GOVERNMENT NOTIFICATIONS TO THE PUBLIC.

REVENUE DEPARTMENT.

The following copy of a correspondence is published for general information:—

"From RIVERS THOMPSON, Esq., Junior Secretary to the Government of Bengal, to W. GREY, Esq., Secretary to the Government of India, No. 2758, dated the 28th September 1860.

I am directed to forward, for the consideration and orders of His Excellency the Governor General in Council, the accompanying copy of a letter (No. 1063), dated the 26th instant, from the Officiating Junior Secretary to the Board of Revenue, and to inquire, with reference to Article 44, Schedule A, of Act 36 of 1860, whether "Letters of Cover" should be exempted from the Stamp Duty leviable on Policies of Marine Insurance; or whether, as proposed by the Board of Revenue, the practice prevailing in England should be adopted in this country, the refund of the Duty on the "Letter of Cover" being made either in Stamps or in money, at the option of the applicant."

From Honorable A. EDEN, Officiating Junior Secretary to the Board of Revenue, to the Secretary to the Government of Bengal, No. 1063, dated the 26th September 1860.

I am desired by the Board of Revenue to submit the following point for the consideration and orders of Government:—

2. In Marine Insurance it is customary, pending the preparation of a regular policy, to give the person effecting the insurance a memorandum of the Contract technically called a "Letter of Cover," which is available as a competent instrument of insurance in case a regular policy is not underwritten.

3. This Letter of Cover is liable to Stamp Duty under Article 44, Schedule A, of Act 36 of 1860.

4. But this instrument is one of a class of documents initiatory in their character, and contingent upon other documents, which are also liable to Stamp Duty.

5. If duty is levied, both upon the Letter of Cover and upon the regular Policy, a double *ad valorem* duty will be imposed upon one and the same transaction; this, the Board believe, can never have been the intention of the Legislature.

6. It appears to the Board, therefore, that these instruments should be treated as they are in England, under the provisions of Section 6, 54 Geo. III, Chapter 144, which provides that, whenever the Contract is delivered up to the Commissioners to be cancelled within one month after the last subscription, and a regular Stamped policy is produced in lieu, underwritten by the same persons, to the same amount, on the same interest, and for the same voyage or risk, the duty shall be allowed in other Stamps for Contracts on policies. The Board think that in this country the allowance might be made either in Stamps or as a refund of money, at the option of the applicant.

7. An early reply is requested."

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.

LIGHT HOUSE NEAR JERVIS' BAY.

*The Treasury, New South Wales,
16th August 1860.*

His Excellency the Governor General directs the publication of the following notice respecting the exhibition of a Light at the new Light House near Jervis' Bay.

(Signed) E. C. WEEKES.

NEW SOUTH WALES.

*East Coast of Australia—Light House near
Jervis Bay.*

The bearings given are magnetic, the distances are in nautical miles, and the variation is 10° 15' E.

A white stone Tower has been erected on a prominent headland, situated 2½ miles south of the southern bluff (Bowen Island) of Jervis' Bay, and

2 miles north of the projection known as Cape St. George, on the coast of New South Wales, from which a light will be exhibited on and after the 1st of October next.

The Tower is 61 feet high, and the centre of the Light will be 224 feet above high water level, and will be visible in all directions of the horizon from north 27° E., round by the eastward to south 0° 40' W.

It will also be visible 19° 52' further to the westward over a sloping hill, situated to the southward of the Light House, but only when at a considerable distance to the southward of the same.

The Light is on the Catoptric principle of the third class, and revolving, exhibiting at intervals of 30 seconds, a red, green, and white light alternately.

The intensity of the white light is visible from an elevation of 16 feet, in clear weather, at a distance of 20 miles, while its green and red rays vanish at a distance of 15 miles.

The Latitude is . . . 35° 9' 15" S., and

The Longitude . . . 150° 47' 48" E.

Vessels coming from the south will open this light over the sloping hill to the southward of it, on a bearing of north 20° 32' E.; caution must, however, be observed in approaching Cape St. George (a low, dangerous, rocky point, on which the sea breaks), and when within a distance of 8 miles, or thereabouts, the light should not be brought to bear to the northward of north 10° W.,

as, when a vessel is near the land to the south-westward of this bearing, it will be partially, if not wholly, obscured, but by standing to the eastward it will gradually open out, and when bearing north 25° W., or N.N.W. $\frac{1}{4}$ W., it may be passed with safety at a distance of from one to two miles.

