Floating Light off the Roman Rocks in False Bay.

Rear Admiral the Honorable JOSCELINE PERCY C. B., Commander in Chief of Her Majesty's Ships and Vessels on the Cape of Good Hope Station, hereby gives notice, that, in pursuance of Instructions from the Lords Commissioners of the Admiralty, a floating light is moored off the Roman Rocks, in $7\frac{1}{2}$ fathoms water, distant therefrom one cable's length, due North, (by Compass.)

It is a bright revolving light, 37 feet above the level of the Sea, and may be seen in clear weather at a distance of 10 miles from a ship's deck. It will be lighted at Sun-set all the year round, and extinguished half-an-hour after day light.

The Light Vessel is painted red, and during day light will hoist a red flag when a Sail is in sight.

The following remarks made by Mr. BROWN, Master of H. M. Ship *Winchester*, are hereunto subjoined, for the guidance of Ships navigating False and Simon's Bay.

By Command of the Commander-in-Chief,

WILLIAM DYER, *Secretary.*

H. M. S. *Winchester*, Simon's Bay,
10th January 1845.

REMARKS FOR SHIPS BOUND INTO

SIMON'S BAY.

The Light Vessel is moored on the North side of the Roman Rocks, and distant therefrom one cable's length. It is a bright revolving light, 37 feet above the level of the Sea, and may be seen in clear weather at a distance of 10 miles from a ship's deck.

From this light the Compass bearings are, Whittle S. S. E. distance 7 miles, on which there is only 12 feet water.

Miller's Point, S. $\frac{1}{2}$ W. distance 4 miles.
Seal Island, E. $\frac{1}{2}$ S. distance $6\frac{1}{2}$ miles.

Dock Yard Jetty, W. $\frac{1}{2}$ N. distance $1\frac{1}{2}$ miles.

Ships steering or beating into False Bay from round the Cape of Good Hope, will open the Light clear of Miller's Point, (which is the point 7 miles and $\frac{1}{2}$ from Cape Point, off which, but close to, are some rocks above water,) when it bears N. $\frac{1}{2}$ E.; and if intending to beat up inside the Whittle, the light should not be brought to the Westward of N. by W. $\frac{1}{2}$ W., or to the Eastward of North, until you are certain of being within 5 miles of the light, when you must be Northward of the Whittle, and may bring the light, in standing to the Northward, to bear N. W. by W., working up towards her by short tacks, and passing to the North, leaving her on your Larboard hand, distant $\frac{1}{2}$ of a mile.

If outside the Whittle do not bring the light to the North of N. N. W. $\frac{1}{2}$ W. or to the Westward of N. W. by W. $\frac{1}{2}$ W., on ac-

count of Seal Island, and the rocks which lay off $1\frac{1}{2}$ miles to the Southward, turn up by short tacks until you are certain of being within 5 miles of the light, which will insure your being Northward of the Whittle, and may bring the light in standing to the Westward to bear North. With a leading wind bring the light to bear N. by W., you will be well inside the Whittle, and may run up keeping it on that bearing until within $\frac{3}{4}$ of a mile of the light, when you must open it on your Larboard side, and round it not less than $\frac{1}{2}$ a mile distant; when the light bears S. S. W. steer in West for the anchorage, and come to in 14, 12 or 10 fathoms according to the weather. If a fine night, you may choose a berth among the shipping; if otherwise, anchor in an outside berth for the night.

Ships rounding Hanglip must bear in mind, that the Whittle lies nearly in a direct line between that Cape and the Light Vessel, from which it bears, S. S. E.; therefore, if coming up with a fair wind outside the Whittle, bring it to bear N. N. W. $\frac{1}{2}$ W., or N. W. and by N., and run for it.

These remarks are principally intended for seamen not acquainted with Simon's Bay; of course, those who know the passage between Roman Rocks and Noah's Ark need not pass to the North of the former, but I would call their attention to the Phoenix Rock, and recommend their running for the anchorage at all times by a bearing of the light.

As I am aware of the great difficulty in judging of distances at night, and this Light Vessel being moored on the North side of the rocks to protect her from the S. E. gales,— I do recommend it as a fixed rule, that all Ships should at night pass to the Eastward, and haul round the North side of the Light Vessel.

