FINANCIAL DEPARTMENT.

The following communication from the Government of India is published for general information:—

"No. 9784.

EXTRACT from the Proceedings of the Government of India, in the Financial Department, dated 20th September 1860.

READ the following:—

From the DEPUTY SECRETARY to GOVERNMENT Fort Saint George, to the SECRETARY to the GOVERNMENT OF INDIA, No. 274, dated 20th August 1860.

SIR,—Referring to the order of the Government of India, 3rd May 1860, Financial Department, No. 4107, that every case of superannuation pension, not strictly supported by the rules or the existing orders of the Government of India or of the Home authorities, be invariably reported to the Supreme Government for sanction, I am desired to request that the Government of India will be pleased to confirm the proceedings of this Government in the cases mentioned below.

2. The extensive reductions of establishment in the Revenue Department, now being carried out in the Madras Presidency, throws out of employ a large number of persons for whom it is frequently impossible to find employment; many of these are so advanced in years that, although a medical officer might, from the absence of specific disease or ailment, hesitate to grant a medical certificate, such as is required by the rules, they cannot in the natural order of things be expected to render further effective service.

3. Three old servants* in the South Arcot district have been lately recommended for pension, as having lost their posts in consequence of the reduction of the establishment. Their services range from 32 to 36 years. They have not submitted medical certificates; but seeing they are not likely, at their advanced

age, with so many younger and more efficient men to be provided for, to obtain employment elsewhere, and considering also that an immediate saving is the result of their removal from service, this Government have, in anticipation of the sanction of the Government of India, granted them pensions at the ordinary rate.

4. I am further to add that, as it is probable similar applications for superannuation pension will be received, this Government would request that they may be authorised, at their discretion, to grant pensions to such persons, thrown out of employ by reduction of establishment, without production of medical certificate, as can show 30 or more years of service, admissible under the pension rules.

Financial Department, Fort William, the 20th September 1860.

RESOLUTION.—The Governor General in Council is pleased, with reference to the orders passed by the Secretary of State, in paragraph 4 of Financial despatch, No. 46 of 1859, dated 26th May, in the case of the copyists of the Bengal Secretariat, to confirm the proceedings of the Madras Government in the three cases mentioned above, and also to vest that Government with authority to grant pensions, in future, at its discretion, to persons similarly thrown out of employ by reduction of establishment, who can show 30 or more years of service, but who cannot produce medical certificates of unfitness for further duty.

2. His Excellency in Council is pleased to allow the other local Governments to use similar authority in like cases, subject to the restriction proposed, viz., that the applicants shall show 30 or more years service in each case.

Copy of the above sent to the Madras Government, in reply to its letter, No. 274, dated 30th ultimo and to the other local Governments, for information and guidance.

Copy also sent to all the Departments, and the Civil Auditors, for information and guidance.

PUBLIC WORKS DEPARTMENT.

The Honorable the Governor in Council is pleased to publish, for general information, the following Resolution passed by the Government of India, in the Financial Department, under date 9th August 1860:—

“No. 7747.

Extract from the Proceedings of the Government of India, in the Financial Department dated 9th August 1860.

READ an Endorsement from the Foreign Department, No. 2383, dated 2nd ultimo, forwarding, for consideration and orders, papers relative to the acting allowances of Captain E. Thompson, Officiating Deputy Commissioner of Seetapoor.

RESOLUTION.—Section 13 of the New Military Furlough Rules, dated 17th November 1854, provides that “an Officer holding a Staff or other detached appointment will be allowed to be absent on sick certificate in England or elsewhere beyond sea for a period of 15 months, without losing his appointment; and that during the first six months only of such absence he will be entitled to draw half the Staff salary of his appointment, the Officer officiating for him drawing the remaining half salary during the first six months, and the whole salary during the remainder of the time.”

2. A question having subsequently arisen relative to the title of Acting Officers in the *Department of Public Works* to full Staff pay after having acted for six months *vice* a permanent incumbent on sick furlough, it was decided by this Government that the first Acting Officer became entitled to full Staff pay at the expiration of six months from the date of the permanent incumbent's quitting his Office; but that, in the event of the first Acting Officer's proceeding on sick leave, he forfeited all claim to any portion of the Staff salary, and the next Acting Officer was entitled to the full salary.

3. With reference to this decision, the late Court of Directors, in paragraph 11 of their Financial Despatch No. 78, dated 4th November 1857, wrote—“We cannot approve your decision in this case, as no Officer appointed to act for another is entitled to full Staff pay, until he shall have been performing those duties for more than six months.”

