PUBLIC WORKS DEPARTMENT.

His Excellency the Honorable the Governor in Council is pleased to publish, for general information, the following Resolution, passed by the Government of India in the Financial Department, under date 19th July 1860:—

"No. 6370.

Extract from the Proceedings of the Government of India in the Financial Department, dated 19th July 1860.

[Read an endorsement from the Public Works Department, No. 3079, dated 21st ultimo, forwarding, for consideration and orders, a letter from the Government of Fort St. George, relative to the allowances of Military Officers in Civil employ during absence on privilege leave.]

Resolution.—Under orders of the Secretary of State, dated 19th May 1859, privilege leave may be allowed to a Military Officer in Civil employ for a period of three months, as prescribed in the Civil rules, but the allowances are to be regulated by the Military rules, under which any expense incurred in providing for the performance of the duties of the absentee is made good by him.

2. If sick or private affairs' leave is taken, in continuation of three months' privilege leave, the above rule applies to the allowances of the first two months of the privilege leave only, after which the reduction prescribed in cases of absence on sick or private affairs' leave under Military rules will commence.

3. Lieutenant Colonel Lawford, Deputy Chief Engineer, Madras, Northern Circle, now represents the hardship inflicted on Officers situated like himself, by the forfeiture of one-half month's pay, during the three months' cumulative privilege leave.

4. Lieutenant Colonel Lawford points out that he has served nearly 33 years in India, and that consequently it is no object now to him to count one month's service while on leave; in this respect therefore the privilege of three months' cumulative leave is to him and to those situated like him, altogether null and void.

5. He also points out that the Civil Officers of the Public Works Department, both Covenanted and Uncovenanted, are entitled to cumulative leave, without any loss of salary, while Officers on the Military Staff are entitled to sixty days' privilege leave annually, on the same terms.

6. It is thus seen that, whereas a Civilian can obtain, say in nine years, as many months' privilege leave, taken either annually or cumulatively on three different occasions, without any loss of allowances, and a Military Staff Officer no less than eighteen months' privilege leave in the same period, taken by instalments of two months annually, and on the same terms, a Military Officer in Civil employ is only entitled to nine months' privilege leave in the same period, and if it be taken cumulatively, in periods of three months each time, he will receive in the aggregate seven and half months' pay, or and one a half month's pay less than a Covenanted or Uncovenanted Officer of the same Department.

7. This appears to the Chief Engineer to bear hard upon Military Officers in Civil employ, and particularly upon those who, like Lieutenant Colonel Lawford, have served their full time for Colonel's pension, and therefore have nothing to gain on that score. But, at the same time, he is of opinion that, if any modification of the rule is made, it should be made to include all Military Officers in Civil employ whatever be their period of service, and not be confined to one class only.

8. To the Government of Madras it appears that there is justice in Lieutenant Colonel Lawford's representations, and they therefore recommend the case to the favourable consideration of the Government of India; at least in so far as it concerns Officers who have served their full time.

9. The Governor General in Council, however, does not see that Lieutenant Colonel Lawford has anything to complain of. The three months' cumulative leave was granted to Military men in Civil employ as a boon, because it was found in practice to be impossible to make arrangements which would allow of their taking privilege leave *strictly* in accordance with the Military rules.

10. With regard to the allowances granted to them during such leave, it has to be observed that privilege leave to Covenanted Civilians used to be granted on condition that any expense incurred in providing substitutes to officiate during their absence should be defrayed by the absentees.

11. It was subsequently found, that the deductions made from the salaries of Civilians absent on leave were so large that a considerable surplus was credited every year to the Absentee Fund; and under these circumstances, when the new Absentee Rules, dated 8th June 1855, were promulgated, it was provided that privilege leave should be allowed to Civilians without any deduction of salary, in the belief that the cost of substitutes would be defrayed out of the amount that would otherwise have been saved to Government.

12. This expectation has been fully realised. Since the operation of the new rules, the sums standing at the credit of the Fund, after defraying the allowances of the acting Officers, have still been very large, and there is not therefore any prospect of the State ever being saddled with any expense, in consequence of the absence on leave of its Covenanted Civil Servants.

