The following Bill was read a second time on the 21st June 1856, and was referred to a Select Committee, who are to report thereon after the 25th of September next:—

A Bill to comprise in one Act the Provisions necessary for the Assessment and Collection of Municipal Rates and Taxes in the Towns of Calcutta, Madras, and Bombay, and the several Stations of the Settlement of Prince of Wales' Island, Singapore, and Malacca.

Whereas by special Acts for the Towns of Calcutta, Madras, and Bombay, and the Settlement of Prince of Wales' Island, Singapore, and Malacca, certain rates and taxes are imposed for raising funds for municipal purposes; and whereas it is expedient to comprise in one Act the provisions necessary for the assessment and collection of such rates and taxes; It is enacted as follows:—

I. The provisions of this Act, save so far as they may be expressly varied or excepted by the special Act, shall apply to the assessment and collection of the rates and taxes imposed by such special Act, and to the Commissioners appointed thereby for the conservancy and improvement of such Town or of any station of the said Settlement; and such special Act and this Act shall be construed together as forming one Act.

II. The Commissioners may from time to time appoint such assessors, collectors, and other officers as they shall think necessary and proper to assist in the execution of this and the special Act, and may from

time to time remove any of such officers, and may pay such salaries and allowances to the said officers respectively as the Commissioners shall think reasonable, subject to the approval of the Local Government.

III. The rate or rates imposed upon houses and lands in any of the said Towns, or in the said Settlement by the special Act, shall be assessed upon an estimate of the annual value of the property liable thereto.

IV. The annual value of the houses and lands liable to the rate shall be computed and ascertained upon an estimate of the gross annual rent at which the same might reasonably be expected to let from year to year. The value of a house so estimated shall not include the value of any machinery contained therein.

V. For the purpose of such assessment as aforesaid, the Commissioners shall from year to year cause a valuation to be made of all houses and lands liable to the rate. Such valuation, estimated as is hereinbefore provided, shall be entered in a book to be kept at the office of the Commissioners, wherein shall also be written in distinct columns the name of the owner of the property; or, if the occupier, and not the owner, is the person liable to pay the rate, the name of the occupier, a designation of the property either by name or number sufficient to identify the same, together with the name of the street or district in which such property is situate, and the amount of the rate assessed thereon.

VI. When the name of the owner or occupier is not known, it shall be sufficient to designate him in the said book, and also in any notice

or other proceeding under this Act, as "the owner" or "the occupier" of the property on which the rate is assessed, without further description.

VII. In order to enable the Commissioners to arrive at a fair valuation of such houses or lands liable to the rate, it shall be lawful for the

the Commissioners, under the provisions of this or the special Act, shall be heard and determined by two Magistrates, except in the Town of Bombay; and, in the Town of Bombay, by the Court of Petty Sessions. If there be only one Magistrate acting for any town or station, the appeal may be heard and determined by a Magistrate and a Justice of the Peace. But no appeal against a rate settled by the Commissioners under Section XI. shall be heard, unless complaint has been

previously made to the Commissioners. The mode of proceeding in such appeal shall be the same as that prescribed for the determination of matters referred to two Magistrates, and at Bombay to the said Court, by Act XIV. of 1856. Provided that such Magistrates, or such Magistrate and Justice, and such Court, may, if they shall think fit, state a case for the opinion of the Supreme Court or (in the said Settlement) of Her Majesty's Court of Judicature.

XVIII. Every such appeal shall be commenced within ten days after the accrual of the cause of complaint; which shall in respect of any rate be deemed to accrue on the date of the certificate of the Commissioners in the said book; or, in case of any subsequent amendment of the said book, under the provisions of Section XII. upon the receipt by the person aggrieved of notice of such amendment; and in respect of any tax, the cause of complaint shall be deemed to accrue upon the receipt by the person aggrieved of a bill for the sum claimed from him.

XIX. The settlement by the Commissioners of any rate or tax, when no appeal therefrom is made as hereinbefore provided, and the adjudication of any appeal under Section XVII. shall be final and conclusive.

XX. When any rate or tax is due, the Commissioners shall cause to be sent to the person liable to the payment thereof a bill for the sum due, which shall also contain a statement of the period and a description of the property or thing for which the rate or tax is charged. If the bill be for any tax, it shall also contain a notice of the time within which an appeal against such tax may be preferred.

