No. 252 of 1860.—The Right Honorable the Governor in Council is pleased to republish the following General Order by the Government of India, dated Fort William, the 30th March 1860, No. 353:—

"The Honorable the President in Council is pleased to direct the publication of the following Military Letter from the Right Honorable the Secretary of State for India, No. 53, of the 14th ultimo, and of the revised Royal Warrant therein referred to:—

(MILITARY (No. 53).

India Office, London, 14th February 1860.

TO HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—Your Military Letter, No. 76, dated 11th June 1859, forwarding Memorials from certain Members of the Medical Service, and an appeal from the head of the Medical Department in Bengal, against the provisions of the Royal Warrant of 1st February 1859, has received my attentive consideration.

2. In compliance with your urgent request, I have undertaken the revision of the Royal Warrant above referred to, the promulgation of which in India has been deferred by your Government, pending the present reference: but the subject required very careful consideration, and involved correspondence with other Departments of Her Majesty's Government, and hence a considerable delay has unavoidably occurred in replying to your letter.

3. I have now, however, the gratification to announce to you that Her Majesty, being desirous, as far as possible, to assimilate the designations and ranks in all branches of the Military Medical Service, has been pleased to issue a fresh Warrant, equalizing in all respects the rank of the Medical Officers of the Indian Armies with that fixed for the British Medical Service in the Royal Warrant of 1st October 1858.

4. The grades of Assistant Surgeon, Surgeon Major, Deputy Inspector General, and Inspector General, are now on precisely the same footing, as to designation and relative rank, in both Services.

5. But the designation of the Officers now styled "Directors General of the Medical Department," in each of the three Presidencies, is changed to "Principal Inspectors General;" and the Officers holding these appointments will, in accordance with the practice in the British Service, take Army rank as Inspectors General, according to their standing in that rank.

6. The retention of the designation now held by these Officers is strongly advocated in your Despatch; but, after mature consideration, Her Majesty's Government have decided, that it is inexpedient to continue to the three Officers at the head of the Medical Departments of the Armies of Bengal, Madras, and Bombay, the same title which designates the Officer selected to control the whole Medical Department of the British Army in all parts of the world.

7. Before entering on the discussion of the other subjects of complaint brought forward by the Medical Officers of the Indian Service, I must observe, that the object of the Royal Warrant of the 1st February 1859, was not to regulate the pay or retiring allowances of the Medical Department, but to fix the rank and precedence relatively to those of the British Army. This object has now been attained, in a manner which will, I trust, be satisfactory to the Indian Medical Service, to every grade of which it has secured additional relative rank.

8. I proceed to notice in detail the subjects brought forward in the letter addressed to you by Dr. Forsyth, the Principal Inspector General of Bengal:—

1st. It is observed that your Government have offered no recommendation on the various subjects connected with

His propositions were—

1st. "That the Medical Officers of Her Majesty's Indian Forces may be placed, in point of all advantages of relative rank, furlough pay, and retiring allowances, and in all other respects, upon a perfect equality with those of Her Majesty's British Forces serving in India."

promotion, effective allowances, furlough pay, and retiring pension, brought forward in the Memorials. The

consideration of these subjects is deferred for the present, but will be taken up in connection with the question of the re-organization of the Army.

2ndly. "That the Director General of the Medical Department and the Inspector General of Hospitals may retain their present designations; that the Director General shall rank as Major General for appointment; that the Inspector General shall rank as Colonel; that the Superintending Surgeon shall receive the designation of Deputy Inspector General, ranking, on appointment, with Lieutenant Colonel and with the Deputy Inspector General of Her Majesty's British Army, after five years' service in India in this rank, as Colonel."

2nd. This subject has been disposed of in the earlier paragraphs of this Despatch.

3rdly. "That, in cases of distinguished service, Assistant Surgeons may be promoted to the substantive rank of Surgeon, as in Her Majesty's British Army, without reference to seniority."

Her Majesty's Government are disinclined to alter, in this respect, the provisions of the Warrant. So long as seniority is the invariable rule of promotion to substantive rank in the other branches of the Service, it is considered desirable to maintain the same principle in the Medical Department; distinguished services being rewarded, in all branches alike, by Brevet promotion and the Order of the Bath.

4th. In accordance with the sanction conveyed in Lord Stanley's Despatch, No. 189, dated 1st June 1859

4thly. "That two years of exclusive Military duty, in the rank of Surgeon, may not be required to qualify a Medical Officer of that rank for promotion."

