Copies of such proclamation shall be affixed in the Court of the Special Commissioner, and in the several Courts and in the Offices of the several Collectors and Magistrates of the District or Districts to which the jurisdiction of the Special Commissioner may extend.

VI. After the expiration of the period mentioned in the proclamation, any person who may, without authority of law, have been dispossessed of any land or other real property subsequently to the said 10th May 1857, may apply to the Commissioner within whose jurisdiction such land or other real property is situate, to be reinstated in the possession of the same. Provided that the Special Commissioner may, for any good or sufficient reason, excuse the Plaintiff or Defendant from attending his Court in person, and allow him to appear by a duly authorised representative, who may be examined instead of such Plaintiff or Defendant.

VIII. On the day fixed for the appearance of the Defendant, the parties shall bring their witnesses into Court, together with any documents on which they may intend to rely in support of their respective statements; and if either party require the assistance of the Special Commissioner to procure the attendance of a witness on such day, he shall apply to the Special Commissioner in sufficient time before the day fixed for the appearance of the Defendant, and the Special Commissioner shall issue a subpoena requiring such witness to attend his Court on that day.

IX. On the day fixed for the appearance of the Defendant, or as soon after as may be practicable, the Special Commissioner shall proceed to examine the parties or their representatives (in cases where personal attendance is excused), or such of them as may be present, and their witnesses; and if, upon such examination, and after inspecting the documents of the parties, and making any further inquiry which may appear to him necessary, the Special Commissioner shall be of opinion that the complaint is substantiated, he shall order the Plaintiff to be put again into possession of the property in dispute, and to be maintained in possession thereof: he may also adjudge the Plaintiff to be entitled to recover from the Defendant mesne profits for the period during which the Defendant may be found to have been in possession of the property. It shall further be lawful for the Special Commissioner, on proof that the Defendant continued in possession of the property in dispute after the expiration of the period fixed by the proclamation, to sentence him to imprisonment in the Criminal Jail, with or without labour, for a period not exceeding Seven years, or to a fine, or to both imprisonment and fine.

X. The provisions of the Regulations and Acts for procuring the attendance of witnesses, and for the examination, remuneration, and punishment of witnesses in suits before the Civil Courts, shall be of equal force and effect in complaints tried under the Act.

XI. The order of the Special Commissioner for giving possession of the whole or any portion of the land, or other real property to which the complaint may relate, shall be immediately executed; and it shall be competent to the Special Commissioner to call in the aid of the Magistrate, if necessary, for the purpose of enforcing the same. If the order adjudge the Defendant to be liable to pay to the Plaintiff mesne profits, it shall specify the period for which the same shall be paid, and the Commissioner shall refer the case to the Collector to adjust the amount. In cases so referred, it shall be competent to the Collector to levy the amount which may be awarded by him, and also the amount of any fine which may have been imposed by the Special Commissioner upon the Defendant, by the same process as is authorised for the recovery of arrears of the public Revenue. All proceedings of a Collector under this Section shall be subject to the control and revision of the next superior Revenue authority, whose order shall be final.

XII. All orders passed by a Special Commissioner, in cases cognisable under this Act, shall be final; but nothing in this Act shall be held to preclude either of the parties to the case from instituting a regular suit to establish his right to the property in dispute under the rules applicable to regular Civil Actions.

XIII. This Act may be extended by the Governor General in Council, or by the Executive Government of any Presidency or place, to any District or Districts within the limits of their respective Governments in which disturbances shall have taken place subsequently to the said 10th May 1857; and it shall be lawful for the Governor General in Council, or such Executive Government, to exercise, in the District or Districts to which this Act may be so extended, all the powers vested by this Act in the the Executive Government of the North-Western Provinces.

I. Every Vessel carrying more than thirty passengers, being natives of Asia or Africa, which may depart or proceed on any voyage from a Port or place within the said territories to any Port or place in the Red Sea or Persian Gulf, or which may arrive at any Port or place within the said territories from any Port or place in the Red Sea or Persian Gulf, having on board more than thirty such passengers, shall be deemed a Native Passenger Ship within the meaning of this Act.