XXI. If the Bill is not paid by the person liable to pay the same within five days from the delivery thereof, the Commissioners may cause to be served upon such person a notice of demand in the form (A) contained in the Schedule to this Act, or to the like effect; and if he shall not, within five days from the service of such notice of demand, pay the sum due, and if no appeal shall have been preferred, such sum, with all costs, may be recovered by distress and sale of the goods and chattels of the defaulter, under a warrant in the form (B) in the Schedule, or to the like effect, to be issued for that purpose by the Commissioners.

XXII. The officer charged with the execution of the warrant of distress shall make an inventory of the goods and chattels seized under any such warrant, and shall give a notice in writing, in the form (C) contained in the Schedule annexed to this Act, to the person in possession thereof at the time of the seizure, that the said goods and chattels will be sold as therein mentioned.

XXIII. If the warrant is not in the meantime discharged or suspended by the Commissioners, the goods and chattels seized shall be sold under the orders of the Commissioners, who shall apply the proceeds, or such part thereof as may be necessary, in discharge of the said arrears and costs; and the surplus, if any, shall be returned on demand to the person in possession of the goods and chattels at the time of the seizure. The fees payable upon distraints under this Act shall be such as are set forth in the table of fees in the said Schedule.

XXIV. The goods and chattels of any person from whom any rate or tax is due may be distrained wherever the same may be found, for default in the payment of the money due from such person.

XXV. If the sum due on account of any rate has accrued due from the owner of any house or land within the period of one year, and remains unpaid after notice of demand served upon the owner, the Commissioners may demand the amount from the occupier for the time being of such house or land, and, on non-payment thereof, may recover the same by distress and sale of any goods and chattels found on the premises. And in such case the occupier may deduct from the next and following payments of his rent the amount which may be so paid by or recovered from him.

XXVI. No distress levied by virtue of this or the special Act shall be deemed unlawful; nor shall any party making the same be deemed a trespasser on account of any defect or want of form in the notice, schedule, summons, notice of demand, warrant of distress, inventory, or other proceedings relating thereto; nor shall such party be deemed a trespasser *ab initio* on account of any irregularity afterwards committed by him; but all persons aggrieved by such irregularity may recover full satisfaction for the special damage in any Court of competent jurisdiction.

XXVII. Instead of proceeding by distress and sale, or in case of failure to realize by distress the whole or any part of the sum due in respect of any rate or tax, the Commissioners may sue the person liable to pay the same in any Court of competent jurisdiction.

XXVIII. Every notice, schedule, summons, bill, or service of bills, notices, &c. any assessment, rate, or tax, or any money due in respect of the same, may be served personally upon the person to whom the same is addressed, or be left at his usual place of abode with some adult male member or servant of his family, or, if it cannot be so served, may be put up on some conspicuous part of such place of abode, and shall thereby be deemed to be duly served.

XXIX. No assessment, and no charge or demand of rate or tax, made under the authority of this or the special Act, shall be impeached or affected by reason of any mistake in the name of any person liable to pay the rate or tax, or in the description of any property or thing liable to rate or tax, or any mistake in the amount of assessment: provided the directions of this Act and of the special Act be in substance and effect complied with; and no proceedings under this or the special Act shall be quashed or set aside for want of form in any Court of Justice.

XXX. Whoever wilfully obstructs or molests the Commissioners, or any one of them, or any of their officers or servants, in the performance of their respective duties under this Act, shall be liable, on conviction before a Magistrate, to a penalty not exceeding fifty Rupees.

XXXI. Every officer employed by the Commissioners to assist in the execution of this and the special Act, who accepts, or obtains or attempts to obtain, any fee or gratuity whatsoever, other than his authorised salary or allowances, for doing, or forbearing to do, any official act; or who shall be in any wise concerned or interested in any bargain or contract made by the Commissioners, shall be removed from his office, and shall be incapable of being afterwards employed by the Commissioners, and shall be liable, on conviction before a Magistrate, to a penalty not exceeding five hundred Rupees.

XXXII. No action shall be brought against the

XXXIII. The Commissioners shall, as soon after the 1st day of January in every year as may be practicable, prepare a detailed statement showing the nature and amount of the receipts and disbursements on account of the Municipal Fund for the past year, and also a report of their proceedings during that year; and such statement and report shall be printed and published for general information. No. 594 of 1856.—The Right Honorable the Governor in Council is pleased to republish in General Orders the following Notification from the Public Works Department, dated the 23rd of June last.

PUBLIC WORKS DEPARTMENT.

