TO THE SECRETARY TO THE GOVERNMENT OF FORT ST. GEORGE.

FINANCIAL DEPARTMENT.

SIR—I am directed to acknowledge the receipt of your letter, No. 1652, dated the 19th ultimo, to the address of the Secretary in the Home Department, submitting for further orders copies of three letters from the Acting Civil Auditor at Madras, on certain points connected with the levy of the Income Tax, together with the orders passed thereon by the Madras Government, and in reply to append the orders passed by the Governor General in Council on the points in question, as shown in the last column of the following tabular Statement :—

MADRAS AUDITOR'S QUESTIONS.	MADRAS GOVERNMENT'S ORDERS.	ORDERS BY THE GOVERNOR GENERAL IN COUNCIL.
1. Whether the Mechanical Engineers, appointed by Warrant, are to be considered as coming within the exemption laid down in Section CXXVIII. of the Income Tax Act, viz., that they are to be exempted if drawing less than 415 Rupees, the pay and allowances of a Captain.	The Government are of opinion that Section CXXVIII. of the Income Tax Act exempts the Mechanical Engineers from the Tax.	Section CXXVIII. of Act XXXII. of 1860 has been repealed by Section VIII. of Act XXXIX. of 1860. If the Mechanical Engineers were <i>Naval or Marine Officers</i>, they would, no doubt, be exempted under Section IX. of the last-mentioned Act. But as it appears from the Annual Statement of Increase and Decrease of Establishments for 1858-59, received from the <i>Civil Auditor</i> of Madras that the Mechanical Engineers in question have been sent out from England for service in the <i>Public Works Department</i>, the Governor General in Council is of opinion that they are <i>subject</i> to the operation of the Income Tax Act.
2. Section VII. of Act XXXIX. of 1860 says, that no Military men in Civil employ (except in the Police) are to be exempted under Section CXXVII. of the original Act. From this, the Civil Auditor concludes that all the Military Subordinates in the Public Works Department, getting 200 Rupees a year and more, will be liable to the Tax, and he inquires from what date the amended Rule is to be enforced, suggesting, at the same time, that it be applied from the date of receipt.	The Madras Government consider the Auditor's interpretation correct, and approve of his suggestion as to the mode of applying the new Rule.	The Governor General in Council agrees with the Auditor in thinking that the Military Subordinates in the Public Works Department, whose incomes are 200 Rupees a year and upwards, are liable to the Tax. His Excellency in Council, however, observes that it is not correct to apply the amendments of Act XXXIX. of 1860, in the manner approved by the Madras Government. Act XXXII. of 1860 took effect "from and after the 31st July 1860," and Act XXXIX. of 1860 "shall be read and construed as part of the former Act." It follows therefore that the amendments of Act XXXIX. of 1860 should take effect from and after the 31st July 1860.
3. Officers drawing salary in different Departments, whenever this is known, are charged at the rate due on the whole. In many cases the total of an Officer's Income is not known, and consequently the Tax may be levied at a lower rate than is correct. This incorrectness of rate may also occur in cases where persons have a private Income of their own, unknown to the Civil Auditor's Office.	a. The Government are of opinion that, when an Officer draws his pay on two or more Abstracts, he should be required in each Abstract to enter the total of his salary. b. With respect to Income, the Government are of opinion that the Civil Auditor has no concern with that, but that it will be dealt with in the same mode as the income of persons not in public employ.	The Governor General in Council considers that the Madras Government are right; but the entry should, His Excellency in Council is of opinion, be made in each Abstract as a <i>foot note</i>.
4. Exemption on account of Insurances other than those regularly deducted in this Office, how are they to be admitted? Is the simple statement of the party sufficient? If not, what proof is to be required?	The <i>ex-officio</i> Assessors have no concern with such deductions except for official Funds.	The Governor General in Council concurs in the opinion expressed by the Madras Government.
5. In the case of acting Officers, what rule is to be followed? Where, for instance, the simple pay of the employé is below the limit of taxation, but the acting allowance for the month or two for which it is drawn brings it within the incidence of the Tax, or where, in consequence of absence, an employé who would pay the Tax, perhaps, at the higher rate, draws for the month less than the lowest sum liable to taxation. These cases depend on the length of the leave and other particulars, and can only be properly adjusted at the end of the year. In the meantime, what rule is the Audit Office to observe? I am charging on	The Government remark that the Tax is chargeable on the yearly Income. The Offices of Audit, Military and Civil, will therefore deal with each month's salary, &c. by itself, and consider, at the end of the year, such claims to exemption as may then be put forward, on grounds such as those stated by the Civil Auditor.	There is, the Governor General in Council observes, no objection to the deduction, by the Civil Auditor, of Premiums paid by Government Servants from their salaries to Insurance Societies, provided the person making the payment supports the deduction with the regular receipt of the Insurance Society. The Governor General in Council considers that the Madras Government are right.