If you pass to the Southward bear in mind the passage between Noah's Ark and the Roman Rocks is barely $\frac{1}{2}$ of a mile; and as the light is to the Northward of these rocks two cables' length, do not come within full $\frac{1}{2}$ a mile of the light; but I do not recommend this passage to strangers.

The following Compass bearings were taken from the Light Vessel,—

Miller's Point,	S. 8 W.
Outer Roman Rock,	S. 15 E. distant 100 fathoms.
Elsey Peak,	N. 5 W.
Noah's Ark,	S. 47 W.
Dock Yard Jetty,	W. 3 N.
Hanglip,	S. 23 E.
Seal Island,	S. 85 E.
Whittle,	S. 25 E.

FORT WILLIAM, HOME DEPARTMENT, LEGISLATIVE,

THE 12TH APRIL, 1845.

The following Act, passed by the Governor General of India in Council on the 12th April 1845, is hereby promulgated for general information: Act No. VII. of 1845.

An Act for regulating the levy of Water Rent, Tolls and Dues on certain Canals for irrigation and navigation, constructed by Government in the North Western Provinces, and for the protection of the said Canals from injury.

Whereas numerous Canals have been constructed, and are in progress of construction at the public expense in the North Western Provinces of the Presidency of Fort William in Bengal, for the purpose of irrigation and also for navigation so far as it may be practicable to unite the two objects; and whereas it is requisite to regulate the levy of rents, tolls or dues, on such Canals, and to provide for their protection from injury—

I. It is hereby enacted, that the Lieutenant Governor of the Northern Western Provinces shall be competent, by proclamation to be made in the Government Gazette, to declare the Provisions of this Act applicable to any such Canal.

II. And it is hereby enacted, that the said Lieutenant Governor of the North Western Provinces shall be competent to draw out rules to regulate the levy of water rent, and the supply of water for irrigation, and the payment of tolls and dues on boats, rafts or floats, and admission to the benefits of navigation on such Canals, as may be found most suitable to the peculiar circumstances of each. The rules thus drawn out shall be published for general information in the Government Gazette.

III. And it is hereby enacted, that any acts done by private individuals in contravention of the rules so published, shall be punishable either by temporary deprivation of the benefits of the Canal, or by the penalties hereinafter described.

IV. And it is hereby enacted, that all balances of water rent due for lands irrigated by the Canal shall be levied, either by temporary deprivation of the benefits of the Canal, or by the same process as is prescribed for the recovery of balances of land revenue.

V. And it is hereby enacted, that whoever willfully causes any obstruction to any of the said Canals, or to any of the water courses drawn and supplied therefrom, or damages the banks of the Canal or the works constructed for its maintenance, or willfully defiles the water in the Canal, shall be liable to the penalties hereinafter described.

VI. And it is hereby enacted, that all persons offending against the provisions of this Act, or of the rules passed under this Act, shall be punishable on conviction before the Magistrate by imprisonment without labor for a term not exceeding fourteen days, or fine to an amount not exceeding 50 Rupees, or both; and in default of payment of such fine, by additional imprisonment for fourteen days.

VII. And it is hereby enacted, that if the Owner of any boat, float, or raft, navigating any such Canal, shall refuse to pay the prescribed toll, it shall be lawful for the Officer charged with the levy of tolls on the Canal, to detain such boat, raft, or float, and if the toll be not paid, in the course of ten days, then it shall be lawful for the said Officer under the direction of the Superintendent of the Canal, on the 10th day after the seizure, to sell such property, or so much thereof as may be necessary, or to declare the whole confiscated; pro-

vided that in all such cases no confiscation shall be carried into effect till the circumstances have been reported to the Commissioner of the Division and his sanction obtained thereto.

VIII. And it is hereby enacted, that it shall be lawful for the Lieutenant Governor of the North Western Provinces to appoint Officers for the collection of the rent toll and dues, hereinbefore mentioned, and to confer on such Officer the powers of Deputy Collectors for the levy of such rent, and of Joint Magistrates for the enforcement of such penalties as have been hereinbefore specified.