Definition of the term "Native Passenger Ship." II. No Native Passenger Ship shall depart or proceed upon any voyage to which this Act extends from any Port or place within the said territories other than such Ports and places as the local Government may from time to time appoint; and after any Native Passenger Ship has departed or proceeded upon any such voyage from a Port or place so to be appointed, no person whatsoever shall be received on board as a passenger, except at some other duly appointed Port or place.

III. No Native Passenger Ship shall depart or proceed upon any such voyage from any Port or place appointed under this Act, until the Master shall have obtained a certificate from an Officer authorised to grant the same.

IV. If any Native Passenger Ship departs or proceeds upon a voyage from any Port or place within the said territories, or if any person is received as a passenger on board a Native Passenger Ship in contravention of the provisions of the last two preceding Sections, the Owner or Master shall be liable to a penalty not exceeding One hundred Rupees for every passenger conveyed on a Ship unlawfully departing or proceeding on such voyage, or for every passenger unlawfully received on board; and the Ship, if found within two years in any place within the said territories, may be seized and detained by any Chief Officer of Customs until the penalties incurred under this Act have been adjudicated, and the payment thereof, with all costs, have been enforced under the provisions of Section XXIX.

V. The local Government shall appoint such persons as it may deem proper to exercise or perform the powers and duties conferred or imposed by this Act.

VI. The Master of any Native Passenger Ship sailing from any Port or place appointed under this Act, shall give notice to the proper Officer that the Ship is to carry Native Passengers, and of her destination, and of the proposed day of sailing; such notice shall be given not less than three days before the proposed day of sailing.

VII. After receiving such notice, the Officer aforesaid, or any person authorised by him, shall be at liberty at all times to enter and inspect the Ship and the fittings, provisions, and stores therein; and any person impeding or refusing to allow such inspection shall be liable, on conviction, to a penalty not exceeding Five hundred Rupees for each offence.

VIII. The Officer aforesaid may, if he think fit, cause the Ship to be surveyed at the expense of the Master by a competent surveyor, who shall report whether the Ship is, in his opinion, sea-worthy, and fit for her intended voyage.

IX. The Officer aforesaid shall not give his certificate, unless he shall be satisfied—

1. That the Ship is sea-worthy and properly manned, equipped, fitted, and ventilated; and has not on board any cargo likely, from its quality, quantity, or mode of stowage, to prejudice the health or safety of the passengers.

2. That the space appropriated to the passengers in the between-decks contains at the least nine superficial and fifty-four cubical feet of space for every adult passenger on board; that is to say, for every passenger above twelve years of age, and for every two passengers between the ages of one year and twelve years.

2. That a space of four superficial feet per adult is left clear on the upper deck for the use of the passengers.

4. That provisions, fuel, and water have been placed on board, of good quality, properly packed, and sufficient to supply the passengers on board during the declared duration of the intended voyage, according to the scale hereinafter contained.

XI. The Master of any such Ship, before departing or proceeding on any such voyage from any Port or place within the said territories, shall sign two lists, specifying (as accurately as may be) the names of all the passengers, and stating the number of the crew; and shall deliver them to the Officer aforesaid, who shall thereupon (after having first mustered the passengers and compared the number and names of such passengers with the lists) countersign and return to the Master one of such lists. The Master shall note in writing, on such last-mentioned list, and on any additional list to be made under this Act, the date and supposed cause of death of any passenger who may die on the voyage, and shall forthwith, on the arrival of the Ship at her destination or at any Port in the said territories at which it may be proposed to land passengers and before any passengers are landed, produce the list, with any additions thereto made, to any person lawfully exercising Consular authority on behalf of Her Majesty at the Port of arrival if it be a Foreign Port,

or to the Chief Officer of Customs, or the Officer (if any) appointed under this Act at any Port or place within the said territories, at which it shall be intended to land the passengers or any of them. In case of non-compliance with any of the requirements of this Section on the part of the Master, or if any false entry be wilfully made in any such list, the Master shall be liable to a penalty not exceeding Five hundred Rupees for each offence.