MADRAS AUDITOR'S QUESTIONS.	MADRAS GOVERNMENT'S ORDERS.	ORDERS BY THE GOVERNOR GENERAL IN COUNCIL.
each portion the rate which would be due on the whole salary of the Absentee, the acting Officer paying independently the Tax due on his own proper salary. 6. Is Income Tax to be deducted on all religious or charitable Grants audited until orders of Government are received to exempt?	The Government have already, under date the 31st August last, resolved, under Clause 133 of the Act, to exempt from the Income Tax the property of all Hindoo and Mahomedan religious and charitable Institutions. As to other miscellaneous Institutions, application for exemption must be made individually, and, until exemption is granted on such application, the Tax must be levied.	The Governor General in Council is of opinion that local Governments should not be permitted to pass a General Order under Section CXXXIII. of Act XXXII. of 1860, exempting the property of all Hindoo and Mahomedan religious and charitable Institutions. The Governor General in Council would, in this case, rule that all property, clearly proved to be exclusively devoted to religious and charitable public purposes, should be exempted from Income Tax, on the understanding, however, that the Income of individuals derived therefrom will be taxed, provided it be in excess of 200 Rupees a year.

Financial Department Order (No. 9062), dated 12th September 1860.

Office Memorandum from Military Department (No. 1), dated 1st October 1860, with enclosures.

RESOLUTION.—The Military Department having referred to this Department for consideration certain points connected with the Income Tax Act, the Governor General in Council is pleased to pass orders thereon, as shown in the last column of the following tabular Statement:—

POINTS REFERRED FOR ORDERS.	OPINION OF THE MILITARY DEPARTMENT.	ORDERS OF THE GOVERNOR GENERAL IN COUNCIL.
1. Are Warrant Officers of the Commissariat* Department and of the Subordinate Medical* Department, as well as Extra Assistant Apothecaries and Stewards and Hospital Apprentices* liable to or exempt from Income Tax?	* These three classes of persons receive Military pay and allowances exclusively and at rates below the pay and allowances of a Captain of Infantry. They are therefore exempt.	On a similar reference from the Officiating Auditor of Commissariat Accounts, the Advocate General has given his opinion that Warrant and Non-Commissioned Officers of the Commissariat Department, when employed upon the proper duties of that Department, are exempt. When engaged upon duties of a Civil nature, they are subject to the Tax. Also, that Warrant and Non-Commissioned Officers in the Medical Department, while serving with any of the Forces, of whatever branch, are exempt; and when serving as Assistants to Civil Surgeons liable to the Tax.
2. If Hospital Apprentices be held liable to the Tax, is the value of rations or compensation in lieu thereof to be reckoned as part of the pay?	No opinion expressed.	The Governor General in Council directs that this opinion be acted on. The decision in the above case applies to this.
3. Are Command Gomashtahs, temporarily employed in the Commissariat Department, liable to the Tax? If so, is the Tax to be levied on their full allowances, or is the marching allowance, under Section CXXIX, exempt?	These men do not receive Military pay. Having Civil employment in the Commissariat Department, they are liable to the Tax, except as regards their travelling allowance, which appears exempt under the Section quoted.	The Governor General in Council concurs in this opinion.
4. The Military Auditor General, Calcutta, has informed the Civil Auditor, Fort William, and North-Western Provinces, that In-	The fair rule appears to be, that Military pay and allowances shall in every case be dealt with in one and the same manner in respect	The Governor General in Council cannot agree in this opinion. It is, in His Excellency's opinion, quite clear from the wording of Section