(paragraphs 18 and 19), the two years of Medical practice, in

the rank of Surgeon, qualifying for promotion to a higher grade, may be performed either in the Civil or Military branch of the Service.

5th. On this subject, I would refer to my remarks under the first head.

5thly. "That Medical Officers now in the Service may be at liberty to retire, either upon the existing rates of pension, or upon those laid down in the Warrant of 1st October 1858, for the Medical Officers of Her Majesty's British Army."

9. 150 Copies of the revised Warrant* are transmitted to your Government by the present Mail.

* Dated 13th January 1860.

I have, &c.

' VICTORIA R.

Whereas we have taken into Our consideration the recommendations of the Commissioners appointed by Our authority to inquire into the Regulations affecting the sanitary condition of Our Military Forces, and the Medical treatment of the sick and wounded of Our Army, Our Will and Pleasure is, that, from and after the date of this Warrant, the following Rules shall be established for the future admission, promotion, and relative rank and allowances of the Medical Officers of Our Indian Military Forces, and that by these rules Our Governor General in Council, and the Governors in Council of Madras and Bombay, respectively, shall be governed.

1. The grades of Medical Officers in Our Indian Military Forces shall be four in number, viz:—

1. Inspector General.

2. Deputy Inspector General of Hospitals.

3. Staff or Regimental Surgeon, who, after twenty years' service in India, in any rank, shall be styled Surgeon Major.

4. Staff or Regimental Assistant Surgeon.

2. No Candidate shall be admitted to the competitive examination for a Commission in the Medical Department of Our Army who does not possess such a certificate or certificates as would qualify a Civilian to practise Medicine and Surgery.

3. No Assistant Surgeon shall be eligible for promotion to the rank of Surgeon until he shall have passed such examination as Our Principal Secretary of State for India in Council may require, and shall have served in India, with the Commission of Assistant Surgeon, for five years, of which two shall have been passed in or with a Regiment.

4. A Surgeon, whether on the Staff or attached to Regiments, must have served ten years in India, of which two must have been passed, with the rank of Surgeon, in or with a Regiment, or as a Civil Surgeon, before he will be eligible for promotion to the rank of Deputy Inspector General of Hospitals.

5. A Deputy Inspector General of Hospitals must have served three years in India before he shall be eligible for promotion to the rank of Inspector General.

In cases, however, of emergency, or when the good of the Service renders such alteration desirable, it shall be competent for the Governor General in Council to shorten the several periods of service above mentioned, in such manner as he shall deem fit and expedient.

6. Assistant Surgeons shall, as a general rule, be promoted to the rank of Surgeon in the order of their seniority in the Service, unless unfit for the discharge of their duties from physical or professional incompetence or misconduct. In cases of distinguished service, however, an Assistant Surgeon may be promoted by Brevet, without reference to seniority; and in such cases, with a view to insure the responsibility attaching to an appointment made out of the regular course of promotion, the recommendation in which the services of the Officer shall be detailed shall be published in the General Orders of our Indian Military Forces, and in the *Gazette* in which his promotion appears.

7. All promotion from the rank of Surgeon to that of Deputy Inspector, and from the rank of Deputy Inspector to that of Inspector, shall be given by selection for ability and merit; and the grounds of such selection shall be stated to Us in writing, and recorded in the Office of the Secretary of State for India in Council, the selection for the grades of Deputy Inspector being made from the whole rank of Surgeons, whether styled Surgeons, or Surgeons Major.

8. With a view to maintain the efficiency of the Service, all Medical Officers, of the rank of Surgeon Major, Surgeon, or Assistant Surgeon, shall be placed on the Retired List, when they shall have attained the age of 55 years and all Inspectors General and Deputy Inspectors General when they shall have attained the age of 65 years.

9. The relative rank of the Medical Officers of Our Indian Military Forces shall be as follows:—

Staff or Regimental Assistant Surgeon as a Lieutenant, according to the date of his Commission; and, after six years' service in India, as Captain, according to the date of the completion of such service.

Staff or Regimental Surgeon as Major, according to the date of his Commission; and Surgeon Major as Lieutenant Colonel, but junior of that rank.

Deputy Inspector General as Lieutenant Colonel, according to the date of his appointment.*

Inspector General of Hospitals as Brigadier General, according to the date of his appointment, if with an army in the field; or, after three years' service in India as Inspector General, as a Major General, from the date of his joining such army in the field, or according to the date of the completion of such service.