13. In respect to Uncovenanted Servants again, it is distinctly provided in Clause 1,* Section VI.

* See Financial Notification No. 25, of the Uncovenanted Leave Rules, that privilege leave may be granted provided it is attended with no "Additional expense to Government." It is further provided in the concluding part of Section XIV. that "no additional expense is on any account to be incurred by the absence of any Officer on leave."

14. The same rule is observed in respect to Military Officers. The principle is that the State shall not be put to extra expense by the absence of any of its servants, and as in the case of Military Officers in Civil employ there is no Fund, as in the case of Covenanted Civilians, to meet the cost of substitutes, they, like Uncovenanted Servants, are themselves obliged to defray any additional expense. The orders which permitted them to take cumulative leave for three months made no alteration in respect to their allowances. They merely placed them on the same footing with Civilians in respect to the *period* of privilege leave; and this was done simply with the view of improving the position in which they were previously placed. Were they allowed the same indulgence as Civilians in respect to *allowances*, the expense of their substitutes would obviously fall on the State, and thereby infringe the great principle on which all the Absentee Rules are founded, as above adverted to.

15. The Governor General in Council cannot think, under such circumstances, that it would be expedient to accede to the recommendation of the Madras Government.

Ordered, that a copy of the foregoing Resolution be sent to the Public Works Department with reference to the endorsement above alluded to, for communication to the Government of Fort Saint George.

Ordered also, that a copy be sent to the several Civil Auditors for information.

“GENERAL ORDER.

MILITARY DEPARTMENT.

Fort William, 11th September 1860.

No. 918 of 1860.—His Excellency the Governor General in Council has reason to believe that at some Stations there prevails, amongst the English Soldiers of the Local Army, a misapprehension as to the bearing which the provisions of a Bill lately proposed to Parliament by Her Majesty's Government will have upon the condition of the Non-Commissioned Officers and Men of Her Majesty's Indian Forces.

The Governor General in Council is able to state, for general information, that no change whatever in the condition of the Non-Commissioned Officers and Men of these Forces is provided by the Bill or contemplated by Her Majesty's Government.

It is the intention of Her Majesty's Government that the rights, privileges, and exemptions, of every man now serving in Her Majesty's Indian Forces shall, for the whole time of his service, remain precisely what they now are;

that no man shall be called upon to serve out of India during the term of his engagement, but that at the end of that term, he shall take his discharge, unless he shall desire to enlist into Her Majesty's Army for general service, which he will be free to do; and that during each man's term of engagement, he shall not be required to serve otherwise than in Her Majesty's Indian Forces, and in such Arm of them as he has chosen for himself.

The intention of Her Majesty's Government in introducing the Bill is to put a stop to recruiting for Military Service exclusively in India.

The Governor-General in Council desires to save the men of Her Majesty's Indian Forces from any mistake on a subject so nearly affecting their feelings and their interests, and with this view the present General Order is issued.

(Signed) R. J. H. BIRCH, Major General,
Secretary to the Government of India."

No. 1.

With reference to paragraph 1 of Circular No. 1309, dated 12th September 1860—When deductions have been made by the Civil Auditor on the reverse of Abstracts at the time of their Audit, Officers have been hitherto in the habit of returning the passed Bills with their appeals against these deductions,

and of requesting that the said Bills may be passed on re-audit. This practice is irregular, and should never be followed. If an Officer considers that a deduction has been made in excess from his Bill, he should in all cases prefer a separate Bill for the amount deducted by the Civil Auditor, which will either be passed or rejected by that Officer on a reconsideration of the case, and the explanation afforded.

No. 3.

In accordance with paragraph 1, of Circular No. 1309, dated the 12th September 1860, the following ruling of the Supreme Government is notified, *specially* for the information of Officers in Civil employ, as well as for general information :—

It has hitherto been customary in Bombay, Bengal, and elsewhere, to refuse to an Officer in Civil employ Travelling Expenses when joining his first appointment in the Civil Department.