In lieu of the existing Scale of Qualifications required in Commissioned Officers appointed to the grade of Assistant Executive Engineer in the Public Works Department, the Right Honorable the Governor in Council has authorised the adoption of the following Revised Scale of Subjects in which Officers of the Line, presenting themselves as Candidates, must be prepared to pass the test of an Examination:—

Specification of Acquirements.	Maximum Number of Marks allotted to each Acquirement.
1. Arithmetic; including Rules of Proportion, Vulgar and Decimal Fractions, Duodecimals, Involutions and Evolution	150
2. Algebra, as far as Quadratic Equations, inclusive	70
3. Plane Geometry: the first four and Sixth Books of Euclid, with definitions of Fifth Book (or Hutton's Course)	160
4. The nature and use of Logarithms	50
5. Plane Trigonometry	160
6. Mensuration of Planes and Solids	100
7. Definitions and Construction of Conic Sections	50
8. Elementary Mechanics,—as determining the framings of Carpentry; the thickness of Piers, Abutments, and Retaining Walls, and the stability of Arches; the strength of Dykes, Embankments, Water-gates and Pipes; the flow of Water in Pipes, in open Canals, and over Weirs	200
9. The Adjustment and Use of the Theodolite, Prismatic Compass, Spirit and Mason's Levels, and a knowledge of Surveying and Levelling, to be tested by performance in the Field	400
10. Accuracy, neatness, and facility in Plan Drawing	160
11. A thorough acquaintance with the principles of Road-making	100
12. Ability to Design and Estimate for a simple Building, Bridge, or Road	250
13. A knowledge of the Nature and Properties of Building Materials	100
14. Regulations of the Department of Public Works	50
Total Maximum.	2,000

2. The minimum number of Marks indispensable to pass successfully an Examination in the above Scale is fixed at sixty per cent. of the aggregate, with the understanding that it is necessary that the Candidate shall in no one subject fail to obtain at least twenty per cent. of the maximum number of marks allotted to it.

3. Each Officer passing the above Examination, and employed in the Department of Public Works, will be considered a Probationer for the period of one year. If at the end of that period he be able to produce a certificate from the Executive Engineer or other Officer under whom he shall have been employed, countersigned by the Superintending Engineer of his Province, that he has acquired a practical knowledge of the mode in which various Works are carried out, and with the System in which Public Works are conducted, that he has evinced an aptitude for Design, and generally a taste for his adopted profession, and exhibited zeal and intelligence, and attention to his work, and to the directions of his superior, he will then be permanently admitted to the Department, and considered available for an independent charge.

4. As it is important that Assistant Executive Engineers already in the Department should be at least as well qualified as those who may hereafter be appointed, the Governor in Council has determined that all Military Officers not belonging to the Engineer Corps, who now hold appointments as such, shall be subjected to the Examination proposed for future Candidates, and that their appointments shall be regarded as purely temporary until they shall have passed, which they are required to do within a year from the date of this Notification, as well as to produce the Certificate described in the preceding paragraph as requisite from future Probationers.

5. It is possible that the exigencies of the Department of Public Works may require the employment of Officers who are not prepared to pass the tests above described, but who may yet be made useful for Survey duty or the partial Superintendence of Roads or other Works: should this be the case, Government will appoint such, on a proportionately less rate of Salary, not to exceed half the Staff Salary now allotted to Assistants, with a travelling allowance of Rs. 5 per diem when out on duty, if the Officer have passed in the Language of the District where he is to be employed, or Rs. 3 per diem if unpassed.

By order of the Right Honorable the Governor in Council,

W. HART,
Secretary to Government.

Bombay Castle, 23rd June 1856.

No. 595 of 1856.—The Right Honorable the Governor in Council is pleased to republish the following General Order by the Right Honorable the Governor General of India in Council, dated Fort William, 26th June 1856, No. 898:—

The Right Honorable the Governor General of India in Council is pleased to direct that the following Military Letter from the Honorable the Court of Directors to the Government of India, No. 64, dated 7th May 1856, with the correspondence therein referred to, be published in General Orders;—

MILITARY DEPARTMENT.

No. 64 OF 1856.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. We forward in the Packet, copy of correspondence with the War Department, on the subject of the application to Soldiers serving in India of the Royal Warrants and War Office Circular specified in the margin, "respecting the grant of Gratuities to Soldiers" of Her Majesty's Service, "for good conduct, and of Annuities for meritorious services."
2. You will observe that as the Gratuities are payable to the Soldiers after discharge from the Army, they fall within the provision already made by the East India Company, under the Act of 4th Geo. IV., Cap. 71, and are therefore to be defrayed by Her Majesty's Government.
3. The Annuities will form a charge on the Government of India, so long as the recipients are borne on the strength of a Regiment on the India Establishment. We shall therefore apprise you from time to time of the dates of the grant of those Annuities.