4. Under this interpretation, an Acting Officer has been held as not entitled to the full salary of the place in which he officiates, until he “himself has acted for six months, without reference to the period that may have elapsed from the date of the permanent incumbent's proceeding to England on sick furlough,” or to the fact of his predecessor having been restricted to half Staff salary during “the first six months of his officiating incumbency.”

5. Two years after the date of the above orders of the Honorable Court, the Military Auditor General inquired, on the 23rd November 1859, whether those orders were to be confined to the Department of Public Works, a case in which Department elicited the orders, or whether they were to apply to all Staff appointments and salaries in the Army, which were ordinarily divisible between an absentee and his *locum tenens*, i. e., the half or full salary forfeited by the former was made over to the latter, although on date of such lapse of the full salary to the *locum tenens* he may not have officiated for six months.

6. The question having been referred home, the Secretary of State wrote, on the 8th February last, that the Rule of the 4th November 1857 (quoted above) may be applied to all cases of Military Officers in Civil employ, as recommended by this Government.

7. Thus stands the rule. The case now submitted for consideration is as follows:—

8. Captain E. Thompson, who officiated as Deputy Commissioner, Seetapoor, from 6th December 1858 to 17th March 1859, during the absence on sick leave to Europe of Major Evans, the permanent incumbent sent a bill to the Civil Auditor for the full salary of the appointment, from the date he commenced to officiate, on the ground that the full salary was available in consequence of Major Evans having been absent over six months.

9. The Auditor, however, refused to admit the claim, on the strength of the Honorable Court's orders of 4th November 1857.

10. Against this decision Captain Thompson urges that that rule did not originally extend to Military Officers in Civil employ; that the extension was subsequently made under orders from the Secretary of State, dated 8th February 1860; that Section 13 of the New Military Furlough Rules admits of his drawing the full allowances forfeited by the Officer for whom he acted; that this Section remained in force until it was modified by the Home Government; that it had not been modified in any way affecting Military Officers in Civil employ at the time he officiated as Deputy Commissioner; that the subsequent interpretation of Section 13, as ordered by the Secretary of State, had no retrospective effect; and that he is, therefore, qualified to draw the full allowances claimed.

11. The Governor General in Council is, however, of opinion that the Auditor is right. It is true that Section 13 remains in force; but it has been explained by the Home Government that the six months mentioned in that Section were intended to mean the “first six months” of the acting Officer's incumbency, not of the absence of the absentee, as before understood; and it seems clear that the mere fact of the meaning of the Section not having, in the first instance, been rightly understood, can give no ground of claim. Every case now to be decided must be decided in conformity to the proper bearing of the Rule.

By order of His Excellency the Honorable the Governor in Council,

WALTER SCOTT, Colonel,

Secretary to Government.

Bombay Castle, 8th October 1860.

Information is hereby given, that the LIGHT at COCHIN, instead of being raised to a height of 114 feet as usual, on and after the 15th September, will continue to be displayed at the lower elevation of 67 feet, until further notice. It may not therefore be visible beyond 8 or 9 miles.

2. The Flag-Staff being under repair, a smaller (temporary) Mast for signalling will be put up, which will not be seen at any great distance.

No. 567 of 1860.—The following General Order by the Government of India, dated Fort William, the 14th September 1860, No. 926, is republished:—

"The following Extract from the *London Gazette*, of the 3rd August 1860, is published for general information:—

WAR OFFICE, 3RD AUGUST 1860.

The Queen has been graciously pleased to signify Her intention to confer the Decoration of the Victoria Cross on the undermentioned Officers of Her Majesty's Indian Forces, whose claims to the same have been submitted for Her Majesty's approval, in consideration of their gallantry and distinguished conduct during the operations of the Expeditionary Force in Persia in 1856-57, as recorded against their several names, viz:—

