NOTICE.

As there is much injury to articles despatched under the Book Post Rules when put up in paper covers, the Officiating Director of the Post Office in India recommends that Books, Pamphlets, &c. be invariably, at all seasons of the year, covered with wax-cloth, having the ends open, but projecting sufficiently so as to admit of the wax-cloth being folded down.

2. As a precaution against miscarriage, it is recommended that the address on Books, Pamphlets, &c. be written not only on the wax-cloth covers, but also *inside the boards, or on the title-page*. The address, when written only on *flimsy paper covers, as heretofore customary*, has not unfrequently, together with the covers, been lost, or destroyed by friction while in transit by the dāk, and in consequence it has been found impossible to have such Books, Pamphlets, &c. delivered to the addressees.

3. Although every possible degree of care is taken by the Post Office, it is impossible in all cases to secure Parcels against injury from wet during the rains, except on the main lines of road, on which Mail Carts are used.

4. Under instructions from Government, Public Officers, when despatching Books on the Public Service during the rains, are directed to have them packed in tin, and sent by the *Banghy* in the place of the *Book Post*.

NOTICE.

Under instructions from the Government of India, the Director General of the Post Office in India has the honour to request, that all Public Officers who may have occasion during the Rains to despatch Books on the Public Service will send them by the ordinary Banghy Post, packed in tin, and not by "Book Post" in short paper covers open at both ends.

Bombay Post Master General's Office, 19th March 1856.

Officiating Post Master General.

NOTICE.

The following Rules, which, under the orders of the Government of India, have been issued for the guidance of the Officers of the Post Office, are published for general information:—

I. Letters arriving at the Presidency towns by Mail Steamers will be immediately sorted for delivery, without any reference to instructions which may have been received regarding change of address. Such changes will be left to be discovered by the Delivery Officers, and be corrected in the Forward and Unclaimed Departments of the Office.

II. A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

III. Under Section XXIII. of Act XVII. of 1854, Forward Postage will be charged, in addition to all other Postage due or paid thereon, upon every letter without exception which may be re-directed in any Post Office. For example, if a letter posted in Calcutta, and addressed to Hooghly, is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due had the letter been despatched to Hooghly according to its original address.

IV. The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters not only imposes much labour upon them, but, in large Offices, seriously retards the delivery and despatch of the Mails. A Register of instructions regarding changes of address will be kept in every Post Office but it must be understood that it is impossible to guarantee that they shall be attended to, except in the case of letters received for delivery.

Camp, 7th November 1855.

(Signed) H. B. RIDDELL,
Director General of the Post Office in India.

NOTICE.

The present system of addressing letters in the Native languages being excessively inconvenient, and not affording in most cases the information most desired by the Post Office, viz. particulars regarding the Addressee, which has been ascertained to be a most frequent cause of the non-delivery of Native letters, the Public, and especially the Native portion of it, are recommended to omit from the superscription of their letters all compliments, and to write simply the full name of the person addressed, the name of the town or village, and the street or quarter in which he resides. These should occupy separate lines; but in all cases the name of the Post Town should be written by itself, in large characters, to prevent mis-sending and delay in sorting.

A model of address is given for guidance:—

To

Sheik Hingum,

Sahib Nazir of the Collector's Court,

Moozuffer Khan's Kuttra,

In the quarter Shahazadee Munde,

AHMEDABAD.

If the sender wishes the letter returned in the event of the Addressee not being found, he should write his own name and address on the back, not on the front of the letter.

Deputy Post Masters and all Subordinates are instructed to explain, and, as far as lies in their power, to induce the general adoption of the above practice.

Bombay Post Master General's Office, 3rd May 1856.