XII. If, after the Ship shall have departed or proceeded on any such voyage, any additional passengers are taken on board at a Port or place, within the said territories, appointed under this Act for the embarkation of passengers, or if such Ship shall, upon her voyage, touch or arrive at any such Port, having previously received on board additional passengers at any place out of the said territories, the Master shall obtain a fresh certificate from the Officer at such Port, and lists of all such additional passengers shall be made; and all the provisions hereinbefore contained in that behalf shall be applicable to any certificate to be granted or any list to be made under this Section.

XIII. If any Master of a Ship, after having obtained a certificate under Section III. or Section XII. of this Act, shall fraudulently do or suffer to be done any act or thing whereby such certificate shall become inapplicable to the altered state of the Ship, its passengers, or other matters to which such certificate relates, he shall be liable to a penalty not exceeding Two thousand Rupees.

XIV. The Chief Officer of Customs, or the Officer (if any) appointed under this Act, at any Port or place within the said territories at which the Ship shall touch or arrive, shall, with advertence to the requirements of this Act, transmit any particulars which he may deem important respecting the Ship, and the passengers conveyed therein, to the Officer at the Port from which the Ship commenced her voyage, and also to the Officer at any other Port within the said territories where the passengers or any of them embarked.

XV. In any proceeding for the adjudication of any penalty incurred under this Act, any document purporting to be a report of such particulars as are referred to in the last preceding Section, or a copy of the proceedings of any Court of Justice duly authenticated, and also any like document purporting to be made and signed by any person lawfully exercising Consular authority on behalf of Her Majesty in any Foreign Port, shall be received in evidence, if the same appears to have been officially transmitted to any Officer at or near the place where the proceeding under this Act is had.

XVI. It shall be lawful for the local Government, by any proclamation to be from time to time issued for that purpose, and published in the *Government Gazette* (if any), or in one of the public newspapers, to declare what shall be deemed, for the purposes of this Act, the duration of the voyage of any Native Passenger Ship from any Port or place to any other Port or place.

XVII. Every Native Passenger Ship, at the time of departure from the Port or place at which passengers shall be embarked under this Act, shall have on board good and wholesome provisions for the use and consumption of the passengers, over and above the victualling of the crew, to the amount or in the proportion following: that is to say, a supply of water to the amount of five gallons to every week of the computed voyage for every passenger on

board, such water being carried in tanks or sweet casks and a supply of rice, flour, oatmeal, or bread stuffs, to the amount of seven pounds weight to every week of the computed voyage for every such passenger: provided always, that when any such Ship shall be destined to call at a Port or place in the course of her voyage for the purpose of filling up her water-casks, a supply of water at the rate before mentioned for every week of an average voyage to such Port or place of calling shall be deemed to be a compliance with this Act. The provision of this Section regarding food shall be deemed to have been complied with in any case where it shall appear that, by the special authority of the local Government, any other articles of food were substituted for the articles above enumerated as being equivalent thereto.

XVIII. The requirements of this Act respecting the supply of provisions for passengers shall not, except as to the supply of water, be applicable to any passenger who may have contracted to furnish his own provisions.

XIX. If any Ship, bringing passengers from any Port or place in the Red Sea or Persian Gulf to any Port or place within the said territories, shall have on board a greater number of passengers or persons than in the proportion prescribed by this Act, the Master of such Ship shall, in addition to any other penalty which he may have incurred under the provisions of this Act, be liable, on conviction, to a penalty not exceeding Fifty Rupees for each person in excess of such proportion.

XX. Nothing in the foregoing provisions of this Act contained shall apply to any Ship-of-War or Transport belonging to or in the service of Her Majesty or of the East India Company, or to any Ship-of-War belonging to any Foreign Prince or State, or to any Ship under contract with the Government of any European State, or to any sea-going Steam Vessel regularly employed in the conveyance of the public mails under a contract.

XXI. Steam Vessels which may be intended to carry passengers on coasting voyages from or to any Port or place whatsoever within the said territories, shall, before proceeding on such voyages, be furnished with certificates, to be granted in the manner hereinafter provided.