Under this rule, the Officiating Civil Auditor, Punjaub, declined to pass a charge of the above nature; and when it was referred to the Civil Auditor at Calcutta, by the Supreme Government, that Officer reported that the practice was similar in his own Office.

The Right Honorable the Governor General in Council ruled, however, that the views of the two Auditors were erroneous, and that, in consequence, Travelling Allowance was to be granted to Officers in Civil employ on the occasion of travelling to join their first appointment.

Resolution, Financial Department, No. 7870, dated 18th August 1860.

Bills on the above account will therefore henceforward be admitted in this Office.

1st. In regard to the mode of adjustment, it appears that, according to the practice observed in the Civil Department, the Officer taking leave is considered absent from the date he makes over charge of his Office, unless it is specifically stated that the charge was made over to the *locum tenens* after the usual working hours of the day, i.e. after 4½ p.m., in which case the absence is held to commence from the following day. In cases in which the person obtaining leave makes over charge of his Office before the commencement of the usual business of the day (say at 10 a.m.), he is considered absent from that day, and his allowance regulated accordingly. In the absence of any such specification, the practice in the Civil Department is to reckon the Absentee Allowances as commencing from the very date the Officer makes over charge, although that practice is different from that observed in the Military Department, where such allowances are held to commence from the day following that on which an Officer makes over charge of his Office.

portion of paragraph 13, of a Resolution of the Supreme Government, No. 3327, dated the 13th April 1860, laying down the rule which should be followed in reckoning the date of commencement of absence from duty, is published for general information on those orders.

Government having been pleased to order the substitution of Drafts for Remittance Lists, as the medium for the remittances authorised to be made in the amended Civil Remittance Rules, published in the *Government Gazette*, dated 27th November 1856, it is hereby notified, for general information, that Remittance Lists will be discontinued from the 1st of November next.

2. The Drafts to be drawn may be technically described as "Supply," "Public Service," and "Remittance," and are to be thus headed in future.

3. The "Supply" Drafts, which may only be drawn when authorised, are severally to be for not less than Rupees 500, and for even hundreds above that amount, unless their issue for smaller sums may be specially sanctioned.

4. The nature of the "Public Service" Drafts is sufficiently described by the title. They may be for any amount; and it is expected that they will be adjusted without delay.

5. Those for personal Remittances are subject to the restrictions imposed in the Civil Remittance Rules, published on the 27th November 1856; and it will be the duty of Officers in charge of Treasuries to guard against those Rules being infringed. 7. The particular attention of Officers in charge of Civil Treasuries is directed to the Rules regarding Bills of Exchange, dated 30th November 1854.

8. With the view of affording Disbursing Officers a further means of testing the validity of Drafts drawn upon their Treasuries, they are to bear, in future, a consecutive number in reference to each Treasury, as well as the general number ordered in the 3rd of the above-mentioned Rules.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

CONTRACT FOR THE SUPPLY OF FRESH MEAT, TALLOW, &c.

Persons desirous of entering into a Contract for the supply of such Fresh Meat, Tallow, &c., as may be required by the Commissariat Department at the Presidency for the term of one year, from the date of the acceptance of the Tender, may, on application at this Office, from 11 A.M. till 5 P.M. daily (Sundays excepted), obtain Copies of the Schedule or List of Prices, and such information relating thereto as they may require.

2. No person will be allowed to tender for the Contract unless he deposit in this Office, in cash, the sum of Rupees (2,800) Two thousand Eight hundred, which will be forfeited in the event of withdrawal of his Tender before the Commissary General, or other authorised person in that behalf, shall have signified to him, by a notice in writing, his refusal to accept such Tender, or in the event of delay, evasion, or refusal, on his part, to furnish the requisite further security, and execute the Deed of Contract, when required to do so on his Tender being accepted.

3. The further security required is Bonded Security to the amount of Rupees (11,200) Eleven thousand Two hundred, subject to the approval of the Government Solicitor; and this, together with the amount previously deposited, will be held as a guarantee for the due fulfilment of the Contract.

