Deputy Post Master General.

Mode of Sealing Letters for the East Indies.—The Indian Post Office Authorities having again called attention to the inconvenience and frequent injury to correspondence from this country, in consequence of the melting of the wax used in sealing the Letters, and the adhesion of Letters one to the other, the Public are recommended, in all cases, to use either *prepared* wax or wafers in sealing their Letters sent to India.

By command of the Post Master General,

(Signed) ROWLAND HILL,
Secretary.

General Post Office, 15th April 1859.

Securing Letters with Sealing Wax.—The Public are urgently recommended to close all Letters, containing Remittances, Cheques, Bank Notes, or valuable Documents, with *Sealing Wax*. Bank Notes ought always to be divided, one half being sent after the receipt of the other half has been acknowledged.

Letters closed with gum, or the ordinary wafer, can be opened without any difficulty, or the slightest chance of detection.

Book Post.—As there is much injury to articles despatched under the Book Post Rules when put up in Paper covers, the Officiating Director General of the Post Office in India recommends that Books, Pamphlets, &c. be *invariably, at all seasons of the year*, covered with Wax-cloth, having the ends open, but projecting sufficiently so as to admit of the Wax-cloth being folded down.

As a precaution against miscarriage, it is recommended that the address on Books, Pamphlets, &c. be written not only on the Wax-cloth covers, but also *inside the boards, or on the title-page*. The address, when written only on *flimsy paper covers, as heretofore customary*, has not unfrequently, together with the covers, been lost, or destroyed by friction, while in transit by the Dāk, and in consequence it has been found impossible to have such Books, Pamphlets, &c. delivered to the Addressees.

Although every possible degree of care is taken by the Post Office, it is impossible in all cases to secure Parcels against injury from wet during the Rains, except on the Main Lines of Road on which Mail Carts are used.

Under instructions from Government, Public Officers, when despatching Books on the Public Service during the Rains, are directed to have them packed *in Tin*, and sent by the *Banghy*, in place of the *Book Post*.

(Signed) G. PATON,

Officiating Director General of the Post Office in India.

Calcutta, the 9th May 1856.

(Signed) CECIL BEADON,