XXII. Every such certificate shall be granted at the discretion of an Officer authorised to grant the same by the local Government, and shall remain in force for the period therein specified, unless sooner revoked. The Officer so authorised shall not grant such certificate, or suffer the same to remain in force, unless he is satisfied, by inspection or survey (to be made at least twice in each year at the expense of the Master or Owner, and upon payment of a fee not exceeding Twenty Rupees), that such Steam Vessel is sea-worthy, and properly equipped with boats, and otherwise, and that the engines and machinery are in a fit state to enable her to proceed on her voyage. The certificate shall state the limits (if any) within which the vessel is to ply, and the number of Native Passengers which the Vessel is permitted to carry; such number to be subject to such conditions and variations, according to the time of year, the nature of the voyage, and the cargo carried, as the case requires.

XXIII. The Owner or Master of any such Steam Vessel shall put up, in a conspicuous part of the Ship, so as to be visible to persons on board the same, a copy of the said certificate, and shall cause it to be continued

in such position so long as the certificate remains in force; and in default, such Owner or Master shall for each offence be liable to a fine not exceeding Two hundred Rupees.

XXIV. If such Steam Vessel has on board thereof any number of passengers which, having regard to the time of the year and other circumstances, is greater than the number allowed by the certificate, the Owner or Master shall be liable to a fine not exceeding Twenty Rupees for every passenger over and above the number allowed by the certificate.

XXV. If any such Steam Vessel shall proceed on any such voyage without such certificate as aforesaid, the Owner or Master shall be liable to a fine not exceeding Five hundred Rupees.

XXVI. In the grant or revocation of any certificate whatsoever under this Act, the Officer granting the same shall be subject to the control of the local Government, or of any intermediate authority which that Government may appoint.

XXVII. If any Native Passenger in any Ship shall be landed at any Port or place other than the Port or place at which he may have contracted to land, unless with his previous consent or unless such landing is made necessary by perils of the sea or other unavoidable accident, the Master shall, for each offence, be liable to a penalty not exceeding Two hundred Rupees.

XXVIII. Nothing in this Act contained shall take away or abridge any right of action which may accrue to any Native Passenger, or to any other person, in respect of the breach or non-performance of any contract made with the Master or Owner of the Ship or his Agent.

XXIX. All offences against this Act shall be punishable in a summary manner by a Magistrate. If the person directed to pay any penalty is the Master or Owner of a Ship, and the same is not paid at the time and in the manner prescribed by the order of payment, the Magistrate may, in addition to the means prescribed by law for enforcing payment, direct by warrant the amount remaining unpaid to be levied by distress and sale of the said Ship, her tackle, furniture, and apparel.

XXX. For the purpose of the adjudication of penalties under this Act, any offence shall be deemed to have been committed within the limits of the jurisdiction of the Magistrate of the place where the offender is found.

XXXI. The penalties to which Masters and Owners of Ships are liable by this Act shall be enforced only by information laid at the instance of the Officers appointed to grant certificates under this Act; or, at any Port or place where there is no such Officer, by the Chief Officer of Customs.

XXXII. Any Magistrate imposing any penalties under this Act may, if he thinks fit, direct the whole or any part thereof to be applied in compensating any person for any wrong or damage which he may have sustained by the act or default in respect of which such penalty is imposed, or in or towards payment of the expenses of the proceedings.

Whenever, subsequently to the 10th May 1857, the sittings in any Civil Court in the North-Western Provinces may have been suspended in consequence of the disturbed state of the country, it shall be competent to such Court to receive and try, or to re-admit any original suit or appeal within its jurisdiction, in which the period allowed by law for instituting or prosecuting the same may have expired during the time that the sittings of such Court were so suspended, provided that the complainant or appellant, according as the case may be, shall present his petition of plaint or appeal, or, if the suit or appeal shall have been previously instituted, but shall have abated for want of prosecution, shall make an application for the re-admission of the same within the period of three months from the date on which the principal Civil Court of original jurisdiction in the Districts shall issue a proclamation, copies of which shall be affixed in some conspicuous place in the several Courts and in the Office of the Collector and Magistrate of the District, notifying that the Courts of the District, or such of them as it is intended to re-establish, have resumed their sittings.