POINTS REFERRED FOR ORDERS.	OPINION OF THE MILITARY DEPARTMENT.	ORDERS OF THE GOVERNOR GENERAL IN COUNCIL.
come Tax will be deducted in his Office from the net pay of Military Officers in Civil and Political employ through the several Military Pay Offices.	of the Income Tax, and that the amount of Civil allowance which an Officer or Soldier may receive, in addition to his Military emoluments, shall in no case be mixed up with the latter for the purposes of the Income Tax.¹	VII. of Act XXXIX. of 1860, that Military Officers and men in purely Civil employment other than employment in the Police, are liable to the Tax on the whole of their consolidated allowance.
5. The Presidency Paymaster inquired whether pay and allowances and stipends for a period prior to 1st July 1860, but not claimed until after the Act came into operation, are subject to the Tax. The Military Auditor General informed him in reply that salaries and allowances for July 1860, which accrued in August 1860, are liable, and not any pay and allowances for June or previous months.	None.	No exemption which they may claim on their Military pay can be allowed, except under Section CXXVII. of Act XXXII. of 1860, and it is clearly stated that this Section <i>does not extend</i> to Military Officers and men in Civil employment. To exempt them would, moreover, His Excellency in Council observes, place them at undue advantage compared with Civil Servants holding like appointments on like pay. The Military Auditor General's decision is approved.
6. The Military Auditor General has instructed Paymasters of Circles as follows:— Deductions of the Tax, at 1 per cent., are to be credited under the head "Income Tax," separating from deductions at 2 and 3 per cent. Deductions are to be made from the pay and allowances for July which accrued in August 1860, and not from June or any previous months' arrears.	None.	These instructions are approved.
Officers who, in July or any previous month, received advances for July, or any subsequent month, will be subject to the deduction.	None.	This intimation is correct.
7. The Military Auditor General has informed the Sirhind Paymaster, through the Accountant General, that the Tax does not contain any exemption on account of remittances made by Officers for their Families in England.	None.	This intimation is correct. The Governor General in Council would, however, add that the declarations of the Officers should be supported by the regular receipts of the Insurance Society.
8. The Paymaster at Benares is informed by the Military Auditor General that Premium paid for Life Insurances will be exempted on declarations by Officers of the sums paid by them.	None.	These instructions are correct.
9. The Presidency Paymaster is informed, by the Military Auditor General, that the allowances of European Officers, &c., on service in China, being debited to the British Government, are not liable to the Tax under Act XXXII. of 1860. Any deductions that may be necessary for the British Income Tax will have to be made by Paymasters under instructions of the Authority in China.	None.	This decision appears to the Governor General in Council to be correct. House-rent must, he presumes, be treated in the same manner as travelling allowance.
10. The Military Auditor General of Madras informed by Military Auditor General, Calcutta, that Regimental House-rent is exempt.	The ground of this decision is supposed to be that part of Section CXXXIV. of Act XXXII. of 1860 which protects "any person who shall be liable to have any sum periodically deducted from his salary, in order to secure a defined annuity to his widow or a provision to his children after his death," from the payment of Income Tax in respect of such sum.	The decision of the question concerning the Madras Military Fund is deferred, pending the decision of the question regarding the Bengal Military Fund.
11. Also that donations and subscriptions to the Madras Military Fund are exempt.	The decision is considered correct; but the Military and Orphan Funds render annuities to widows and orphans of Officers not in consideration of the subscription of their husbands and fathers only, but of the general subscriptions of the whole body of Officers and of the contribution of Government also. In this view the intention of Section CXXXIV. of the Act requires to be authoritatively determined.	As regards the Madras Orphan Fund, the Governor General in Council directs that, if it is the same as the Military Orphan Society's Fund at Calcutta, it is clearly entitled to exemption as decided in the case of the latter in the Resolution of this Department, No. 9305, which was forwarded to the Military Department on the 18th ultimo.
12. The Deputy Paymaster at Benares is informed by the Military Auditor General that his giving exemption to deductions on account of Military and Orphan Funds and Tentage for the pay and allowances of a Captain of Infantry is correct; also that the Staff allowances of Non-Commissioned and Warrant Officers on Staff employ, unless exceeding Rs. 415-6, are not liable to the operation of the Tax.	This decision has already in part been referred to, but the latter part, regarding the Staff allowances of Warrant and Non-Commissioned Officers on Staff employ, does not proceed on the rule above suggested. The Staff allowances alluded to are Military allowances, and the decision seems correct.	The decision regarding the Staff allowances of Non-Commissioned and Warrant Officers on Staff employment is approved, on the understanding that the aggregate emoluments of all kinds drawn by the said Non-Commissioned and Warrant Officers do not exceed Rupees 415-6. If they do exceed that sum, they will, of course, be liable to Income Tax.
13. The Pension Paymaster at Cawnpore	Military Pensioners were declared exempt	Military and Naval Pensioners were exempted,