10. Such relative rank shall carry with it all precedence and advantages attaching to the rank with which it corresponds [except as regards the presidency of Courts Martial, where Our Will and Pleasure is, that the senior combatant Officer be always President], and shall regulate the choice of quarters, forage, and prize-money. But when a Medical Officer is serving with a Regiment or Detachment, the Officer commanding, though he be junior in rank to such Medical Officer, is entitled to a preference in the choice of quarters.

11. Medical Officers shall be entitled to all the allowances granted to Our Indian Military Forces on account of wounds and injuries received in action, as combatant Officers holding the same relative ranks.

12. Their families shall, in like manner, be entitled to all the allowances granted, under existing regulations, to the families of combatant Officers holding the same relative ranks.

13. Medical Officers shall be held entitled to the same honours as other Officers of Our Army of equal relative rank.†

14. A Medical Officer, retiring, after a service in India of twenty-five years and upwards, may, if recommended for the same by the Head of his Department, receive a step of honorary rank, but without any consequent increase of Pay.

15. Six of the most meritorious Medical Officers of the Army shall be named My Honorary Physicians, and six My Honorary Surgeons.

Given at Our Court at Windsor, this thirteenth day of January 1860, in the Twenty-third year of Our Reign.

*Bank of Bombay, 1st May 1860.***Notice.**

Officers visiting the Neilgherries are, in numerous instances, at great inconvenience on first arrival, owing to their coming in expectation of finding it in their power to draw Pay, due to them in arrears, early in the month, as elsewhere. It is therefore thought that it may contribute to the convenience of future visitors if it be thus made more generally known that (there being no Pay Office on the Hills) Pay has to be drawn, after arrival on them, by transmitting Abstracts, duly countersigned, to the Paymaster Southern Division, Trichinopoly, with a last Pay Certificate; who, provided he receive them about the 7th, includes the amount in his General Order in arrears for the past month, on the Treasury at Coimbatore, whence it is sent so as to reach this Station Office for *distribution* usually on the 18th or 19th. There is only this *one* monthly transmission of Military Pay to the Hills; so that individuals arriving too late to be included in it, as above, have often to wait another month.

Officers of other Presidencies can only draw Pay under a Certificate from the Accountant Military Department of their Presidency. Certificates from Division Pay Offices of other Presidencies are insufficient: Officers are often at protracted inconvenience after arrival from having been unaware of this.

It is also notified, that it is extremely difficult to get Bills or Notes, of any kind whatever, cashed on the Hills: individuals often suffer great inconvenience from coming with the contrary impression.

Commanding Neilgherries.

Notice to Mariners.**DANGEROUS SHOAL IN THE MIDDLE OF THE PERSIAN GULF.**

A dangerous shoal was reported some time back to exist in the middle of the Persian Gulf, by the Commander of the Ship "Shah Allum," who first discovered and sounded on it; and, in consequence thereof, the shoal which has lately been carefully surveyed, has been called the "Shah Allum Shoal."

It lies in the middle of the Persian Gulf, equidistant from the Islands Sheykh Shayb and Halool, and its bearing from the Westward end of Sheykh Shayb is S. 55° W., distant 44 miles. The shoal forms a small bank of sharp and rugged rocks, and that portion of it where the soundings are under 20 fathoms, is only 2½ miles wide in a North and South direction, and 2 miles in an East and West direction. The dangerous part is at the North end, where is not more than one-third of a mile across, on which there is generally from 4 to 5 fathoms in overfalls, but in one spot there are rocks having only from 15 to 17 feet on them, according to the tide, the time of which is not accurately known. The least water on any part of the shoal is not less than 12 feet.

The "Shah Allum Shoal" is steep to all round, having 37 fathoms at its South extremity, and from 40 to 45 fathoms at its North, about a mile distant from the shoal, which renders it all the more dangerous, as this great depth of water produces no discolouration on its surface, nor does it allow the shoal to be seen from aloft until on it, but the bottom may be seen, when in seven fathoms, and plainly when under that depth. Sea-birds frequent the site of the shoal, and flocks of them are generally to be seen hovering over it. There are sometimes also slight marks observable on the water, in its vicinity, supposed to be caused by the tides.

In clear weather, the mountains on the coast of Persia between Taurie and Nakhiloo, can be distinctly seen from the shoal, and the well known landmark called Assaloo Notch bears from it N. 54° E.

The shoalest spot is in Latitude 26° 25' 20" North, and 1° 40' 13" East of Bushire Residency Flagstaff.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.