Vessels from the southward should always endeavour to make this Light, so as to prevent being embayed in the deep indentation lying to the westward of the Cape, designated "Wreck Bay."

Vessels approaching from the northward will open this Light clear of "Crocodile Head," on a bearing of south 27° west, and by keeping it in view may pass in safety to the south, at an offing of from one to two miles.

Vessels entering Jervis' Bay (a good and safe anchorage in all winds) will shut the Light in with the north end of "Bowen Island," on a bearing of South $\frac{1}{4}$ W.

Notice to Mariners.

COLOMBO LIGHT, CEYLON.

Colombo, September 1st, 1860.

All Ships visiting Colombo are hereby warned that the Light has been shifted permanently from the Old Light-house to the Clock Tower; the Clock Tower bears S. 45° E., Two hundred and Fifty yards from the Old Light-house, and is Thirty-five feet higher, so that the Light can be seen further off.

Master Attendant.

His Excellency the Lieutenant Governor has directed the following Report of Dangers discovered in the vicinity of the Basses, between the line of those Reefs and the Mainland, received from Mr. McDougall, Master, R. N., in charge of the Survey of the South-East Coast of Ceylon, to be published for general information.

By His Excellency's Command,
(Signed) W. C. GIBSON,
Acting Colonial Secretary.

*Colonial Secretary's Office,
Colombo, September 17th, 1860.*

Galle, September 12th, 1860.

Little Basses Tail is half a mile in length, with only 3 fathoms on it. It lies N. by W. $1\frac{3}{4}$ miles from the Little Basses Reef. This patch is supposed to be the one on which the Ship "Atlas" struck the first time in 1813 (*vide* Horsburgh, page 563).

Atlas Reef, with only 3 fathoms, is about a cable's length in extent, N. E. by N., $1\frac{1}{4}$ miles from the Little Basses Reef, and is supposed to be the danger on which the "Atlas" struck the second time in 1813. Between it and the Little Basses Tail, anchorage for a light vessel may be obtained in 6 fathoms, sand and stones, with the centre of

the Little Basses Reef bearing S. W. half a mile. The reef breaks heavily.

Dædalus Reef.—This dangerous patch was discovered by H. M. S. "Cyclops" striking on it on the 30th July last; it is probably the one on which H. M. Ship "Dædalus" was lost in 1813 (Horsburgh, 562). The "Cyclops," drawing 15 feet, went from 6 fathoms on to the rock, and for several minutes struck heavily, lifting her rudder twice.

The least water obtained all round the Ship was $3\frac{3}{4}$ fathoms. The rock is evidently a pinnacle, with about 14 feet on it, and having 5, 6, and 7 fathoms close to—(no sign of a break was observed at the time the Ship struck). From it the centre of the Little Basses bear S. 25° E. $3\frac{1}{4}$ miles; Chimney Hill N. 56° W., and Nipple Peak N. 75° W—it is distant from the nearest shore $1\frac{1}{4}$ miles.

Cyclops Reef—so called in consequence of the "Cyclops" striking several times, and in different places—consists of a hard, narrow, sandy ridge, with patches of boulders, having only 2 fathoms in some places. It lies E. by N. $\frac{1}{4}$ N. and W. by S. $\frac{1}{4}$ S. for a distance of $3\frac{3}{4}$ miles, and is from $\frac{1}{4}$ to $\frac{1}{2}$ a mile in breadth. From its West end in 3 fathoms, Potana Point bears North 2 miles; and from its Eastern end in 4 fathoms, Chimney Hill bears N. $\frac{1}{4}$ W.; the shore in that direction being distant $3\frac{1}{4}$ miles. Between the reef and the shore is a channel with 7, 9, and 12 fathoms.

Breakers are occasionally seen on shoal patches of this reef.

Potana Patch—breaks very heavily, and appears to be about $\frac{1}{4}$ of a mile in extent. It lies W. by S. $\frac{1}{4}$ S. from the West end of Cyclops Reef, the distance being $1\frac{1}{4}$ miles, forming a clear channel with from 8 to 10 fathoms. To sail through, keep Chimney Hill on with the Eastern slope of Potana Point bearing N. by E. $\frac{1}{4}$ E.

Elephant Reef—also breaks heavily, and lies N. E. $\frac{1}{4}$ E. and S. W. $\frac{1}{4}$ W., $1\frac{1}{4}$ miles long; its N. E. end being 1 mile from Potana Patch. This supposed channel has, however, never been sounded, and should not therefore be tried. The N. E. end is $1\frac{1}{4}$ miles from the shore, with Elephant Hill and Elephant Rock in line, N. W. $\frac{1}{4}$ N. The S.W. extremity is 1 mile S. W. $\frac{1}{4}$ W. of the detached rock off Anadowe Point. Between the reef and the shore is a clear channel, with from 8 to 9 fathoms, but should never be attempted by strangers, as the Coast permits of no leading or back mark being given.