II. In like manner, any Civil Court in the North-Western Provinces may receive and try, or re-admit any original suit or appeal in which the period allowed by law for instituting or prosecuting the same may have expired subsequently to the said 10th May 1857, if it shall appear to the satisfaction of such Court that the complainant or appellant in such suit or appeal was precluded from instituting or prosecuting it within the limited period, owing to the disturbed state of the country, whereby access to such Court was rendered

dangerous or difficult; provided that the complainant or appellant, according as the case may be, shall present his petition of plaint or appeal, or, if the suit or appeal shall have been previously instituted, but shall have abated for want of prosecution, shall make an application for the re-admission of the same within three months from the passing of this Act, or from the time when the cause above stated shall cease to exist.

III. If the application be for the admission of a special appeal, the appellant may present his application either in the Sudder Court, or in the Court from whose decision the appeal is made, for transmission to the Sudder Court.

IV. The petition of plaint or appeal in any original suit or regular or special appeal, falling within the provisions of this Act, which may be instituted, for the first time, under Section I. or Section II. shall be written on stamp paper of the value prescribed for regular suits and appeals; but an application for the re-admission of an original suit or appeal, which shall have been previously instituted, but shall have abated for want of prosecution, may be written on plain paper.

V. No original suit or appeal, which may have been instituted or re-admitted in any Civil Court in the North-Western Provinces, subsequently to the said 10th May 1857, shall be liable to be dismissed, nor shall any decision passed in any such suit or appeal be reversed, on the ground that, at the date of its institution, if the suit or appeal shall have been admitted on the file for the first time, the period allowed by law for its admission had expired, or, if the suit or appeal shall have been re-admitted, that it had abated for want of prosecution; nor shall any plea that any such suit or appeal was commenced after the prescribed period be admitted, if, at the time the period allowed by law for instituting or prosecuting such suit or appeal expired, the sittings in the Court by which it was cognisable, or in which it was pending, were suspended, or access to such Court was rendered dangerous or difficult by reason of the disturbed state of the country.

VI. For the purposes of this Act, the certificate of the Zillah Judge that the sittings in any Court within his jurisdiction were suspended, or that access to any such Court was rendered dangerous or difficult, owing to the disturbed state of the country during any particular period, shall be deemed conclusive evidence of the fact.

VII. This Act may be extended by the Governor General in Council, or by the Executive Government of any Presidency or place, to any District within the limits of their respective jurisdictions.

W. MORGAN,
Clerk of the Council.

Bombay Castle, 15th June 1858.

The Right Honorable the Governor in Council is pleased to republish, for general information, the following ADMIRALTY NOTICE respecting LIGHTS and FOG SIGNALS to be carried and used by Sea-going Vessels, to prevent Collision:—

By the Commissioners for executing the Office of Lord High Admiral of the United Kingdom of Great Britain and Ireland, &c.

By virtue of the power and authority vested in us, we hereby revoke, as from and after the Thirtieth day of September 1858, the regulations made and published by us on the First day of May 1852, relating to the Lights to be carried by Sea-going Vessels to prevent collision: And we hereby make the following Regulations, and require and direct that the same be strictly observed and carried into effect on and after the First day of October 1858:—

STEAM VESSELS.

All Sea-going Steam Vessels, when under steam, shall, between sunset and sunrise, exhibit the following Lights:—

1. A bright White Light at the Foremast Head.
A Green Light on the Starboard side.
A Red Light on the Port side.

2. The Mast-head Light shall be so constructed as to be visible on a dark night, with a clear atmosphere, at a distance of at least 5 miles, and shall show an uniform and unbroken light over an arc of the horizon of 20 points of the compass, and it shall be so fixed as to throw the light 10 points on each side of the ship, viz. from right ahead to 2 points abaft the beam on either side.

3. The Green Light on the Starboard side and the Red Light on the Port side shall be so constructed as to be visible on a dark night, with a clear atmosphere, at a distance of at least 2 miles, and show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, and they shall be so fixed as to throw the light from right ahead to 2 points abaft the beam on the Starboard and on the Port sides respectively.