We are, &c.,

War Office, 25th May 1855.

SIR,—With reference to the Warrants and War Office Circular specified in the margin, respecting the grant of Gratuities to soldiers for good conduct and of Annuities for meritorious services, I am directed to acquaint you that the Secretary at War's attention has been drawn to the proper mode of paying and charging the same in those cases in which the recipients are actually serving in India; and as these rewards are payable for exemplary conduct, or distinguished service while the men are serving, as well as after discharge, it is proposed that in each case of a Gratuity being awarded to a Soldier at the time he shall be serving in a British Regiment in India, a Notification thereof should be made by this Office to the General Officer Commanding at the Presidency in which the Regiment is stationed, in order that the necessary instructions may be given in India for paying the amount out of the Company's Treasury and placing the same to the credit of the man in the Savings' Bank of his Regiment.

In like manner a Notification will be made of any Annuity granted to a Soldier while so serving, in order that the amount awarded may be issued to him by the Company's Authorities in India so long as he remains in that country, and on his return home it will be paid by the Paymaster General and charged to the British Government. I am to request, therefore, that you will inform me whether the Court of Directors concur in this mode of paying and charging such Rewards while the men are serving in India, in order that the necessary instructions may be issued for giving effect thereto.

The four Regulations referred to are herewith enclosed.

Royal Warrant, 13th April 1854.
War Office Circular of 22nd May 1854.

SIR,—The Court of Directors of the East India Company have considered your letter dated 25th May last, ¹¹⁵⁰⁸³ referring to the Royal Warrants and War Office Circular specified in the margin, "respecting the grant of Gratuities to Soldiers for good conduct, and of Annuities for meritorious services."

The Court observe that the Warrant of 13th April 1854 provides that Commanding Officers of Regiments may annually recommend under certain limits and conditions meritorious Soldiers for prospective Gratuities, which Gratuities when sanctioned are to be deposited in the Regimental Savings' Bank and paid to the Soldiers with interest, on their discharge from the Service.

Also that, by the Warrant of 14th June 1853, the Annuities awarded for distinguished or meritorious service to Sergeants, either while serving or after discharge, "may be held during service and together with Pension."

In reference to the above Regulations, the Secretary for War proposes in respect of Regiments on the India Establishment that, "as these Rewards are payable for exemplary conduct or distinguished service while the men are serving as well as after discharge," the Gratuities shall be paid out of the Company's Treasury and placed to the credit of the men in the Savings' Banks of their Regiments, and that the Annuities shall also be paid from the Company's Treasury so long as the men remain in India.

In reference to the first point, I am commanded by the Court to state that they are of opinion that all Gratuities payable to Soldiers after their discharge from the Army fall within the provision already made by the East India Company, under the Act of 4th Geo. IV., Cap. 71, and although the Court have no objection to the money being advanced from the Company's Treasury for investment in the Savings' Bank in India, they must claim reimbursement of the same from Her Majesty's Government.

With respect to the Annuities to Sergeants for distinguished services, I am directed to state that the Court view those Rewards in the light of additional Pay while on service, and as such they acquiesce in the proposition of the Secretary at War that they should be borne by India so long as the Regiments to which the Sergeants belong remain on the India Establishment.

War Department, 7th March 1856.

SIR,—With reference to the letter from this Department of 25th May last, and your reply thereto of 25th July following, relative to the proper mode of paying and charging Annuities for meritorious service awarded to Soldiers of Her Majesty's Regiments serving in India, I am directed by the Secretary of State for War to acquaint you that the subject having been brought under the consideration of the Lords Commissioners of Her Majesty's Treasury, their Lordships have stated it to be their opinion that the amount of the said Annuities should, as proposed by you, be advanced from the Company's Treasury in India. I am therefore to request that you will move the Honorable Court of Directors to cause the necessary steps to be taken to carry out the above arrangement, and that so soon as this has been done, you will acquaint me thereof for the information of the Secretary of State for War, in order that a communication to this effect may be made to the Officers Commanding in India, the Regiments in which the respective recipients may be serving, as also to the recipients themselves, of whom at present there happen to be two only, viz.

John Dwane, Quarter Master Serjeant,	60th Foot,	£ 10-0-0
Owen Farrell, Serjeant	86th Foot,	£ 15-0-0
		£ 25-0-0

I am to add that you will be pleased to state the periods from which the issue of the said Annuities will commence in India, in order that the Pay Master General may be instructed not to make any payment on that account in this Country beyond those dates.

