To the SECRETARY TO THE GOVERNMENT OF BOMBAY, Military Department.

SIR,—The Government of India has recently had before it an account of the transport of the Families of Soldiers from Kurrachee to Peshawur and elsewhere in the Punjab.

Owing to the judicious arrangements made by the Authorities, both Civil and Military, and the great care and attention paid to the comfort and wants of the Families by the Officers of the Indus Flotilla, and those in whose immediate charge they were placed, this difficult task was carried out with complete success.

The approbation of the Government of India has been conveyed, through the Lieutenant Governor of the Punjaub, to the functionaries of that province who are concerned; and I am now desired to request that the Government of Bombay may be moved to make the cordial approval of the Governor General in Council known to the Officers of the Sind Commission, of the Indus Flotilla, and of the Commissariat Department, who afforded such material aid in carrying out the measure.

Notice.

Extract of a letter (paragraph 2) from Government, Financial Department, dated 5th July 1860, No. 519:—

"It would be well if the Disbursing Officers were reminded that they should take the Signatures of the Recipients of pay on the Office Copies of the Abstracts."

Notified for the information and guidance of all Officers in the Civil Department.

Bombay, 14th July 1860.

R. W. LODWICK,
Civil Auditor.

Notification.

To all HEADS of CIVIL DEPARTMENTS.

1. The Civil Auditor directs that, in future, EVERY Vernacular Abstract and Bill be *Headed FULLY in English, and have its amount entered in ENGLISH*, as it is quite impossible for him to read through the Vernacular Headings to the vast number of Bills which come before him daily for disposal; and he is, therefore, under the present system, in a great measure at the mercy of his Establishment.

2. The Accountant General has approved of this order; references to that Officer against it, therefore, need not be made.

3. All Heads of Departments are warned that Bills sent in with Vernacular Headings, after a reasonable time has elapsed for this Notification to be generally known, will be *invariably* returned unaudited.

Bombay, 28th June 1860.

R. W. LODWICK,
Civil Auditor.

Notification.

In publishing the annexed paragraph of a letter from the Government of India, No. 740, dated 16th April 1860, the Civil Auditor begs to notify,

With reference to the 18th paragraph of the Narrative of the Proceedings of the Government of Bengal, in the Educational Department; for the Second Quarter of 1858, No. 6 of 1859, dated the 4th February, I am directed to transmit the following extract (paragraphs 16 and 17) of a Despatch from the Secretary of State, in the Financial Department, No. 19 of 1860, dated the 8th February.

"16. You have rightly decided that Travelling Allowance cannot "be drawn permanently by any Officer under Government."

during the three months of the rains when he is not in the districts, as all such Bills will be returned as inadmissible. The same course will be followed in all cases when Bills are submitted for Travelling Allowance during periods not spent by the Officers forwarding them *bona fide* in their districts.

Bombay, 21st June 1860.

R. W. LODWICK,
Civil Auditor.

Notification.

With a view to prevent delay and trouble in disposing of applications for Pensions, all Heads of Departments are requested to state, in every case where a break occurs in the service of an applicant for a pension on account of the abolition of an office formerly held by him, whether he received any gratuity or not.

Bombay, 23rd June 1860.

R. W. LODWICK,
Civil Auditor.

Notification.

The attention of all Officers who submit Bills to the Audit Office is called to the following instructions:—

When deductions are made in a Bill, as in the case of Unpaid Salaries, Savings to Government, and so forth, such deductions are not, as heretofore, to be entered at the foot of the Bill, *but are to be clearly written in Red Ink, ON THE REVERSE*, as is the rule in Madras and the North-Western Provinces.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

Notice to Mariners.

DANGEROUS SHOAL IN THE MIDDLE OF THE PERSIAN GULF.

A dangerous shoal was reported some time back to exist in the middle of the Persian Gulf, by the Commander of the Ship "Shah Allum," who first discovered and sounded on it; and, in consequence thereof, the shoal, which has lately been carefully surveyed, has been called the "Shah Allum Shoal."

It lies in the middle of the Persian Gulf, equidistant from the Islands Sheykh Shayb and Halool, and its bearing from the Westward end of Sheykh Shayb is S. 55° W., distant 44 miles. The shoal forms a small bank of sharp and rugged rocks, and that portion of it where the soundings are under 20 fathoms, is only 2½ miles wide in a North and South direction, and 2 miles in an East and West direction. The dangerous part is at the North end, where is not more than one-third of a mile across, on which there is generally from 4 to 5 fathoms in overfalls, but in one spot there are rocks having only from 15 to 17 feet on them, according to the tide, the time of which is not accurately known. The least water on any part of the shoal is not less than 12 feet.

The "Shah Allum Shoal" is steep to all round, having 37 fathoms at its South extremity, and from 40 to 45 fathoms at its North, about a mile distant from the shoal, which renders it all the more dangerous, as this great depth of water produces no discolouration on its surface, nor does it allow the shoal to be seen from aloft until on it, but the bottom may be seen, when in seven fathoms, and plainly when under that depth. Sea-birds frequent the site of the shoal, and flocks of them are generally to be seen hovering over it. There are sometimes also slight marks observable on the water, in its vicinity, supposed to be caused by the tides.

In clear weather, the mountains on the coast of Persia between Taurie and Nakhiloo, can be distinctly seen from the shoal, and the well known landmark called Assaloo Notch bears from it N. 51° E.

The shoalest spot is in Latitude 26° 25' 20" North, and 1° 40' 13" East of Bushire Residency Flagstaff.