is informed by the Military Auditor General through the Accountant General to the Government of India, that Income Tax is levied on salaries, pensions, &c., that become due on the 31st July 1860. The Tax to be levied at once without waiting the arrival of the Oath of Secrecy. 14. The Madras Military Auditor General informed that, Officers ensuring their lives are entitled to exemption for the amount of Premium, on a declaration on honor of the sum paid.	from the Income Tax, by the ruling in this Department, No. 82, dated 8th August 1860, and it appears to this Department, that the exemption of Pensioners being the widows or heirs of Military Officers and Soldiers, European or Native, might be favourably considered in connection with that ruling. None.	because a Pensioned Soldier or Sailor is still a Soldier or Sailor, and as such exempt by law, but this will not apply to widows or heirs, who must be considered as liable to the Tax. Approved in the terms of Order No. 8.
17. Lieutenant May, of the Veteran Establishment, informed that Premium on a Policy of his life which became due prior to the Income Tax coming into operation is not exempted.	None.	The Governor General in Council does not think this is right. If any portion of the Premium was paid for a period subsequent to the 1st August, such portion ought, His Excellency in Council observes, to be exempted; that is to say, if a Premium amounting to 600 Rupees is paid for six months in advance from the 1st June, 100 Rupees of such Premium may be held to have been paid on account of each month, which will allow of 100 Rupees of salary drawn in the months of August, September, October, and November being held to be exempt from Income Tax.
18. The Deputy Paymaster, Gwalior, informed that all Premiums that become due and payable on and after the 31st July 1860 is exempt.	None.	All such Premiums, due on or after the 1st August, appear to the Governor General in Council to be exempt. His Excellency in Council does not see why "on the 31st July" is mentioned.
19. The Deputy Paymaster at Meerut informed that Soldier Clerks who are strictly in the performance of Regimental Duty, are borne on the Rolls of their respective Companies and liable to be employed on active service and live in Barracks, their salaries not exceeding the pay and allowance of a Captain of Infantry, are exempt.	None.	The decision passed in regard to Questions 1 and 2 applies to this.
20. The Officiating Military Auditor General, Calcutta, inquires whether the term "Civil employment" which occurs in Section VII. of Act XXXIX. of 1860, may not be restricted to employments under the Local Governments or under the Supreme Government which are unconnected with Military Forces of any description.	It appears to this Department that the Civil employment, for which Section VII. of the Income Tax Act legislates, is such employment as is paid by the Civil Department of Government. For instance, Military Officers in Civil or Political employ, who draw consolidated allowances partly from the Military and partly from the Civil Department, as has been proposed above, the latter portion only will be liable to the Tax. Another instance is, the Clerks in the several Offices connected with the Army, whose salary is wholly Civil, the individuals having no Military status at all.	The decision in regard to Question 4 applies to this.

ORDER.—Ordered, that a copy of the above Resolution be forwarded to the Military Department, with reference to the Extract and Office Memorandum from that Department noticed above, the original papers received with the Office Memorandum being returned.