4. The side Lights are to be fitted with inboard screens projecting at least 3 feet forward from the Light, so as to prevent the Lights from being seen across the bow.

5. Steam Vessels under Sail only are not to carry their Mast-head Light.

FOG SIGNALS.

All Sea-going Steam Vessels, whether propelled by paddles or screws, when their steam is up, and when under-way, shall in all cases of Fog use as a Fog Signal a Steam Whistle, placed before the Funnel at not less than 8 feet from the deck, which shall be sounded once at least every five minutes; but when the steam is not up, they shall use a Fog Horn or Bell, as ordered for Sailing Ships.

SAILING VESSELS.

1. All Sea-going Sailing Vessels, when under-way or being towed, shall, between sunset and sunrise, exhibit a Green Light on the Starboard side and a Red Light on the Port side of the vessel, and such Lights shall be so constructed as to be visible on a dark night, with a clear atmosphere, at a distance of at least 2 miles, and shall show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, from right ahead to 2 points abaft the beam on the Starboard and on the Port sides respectively.

2. The Coloured Lights shall be *fixed* whenever it is practicable so to exhibit them; and shall be fitted with inboard screens projecting at least 3 feet forward from the Light, so as to prevent the Lights being seen across the bow.

3. When the Coloured Lights cannot be fixed (as in the case of small vessels in bad weather), they shall be kept on deck between sunset and sunrise, and on their proper sides of the vessel, ready for instant exhibition, and shall be exhibited in such a manner as can be best seen on the approach of, or to, any other vessel or vessels, in sufficient time to avoid collision, and so that the Green Light shall not be seen on the Port side, nor the Red Light on the Starboard side.

FOG SIGNALS.

All Sea-going Sailing Vessels, when under-way, shall, in all cases of Fog, use, when on the Starboard Tack a Fog Horn, and when on the Port Tack shall Ring a Bell. These Signals shall be sounded once at least every five minutes.

SAILING PILOT VESSELS are to carry only a White Light at the Mast-head, and are to exhibit a Flare-up Light every 15 minutes, in accordance with Trinity House Regulation.

VESSELS AT ANCHOR.

All Sea-going Vessels, when at anchor in roadsteads or fairways, shall, between sunset and sunrise, exhibit, where it can best be seen, but at a height not exceeding 20 feet above the hull, a White Light in a Globular Lantern of 8 inches in diameter, and so constructed as to show a clear, uniform, and unbroken light all round the horizon, at a distance of at least 1 mile.

Given under our Hands this 24th day of February 1858.

 „ R. S. DUNDAS.

By Command of their Lordships,
 (Signed) W. G. ROMAINE,
 Secretary.

The following Diagrams are intended to illustrate the use of the Lights carried by vessels at sea, and the manner in which they indicate to the vessel which sees them the position and description of the vessel which carries them:—

FIRST.—When both Red and Green Lights are seen:

A sees a Red and Green Light ahead;—A knows that a vessel is approaching her on a course directly opposite to her own, as B;

If A sees a White Mast-head Light above the other two, she knows that B is a steam vessel.

SECOND.—When the Red, and not the Green Light, is seen:

A sees a Red Light ahead or on the bow;—A knows that either, 1st, a vessel is approaching her on her port bow, as B;

or, 2nd, a vessel is crossing in some direction to port, as D D D.

If A sees a White Mast-head Light above the Red Light, A knows that the vessel is a steam vessel, and is either approaching her in the same direction, as B, or is crossing to port in some direction, as D D D.

THIRD.—When the Green, and not the Red Light, is seen:—

A sees a Green Light ahead or on the bow;—A knows that either,
1st, a vessel is approaching her on her starboard bow, as B;

or, 2nd, a vessel is crossing in some direction to starboard, as D D D.

If A sees a White Mast-head Light above the Green Light, A knows that the vessel is a steam vessel, and is either approaching her in the same direction as B, or is crossing to starboard in some direction, as D D D.

By order of the Right Honorable the Governor in Council,

P. M. MELVILL, Colonel,

Secretary to Government.
