FINANCIAL DEPARTMENT.

The following Extract of Correspondence is published for general information and guidance:—

Extract Paragraphs 2 to 6 *and* 9 *of a Letter from the Civil Finance Commission, Calcutta, to the address of the Secretary to the Government of India, Financial Department* (*No.* 63), *dated the* 10*th September* 1860.

Paragraph 2.—It seems hardly necessary for us to dwell at length upon a document, such as the Report of the Punjaub Committee, which speaks fully for itself, and which is now being acted upon in the Punjaub. A reform has been attained by a considerable reduction both of the number of Returns, and of the number of Copies of Returns, made by Government Officers generally, and by making the periods of their submission less frequent.

3. It is shown that, without removing a single check of any value, the number of Returns required yearly from each Deputy Commissioner has been reduced from 63 (involving 1,011 copies) to 45 (involving 279), while all Returns which appeared to be clearly superfluous, if not objectionable, have been peremptorily forbidden.

4. The Committee have laid great stress upon the importance of punctuality and correctness in the preparation of Returns, which naturally increase in individual value by a corresponding ratio to their numerical decrease. While concurring in this, we would but add that, to our view, the Head of the Office is the really responsible person for irregularities of the subordinates, and that, unless he is personally possessed of the attributes of method and order, but little hopes can be entertained of efficiency in his subordinates.

5. As a step towards ensuring regularity, we would suggest that a list, showing the number of Returns, with the dates of their required submission, should be exhibited in every official room.

6. We concur in the opinion of the Committee that the submission of blank tabular forms is unadvisable, as merely saving labour in one office at the expense of all.

9. With reference to paragraph 15, which directs that all Contingent Bills should be submitted for audit in duplicate, we have to state that the Civil Auditor of Bengal has forbidden that Duplicates should ever be sent to him, on the very principle inculcated by the Punjaub Committee in their remarks on the submission of blank forms, and which appears to militate against their orders regarding such Duplicates, that it is unadvisable to lighten work in one office at the expense of all. The Civil Auditor has further demonstrated to us that, by a correct system of "Registers," no delay need occur from the discontinuance of Duplicates which are very likely to lead to lazy habits in Book-keeping, and that a double audit is very nearly impossible.

Extract Paragraphs 3, 4, *and* 7 *of the Resolution of the Government of India on the above* (*No.* 10301), *dated the* 4*th October* 1860.

Paragraph 3.—The proposal contained in paragraph 5, appears to His Excellency in Council to be unobjectionable, and he directs that it be adopted.

4. With regard to paragraph 6, the Governor General in Council agrees with the Commission in thinking that the submission of blank tabular Forms is unadvisable, provided that a memorandum—as suggested in Rule 9 of the subsidiary Rules proposed by the Lahore Committee—of all statements blank is sent to the higher Office.

7. The practice of preparing Contingent Bills in duplicate, the abolition of which is suggested in paragraph 9, has, the Governor General in Council observes, already been ordered to be discontinued.

Acting Secretary to Government.

From H. Bell, Esq.,
Under-Secretary to the Government of Bengal,
To the Secretary to the Government of India, Home Department.
(Revenue.) *Fort William, the 12th October* 1860.

Sir,—With reference to paragraph 2 of the Resolution of the Government of India, in the Financial Department, No. 9939, dated the 28th ultimo (forwarded with your Office Memorandum, No. 2203 of the 3rd instant), in which His Excellency the Governor General in Council decided that the Return under Rule 4, Section XCVII. Act XXXII of 1860, for an Estate, the owner of which was non-resident, should be made by the Agent in the District where the land might be situated, I am desired to forward, for the consideration and orders of His Excellency, a copy of a letter, No. 77, of the 8th instant, from the President of the Income Tax Commission, containing a proposition on the same subject.

2. The Commission recommend that one *general* Return of *all* lands and house property should be made in the District where the party resides; and that the Return of land and property held *in any one District* shall be made to the Collector of that District.

3. The Lieutenant Governor thinks the modification desirable, and accordingly recommends it for the sanction of the Supreme Government.

From A. Grote, Esq.,
President of the Income Tax Commission,
To W. S. Seton Karr, Esq.,
Officiating Secretary to the Government of Bengal.
Dated the 8th October 1860.

Sir,—I have the honour to request the instructions of His Honour the Lieutenant Governor on the following point:—

2. The Act provides (Rule 4, Section XCVII.) for a general Return of all lands and house property *in whatever District situated*. There are many wealthy residents of Calcutta and the suburbs who hold such property in a dozen districts, and even beyond the limits of the Lower Provinces, and they are puzzled where to make their Returns.

3. Strictly speaking, they should make Returns not only to our Commission, but to the Collectors of the several Districts in which their property is situated. But it is better, we think, to dispense with such repetitions. For the purposes of the Acts, it will be sufficient if such parties make one general Return of *all* their land and house property, and confine their District Returns to an enumeration of what they hold in the particular District in which the Return is made. The general Return should always be made to the Commissioner or the Collector of the District in which the party resides.

4. I think it very necessary that there should be one general Return of land and house property. There are many residents of Calcutta who hold such property, rent-free lands especially, in Districts, the Collectors of which have no record or knowledge of these ownership. A general rule on the subject will be necessary, should His Honour the Lieutenant Governor take the same view of it which is held by our Commission.

No. 2106, Home Department, Fort William, the 22nd September 1860.

Forwarded to the Financial Department, with reference to the Extract No. 8041, dated the 7th instant, from that Department.

From W. S. Seton Karr, Esq., Officiating Secretary to the Government of Bengal, to the Secretary to the Government of India, Home Department, No. 2499, dated Fort William, 18th September 1860.

(Revenue, Income Tax.)

Sir,—I am directed to forward, for the consideration and orders of His Excellency the Governor General in Council, the accompanying copy of a letter* from the Commissioner of Bhangulpore, submitting, for decision, two questions bearing on the Income Tax Act.

* No. 169, dated 5th instant.

2. With regard to the first question, the Lieutenant Governor does not think that the Act allows an Assessor to employ others with or without an oath of secrecy to read Assessment Returns.

3. As regards the second question, the Lieutenant Governor is of opinion that the Return for land should be made in the District where the land is situated.

From G. U. YULE, Esq., C. B., Commissioner of Bhangulpore, to the SECRETARY to the GOVERNMENT of BENGAL, No. 169, dated 5th September 1860.

SIR,—May I beg the favour of a speedy reply to the two following questions regarding the Income Tax, as, until my doubts are satisfied, I cannot fix the number of Assessors for these Districts, or make a selection of persons for Assessors:—

1*st*.—Is an Assessor required by law to read himself, in fulfilment of the oath of secrecy, all Returns of Income made to him, and with his own hand make the entries in the Abstract (Section 46), and prepare the duplicates of Assessment (Section 143)?

If so, then all European and Native Deputy Collectors are shut out from being Assessors, or from exercising the powers of a Collector with regard to the Income Tax in this division, because the Returns will be in four languages, and principally in Nagree, which language no European and no Native Deputy Collector, and very few Natives of a class likely to afford Assessors, can read fluently or write at all.

If not, then the oath of secrecy is, I suppose, to be administered to the Subordinates who will have to read the Returns and write the entries, &c. after the assessment has been made by the Assessor or Deputy Collector.

2*nd*.—Is the Return for an Estate, according to Rule 4 Section 97, whose owner is non-resident, to be made by his Agent under either Section 40 or Section 80 in the District where the estate lies, or is it to be made by the owner in the district where he may reside, and where is the assessment to be made?

If the Returns and assessment of an Estate here, for instance, are to be made in Calcutta because the owner resides there, then the cheating will be enormous, and the confusion and correspondence tremendous.

FINANCIAL DEPARTMENT, *Fort William, the* 28*th September* 1860.

RESOLUTION.—His Excellency the Governor General in Council agrees in the view taken by the Honorable the Lieutenant Governor of Bengal in respect to the first question. The Returns of Income should be required to be made in English, or in the official language of the District.

2. With respect to the second question, His Excellency in Council considers that the Return for an estate, the owner of which is non-resident, should be made by his Agent in the District where the land is situated.

Ordered, that a copy of the above be forwarded to the Home Department, for information and communication to the Government of Bengal.

Ordered also, that a copy of the above be forwarded to the Foreign Department, for information and communication to the Administrations under that Department.

Ordered further, that a copy of the above be forwarded to the Governments of Madras, Bombay, North-Western Provinces, the Punjaub, and the Straits' Settlements for information and necessary orders.

(REVENUE.—INCOME TAX.) *Dated Nyne Tal, the 12th October* 1860.

SIR,—Under the instruction conveyed in a letter from the Home Department, No. 1867, dated 4th September last, I am desired to submit copies of a letter, No. 137, dated 1st instant, from the Sudder Board of Revenue, North-Western Provinces, and of the reply thereto of this date, for the consideration of the Government of India in the Financial Department, and to request that the Lieutenant Governor may be informed whether his ruling of the point referred by the Board is correct or not. The question is a doubtful one, and the Lieutenant Governor is unwilling to put forth the general instruction which is required, until assured that his view has the concurrence of His Excellency the Governor General in Council.

2. It is desirable that all rulings on questions relating to the Income Tax Act should be made known to all Officers concerned in the execution of it, and the Lieutenant Governor therefore desires me to submit his particular request that he may be always favoured with an expression of the views of the Government of India upon all correspondence which may be submitted for their consideration, in obedience to the order conveyed in the letter, No. 1867, dated 4th September, from the Home Department, above referred to.

(SEPARATE REVENUE DEPARTMENT.) *Dated Allahabad, the 1st October* 1860.

SIR,—The Officiating Collector of Allahabad having submitted to the Sudder Board of Revenue a question regarding the mode of assessing the Income Tax on Banking and Trading Firms having Branches in different stations, I am directed to submit the case for the consideration and orders of the Honorable the Lieutenant Governor, with the following remarks:—

Present.
W. Muir, Esq., Senior Member; and R. Money, Esq., Junior Member.

2. The difficulty explained by Mr. Johnstone refers to Rule 42, Section XCVIII. of the Act, and is based on a representation from the chief Mahajuns of Allahabad that it will be impossible to give in correct Returns of the profits of each branch separately, as the accounts are all kept at the head station, and the Agents at the outstations cannot, by any possible means, render the Returns required by the Act at the places where they are located. In illustration, he cites the case of a Firm whose Head Office is at Allahabad, purchasing a quantity of Piece Goods through its Branch at Calcutta, and forwarding it for sale to another Branch at Agra. In this instance, to which Branch is the profit or loss in the transaction to be credited? The purchase money was paid in Calcutta, and the proceeds of the sale received at Agra; but the profit or loss can only be ascertained by a reference to the books at Allahabad.

3. The Board are of opinion that the provisions in Rule 42, Section XCVIII., cannot be declared invariably applicable to native Bankers who have Branch Houses in different Districts. They believe that, though in some instances the Branch Houses act in a double capacity, viz. partly as Agents of the Head Firm, and partly as independent Traders and Bankers, the account of profit and loss on the original transactions of each being made up separately; yet, in the generality of cases, the Branches are simply Agents, and make up no separate yearly accounts of their independent transactions. In such, the Branch transactions can only be regarded as transactions of the general Firm.

4. The Board would therefore recommend that Rule 42, Section XCVIII. of the Act, and Rule 68 of the Resolution, be held applicable only to Branches carrying on an independent trade or business, the accounts of which are made up, and a balance of profit and loss struck independently of the accounts of any Head Firm.

5. Where, on the contrary, the account of all the transactions of the Branches of any Firm are regularly submitted to that Firm, and incorporated in their general calculation of profit and loss, such Branches should not be accounted separate trades or business under Rule 42, but integral parts of the general trade conducted by the Firm. In this case, the Returns and Assessment would be by the Firm alone,—not by its Agents. But the latter might be required to furnish a Return through the Assessor of the place where they reside, which would be sent to the Collector in whose jurisdiction the head quarters of the business are. This would prevent the possibility of any Agency being overlooked.

6. In all cases the Goomashta, Mooneeb, or other Agent will, of course, deliver to his own Assessor a Return of all salaries, profits, or other gains made by him, either in connection with his Principal's Firm or otherwise.

No. 102 A.

From G. Couper, Esq.
Secretary to the Government of the North-Western Provinces,

To W. H. Lowe, Esq.
Secretary to the Sudder Board of Revenue, North-Western Provinces.

(Revenue Department.—Income Tax.) *Dated Nynee Tal, the 12th October* 1860.

Sir,—I am directed to acknowledge the receipt of your letter, No. 137, dated the 1st instant, regarding the mode of assessing the Income Tax on Banking and Trading Firms having Branches in different places.

2. The Mahajuns of Allahabad state that all the accounts being kept at the Head Office of the Firm, it will be impossible to deliver correct Returns of the profits accruing at each of the Branches, as required by Rule 42, Section XCVIII. of the Income Tax Act; and the Board, believing that, "in the generality of cases, the Branches are simply Agents, and make up no separate yearly accounts of their independent transactions," recommend that the rule above cited shall be "held applicable only to Branches carrying on an independent trade or business."

3. The Lieutenant Governor is inclined to think that there is no necessity for putting forth the declaration which the Board advise.

4. In these cases, in which the Branches of Banking or Trading Firms carry on an independent business, and a balance of profit and loss is struck independently of the accounts of any Head Firm, the Returns of actual profits can, of course, be delivered without any difficulty to the Collector acting for the place where the Branch is established, and he will make the assessment.

5. In the other case of Branches whose accounts are incorporated in those of the Head Office, and in the general calculation of profit and loss made in that Office, the Returns would still be given in to the Assessor of the place where the Branch business is carried on, according to the Form No. 7, Part II., and in its 5th column, there would presumably be no entry of profits, but a remark that the balance of profit and loss is struck at the Head Office of the Firm at such a place. In such a case the Assessor might accept the fact, and refrain from computing the assessment altogether; or if he should act under Section XLVII. of the Act, and the Collector, acting for the place where the Branch is established, should make an assessment in the discretion vested in him by Section LII., the Head Firm will have no difficulty in proving that the profits returned by them include the profits derived from the transactions of the Branch, and in so obtaining relief from the double assessment under the provisions of Part XIV. of the Act.

6. Under this Rule a Firm having Branches by which a balance of profit and loss is not struck independently of the accounts at the Head Office, would be assessed on the whole of their profits for the year by the Collector acting for the place where the Head Office is situate, and there would be no such departure from the terms of the Law as the declaration advised by the Board would apparently involve. Rule 44 of Section XCVIII. would seem to show that such is the intention of the Law, and this view is corroborated by the fact that Rule 42 contemplates the carrying on, by a person of the *same* trade or business in different places, and requires the Returns to be delivered and the assessment to be made in each of such places without any reservation as to *separate* trades or businesses.

7. The same result, it seems, would follow upon the course which the Board recommend. They state, in paragraph 5 of your letter, that the Agents of a Firm "might be required to furnish a *Return* through the Assessor of the place where they reside, which would be sent to the

Collector in whose jurisdiction the Head Quarters of the business are;" but if such Return exhibit profits chargeable to the duties under the Act, such Assessor would be bound, under the terms of the Law, to compute the duties himself, and to include the party making the Return in the Abstract which he is required by Section LI. to lay before the Collector acting for the place where the business is carried on; and the Collector similarly would be bound to make the assessment. On the other hand, if the Return exhibit no assessable profits, the result would be that set forth in paragraph 5 of this letter.

8. The Lieutenant Governor does not see how, without a transgression of the Law, any other course than that above described can be followed. The same end is attained as that contemplated by the Board, though by different means.

9. Under a general instruction received, copy of this correspondence will be submitted to the Government of India, in the Financial Department, for consideration and any further orders that may be necessary. The course of proceeding described in this letter will be followed until it be declared to be incorrect.

RESOLUTION.—The Governor General in Council approves of the ruling of the Lieutenant Governor of the North-Western Provinces, as set forth in his letter, No. 103 A., dated the 12th instant, to the Board of Revenue, in respect to the mode of assessing the Income Tax on Banking and Trading Firms having Branches in different places.

With reference to the request of the Lieutenant Governor, contained in paragraph 2 of his Secretary's letter, No. 103 A., dated the 12th instant, that he may be favoured with an expression of the views of the Government of India upon all correspondence connected with the Income Tax which may be submitted to it for consideration and orders, the Governor General in Council resolves that all rulings connected with the Income Tax be hereafter published in the *Calcutta Gazette*, for the information and guidance of all Officers concerned, and that those rulings which have not already been published be now published.

ORDER.—Ordered, that a copy of the above Resolution be forwarded to the Government of the North-Western Provinces, in reply to letter from that Government, quoted above.

Ordered also, that a copy of the Resolution, and of the letter from the Government of the North-Western Provinces, quoted above, and of its enclosures, be published in the *Calcutta Gazette*, for the information of the several Local Governments and Officers concerned.

By order of the Governor General in Council,

Secretary to the Government of India.

Secretary, Sudder Board of Revenue, North-Western Provinces,

Secretary to Government North-Western Provinces.

(SEPARATE REVENUE DEPARTMENT.) *Dated Allahabad, the 25th September* 1860.

SIR,—It has been brought to the notice of the Board by the Collector of Allahabad that the terms of Act XXXII. of 1860 impose a duty of 4 per cent. on every 100 Rupees of Income of whatever amount the Income may be, and that the power of granting exemption under Part XIII. is limited to the Collector, on proof being advanced before him that the Income of the applicant is below the prescribed limits.

Present.
M. Muir, Esquire, Senior Member; and R. Money, Esquire, Junior Member.

2. It would seem to follow, from the letter of the Law, that Assessors must assess at 4 per cent., leaving the exemption to be proved and admitted before the Collector. This surmise is supported by the manner in which the Assessors' Forms 12, 13, and 17, have been prepared, the duties entered therein being 3 and 1 per cent., and not 2 per cent.

3. The Board would submit that a rule such as the above would be in itself absurd; it would multiply business to an enormous extent without any advantage whatever; and it would produce misunderstanding on the part of the people who would not understand the object of the Assessors in rating them at a per-centage higher than that laid down in the Law.

4. The Board have accordingly instructed the Collector of Allahabad that persons with Incomes below 500 Rupees per annum are to be allowed to return themselves at the rate of 2 per cent, and that the Assessors are to admit the assessment at 2 per cent. wherever they have no means for considering that an individual's Income from all sources does not reach 500 Rupees per annum.

5. But as this ruling is an apparent contradiction to the letter of the Law, I am directed to report the subject for the consideration of the Honorable the Lieutenant Governor.

I am, &c.

(Signed) W. H. Lowe, Secretary.

(Copies.)

No. 98 A. of 1860.

From G. Couper, Esq.,
Secretary to Government of the North Western Provinces.

To W. H. Lowe, Esq.,
Secretary, Sudder Board of Revenue, North Western Provinces, Allahabad.

(Revenue Department.—Income Tax.) *Dated Nynee Tal, the 12th October* 1860.

Sir,—I am directed to acknowledge the receipt of your letter, No. 124, dated 25th ultimo, in which you state that the Board have instructed the Collector of Allahabad that persons having Incomes below 500 Rupees must be allowed to return themselves at the rate of 2 per cent. even though, according to the terms of the Law, a duty of 3 per cent. and 1 per cent. is chargeable on every 100 Rupees of Income, of whatever amount the Income may be.

2. It is correctly stated by the Board that by the letter of the Law (Sections I. and III. Act XXXII. of 1860,) the Tax is chargeable only at the rate of 3 and 1 per cent. no matter what the amount of Income may be, and that every person having an Income of less than 500 Rupees per annum is required by Section CXVII. to "prove his title to exemption from a higher rate of duty than 2 per cent."

3. But the Lieutenant Governor thinks that, in the spirit of the Law, the Returns made to the Special Notice, by a person returning his Income at less than 500 Rupees per annum, must, if accepted by the Assessor and the Collector, be regarded as "proving, to the satisfaction of the Collector," that the person making the return is entitled to be assessed at the lower rate of 2 per cent., allowed in such cases by Section CXVII. of the Act.

4. The Lieutenant Governor cannot suppose that it was the intention of the Legislature, by Section CXVII. of the Act, to require that the Collector, though fully satisfied, from the Returns made by A, that A has an Income of less than 500 Rupees, should nevertheless assess A at the rate of 3 per cent. and 1 per cent., and should then call upon him to "prove" that "the aggregate amount of his profits or Income," XX. "though amounting to 200 Rupees per annum, is less than 500 Rupees per annum.

5. It is certain, as observed by the Board, that such a rule would add enormously, and at the same time quite uselessly, to official labour.

6. There is no question, it may be observed, of persons "*returning themselves at 2 per cent.*" What the Special Notice requires is, that every person, on whom it may be served, shall make a Return of his profits or Income in certain prescribed Forms, and it rests with the Assessor to compute the duties, and with the Collector to make the final assessment in accordance with the Law. There is no obligation on the persons making the Returns to denote in any way the "rate" at which the duty will be chargeable.

7. Under general instructions to that effect, copies of this correspondence will be submitted for the consideration of the Government of India. Should the foregoing construction of the Law be accepted by the Government of India, it will be necessary to advise all Collectors and Officers in charge of Districts accordingly.

Notice to Mariners.

His Excellency the Lieutenant Governor has directed the following Report of Dangers discovered in the vicinity of the Basses, between the line of those Reefs and the Mainland, received from Mr. McDougall, Master, R. N., in charge of the Survey of the South-East Coast of Ceylon, to be published for general information.

By His Excellency's Command,
(Signed) W. C. GIBSON,
Acting Colonial Secretary.

Colonial Secretary's Office,
Colombo, September 17th, 1860.

Galle, September 12th, 1860.

Little Basses Tail is half a mile in length, with only 3 fathoms on it. It lies N. by W. 1⅝ miles from the Little Basses Reef. This patch is supposed to be the one on which the Ship "Atlas" struck the *first* time in 1813 (*vide* Horsburgh, page 563).

Atlas Reef, with only 3 fathoms, is about a cable's length in extent, N. E. by N., 1⅛ miles from the Little Basses Reef, and is supposed to be the danger on which the "Atlas" struck the *second* time in 1813. Between it and the Little Basses Tail, anchorage for a light vessel may be obtained in 6 fathoms, sand and stones, with the centre of the Little Basses Reef bearing S. W. half a mile. The reef breaks heavily.

Dædalus Reef.—This dangerous patch was discovered by H. M. S. "Cyclops" striking on it on the 30th July last; it is probably the one on which H. M. Ship "Dædalus" was lost in 1813 (Horsburgh, 562). The "Cyclops," drawing 15 feet, went from 6 fathoms on to the rock, and for several minutes struck heavily, lifting her rudder twice.

The least water obtained all round the Ship was 3¾ fathoms. The rock is evidently a pinnacle, with about 14 feet on it, and having 5, 6, and 7 fathoms close to—(no sign of a break was observed at the time the Ship struck). From it the centre of the Little Basses bears S. 25° E. 3¼ miles; Chimney Hill N. 56° W., and Nipple Peak N. 75° W—it is distant from the nearest shore 1½ mile.

Cyclops Reef—so called in consequence of the "Cyclops" striking several times, and in different places—consists of a hard, narrow, sandy ridge, with patches of boulders, having only 2 fathoms in some places. It lies E. by N. ½ N. and W. by S. ½ S. for a distance of 3¾ miles, and is from ¼ to ½ a mile in breadth. From its West end in 3 fathoms, Potana Point bears North 2 miles; and from its Eastern end in 4 fathoms, Chimney Hill bears N. ¼ W.; the shore in that direction being distant 3½ miles. Between the reef and the shore is a channel with 7, 9, and 12 fathoms.

Breakers are occasionally seen on shoal patches of this reef.

Potana Patch—breaks very heavily, and appears to be about ¼ of a mile in extent. It lies W. by S. ½ S. from the West end of Cyclops Reef, the distance being 1¾ miles, forming a clear channel with from 8 to 10 fathoms. To sail through, keep Chimney Hill on with the Eastern slope of Potana Point bearing N. by E. ¾ E.

Elephant Reef—also breaks heavily, and lies N. E. ½ E. and S. W. ½ W., 1½ miles long; its N. E. end being 1 mile from Potana Patch. This supposed channel has, however, never been sounded, and should not therefore be tried. The N. E. end is 1½ miles from the shore, with Elephant Hill and Elephant Rock in line, N. W. ¼ N. The S.W. extremity is 1 mile S. W. ¼ W. of the detached rock off Anadowe Point. Between the reef and the shore is a clear channel, with from 8 to 9 fathoms, but should never be attempted by strangers, as the Coast permits of no leading or back mark being given.

Masters of Ships, under *any* and *every* circumstance, should carefully avoid attempting to pass inside the line of the Great and Little Basses.

The foregoing bearings are magnetic.

The current during the S. W. Monsoon sets along the line of Coast, between Point de Galle and the Little Basses, to the East and N. E., at rates varying from 1 to 2 miles per hour.

Notice to Mariners.

Relating to a supposed Shoal in Torres Strait which is not laid down in the Chart.

On July 19th, 1860, the Ship "King Lear" passed an apparently dangerous Shoal, very narrow, but extending about a mile in a South-Westerly and North-Easterly direction, and seeming as if it would have only from 4 to 6 feet water over it with a smooth sea.

It lies in nearly a direct line between Mount Ernest and Double Island, and is distant from the former about 5¼ miles, and 6¾ from the latter.

It is considered that the position here indicated must be correct within half a mile, though it was not found convenient to determine it with extreme accuracy.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.

Notice

Is hereby given, that Changes of Address and Instructions to stop Letters directed to Out-Stations cannot be attended to after the Mail Steamer has been signalled.

The numerous references made to the Post Office on such occasions, and very frequently after the Overland Mails have been brought to the Post Office, preclude the possibility of attending to them correctly, and the above information is given to prevent disappointment.

T. GARRETT,
Officiating Post Master.

Bombay Post Office, 11th September 1860.

Letters by Express.—As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director General of the Post Office desires to intimate to the Public that he has authorised the Post Master of Bombay to despatch by the Express letters received by the Steamer addressed to persons who may have stated in writing their wish to have their letters so forwarded, and who have engaged to pay the Express Postage of One Rupee for every quarter of an ounce.

If, therefore, any persons desire that their Overland letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and when its weight will admit of additional letters being despatched.

H. B. RIDDELL,
Director General of the Post Office of India.

The Mails from the undermentioned Stations reached the Bombay Post Office TOO LATE for Despatch by the P. & O. Co.'s Steamer "BOMBAY," which started on the 12th November 1860:—