Ordered also, that a copy of the Resolution, omitting the items 15 and 16, be published in the *Calcutta Gazette* for the information and guidance of all Auditing and Disbursing Officers concerned, and of the several Local Governments.

'No. 138.

India Office, London, 29th March 1860.

HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—A practice has heretofore existed, under which an allowance termed "Ship Money" has been issued to Recruits for all Arms of the Service on their embarking for India, from which certain deductions were made for stores and certain articles of Sea Clothing supplied to them for their use on the voyage. Her Majesty's Government have now determined that that practice shall cease, and that in lieu thereof the Soldier shall receive the pay of his rank according to the Arm of the Service to which he belongs, from the date to which it was issued in England up to that of his debarkation in India, and that deductions shall be made therefrom for rations and for such stores and Sea Clothing as may be supplied to him under the Regulation, a copy of which is enclosed.

2. This Regulation will be in force from the present date, but will not have any retrospective operation.

I have, &c.

(Signed) C. Wood.

'Draft of a Regulation respecting the Pay, Sea Clothing, and Stores for Recruits proceeding to India from the Depot at Warley.

1. Every Recruit, on leaving the Depot, will have his accounts closed up to the day of embarkation, and a certificate showing the date of last payment, will accompany the usual Embarkation Roll to the Government of the Presidency to which he proceeds; the balance of this final account will be entered in his Pocket Ledger.

2. Every Recruit, on his arrival in India, will be entitled to receive, subject to the deduction mentioned below, the pay of his rank according to the Arm of the Service to which he belongs, from the date up to which it was issued in England up to that of his debarkation in India.

3. The following articles of Sea Clothing and Sea Stores will be put on board for each Recruit on embarking, and the cost of the same (which is unavoidably liable to variation) will be recovered from him on the settlement of his accumulated pay, and credited to Government in the Pay Abstracts of the Regiment or Depot to which he may be posted; for this purpose, Returns (according to form* annexed) of the issues to each man will be transmitted to India, with the detachment on board each ship :—

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

• Notice to Mariners.

Relating to a supposed Shoal in Torres Strait which is not laid down in the Chart.

On July 19th. 1860, the Ship "King Lear" passed an apparently dangerous Shoal, very narrow, but extending about a mile in a South-Westerly and North-Easterly direction, and seeming as if it would have only from 4 to 6 feet water over it with a smooth sea.

It lies in nearly a direct line between Mount Ernest and Double Island, and is distant from the former about $5\frac{1}{2}$ miles, and $6\frac{1}{2}$ from the latter.

It is considered that the position here indicated must be correct within half a mile, though it was not found convenient to determine it with extreme accuracy.

His Excellency the Lieutenant Governor has directed the following Report of Dangers discovered in the vicinity of the Basses, between the line of those Reefs and the Mainland, received from Mr. McDougall, Master, R. N., in charge of the Survey of the South-East Coast of Ceylon, to be published for general information.

By His Excellency's Command,
(Signed) W. C. GIBSON,
Acting Colonial Secretary.

*Colonial Secretary's Office,
Colombo, September 17th, 1860.*

Galle, September 13th, 1860.

Little Basses Tail is half a mile in length, with only 3 fathoms on it. It lies N. by W. $1\frac{1}{2}$ miles from the Little Basses Reef. This patch is supposed to be the one on which the Ship "Atlas" struck the first time in 1813 (*vide* Horsburgh, page 563).

Atlas Reef, with only 3 fathoms, is about a cable's length in extent, N. E. by N., $1\frac{1}{2}$ miles from the Little Basses Reef, and is supposed to be the danger on which the "Atlas" struck the second time in 1813. Between it and the Little Basses Tail, anchorage for a light vessel may be obtained in 6 fathoms, sand and stongs, with the centre of the Little Basses Reef bearing S. W. half a mile. The reef breaks heavily.