SIR,—I am directed to acknowledge the receipt of your letter of the 28th July last, relative to the payment of Gratuities awarded to the Soldiers of Her Majesty's Service when serving in the Territory of the East India Company, as a Reward for long and meritorious service, and to acquaint you that the Lords Commissioners of Her Majesty's Treasury, to whom the subject has been referred, are of opinion that the expense of these Gratuities, which are not payable to the Soldier until discharge, should be defrayed out of Imperial Funds, and not out of the Revenues of India, except so far as such expense may be considered as already provided for by the Company, under the Act 4, Geo. IV., Cap. 71.

Under these circumstances, the system now in operation will, for the present, be adhered to.

IV. Cap. 17, and are therefore to be defrayed by Her Majesty's Government, and requesting that the necessary steps may be taken for carrying out the above arrangement.

In reply I am commanded to acquaint you that instructions will be transmitted to the several Governments in India to carry into effect the arrangement referred to, and I am directed to request that you will inform me of the dates from which it is desired that the Pensions of the two Soldiers referred to in your letter of the 7th ultimo should be paid in India, and that similar information may from time to time be supplied in regard to men to whom Annuities may hereafter be granted.

E. IMPEY,

Post Master General.

Bombay Post Master General's Office, 16th June 1856.

NOTICE.

As there is much injury to articles despatched under the Book Post Rules when put up in paper covers, the Officiating Director of the Post Office in India recommends that Books, Pamphlets, &c. be invariably, at all seasons of the year, covered with wax-cloth, having the ends open, but projecting sufficiently so as to admit of the wax-cloth being folded down.

2. As a precaution against miscarriage, it is recommended that the address on Books, Pamphlets, &c. be written not only on the wax-cloth covers, but also *inside the boards, or on the title-page*. The address, when written only on *flimsy paper covers, as heretofore customary*, has not unfrequently, together with the covers, been lost, or destroyed by friction while in transit by the dāk, and in consequence it has been found impossible to have such Books, Pamphlets, &c. delivered to the addressees.

3. Although every possible degree of care is taken by the Post Office, it is impossible in all cases to secure Parcels against injury from wet during the rains, except on the main lines of road, on which Mail Carts are used.

4. Under instructions from Government, Public Officers, when despatching Books on the Public Service during the rains, are directed to have them packed *in tin*, and sent by the *Banghy* in the place of the *Book Post*.

E. IMPEY,
Bombay, Post Master General's Office, 26th March 1856. Officiating Post Master General.

NOTICE.

The following Rules, which, under the orders of the Government of India, have been issued for the guidance of the Officers of the Post Office, are published for general information:—

I. Letters arriving at the Presidency towns by Mail Steamers will be immediately sorted for delivery, without any reference to instructions which may have been received regarding change of address. Such changes will be left to be discovered by the Delivery Officers, and be corrected in the Forward and Unclaimed Departments of the Office.

II. A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

III. Under Section XXIII. of Act XVII. of 1854, Forward Postage will be charged, in addition to all other Postage due or paid thereon, upon every letter without exception which may be re-directed in any Post Office. For example, if a letter posted in Calcutta, and addressed to Hooghly, is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due had the letter been despatched to Hooghly according to its original address.

IV. The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters not only imposes much labour upon them, but, in large Offices, seriously retards the delivery and despatch of the Mails. A Register of instructions regarding changes of address will be kept in every Post Office but it must be understood that it is impossible to guarantee that they shall be attended to, except in the case of letters received for delivery.

Camp, 7th November 1855.

(Signed) H. B. RIDDELL,
Director General of the Post Office in India.

NOTICE.

The present system of addressing letters in the Native languages being excessively inconvenient, and not affording in most cases the information most desired by the Post Office, viz. particulars regarding the Addressee, which has been ascertained to be a most frequent cause of the non-delivery of Native letters, the Public, and especially the Native portion of it, are recommended to omit from the superscription of their letters all compliments, and to write simply the full name of the person addressed, the name of the town or village, and the street or quarter in which he resides. These should occupy separate lines; but in all cases the name of the Post Town should be written by itself, in large characters, to prevent mis-sending and delay in sorting.

A model of address is given for guidance:—

To

Sheik Hingum,

Sahib Nazir of the Collector's Court,

Moozuffer Khan's Kuttra,

In the quarter Shahazadee Munde,

AHMEDABAD.

If the sender wishes the letter returned in the event of the Addressee not being found, he should write his own name and address on the back, not on the front of the letter.

Deputy Post Masters and all Subordinates are instructed to explain, and, as far as lies in their power, to induce the general adoption of the above practice.

Bombay Post Master General's Office, 3rd May 1856.

Offg. Post Master General.
