POST OFFICE NOTICES.

The following Rules approved of by Government respecting the Posting of Palkoe Bearers are published for the information of the Public, and for the guidance of the several Post Masters under this Presidency:

I. Travellers may be furnished with Dawk Bearers on application at the different Post Offices, where they will obtain all the requisite information as to the estimated distances between known Stations, to which only Dawk Bearers can be laid by any Post Master.

II. A set of Dawk Bearers comprizes twelve, and one Mussalchee, for which is charged, payable in advance, at the rate of eight annas per Mile; but as in many instances, owing to the delay caused by Travellers remaining longer on the road than the stipulated time, this sum is found unequal to the expense, a further sum of four annas per Mile is required to be paid as a deposit to cover any eventual expense or demurrage caused by delay on the part of the Traveller. Should none occur, the full amount of the sum deposited is refunded, upon the Traveller furnishing a certificate from the Deputy Post Master at the place where his journey finished, that he arrived there without having incurred demurrage. It is the duty of the Deputy Post Masters to furnish Travellers with certificates specifying according to circumstances whether or otherwise they have come on demurrage;—such certificate however, it must be understood, is only applicable to the Deputy Post Master's Division who grants it, for it sometimes happens that a Traveller having incurred demurrage on part of the road, by travelling subsequently during those hours originally appointed for halting, reaches the last Division within the given time.

N. B. It is to be particularly observed, that in some Districts, Bearers are with difficulty procured, and where they have to be sent a considerable distance to take up the Traveller, and in like manner to return home, for time so occupied they are paid additionally, and in all such cases Post Masters are authorized to charge the actual cost for the Traveller's Bearers.

When Demurrage is incurred adjustment of expenses deferred.

III. When it is reported that a Traveller comes on demurrage on any part of the road, the adjustment of the amount deposited to cover such expenses will be postponed until the receipt of the Bills for the Dāk from all the Post Masters through whose Divisions the Traveller may have passed.

Form to be provided to Travellers to insure their complaints being brought to notice.

IV. Travellers, whether proceeding from the Presidency or from Outstations, are provided with a Form, in which they are requested particularly to note any cause of dissatisfaction they may meet with on their journey, and the places where they meet with obstructions or irregularities on the part of the Bearers or subordinate Post Office Servants; this Form being affixed to the certificate which the Traveller has to present for signature, secures its being noticed.

When Bearers are withdrawn from their Posts by directions of the Traveller, adjustment of account how deferred.

V. When a Dāk has been ordered and circumstances may render it expedient for the Traveller to postpone his journey, or to withdraw the Bearers entirely, he will of course be held liable for any expense which may have been incurred on his account. The amount paid for the Dāk, and the amount deposited to cover demurrage, will therefore remain unadjusted until reports are received from the General Post Master on the line of route upon which the Dāk was ordered.

Weight of Travellers' Banghies limited

VI. Travellers' Baggage must not exceed for each Banghy Bardar, twenty-four seers, and this must be divided into two Parcels, or Pattaraha, of such dimensions as to render them conveniently portable when slung as Banghies.

Terms upon which a Traveller avails himself of the Post Office to lay Dāks.

VII. It is to be generally understood, that although Government permits their servants to lay Dāk Bearers for the convenience of the Public, the State derives no benefit from this source, and that neither Government nor any of their Officers are in any degree responsible to the Traveller for the misfortunes and disappointments which are inseparable from Dāk travelling; thus every Traveller travels at his own risk, and is liable to the losses and increased expenses incidental to delays and accidents, and that Government can in no instance be considered liable to make good any losses whatever.

Post Master General will investigate complaints.

VIII. When irregularities and consequent inconvenience occur to Travellers, the Post Master General on being applied to, will immediately investigate the complaint brought to his notice; but this can only be done in the same manner, and to the same end, as a superior in any other Department would interfere to enquire into complaints preferred against his subordinates.

In case of surcharge or unjust charges, Post Master General will investigate with a view to a refund.

IX. In case of surcharge alone, or charges which to the Parties complaining might appear unjust because arising out of some positive neglect or error on the part of the Deputy Post Master who lays the Dāk, it would be the duty of the Post Master General to investigate the matter with a view to afford pecuniary redress.

Penalty for refusing payments on account of Dāk Bearers.

X. In every case of refusal to make good demands on account of laying Dāk Bearers, Post Masters are authorized to detain all Letters, Parcels, &c. for the person from whom demands are due in the same manner as they are authorized to act under Clause IX of the General Rules.

Post Master General's decision final.

XI. Any decision pronounced by the Post Master General in all references relative to Dāk Bearers, to be considered final.

No. 1 of 1849.—The Right Honorable the Governor in Council is pleased to republish the following extract from the Hon'ble Court's letter in the Military Department dated the 16th December 1807.

4. The frequent applications that have been made to us by Officers of our several Military establishments in India, when in Europe, for advances of money on loan under the plea of their being otherwise unable to return to their duty; have not only caused much trouble and inconvenience, but in some instances the Company have sustained loss by the death of the parties to whom such advances have occasionally been made, and this practice has of late years increased.

5. As under the Regulations of 1796, the Military Officers are allowed to come home on furlough, and to receive their pay, and in regard to subalterns are further indulged with passage money home, their situations have been considerably improved, and they cannot reasonably expect any additional indulgence of the nature abovementioned; to prevent therefore all expectation of the like in future, we direct that you publish in General Orders to the Army, that we have been under the necessity of coming to the resolution of declaring, that Officers at home are not hereafter to expect that applications for advances of money beyond what they are allowed by the existing Regulations of the service, will be attended to.

6. This Regulation is to be considered as extending to the Marine Officers of your Establishment.