4. Sealed Tenders for the Contract will be received at this Office on Friday the 28th instant, at 2 o'clock precisely. Tenders must specify a per-centage above or below the prices exhibited in the above List, at which the supply will be made.

5. The articles supplied must be of unexceptionable quality, or of the sort usually supplied, and are to be delivered, in the first instance, at the Commissariat Stores, if required, and afterwards to the Indenting Departments, in good condition, free of all charges beyond the stipulated price, in such quantities as may, from time to time, be demanded, being liable to examination and rejection by the Executive Commissariat Officer, or by the Indenting or Receiving Officers, or by a Committee of Officers appointed, on the part of Government, in the event of the Contractor being dissatisfied with the decision of the above Officers, or either of them.

6. It is to be clearly understood that such of the articles specified in the Schedule as form part of the rations for European Soldiers or Hospital diet, are to be supplied under the rules laid down in G. G. O. No. 613, of the 10th October 1853, and No. 33, of the 11th January 1854, copies of which may be seen in this Office.

7. In case the said articles, or any of them, shall be rejected by the Committee so appointed, the said Committee shall not be required to assign or give any reason for such rejection, but the decision of such Committee shall be final and conclusive; and it shall not be competent to the Contractor, his Heirs, Executors, or Administrators, to question such decision in any Court of Law or Equity, or otherwise howsoever.

8. The Contractor must comply immediately with emergent demands, and meet others of less urgency within the periods stated in the Requisitions made upon him; in failure whereof, or if any supply be rejected or condemned by a Committee as aforesaid, the articles, or such others as may be required in lieu thereof, may be at once purchased by this Department, at his risk and cost; and in all such cases Thirty (30) per Cent. upon the amount of expenses incurred, or a fine not exceeding Rupees (200) Two hundred, at the option of the Executive Commissariat Officer, shall be levied as liquidated damages for each and every such breach of Contract,—the condemnation of any article by a Committee being held to constitute a breach of Contract, whether the rejected articles be replaced by the Contractor or by this Department. In every such case the Contract may be cancelled at the discretion of the Commissary General; and if it be so cancelled, the Cash Deposit, mentioned in paragraph 2 of this Notice, will be forfeited to Government.

9. Any delay, negligence, evasion, or refusal on the part of a Contractor to make supplies or obey orders, or any attempt on his part, or that of his Agents, to pass off articles of an inferior quality in lieu of those he is bound to supply, or any neglect to deliver them at the time and place appointed, will subject him to be fined to the extent of Rupees (25) Twenty-five by the Executive Commissariat Officer: an appeal from his order may be made to the Commissary General, whose decision is to be final; but when any of the penalties provided for in the preceding clause are exacted, no further penalty shall be leviable under this clause.

10. The Contractor, or an accredited Agent on his part, approved of by the Executive Commissariat Officer, must attend at this Office during the usual hours of business, *i. e.* from 10 A.M. to 5 P.M. daily (Sundays excepted), also at such other time or place as may be indicated by the Executive Commissariat Officer, when it may be considered desirable for the public service to require such attendance.

11. Any party whose Tender is accepted must produce Sureties, such as shall meet the approval of the Government Solicitor, within Fifteen days from the date of the acceptance of his Tender, or the Contract will be resold, and the amount deposited by the Tenderer forfeited to Government. No reason will be stated for rejecting any Security offered.

12. Bills for articles supplied under this Contract must be preferred for examination within one month from the date of the delivery of the same, or the Contractor will forfeit their full value, unless it clearly appear, to the satisfaction of the Commissary General, that the delay was unavoidable. Payment of Bills passed in this Office must be claimed within Five days after they are passed, or the amount will be forfeited to Government.

13. The amount of Retrenchments made by the auditing Authorities on the Contractor's Bills will be recovered from the first sums payable to him; but in the event of such Retrenchments, or any portion thereof, being remitted, the amount remitted will be refunded.