Masters of Ships, under any and every circumstance, should carefully avoid attempting to pass inside the line of the Great and Little Basses.

The foregoing bearings are magnetic.

The current during the S. W. Monsoon sets along the line of Coast, between Point de Galle and the Little Basses, to the East and N. E., at rates varying from 1 to 2 miles per hour.

Latitude.

Great Basses. $6^{\circ} 9' 54''$ N. and $1^{\circ} 15' 30''$ East of Galle.
Little Basses. $6^{\circ} 22' 48''$ N. and $1^{\circ} 30' 50''$ do.

Master, R. N., in charge of Ceylon Survey.

A Contractor must comply immediately with all emergent demands, and meet others of less urgency, within the period stated in the requisitions made upon him, in failure whereof, or if any supply be condemned by a Committee of Officers as aforesaid, the articles, or such others as may be required in lieu thereof, shall be purchased by this Department, without delay, at his risk and cost, if it be considered expedient to do so; and in all such cases Thirty (30) per Cent. upon the amount of expenses incurred, or a fine of Rupees (50) Fifty at the option of the Executive Commissariat Officer, will be levied as liquidated damages for each and every such breach of Contract, it being understood that the simple condemnation of any article by a Committee constitutes a breach of Contract, whether the rejected articles be replaced by the Contractor or by this Department. In every such case also, it is to be understood that the Contract may be cancelled, at the discretion of the Commissary General, and that, if the Contract be so cancelled, the Cash deposit, mentioned in paragraph 4 of this Notice, will be forfeited to Government.

6. Parties willing to undertake the Contract for Liquor, &c., are required to bid for the same, viz. one on the usual terms, and the other on the condition of receiving empty bottles not required by the Commissariat Department at Hyderabad, at the following rates:—

It is also to be understood, that any negligence, evasion, or refusal on the part of a Contractor to make supplies or obey orders, or any attempt on his part, or that of his Agents, to pass off articles of an inferior quality in lieu of those he is bound to supply, or any neglect to deliver them at the time and place ordered, will subject him, in every instance, to be fined to the extent of Rupees (25) Twenty-five, at the option of the Executive Commissariat Officer, from whose order an appeal may be made to the Commissary General, whose decision is to be final; but in cases when it may be deemed fit to exact any of the penalties provided for in the preceding clause, no further penalty shall be leviable under this clause.

8. It is further to be understood that the Contractor, or an accredited Agent on his part, approved of by the Executive Commissariat Officer, is to attend at this Office during the usual hours of business, i. e. from 10 A.M. to 5 P.M. 9. Any party whose offer is accepted, will be required to produce his Sureties for the approval of the Civil or Cantonment Authorities as may be necessary, within Fifteen days from the date of the acceptance of his offer, or the Contract will be resold. No reason will be stated for rejecting any Security offered.

10. Bills for articles supplied under this Contract must be preferred within one month from the date of the delivery of the articles, in default of which, the Contractor will forfeit the full value of the supplies for which Bills have not been so preferred, unless it clearly appear, to the satisfaction of the Commissary General, that the delay was unavoidable.

11. The amount of Retrenchments made by the Auditing Departments, on the Contractor's Bills, will be recovered from the first Bills preferred for payment; but in the event of such Retrenchments, or any portion thereof, being remitted, the amount remitted will be refunded.

No. 129.

Notice

Is hereby given, that Verbal Offers will be received at this Office and at Nusseerabad, at 12 o'clock on Friday, the 23rd November 1860, for supplying to the Commissariat Department by Contract the undermentioned Articles for one year, to commence from 1st January 1861.

Grass, fine, 1st sort	} As per Schedule dated 8th September 1860.
Bhoosa, 1st sort	
Kurbee, 1st sort	

2nd.—The Grass, Bhoosa, and Kurbee are to be new and of unexceptionable quality, and to be delivered free of all charges whatever to Government at the Lines at this Station. Should the Contractor choose to stock the Grass near the Lines, a place will be allotted, but this Department will have nothing to do with the watching or protection of the stock, or for any accident that may occur to it, neither will any excuse be admitted for any failure in consequence thereof or of scarcity.