Dædalus Reef.—This dangerous patch was discovered by H. M. S. "Cyclops" striking on it on the 30th July last; it is probably the one on which H. M. Ship "Dædalus" was lost in 1813 (Horsburgh, 562). The "Cyclops," drawing 15 feet, went from 6 fathoms on to the rock, and for several minutes struck heavily, lifting her rudder twice.

The least water obtained all round the Ship was $3\frac{1}{2}$ fathoms. The rock is evidently a pinnacle, with about 14 feet on it, and having 5, 6, and 7 fathoms close to—(no sign of a break was observed at the time the Ship struck). From it the centre of the Little Basses bear S. 25° E. $3\frac{1}{2}$ miles; Chimney Hill N. 56° W., and Nipple Peak N. 75° W.—it is distant from the nearest shore $1\frac{1}{2}$ mile.

Cyclops Reef—so called in consequence of the "Cyclops" striking several times, and in different places—consists of a hard, narrow, sandy ridge, with patches of boulders, having only 2 fathoms in some places. It lies E. by N. $\frac{1}{2}$ N. and W. by S. $\frac{1}{2}$ S. for a distance of $3\frac{1}{2}$ miles, and is from $\frac{1}{2}$ to $\frac{3}{4}$ a mile in breadth. From its West end in 3 fathoms, Potana Point bears North 2 miles; and from its Eastern end in 4 fathoms, Chimney Hill bears N. $\frac{1}{2}$ W.; the shore in that direction being distant $3\frac{1}{2}$ miles. Between the reef and the shore is a channel with 7, 9, and 12 fathoms.

Breakers are occasionally seen on shoal patches of this reef.

Potana Patch—breaks very heavily, and appears to be about $\frac{1}{2}$ of a mile in extent. It lies W. by S. $\frac{1}{2}$ S. from the West end of Cyclops Reef, the distance being $1\frac{1}{2}$ miles, forming a clear channel with from 8 to 10 fathoms. To sail through, keep Chimney Hill on with the Eastern slope of Potana Point bearing N. by E. $\frac{1}{2}$ E.

Elephant Reef—also breaks heavily, and lies N. E. $\frac{1}{2}$ E. and S. W. $\frac{1}{2}$ W., $1\frac{1}{2}$ miles long; its N. E. end being 1 mile from Potana Patch. This supposed channel has, however, never been sounded, and should not therefore be tried. The N. E. end is $1\frac{1}{2}$ miles from the shore, with Elephant Hill and Elephant Rock in line, N. W. $\frac{1}{2}$ N. The S. W. extremity is 1 mile S. W. $\frac{1}{2}$ W. of the detached rock off Anadowe Point. Between the reef and the shore is a clear channel, with from 8 to 9 fathoms, but should never be attempted by strangers, as the Coast permits of no leading or back mark being given.

Masters of Ships, under any and every circumstance, should carefully avoid attempting to pass inside the line of the Great and Little Basses.

The foregoing bearings are magnetic.

The current during the S. W. Monsoon sets along the line of Coast, between Point de Galle and the Little Basses, to the East and N. E., at rates varying from 1 to 2 miles per hour.

Latitude.

Great Basses. $6^{\circ} 9' 54''$ N. and $1^{\circ} 15' 30''$ East of Galle.
Little Basses. $6^{\circ} 22' 48''$ N. and $1^{\circ} 30' 50''$ do.

Notice.

Officers visiting the Neilgherries are, in numerous instances, at great inconvenience on first arrival, owing to their coming in expectation of finding it in their power to draw Pay, due to them in arrears, early in the month, as elsewhere. It is therefore thought that it may contribute to the convenience of future visitors if it be thus made more generally known that (there being no Pay Office on the Hills) Pay has to be drawn, after arrival on them, by transmitting Abstracts, duly countersigned, to the Paymaster Southern Division, Trichinopoly, with a last Pay Certificate; who, provided he receive them about the 7th, includes the amount in his General Order in arrears for the past month, on the Treasury at Coimbatore, whence it is sent so as to reach this Station Office for distribution usually on the 18th or 19th. There is only this one monthly transmission of Military Pay to the Hills; so that individuals arriving too late to be included in it, as above, have often to wait another month.

Officers of other Presidencies can only draw Pay under a Certificate from the Accountant Military Department of their Presidency. Certificates from Division Pay Offices of other Presidencies are insufficient: Officers are often at protracted inconvenience after arrival from having been unaware of this.

It is also notified, that it is extremely difficult to get Bills or Notes, of any kind whatever, cashed on the Hills: individuals often suffer great inconvenience from coming with the contrary impression.

D. BABINGTON, Major,
Commanding Neilgherries.

CONTRACT FOR THE SUPPLY OF GRAIN, CONSISTING OF BAJREE, MUTT, GRAM, AND BRAN, WHEATEN.

Persons desirous of entering into a Contract for the supply of such Grain as may be required by the Commissariat Departments at Bhoj and Mandavee, for the term of one year, from the 1st January to the 31st December 1861, may, on application at this Office, from 11 A.M. till 5 P.M. daily (Sundays excepted), obtain Copies of the Schedule or List of Prices, and such information relating thereto as they may require.

2. No person will be allowed to bid for the Contract unless he deposit in this Office, in cash, the sum of Rupees (200) Two hundred, which will be forfeited in the event of withdrawal of his Tender before the Commissary General, or other authorised person in that behalf, shall have signified to him, by a notice in writing, his refusal to accept such Tender; or in the event of delay, evasion, or refusal, on his

part, to furnish the requisite further Security, and execute the Deed of Contract, when required to do so on his offer being accepted.

3. The further security required is Bonded Security to the amount of Rupees (500) Five hundred, subject to the approval of the Commissariat Agent; and this, together with the amount previously deposited, will be held as a guarantee for the due fulfilment of the Contract.

4. Verbal offers for the Contract will be received at this Office on Friday, the 30th November next, at 12 o'clock precisely, when bidders will be required to bid above or below the prices exhibited in the above List, at which the supply will be made.

5. The articles supplied must be of unexceptionable quality, or of the sort usually supplied, and are to be delivered, in the first instance, at the Commissariat Stores, if required, and afterwards to the indenting Departments, in good condition, free of all charges beyond the stipulated price, in such quantities as may, from time to time, be demanded, being liable to examination and rejection by the Native Commissariat Agent, or by the indenting or receiving Officers, or by a Committee of Officers appointed on the part of Government, in the event of the Contractor being dissatisfied with the decision of the above Officers, or either of them, it being understood that the decision of such Committee is to be final and binding on all parties.

6. In case the said articles, or any of them, shall be rejected by the Committee so appointed, the said Committee shall not be required to assign or give any reason for such rejection, but the decision of such Committee shall be final and conclusive; and it shall not be competent to the Contractor, his Heirs, Executors, or Administrators, to question such decision in any Court of Law or Equity, or otherwise howsoever.

7. The Contractor must comply immediately with emergent demands, and meet others of less urgency, within the periods stated in the requisitions made upon him; in failure whereof, or if any supply be rejected or condemned by a Committee as aforesaid, the articles, or such others as may be required in lieu thereof, may be at once purchased by this Department at his risk and cost; and in all such cases, Thirty (30) per Cent. upon the amount of expenses incurred, or a fine not exceeding Rupees (20) Twenty, at the option of the Native Commissariat Agent, shall be levied as liquidated damages for each and every such breach of Contract,—the condemnation of any article by a Committee being held to constitute a breach of Contract, whether the rejected articles be replaced by the Contractor or by this Department. In every such case, the Contract may be cancelled at the discretion of the Commissary General; and if it be so cancelled, the Cash deposit, mentioned in paragraph 2 of this Notice, will be forfeited to Government.

8. Any delay, negligence, evasion, or refusal on the part of a Contractor to make supplies or obey orders, or any attempt on his part, or that of his Agents, to pass off articles of an inferior quality in lieu of those he is bound to supply, or any neglect to deliver them at the time and place appointed, will subject him to be fined to the extent of Rupees (25) Twenty-five by the Native Commissariat Agent; an appeal from his order may be made to the Commissary General, whose decision is to be final; but when any of the penalties provided for in the preceding clause are exacted, no further penalty shall be leviable under this clause.

9. The Contractor, or an accredited Agent on his part, approved of by the Native Commissariat Agent, must attend at this Office during the usual hours of business, i.e. from 10 A.M. to 5 P.M. daily (Sundays excepted), also at such other time or place as may be indicated by the Native Commissariat Agent, when it may be considered desirable for the public service to require such attendance.

10. Any party whose offer is accepted, must produce Sureties, such as shall meet the approval of the Commissariat Agent, within Fifteen days from the date of the acceptance of his offer, or the Contract will be resold, and the amount deposited by the offerer forfeited to Government. No reason will be stated for rejecting any Security offered.

11. Bills for articles supplied under this Contract must be preferred for examination within one month from the date of the delivery of the same, or the Contractor will forfeit their full value; unless it clearly appear, to the satisfaction of the Commissary General, that the delay was unavoidable. Payment of Bills passed in this Office must be claimed within Five days after they are passed, or the amount will be forfeited to Government.

12. The amount of retrenchments made by the auditing authorities on the Contractor's Bills will be recovered from the first sums payable to him; but in the event of such retrenchments, or any portion thereof, being remitted, the amount remitted will be refunded.

13. Any party who, after offering for the Contract, fails to furnish the necessary Security, as provided for in Clauses 3 and 10 of this Notice, will be interdicted from bidding on future occasions, unless he produces a document from some person or persons of unexceptionable character and sufficient means, guaranteeing the due finding of the requisite Security, and execution by him of the Deed of Contract, on his offer being accepted.

14. Persons intending to offer may, on application, see a statement of the actual annual consumption during the past years; but it is to be distinctly understood that supplies must be furnished to any extent required, without reference to such former consumption.

15. No reason will be assigned for the rejection of any offer.

3rd.—The necessary supplies are to be issued daily by the Contractor. No offer will be received which is not accompanied by a deposit of the sum of Rupees (1,000) One thousand, which will be forfeited in the event of withdrawal of his tender before the Commissary General or other authorised person in that behalf should have signified to him, by a notice in writing, his refusal to accept such tender, or in the event of delay, evasion, or refusal on the part of the Contractor to execute the necessary Deed of Contract when required to do so; and should his offer be accepted, he must give bonded Security to the further amount of Rupees (4000) Four thousand for the due fulfilment of the engagement.

Department. In every such case also, it is to be understood that the Contract may be cancelled at the discretion of the Commissary General; and that if the Contract be so cancelled the Cash deposit of Rupees (1000) one thousand mentioned in the 3rd paragraph of this Notice will be forfeited to Government.

8th.—The amount of retrenchment made by the Auditor of Commissariat Accounts from Contractor's bills will be recovered from the first bills preferred for payment, but in the event of the retrenchments or any portion thereof being remitted, the amount so remitted will be refunded.

10th.—Intending parties may, on application, see a statement of the actual annual consumption during the previous years, but they must distinctly understand that supplies will have to be furnished to whatever extent they may be required, without any reference to the quantity consumed or required in previous years.

11th.—Further particulars will be made known on application to this office from 10 A. M. to 5 P. M., Sundays excepted.

12th.—No reason will be assigned for the rejection of any offer.

Notice

Is hereby given, that Changes of Address and Instructions to stop Letters directed to Out-Stations cannot be attended to after the Mail Steamer has been signalled.

The numerous references made to the Post Office on such occasions, and very frequently after the Overland Mails have been brought to the Post Office, preclude the possibility of attending to them correctly, and the above information is given to prevent disappointment.

T. GARRETT,

Officiating Post Master.

Bombay Post Office, 11th September 1860.

Letters by Express.—As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director General of the Post Office desires to intimate to the Public that he has authorised the Post Master of Bombay to despatch by the Express letters received by the Steamer addressed to persons who may have stated in writing their wish to have their letters so forwarded, and who have engaged to pay the Express Postage of One Rupee for every quarter of an ounce.

If, therefore, any persons desire that their Overland letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and, when its weight will admit of additional letters being despatched.