14. Any party who, after tendering for the Contract, fails to furnish the necessary Security, as provided for in Clauses 3 and 11 of this Notice, will be interdicted from tendering on future occasions, unless he produce a document from some person or persons of unexceptionable character and sufficient means, guaranteeing the due finding of the requisite Security, and execution by him of the Deed of Contract, on his Tender being accepted.

15. Persons intending to tender may, on application, see a statement of the actual annual consumption during the past years; but it is to be distinctly understood that supplies must be furnished to any extent required, without reference to such former consumption.

16. No reason will be assigned for the rejection of any Tender.

17. Tenders should be superscribed "Tender for the supply of Fresh Meat, Tallow, &c."

4. Verbal offers for the Contract will be received at this Office on Monday, the 1st of October next, at 12 o'clock (noon) precisely, when Bidders will be required to bid a percentage above or below the prices exhibited in the above list, at which the supply will be made.

5. The articles supplied must be of unexceptionable quality, and according to musters which may be seen in this Office, or of the sort usually supplied, and are to be delivered, in the first instance, at the Commissariat Stores, if required, and afterwards to the Indenting Department, in good condition, free of all charges beyond the stipulated price, in such quantities as may, from time to time, be demanded, being liable to examination and rejection by the Executive Commissariat Officer, or by the Indenting or Receiving Officer, or by a Committee of Officers appointed on the part of Government, in the event of the Contractor being dissatisfied with the decision of the above Officers, or either of them.

6. It is to be clearly understood that such of the articles specified in the Schedule as form part of the rations of European Soldiers, or Hospital Diet, are to be supplied under the Rules laid down in G. G. O. No. 613, of 10th October 1853, and No. 33, of 11th January 1854, copies of which may be seen at this Office.

7. In case the said articles, or any of them, shall be rejected by the Committee so appointed, the said Committee shall not be required to assign or give any reason for such rejection, but the decision of such Committee shall be final and conclusive; and it shall not be competent to the Contractor, his Heirs, Executors, or Administrators, to question such decision in any Court of Law or Equity, or otherwise howsoever.

8. The Contractor must comply immediately with all emergent demands, and meet others of less urgency, within the periods stated in the Requisitions made upon him; in failure whereof, or if any supply be rejected or condemned by a Committee as aforesaid, the articles, or such others as may be required in lieu thereof, may at once be purchased by this Department at his risk and cost; and in all such cases, Thirty (30) per cent. upon the amount of expense incurred, or a fine not exceeding Fifty Rupees (50), at the option of the Executive Commissariat Officer, shall be levied as liquidated damages for each and every such breach of Contract,—the condemnation of any article by a Committee being held to constitute a breach of Contract, whether the rejected articles be replaced by the Contractor or by this Department; in every such case, the Contract may be cancelled at the discretion of the Commissary General of the Army; and if it be so cancelled, the Cash deposit, mentioned in paragraph 2 of this Notice, will be forfeited to Government.

9. Any delay, negligence, evasion, or refusal, on the part of the Contractor, to make supplies or obey orders, or any attempt on his part, or that of his Agents, to pass off articles of an inferior quality in lieu of those he is bound to supply, or any neglect to deliver them at the time and place ordered, will subject him to be fined to the extent of Rupees (25) Twenty-five by the Executive Commissariat Officer. An appeal from his order may be made to the Commissary General, whose decision is to be final; but

when any of the penalties provided for in the preceding clause are exacted, no further penalty shall be leviable under this clause.

10. The Contractor, or an accredited Agent on his part, approved of by the Executive Commissariat Officer, must attend at this Office during the usual hours of business, *i. e.* from 10 A.M. to 5 P.M. daily (Sundays excepted), also at such other time or place as may be indicated by the Executive Commissariat Officer, when it may be considered desirable for the public service to require such attendance.

11. Any party whose offer is accepted must produce Sureties, such as shall meet the approval of the Cantonment and Civil Authorities, within Fifteen days from the date of the acceptance of his offer, or the Contract will be re-sold, and the amount deposited by the Bidder forfeited to Government. No reason will be assigned for rejecting any Security offered.

