No. 81 of 1845.—The following despatch from the Hon'ble the Court of Directors, No. 43, dated 4th June last, is published for general information.

Para. 1. We have had under consideration your letter in the Marine Department No. 2 of 1845, dated the 16th January last, together with your proceedings respecting the misconduct last year of Midshipman Renwick of the Indian Navy on board the Company's Sloop of War "Elphinstone."

2. From these papers we collect that the conduct of Mr. Renwick from the time of his joining the Ship in July up to the latter end of the year, was generally unsatisfactory. His bad temper and overbearing manner caused him to commit acts of violence for which he had been placed in arrest, but from which he had been as repeatedly released in the expectation that leniency in place of severity might effect an amendment. He had also behaved towards his Commanding Officer in a manner highly disrespectful and un-officer-like, having stated publicly on the Quarter Deck, that he was no Gentleman.

3. Such conduct, however much it may have been provoked, cannot in a service where the strictest discipline ought to be maintained, be permitted to pass unpunished, it would have accorded with our views to place Mr. Renwick below all the Midshipmen appointed during the year 1841, and thus reduced him 12 steps in the line of the Service, had his offence been void of any palliating or redeeming circumstance, but observing that Mr. Renwick soon after conducting himself so disrespectfully to his Commanding Officer, became sensible of his error, and by a written apology endeavoured to make reparation for his offence, we are induced to exercise less severity towards him than we should otherwise have felt it expedient to adopt, and have accordingly resolved that he be reduced only 4 steps in the service.

4. We therefore direct that his name be placed next below that of Mr. Midshipman G. T. Holt.

Bombay Castle, 23rd July 1845.

No. 82 of 1845.—Assistant Surgeon W. F. Babington, is appointed Port Surgeon at the Presidency.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE.

THE 28TH JUNE, 1845.

The following Draft of a proposed Act, was read in Council for the first time on the 23rd June 1845.

Act No. — of 1845

An Act for incorporating the Assam Company.

Whereas it hath been discovered, that there are in the British Province of Assam and other the North Eastern parts of India, numerous and extensive tracts of country producing the genuine Tea Plant, and it has been ascertained that the soil and climate are in all respects adapted for the cultivation of Tea Plant on an extensive scale.

And whereas it is considered, that the cultivation and manufacture of Tea in India will be of great national importance and benefit, as well to the United Kingdom as to the British Territories in India, and the same may be advantageously prosecuted on a scale beyond the resources and enterprize of individual Capitalists, and a Society or Company hath been lately formed for the purpose of prosecuting and extending the said culture and manufacture with a Capital of Company's Rupees 50,00,000 in 10,000 Shares of Company's Rupees 500 each, and certain grants of land have been already made to the said Company in Assam and the North East parts of India aforesaid, and establishments have been formed by the said Company for the purposes of the said culture and manufacture, and are now in operation.

And whereas the whole 10,000 Shares have been subscribed for and appropriated, and the Proprietors have actually paid up Company's Rupees 20,00,000 of the said Capital of Company's Rupees 50,00,000, and the several Subscribers are willing at their own expense to carry on the said culture and manufacture, and it would tend much to the convenience and advantage as well of the said Subscribers as of the public, that they should be incorporated in the manner hereinafter mentioned and provided.

And whereas it is considered, that there are in Assam other articles and products of indigenous growth, or to which the soil and climate are also adapted, the culture and preparation of which may be carried on with great advantage and profit by the said Company as incidental to, or in connection with their Tea cultivation and establishment, and whereas it is desirable that provision should be made for enabling the said Company if they shall think fit to avail themselves thereof, and for enabling them to increase their Capital Stock.

And whereas several of the persons hereinafter named had been appointed and acted as a Provisional Committee for the purpose of forming and establishing the said Company, and commencing the business thereof, and the said Company has since been constituted under the provisions of a Deed of Association, bearing date the 31st day of January 1840, and made between the several persons whose names are there under subscribed, and whose seals are thereunto affixed, (except the several persons, parties thereto of the second and third parts) of the first part, Sir William Baynes, Baronet, Richard

Robinson and Ross Donnelly Mangles, therein also respectively described, of the third part, and under which Deed the business of the said Company has been commenced and carried on, and whereas in such Deed provision was made for confirming the several Acts, Deeds, Matters and Things executed and performed by the Provisional Committee in that capacity.

And whereas it is expedient that like provision should be made herein, and also provision for vesting, continuing and establishing in, for, and against the Corporate Body hereby created after (and notwithstanding their Incorporation,) all such property, rights, contracts and liabilities whatever as the said existing Society or Company are, or but for such Incorporation would be possessed of, entitled or liable to:
