GOVERNMENT NOTIFICATIONS TO THE PUBLIC.

REVENUE DEPARTMENT.

The following Notifications by the Government of India are re-published for general information:—

"FINANCIAL DEPARTMENT.

No. 141.

Extract from the Proceedings of the Government of India in the Financial Department, under date the 26th November 1860.

READ an Extract from the Military Department, No. 267, dated the 8th instant, forwarding for consideration and orders two letters from the Officiating Military Auditor General, Fort William, submitting a summary of opinions and instructions which have been communicated by him to Paymasters, &c., regarding the levy of the Income Tax.

RESOLUTION.—The Honorable the President in Council is pleased to pass Orders on the above, as shown in the last Column of the following Tabular Statement:—

Opinions and Instructions of the Officiating Military Auditor General.

Orders by the Honorable the President in Council.

1. The Officiating Auditor of Commissariat Accounts, having inquired if Executive Officers are to deduct Income Tax from all Bills, also as to the course to be pursued in respect to the Bills of Agents and Contractors for Supplies furnished to the Troops, or for other Government purposes, has been informed, by the Officiating Military Auditor General, that, as the duty of the several *ex-officio* Assessors for Military Pay and Allowances extend only to the Pay and Allowances passed by them, he should make the necessary assessment on such Pay and Allowances, and that the Bills of Agents and Contractors for Supplies or otherwise do not come under his notice, as the Drawers will have to satisfy the properly constituted authority as to their profits in trade towards their being subjected to the operations of the Act.

This appears to be correct.

2. The Paymaster and Superintendent of Native Pensioners, Barrackpore, having inquired if, at the half-yearly payment in November (current), Income Tax is to be recovered from such of the Native Pensioners as are liable to it, for the whole preceding six months, or only from 1st August 1860, the Officiating Military Auditor General has informed him, (First) that the Tax is leviable on all sums that become due and payable on and after the 31st July 1860; and (Secondly) that the Stipends of Native Pensioners being payable half-yearly, viz. on the 1st May and 1st November, the Stipends that become due on the former date are, if unpaid, exempt, but those that become due on the 1st November (current) will be liable to the Tax for the full half year, viz. from 1st May to 31st October.

3. The Officiating Military Auditor General has informed the Reverend F. Lewis, Pro-Vicar Apostolic of Hindoostan, that the salaries of Roman Catholic Priests are not exempted from Income Tax.

4. The Officiating Deputy Paymaster at Benares having, with reference to a letter from Major Thorpe, Invalid Establishment, objecting to deduction made from him of Income Tax, requested a reference on the subject to Government, has been informed by the Officiating Military Auditor General that, as the decision of Government, communicated in the Circular letter No. 11 of the 9th August last, has set the matter at rest, in respect to the liability of Military Pensioners in the receipt of Pay, &c., equal to or in excess of that of a Captain of Infantry, the request made by him cannot be acceded to.

5. The following instructions have been issued by the Officiating Military Auditor General to Paymasters:—

Native Doctors, Native Commissioned and Non-Commissioned Officers, are exempt from deduction on account of Income Tax.

Moonshees, Pensions of Widows and Orphans, Compassionate Allowance of Ditto, are not exempt.

Staff Salary of General Officer exempt to the extent of Rupees 400 for Tentage, included therein; not exempt in respect of Horse Allowance, a specific amount of Horse allowance not being included in the Salary.

Deputy Inspector of Hospitals receives Travelling Allowance when proceeding on duty; specific amounts of Tentage and Horse Allowance, not being included in his consolidated Salary, there are no exemptions on those accounts from his consolidated Salary.

Consolidated Salaries of Commandant and 2nd in Command of Regimental and Irregular Cavalry are exempt to the extent of Rupees 30 for one Horse, and the Tentage of Regimental Rank, which is included in the consolidated Salaries.

6. The Deputy Paymaster, Sirhind Division, has, in reply to his inquiry in behalf of the Assistant Adjutant General, Her Majesty's Forces in India, and Assistant Adjutant General of the Army as to whether Income Tax is chargeable on extra allowance allowed to Uncovenanted Assistants not in the Upper Provinces, been informed by the Officiating Military Auditor General that, as the extra pay sanctioned for Assistants in Public Offices, on occasions of proceeding to the Upper Provinces with the Camp of the Commander-in-Chief, is specially to meet the extra expenses incurred for marching, Income Tax is not leviable on the same. He has also been informed that Roman Catholic Priests are not exempt from Income Tax.

The first part of the Officiating Military Auditor General's reply is incorrect. The Tax is leviable on all sums that become due and payable on and after the 31st August 1860, not and after the 31st July 1860.

The second part appears to be correct.

This appears to be correct.

This appears to be correct.

These instructions appear to be correct, except as regards Native Commissioned Officers in the receipt of emoluments equal to or in excess of the Pay and Allowances of a Captain of Infantry, such Native Commissioned Officers being subject to the operation of the Income Tax Acts (see Financial Resolution No. 124, dated 16th November 1860, *Calcutta Gazette*, page 2496).

The first part of this reply appears to be opposed to the ruling passed in this Department on the 3rd instant (published in the *Calcutta Gazette* of the 7th idem, pages 2373 and 2374, in Notification No. 107), relative to the Deputation Allowances drawn by the Establishment of the Lieutenant-Governor of the North-Western Provinces while on tour. It is possible, however, that the extra allowances in the Military Department, referred to in this case, are not precisely of the same character as those referred to in the ruling of the 3rd instant; and His Honour in Council therefore desires that further information be called for on this point before final orders are issued.

Opinions and Instructions of the Officiating Military Auditor General.

Orders by the Honorable the President in Council.

7. The Military Auditor General at Madras having inquired of the Officiating Military Auditor General, Fort William, as to what is meant in Section CXXIX. of the Income Tax Act, by the term "Allowance in lieu of House Rent," and whether any portion of full Batta is to be considered equivalent to Regimental House Rent and exempt from Income Tax, has been informed in reply that House Rent is exempt, but that Extra Batta is *not* exempt.

This reply appears to be correct.

9. The Officiating Military Auditor General has informed the Apothecary to the Government of India, with reference to his inquiry whether Messrs. Scott and Marshall, employed as Accountant and Head Assistant in his Office, are subject to Income Tax, their receipts being under those of a Captain of Infantry, and they being Warrant on the Sub-Medical Establishment, that, as the parties are in Civil employ, under Section VII. of Act XXXIX. of 1860, they are not exempt.

This reply appears to be correct.

10. The Deputy Paymaster, Sirhind Division, has been informed that Staff Sergeants in the Barrack Department are not subject to Income Tax, unless in the receipt of Pay and Allowances to the extent of Rupees 415-6-0.

This reply appears to be correct.

11. The same Officer, has also been informed, with reference to an inquiry from Lieutenant Robinson, Great Trigonometrical Survey, that the Hill and Equipment Allowances allowed to Uncovenanted Assistants, are not subject to Income Tax.

This reply appears to be correct.

12. The Officiating Deputy Paymaster, Benares, having, at the request of the Reverend F. A. Mary, Roman Catholic Priest, Benares, inquired whether he comes under Section CXXVII. of Act XXXII. of 1860, has been informed by the Officiating Military Auditor General that, as a Roman Catholic Priest is neither a Commissioned nor a Non-Commissioned Officer, he is liable to Income Tax.

This reply appears to be correct.

13. The Presidency Paymaster having enquired whether the Pay and Allowances of Sir R. Napier, K. C. B., made payable in India are not liable to Income Tax, under Clause C. Rule I. of the Income Tax Act, the Officiating Military Auditor General has informed him that, as the charge for the Pay and Allowances of Sir R. Napier, K. C. B., does not fall on the Indian Revenue, Income Tax, under Act XXXII. of 1860, is not leviable.

This reply appears to be correct.

14. The Deputy Paymaster, Sirhind Division, having submitted to the Officiating Military Auditor General a letter from Captain Curtis, Commanding 6th Irregular Cavalry, objecting to deduction of Income Tax less for one Horse, and requesting exemption for three Chargers, has been informed in reply that the consolidated Salaries of Commandants of Corps of Irregular Cavalry include allowance for one Horse only.

This reply appears to be correct.

15. The Officiating Deputy Paymaster, Cawnpore, has, with reference to the inquiry submitted by him from Veterinary Surgeon Page, whether Veterinary Surgeons above ten years' service are liable to the Income Tax, been informed that, as Government has ruled that Officers in the receipt of Pay and Allowances equal to those of a Captain of Infantry are subject to the Income Tax, Veterinary Surgeons over ten years' service, who draw Rupees 419-10-9, as a matter of course, come under the operation of the Act.

This reply appears to be correct.

16. The Officiating Deputy Paymaster, Gwalior, having inquired, (First) whether Income Tax is to be levied on the Military Pay of Officers in Civil employ; (Secondly), whether the Military Pay of a Subaltern in Civil or other Staff employ is to be taxed when it is known that his Income exceeds that of a Captain of Infantry; and (Thirdly) whether consolidated Salaries are to be taxed, has been informed by the Officiating Military Auditor General, that Military Officers in Civil employ, if drawing salaries equal to or in excess of the Pay and Allowances of a Captain of Infantry, are subject to Income Tax; that, as their pay is passed in the Military Department, the necessary stoppage leviable on such pay is to be made; and that the consolidated Salaries of Commandants and Second in Command of Irregular Cavalry Corps are subject to Income Tax, less on account of Tentage of Regimental Ranks and Horse Allowance for one Horse.

The answer is correct as far as it goes. But it might be inferred, from the first portion of it, that Military Officers in Civil employ, if drawing Salaries *less* than the Pay and Allowances of a Captain of Infantry, are exempt. This is not the case. All Military Officers in Civil employ, other than the Police, are subject to the Tax, under Section VII. of Act XXXIX. of 1860, who may be in the receipt of more than 200 Rupees per annum.

17. The Deputy Paymaster, Sirhind Division, having inquired, (First) whether Warrant Officers and Sergeants in Magazines and Medical Departments are exempt from Income Tax; (Secondly)

The instructions issued on the 2nd and 4th Questions are approved.

Opinions and Instructions of the Officiating Military Auditor General.

whether Captains on the Invalid Establishment, drawing Rupees 340-6-0 per month, are liable to the Tax; (Thirdly) whether Officers in Civil employ, who draw their pay only in the Military Department are to be subjected to the Tax, in respect to such pay; and (Fourthly) whether Band and Mess Funds are exempt, the Officiating Military Auditor General replied as follows:—

1. Warrant Officers and Serjeants employed in Arsenals and Medical Depôts are exempt under Section CXXVII. Incomes of Rupees 200 yearly, and of less than Rupees 500 yearly, are chargeable with 2 per cent. only.

2. Captains of Invalids receiving Rupees 340-6-0 per month are exempt.

3. The pay proper of Officers employed in Civil and Staff appointments is liable to the Tax. The Tax of 2 per cent. will not fall to be levied on any Military Pay and Allowances. The Tax (aggregating 4 per cent.) on the higher class of Incomes is to be accounted for at 1 per cent. and 3 per cent., as noted in the Memorandum annexed to Circular letter No. 9, dated 6th August 1860.

4. Deductions for Regimental Mess and Band Subscriptions are exempted.

18. The Officiating Deputy Paymaster, Rawul Pindee, having inquired whether Subscriptions paid by Officers on account of Regimental Band and Mess are exempt from Income Tax, and also whether Officers drawing consolidated Salaries, such as Commandants and Second in Command of Irregular Cavalry and Local Corps, are entitled to the privilege of exemption of the Horse Allowance and Tentage of their Rank, has been informed that Subscriptions for Band and Mess Funds, and Tentage of Regimental Rank, and Horse Allowance for one Horse, from the consolidated Salaries of Commandant and Second in Command of Irregular Corps, are exempt from Income Tax.

20. The Officiating Deputy Paymaster, Rawul Pindee, having forwarded a letter from Lieutenant Colonel A. N. Campbell, Commanding at Murree, in which that Officer questions the legality of deducting Income Tax from his Pay and Allowances for July 1860, and having requested objection to be recorded, the Officiating Military Auditor General has informed him that the protest has been recorded.

21. The Commissary General having made a reference as to whether Warrant Officers and Non-Commissioned Officers attached to the Commissariat Department are considered in Civil employ, liable to Income Tax, also if Medical Subordinates attached to Military Hospitals are exempt, has been informed by the Officiating Military Auditor General, that Officers of all Grades in Non-Commissioned Offices attached to the Commissariat Department, being in Military employ, Section CXXVII. of Act XXXII. of 1860 is applicable to them; and that Warrant Officers of the Sub-Medical Establishment in *Military employ* come under the same Rules.

22. The Officiating Deputy Paymaster at Rawul Pindee has been informed that Commissioned, Warrant, and Non-Commissioned Officers, and Men in the Public Works Department, being in Civil employ, are subject to Income Tax, under Section VII. of Act XXXIX. of 1860; and that Officers, Commissioned and Non-Commissioned, and Men attached to the Barrack Department, being in Military employ, come under Section CXXXII. of Act XXXII. of 1860.

23. With reference to the Ordnance Department Circular No.

* The Officer in charge of the ——— will be good enough to have the Income Tax deducted from his Pay Bills for Permanent and Extra Establishments, commencing from the Bill for July 1860, in all cases to which the Act No. XXXII. of 1860 applies, i.e., Annual Incomes of Rupees 200 to 500, 2 per cent.

Annual Income from Rupees 500 upwards, 4 per cent. in Columns to the right of Bills, thus:—

Revenue Department, Fort St. George, the 30th October 1860.

SIR,—I am directed to forward, for the orders of the Government of India, copy of a letter from the President of the Madras Income Tax Commission, asking for an exposition of the meaning of the Act on a point specified.

2. The duties under Schedule 2 are assessed on the profits of the year preceding that in which the Assessment is made. The point now referred is, whether the falling short of profits spoken of in Section CXXXIX. refers to the year in which the Assessment is made, or to that on the profits of which it is made. It appears to this Government that the former can hardly be intended, because such a provision would put the Government under a constant disadvantage; inasmuch as while Assessment would be reduced when the current year's income fell below that of the preceding year, it would never be raised in the contrary case.

3. The intention, however, is not plain from the terms of the Act; and as the same case has probably arisen in Calcutta, and as uniformity of practice is desirable, I am directed to solicit the orders of the Government of India on the point.

Dated Madras, the 23rd October 1860.

SIR,—At a Meeting of the Board of Commissioners for the Income Tax, held on the 17th instant, it was resolved that the following question, connected with Section CXXXIX. of Act XXXII. of 1860,

should be laid before the proper Law Officer of the Crown, in order that his reading of the parts and rules referring thereto might be obtained.

2. I therefore have the honor to request that you will be good enough to move Government to obtain the opinion of the Advocate General, in order that the point may be ruled authoritatively.

"Is it intended by Act XXXII. of 1860 that parties making Returns may claim abatement on the profits of the year of Assessment at the expiration of that year, or is it meant that the abatement to be made applies to the profits of preceding year, as per example:—

"A. makes his Return of profits for 1859-60, upon which the Assessment for 1860-61 is made by the Commissioners. Can he claim a reduction on the return for 1859-60, if he discovers that it was higher than it should have been, or may he only claim an abatement of Assessment for 1860-61 if he finds his profits for that year fall below the Return of profits for 1859-60?"

SIR,—With reference to your letter, No. 11468, dated the 19th instant, I have the honor to forward herewith, for the information of Government, a copy of the Advocate General's opinion, as to whether the falling short of profits, spoken of in Section CXXXIX. of the Income Tax Act, refers to the year in which the Assessment is made or to that on the profits of which it is made.

Letter No. 1998, dated 30th October 1860, from Secretary to Government, Fort St. George, to Secretary, Government of India, Financial Department, and its enclosure.

OPINION.

I am clearly of opinion that the falling short of profits which, under Section CXXXIII. of the Income Tax Act, will entitle a person assessed to claim an abatement of the duties assessed on him, refers to the year for which the Assessment is made, and in which it is or ought to be made, and not to the preceding year, upon the profits of which the Income to be assessed for the current year is estimated.

The words of the CXXXIII. Section appear to me to admit of no other legal construction, as it is upon proof that the "interest or profits, during the year for which the Assessment is made, fall short of the sum on which the Assessment is made," that the person assessed is entitled to have his Assessment amended. Now the Assessment in each year is made for the current year (in all cases in which it is not accidentally delayed till after the expiration of the year for which it ought to have been made, when it is, under Section V., to be deemed to have been made for that year); and, although the Return upon which the profits for the year of Assessment are assessed gives the profits of the previous year as the estimate of

the profits of the current year, the Assessment is not made for the previous year upon the profits of the previous year as such, but upon the profits of the current year of Assessment, estimated according to the profits of the past year. If it be discovered before, or at the end of the current year, that that estimate was too high, by reason of the profits of the current year falling short of those of the previous year, the person assessed is entitled to have the Assessment amended according to the actual out-turn of the profits for the year of Assessment.

It is quite true, on the other hand, that, if the profits of the year of Assessment exceed those of the preceding year upon which the profits assessed were estimated, the Government cannot derive any benefit upon the Assessment of the current year from such excess. But the Government probably thought it more politic to abandon any claim to surcharge upon an excess of profits thus realized, than to compel the persons so assessed to submit to the extreme inconvenience of making a second Return at the end of the year of assessment. While, on the other hand, an abatement, in the case of persons who had been assessed upon an approximate valuation of their earnings for the year, which had turned out to be too high, was one so obviously equitable to the subject, that the Government could not well have refused to accord it, whether it thought it worth its while to enforce a revision of the Assessment in the case of an excess of profits during the current year or not.

The CXXXIX. Section is taken from the CXXXIII. Section of the English Act of 1842, amended by the XLVIII. Section of the Act of 1853; and the practice above stated is that which has always prevailed under the English Act. See the evidence of Mr. Offen before the Select Committee on the Income Tax, in the House of Commons' First Report, pp. 317, 318. A reference to the English Act shows clearly that the diminution of the profits referred to cannot be a diminution in the *preceding* year (upon the profits of which the Return was made). For, under the English Act of 1842, the profits on trades were to be estimated generally, according to the *average of the preceding* three years, while those on professions were to be estimated according to the profits of the preceding year, though in some exceptional cases the computation was to be made upon the profits of the current year. The CXXXIII. Section of the English Act, therefore, provides that whether the person assessed shall have computed his profits or gains on the amount in the *PRECEDING* or *current* year, or on an *average of years*, if he shall prove that his profits and gain for the year for which the computation was made (which must mean the year of Assessment, though this is not very clearly expressed, and cannot possibly mean the *preceding* year where the computation was made on an average of three years) fell short of the sum so computed, the Commissioners may cause the Assessment for the *current* year to be amended in respect of such source of profits; and Section XXX. of the 16 and 17 Vict. Cap. 34, which amends the provisions of Section CXXXIII. of the first Act (in order to meet a vexatious interpretation put upon it by the Commissioners of Revenue), instead of the ambiguous expression, "the year for which the computation was made," above quoted, uses the expression "the income for the year for which such Assessment was made," which is the expression used in the Indian Act.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

Notice to Mariners.

Relating to a supposed Shoal in Torres Strait which is not laid down in the Chart.

On July 19th, 1860, the Ship "King Lear" passed an apparently dangerous Shoal, very narrow, but extending about a mile in a South-Westerly and North-Easterly direction, and seeming as if it would have only from 4 to 6 feet water over it with a smooth sea.

It lies in nearly a direct line between Mount Ernest and Double Island, and is distant from the former about 5½ miles, and 6½ from the latter.

It is considered that the position here indicated must be correct within half a mile, though it was not found convenient to determine it with extreme accuracy.

OPINIONS OF THE PRESS.

"We like the racy prose of 'My Walk to the Office'; the poems contained in the volume are genuine transcripts of feeling, and the verses cleverly constructed. The 'Lost Notes' is an able paper; and the volume is evidently the production of a pen well schooled in style, and a mind well stored with knowledge."—*The London City Press*.

"In style and spirit alike the Sketches and Tales are good. They exhibit considerable graphic power, exercised with much taste and judgment; and they display warm feeling, always of the right sort."—*Bombay Gazette*.
"A genial and kindly spirit breathes through the pages. The author is an observer of men and manners, meditative, imaginative, and with a faculty for sketching in words the pictures that occupy his mind."—*Bombay Guardian*.

"The author is a writer of considerable ability. His versification is extremely elegant and harmonious, and his imagery beautiful and chaste from its exquisite simplicity."—*Telegraph and Courier*.

"Ignorant for a time as to who their author was, we considered them so excellent as to be reprints from some English work of name which had not been issued to fall into our hands, and were not a little astonished to find that the writer was in the midst of us."—*Bombay Times*.

"We cannot doubt but that the work will meet with the most complete success."—*Panna Observer*.

"Its typography, printing, and binding are so elaborately and excellently executed, that we may fairly say it is one of the best and neatest works that has been issued from the Presidency Press."—*Sind Kohad*.

"The Author seems to be a man of genuine talent. We do not often meet with so much good writing in Anglo-India publications."—*Bengal Hurkaru*.
"A very clever volume."—*Madras Spectator*.

H. B. RIDDELL,

Director General of the Post Office of India.

Simla, 3rd August 1860.

Letters by Express.—As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director General of the Post Office desires to intimate to the Public that he has authorised the Post Master of Bombay to despatch by the Express letters received by the Steamer addressed to persons who may have stated in writing their wish to have their letters so forwarded, and who have engaged to pay the Express Postage of One Rupee for every quarter of an ounce.

If, therefore, any persons desire that their Overland letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and when its weight will admit of additional letters being despatched.

Director General of the Post Office of India.