Regiment.	Rank and Name.	Act of Bravery for which recommended.
20th Bombay Native Infantry.	Captain John Augustus Wood. Date of Act of Bravery, 9th December 1856.	On the 9th of December 1856, Captain Wood led the Grenadier Company which formed the head of the Assaulting Column sent against Bushire. He was the first man on the Parapet of the Fort, where he was instantly attacked by a large number of the Garrison, who suddenly sprang on him from a Trench cut in the Parapet itself. These men fired a volley at Captain Wood and the head of the storming party, when only a yard or two distant from that Officer; but, although Captain Wood was struck by no less than seven musket balls, he at once threw himself upon the Enemy, passed his sword through the body of their Leader, and being closely followed by the men of his Company, speedily overcame all opposition, and established himself in the place. Captain Wood's decision, energy, and determined valour, undoubtedly contributed in a high degree to the success of the attack. His wounds compelled him to leave the Force for a time; but, with the true spirit of a good Soldier, he rejoined his Regiment, and returned to his duty at Bushire before the wounds were properly healed.
3rd Bombay Light Cavalry.	Lieutenant and Adjutant Arthur Thomas Moore, and Lieutenant John Grant Malcolmson. Date of Acts of Bravery, 8th February 1857.	On the occasion of an attack on the Enemy, on the 8th of February 1857, led by Lieutenant Colonel Forbes, C.B., Lieutenant Moore, the Adjutant of the Regiment, was perhaps the first of all by a horse's length. His horse leaped into the square, and instantly fell dead, crushing down his rider, and breaking his sword as he fell amid the broken ranks of the Enemy. Lieutenant Moore speedily extricated himself and attempted with his broken sword to force his way through the press; but he would assuredly have lost his life, had not the gallant young Lieutenant Malcolmson, observing his peril, fought his way to his dismounted comrade, through a crowd of enemies, to his rescue, and giving him his stirrup safely carried him through everything out of the throng. The thoughtfulness for others, cool determination, devoted courage, and ready activity shown in extreme danger by this young officer, Lieutenant Malcolmson, appear to have been most admirable, and to be worthy of the highest honour.

(Signed) R. J. H. BIRCH, Major General,
Secretary to the Government of India."

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

LIGHT HOUSE NEAR JERVIS' BAY.

*The Treasury, New South Wales,
16th August 1860.*

His Excellency the Governor General directs the publication of the following notice respecting the exhibition of a Light at the new Light House near Jervis' Bay.

(Signed) E. C. WEEKES.

NEW SOUTH WALES.

*East Coast of Australia—Light House near
Jervis Bay.*

The bearings given are magnetic, the distances are in nautical miles, and the variation is $10^{\circ} 15'$ E.

A white stone Tower has been erected on a prominent headland, situated $2\frac{1}{2}$ miles south of the southern bluff (Bowen Island) of Jervis' Bay, and 2 miles north of the projection known as Cape St. George, on the coast of New South Wales, from which a light will be exhibited on and after the 1st of October next.

The Tower is 61 feet high, and the centre of the Light will be 224 feet above high water level, and will be visible in all directions of the horizon from north 27° E., round by the eastward to south $0^{\circ} 40'$ W.

It will also be visible $19^{\circ} 52'$ further to the westward over a sloping hill, situated to the southward of the Light House, but only when at a considerable distance to the southward of the same.

The Light is on the Catoptric principle of the third class, and revolving, exhibiting at intervals of 30 seconds, a red, green, and white light alternately.

The intensity of the white light is visible from an elevation of 16 feet, in clear weather, at a distance of 20 miles, while its green and red rays vanish at a distance of 15 miles.

The Latitude is $35^{\circ} 9' 15''$ S., and
The Longitude $150^{\circ} 47' 48''$ E.

Vessels coming from the south will open this light over the sloping hill to the southward of it, on a bearing of north $20^{\circ} 32'$ E.; caution must, however, be observed in approaching Cape St. George (a low, dangerous, rocky point, on which the sea breaks), and when within a distance of 8 miles, or thereabouts, the light should not be brought to bear to the northward of north 10° W.,

as, when a vessel is near the land to the southward of this bearing, it will be partially, if not wholly, obscured, but by standing to the eastward it will gradually open out, and when bearing north 25° W., or N.N.W. $\frac{1}{4}$ W., it may be passed with safety at a distance of from one to two miles.

Vessels from the southward should always endeavour to make this Light, so as to prevent being embayed in the deep indentation lying to the westward of the Cape, designated "Wreck Bay."

Vessels approaching from the northward will open this Light clear of "Crocodile Head," on a bearing of south 27° west, and by keeping it in view may pass in safety to the south, at an offing of from one to two miles.

Vessels entering Jervis' Bay (a good and safe anchorage in all winds) will shut the Light in with the north end of "Bowen Island," on a bearing of South $\frac{1}{4}$ W.

Notice

Is hereby given, that persons desirous of entering into a Contract for supplying the undermentioned Articles in such quantity or quantities as may be required by the Commissariat Department, Neemuch, for the use of the European Troops, &c. at this station, or on Field Service, for the period of 12 months, commencing from 1st December 1860, may, on application to this Office, from 10 A.M. to 5 P.M. (Sundays excepted), obtain such information relating thereto as they may require:—

Bread, 1st sort.
Biscuit.
Bran.

2. Verbal offers for the Contract will be received at this Office, and at the Commissariat Office at Nusseerabad, on the 15th of October 1860, at 12 o'clock (noon) precisely, when intending parties will be required to bid at so many pounds per Company's Rupee, on the understanding that the Bread, Biscuit, and Bran are to be first sort of unexceptionable quality, and are to be delivered direct at the lines of the indenting Corps and Departments at Neemuch, and for Troops, in No. not below 7, marching or on Field Service, free of all charges beyond the stipulated price, in such quantity or quantities as may, from time to time, be demanded, and that the same articles will be liable to examination and rejection by the Executive Commissariat Officer, or by the Indenting or Receiving Officer, or by a Committee of Officers on the part of Government in the event of the Contractor being dissatisfied with the decision of the above Officers, or either of them,—it being understood that the decision of such Committee is to be final, and binding on all parties.

3. No person will be allowed to bid for the Contract unless he previously deposit in this Office, in Cash, the sum of Rupees (2,500) Two thousand and Five hundred, which sum will be forfeited in the event of withdrawal of his Tender, before the Commissary General, or other authorised person in that behalf, should have signified to him, by a notice in writing, his refusal to accept such Tender, or in the event of delay, evasion, or refusal, on the part of the Contractor, to execute the necessary Deed of Contract, whenever required to do so on his offer being accepted; in which latter case he must be prepared to give unexceptionable Bonded Security to the further amount of Company's Rupees (10,000) Ten thousand, which, together with the amount previously deposited, will be held as a guarantee for the due execution of his Contract.

4. The Contractor must comply immediately with all emergent demands, and meet others of less urgency within the periods stated in the Requisitions made upon him; in failure whereof, or if any supply be condemned by a Committee of Officers as aforesaid, the articles, or such quantity as may be required

in lieu thereof, shall be purchased by this Department without delay, at his risk and cost, if it be considered expedient to do so; and in all such cases, Thirty per Cent. upon the amount of expenses incurred, or a fine of Rupees (50) Fifty to (200) Two hundred, at the option of the Executive Commissariat Officer, will be levied as liquidated damages for each and every such breach of Contract, whether the rejected quantity be replaced by the Contractor or by this Department; and in every such case, also, it is to be understood that the Contract may be cancelled, at the discretion of the Commissary General; and that, if the Contract be so cancelled, the Cash deposit of Rupees (2,500) Two thousand and Five hundred, mentioned in the 3rd paragraph, will be forfeited to Government.

5. It is also to be understood that any negligence, evasion, or refusal, on the part of the Contractor, to make supplies or obey orders, or any attempt on his part, or on that of his Agents, to pass off an article of inferior quality in lieu of that he is bound to supply, or any neglect to deliver them at the time and place ordered, will subject him, in every instance, to be fined to the extent of Twenty-five Rupees, at the option of the Executive Commissariat Officer, from whose order an appeal may be made to the Commissary General, whose decision is to be final; but in cases when it may be deemed fit to exact any of the penalties provided for in the preceding clause, no further penalty shall be leviable under this clause.

6. It is also to be understood that the Contractor, or an accredited Agent on his part, approved of by the Executive Commissariat Officer, is to attend at this Office during the usual hours of business, i.e. from 10 A.M. to 5 P.M. daily (Sundays excepted), also at such other time or place as may be indicated by the Executive Commissariat Officer, when he may consider it desirable for the public service to require such attendance.

7. Bills for the quantities supplied under this Contract must be preferred within one month from the date of the delivery of articles, in default of which the Contractor will forfeit the full value of the supplies for which Bills have not been so preferred, unless it shall clearly appear, to the satisfaction of the Commissary General, that the delay was unavoidable.

8. The amount of Retrenchments made by the Auditor of Commissariat Accounts from the Contractor's Bills will be recovered from the first Bills preferred for payment; but in the event of Retrenchments, or any portion thereof, being remitted, the amount remitted will be refunded.

9. Any party who, after offering for the Contract, fails to furnish the necessary Security, as provided for in the 3rd Clause of this Notice, will be interdicted from bidding on future occasions, unless he produce a certificate from individuals of unexceptionable character and sufficient means, guaranteeing the due execution and performance of the Contract, on his offer being accepted.

10. Intending parties may, on application, see a statement of the actual annual consumption during the previous year; but they must distinctly understand that supplies will have to be furnished to whatever extent they may be required, without any reference to the quantity consumed or required in previous years.

11. No reason will be assigned for the rejection of any offer.

Letters by Express.—As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director General of the Post Office desires to intimate to the Public that he has authorised the Post Master of Bombay to despatch by the Express letters received by the Steamer addressed to persons who may have stated in writing their wish to have their letters so forwarded, and who have engaged to pay the Express Postage of One Rupee for every quarter of an ounce.

If, therefore, any persons desire that their Overland letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and when its weight will admit of additional letters being despatched.

H. B. RIDDELL,

Director General of the Post Office of India.