3rd.—The necessary supplies are to be issued daily by the Contractor. No offer will be received which is not accompanied by a deposit of the sum of Rupees (1,000) One thousand, which will be forfeited in the event of withdrawal of his tender before the Commissary General or other authorised person in that behalf should have signified to him, by a notice in writing, his refusal to accept such tender, or in the event of delay, evasion, or refusal on the part of the Contractor to execute the necessary Deed of Contract when required to do so; and should his offer be accepted, he must give bonded Security to the further amount of Rupees (4000) Four thousand for the due fulfilment of the engagement.

4th.—The Contractor will also have to provide the necessary supplies to Bullocks, Camels, and Elephants, which may be detached on command, at the Contract rate.

5th.—The Contractor must comply immediately with all emergent demands, and meet others of less urgency within the period stated in the requisitions made upon him; in failure thereof, or if any be condemned by a Committee of Officers appointed for its inspection, the quantity required in lieu thereof shall be purchased by this Department, without delay, at his risk and cost, if it be considered expedient to do so; and in all such cases thirty per cent. upon the amount of expenses incurred, or a fine of Rupees (50) Fifty to (200) Two hundred, at the option of the Executive Commissariat Officer, will be levied as liquidated damages for each and every such breach of Contract, it being understood that the simple condemnation of articles by a Committee constitutes such a breach, whether the rejected articles be replaced by the Contractor or by this

Department. In every such case also, it is to be understood that the Contract may be cancelled at the discretion of the Commissary General; and that if the Contract be so cancelled the Cash deposit of Rupees (1000) one thousand mentioned in the 3rd paragraph of this Notice will be forfeited to Government.

6th.—It is further to be understood that the Contractor, or an accredited Agent on his part, approved of by the Executive Commissariat Officer, is to attend at this Office during the usual hours of business, i. e. from 10 A. M. to 5 P. M. daily (Sundays excepted), also at such other time or place as may be indicated by the Executive Commissariat Officer when he may consider it desirable for the public service to require such attendance.

7th.—Bills for the quantity supplied under this Contract must be preferred within one month from the date of the delivery of articles, in default of which the Contractor will forfeit the full value of the supplies for which Bills have not been so preferred, unless it shall clearly appear to the satisfaction of the Commissary General that the delay was unavoidable.

8th.—The amount of retrenchment made by the Auditor of Commissariat Accounts from Contractor's bills will be recovered from the first bills preferred for payment, but in the event of the retrenchments or any portion thereof being remitted, the amount so remitted will be refunded.

9th.—Any party who, after offering for the Contract, fails to furnish the necessary security as provided for in the Clause third of this Notice will be interdicted from bidding on future occasions unless they produce a certificate from individuals of unexceptionable character and sufficient means guaranteeing the due execution and performance of the Contract on their offer being accepted.

10th.—Intending parties may, on application, see a statement of the actual annual consumption during the previous years, but they must distinctly understand that supplies will have to be furnished to whatever extent they may be required, without any reference to the quantity consumed or required in previous years.

11th.—Further particulars will be made known on application to this office from 10 A. M. to 5 P. M., Sundays excepted.

12th.—No reason will be assigned for the rejection of any offer.

As it is not incumbent on the sanctioning Authorities to accept of the highest offer, it is to be understood that the deposits lodged to qualify a person to bid for the Contract will not be returned until the biddings have been duly submitted to the Authorities for sanction, and a reply received.

The Contractor will have to defray the expenses of maintaining a Preventive Police, when and wherever the Officer Commanding may find necessary for the suppression of the clandestine sale of Spirits to European Troops.

No reason will be assigned for the rejection of any offer.

H. H. JAMES, Captain,

Notice

Is hereby given, that Changes of Address and Instructions to stop Letters directed to Out-Stations cannot be attended to after the Mail Steamer has been signalled.

The numerous references made to the Post Office on such occasions, and very frequently after the Overland Mails have been brought to the Post Office, preclude the possibility of attending to them correctly, and the above information is given to prevent disappointment.

Bombay Post Office, 11th September 1860.

T. GARRETT,
Officiating Post Master.

Letters by Express.—As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director General of the Post Office desires to intimate to the Public that he has authorised the Post Master of Bombay to despatch by the Express letters received by the Steamer addressed to persons who may have stated in writing their wish to have their letters so forwarded, and who have engaged to pay the Express Postage of One Rupee for every quarter of an ounce.

If, therefore, any persons desire that their Overland letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and when its weight will admit of additional letters being despatched.

H. B. RIDDELL,

Director General of the Post Office of India.