12. Bills for articles supplied under this Contract must be preferred for examination within one month from the date of the delivery of the same, or the Contractor will forfeit their full value, unless it clearly appear, to the satisfaction of the Commissary General, that the delay was unavoidable. Payment of Bills passed in this Office must be claimed within Five days after they are passed, or the amount will be forfeited to Government.

13. The amount of Retrenchments made by the auditing authorities on the Contractor's Bills will be recovered from the first sums payable to him; but in the event of such Retrenchments, or any portion thereof, being remitted, the amount remitted will be refunded.

14. Any party who, after offering for the Contract, fails to furnish the necessary Security as provided for in Clause 3 of this Notice, will be interdicted from bidding on future occasions, unless he produce a Certificate from some individual of unexceptionable character, and sufficient means, guaranteeing the due finding of the requisite Security, and execution by him of the Deed of Contract on his offer being accepted.

15. Persons intending to offer may, on application, see a Statement of the actual annual consumption during the past years; but it is to be distinctly understood that supplies must be furnished, to any extent that may be required, without any reference to such former consumption.

16. No reason will be assigned for the rejection of any offer.

PASSENGER TRAIN.

1st. The Train will start at 3 P. M. daily from each end of the Line, and also from each Halting Station, at the same hour, except on Sundays, when Passengers will not be received unless in cases of emergency. This is not applicable to Passengers wishing to travel through without halting; but whenever halts are made, the above hour for starting must be conformed to; if voluntary halts be made at any Station beyond 24 hours, demurrage will be charged at the rate of two Rupees per every hour in excess of that time.

2nd. Twenty pounds of Luggage will be allowed free of charge to Passengers travelling by spring cart, and ten pounds per muster cart. A spring cart will carry two adults, and a muster and country cart, four.

3rd. All Luggage in excess of the above weight must be paid for, and will be sent with the Travellers on country carts at the Train rates of hire; 500 pounds in weight are allowed to each cart in the fair weather, and 400 pounds in the monsoon.

4th. All fares for Passengers and excess Luggage must be prepaid.

6th. Passengers are on no account whatever to ill-treat the Cattle, Drivers, or Subordinates of the Train. Should any person employed in the Department evince a want of proper civility, or cause unnecessary inconvenience, the same should be reported to the Director at Bombay, or to the Assistant Director at Mhow, detailing all particulars, with the names of the Drivers, Stations, Dates, &c.

7th. Passengers are earnestly requested to conform strictly to the above Rules, as infringements of them not only disturb the arrangements of the Department and interrupt the working of the Train, but may cause considerable inconvenience to themselves.

These Tickets should be enclosed or presented to the Inspector of the Transport Train at Wassind, who will, on receipt of the Goods from Bombay by Railway, forward them to their respective destinations.

3rd. Goods, including Opium, intended for despatch upward, will in like manner be forwarded from Indore, Mhow, and all the principal intermediate Stations.

4th. Goods Trains will necessarily travel at a slower rate than Passenger Trains, and be subject to greater detention at the Halting Stations, for examination and such repairs to carts as may be found necessary.

5th. One spare cart will be allowed to every ten engaged for Opium and other Goods, for the accommodation of the Escort in charge, and to prevent delay in cases of accident.

Letters, Papers &c., for Dharaseo from the North should be forwarded in the Packet for Mominabad, and from the South in that for Barsee.

Bombay, Post Master General's Office, 4th August 1860.

Letters by Express.—As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director General of the Post Office desires to intimate to the Public that he has authorised the Post Master of Bombay to despatch by the Express letters received by the Steamer addressed to persons who may have stated in writing their wish to have their letters so forwarded, and who have engaged to pay the Express Postage of One Rupee for every quarter of an ounce.

If, therefore, any persons desire that their Overland letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and when its weight will admit of additional letters being despatched.

H. B. RIDDELL,

Director General of the Post Office of India.
