to see that the effects are properly secured and the Superintendent of the Indian Navy will as soon as may be practicable nominate a committee, who will proceed in manner as above, and report their proceedings to the Military Secretary to Government through the Officer Commanding the "Hastings".

11. When an Officer temporarily detached from his vessel, dies on shore or in another vessel at a distance from his own, it will be the duty if the Officer Commanding the vessel to which the deceased belonged to secure all effects on board, and to draw all arrears of pay, proceeding in all respects as if the Officer had died on board. In such cases the committee convened on board the vessel to which the deceased belonged, and the committee convened where the deceased died, will act independently of each other and make separate remittances to the Sub-Treasurer and separate reports to the Military Secretary to Government.

12. On the decease of Warrant Officers the same forms exactly will be observed as in the case of Commissioned Officers, and all the above rules are to be considered as equally applicable.

13. When a petty Officer or Seaman dies in any vessel of the Indian Navy, the Commanding Officer will immediately secure his effects; if a Will be forthcoming which appears to be valid, the Commanding Officer will cause it to be acted upon at once so far as may be practicable, but if there be no Will, or if the party to whom the property is willed be at a distance, the Commanding Officer will cause the effects to be converted into cash, and after paying all ship debts remit the proceeds to the Sub-Treasurer, on behalf of the Military Secretary to Government, the Commanding Officer will take care that all arrears of pay &c. due to the deceased Seaman are drawn and placed to the account of the estate, and he is not to consider the estate settled while any arrears remain undrawn. But this applies only to arrears due in the vessel to which the deceased belonged at the time of his death, for all other arrears the Officer who would be responsible for the payment of the man while he living, is equally responsible for the payment of the same to the Sub-Treasurer on behalf of the Military Secretary to be placed to the account of the estate of the deceased.

14. If a petty Officer or Seaman dies on shore, the same forms are to be observed with respect to his effects and estate in the vessel to which he belonged as if he had died on board.

15. All Officers in command of vessels of the Indian Navy, are required to transmit monthly to the Superintendent of the Indian Navy, a return according to the following form, shewing the amount standing to the credit, after the payment of ship debts, of deceased Officers and Seaman, and the manner in which the same may have been appropriated.

Statement of sums remitted to the General Treasury, on account of the estates of deceased Officers and Seamen.

Date of Remittance.	Names of deceased.	Rank.	Date of Casualty.	Amount of Estate.

16. These returns are to be framed monthly, and transmitted as opportunities occur. The Superintendent of the Indian Navy, will from these returns frame quarterly statements, comprising all that have been received in his Office up to the 1st day of each quarter, for the information of the Government and the Honorable the Court of Directors.

17. With these returns, all original Wills, whether acted upon or not, are to be transmitted, in order, that they may accompany the quarterly returns to England.

18. It is to be particularly noted, that the above rules apply only to the disposition of the estates of deceased Europeans, as the estates of Europeans alone are contemplated in the provisions of the Mutiny Act.
