N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.

NOTIFICATIONS BY THE CIVIL AUDITOR.

No. 30.

In accordance with paragraph 1 of the Civil Auditor's printed Circular No. 1309, dated 12th September 1860, it is hereby notified, for general information, that, under the orders of Government, No. 4717, dated December 1860, excepting when otherwise ordered, Income Tax Officers are to receive batta at the usual rates and under the rules which regulate the payment of batta generally.

R. W. LODWICK,

Civil Auditor.

Bombay, Civil Auditor's Office, 31st December 1860.

No. 31.

In accordance with paragraph 1 of printed Circular No. 1309, dated 20th September 1860, it is hereby notified, for general information, that the practice followed by Officers when transferred from one appointment to another, of including in one Abstract items of Salaries chargeable to different Collectorates, should at once be discontinued, and separate Abstracts should, in all such cases, be preferred, as otherwise great difficulty is experienced in this Office in the registry of the abovementioned allowances.

2. Several instances having occurred in which Officers have claimed amounts previously entered in their Abstracts as "Savings," all are requested to observe that this practice is objectionable, and leads to much confusion. It is therefore requested that such items as are payable eventually to acting parties should be shown as "Withheld," and that only such portions of Salaries as are *bonâ fide* "Savings" may be exhibited under that head. This Department cannot in future, unless under the express sanction of Government, admit any claim which is payable from an amount once deducted from Abstracts as "Savings."

3. Bills having been submitted to this Office on scraps of paper, in some cases as small as a quarter of a sheet of note-paper, Officers are requested, in future, not to prepare their Bills on paper of less size than half a sheet of Foolscap, as the Stamp used in this Office cannot be conveniently impressed on smaller sized Bills, and there is also danger of these diminutive Bills being lost.

4. Officers submitting prepaid Bills for audit are requested invariably to endorse on the reverse thereof the Voucher No. of the Cash Account under which they may have been debited, as all Bills not so endorsed will, under the instructions of the Accountant General, be returned to the disbursing Officer in future.

5. Much uncertainty existing as to the preparation of Abstracts of Military Officers in Civil employ, attention is requested to the following plain instructions, which, if carefully followed, will do away the necessity of ever returning the Bills for amendment, and which will be equally applicable to printed Abstracts, should these be introduced.

6. Notification No. 18, paragraph 7, stands good as regards Abstracts in which, from all the Officers having been present at their respective posts, no change has taken place during the month, *vide* Case No. 1. It will be seen that net pay is directed to be deducted on the reverse in future; this will save confusion, and is in conformity with the general rule respecting deductions; the practice is therefore preferable to that now in force of exhibiting these deductions in the body of the Bill.

7. When a Senior Officer is away on leave, and a Junior in the same Corps or Office has acted for him, Case No. 2 applies, and the entries on the face and reverse of the Abstract should be precisely in accordance with those given in that Case, the number of *separate* Abstracts to be preferred being as stated in the example given.

8. When both the Senior Officers, one of whom is an *Uncovenanted*, are away—the one on field service, and the other on sick leave,—and Officers from some other Corps or Office have been acting for them, Case No. 3 applies.

9. When the Senior Officer is away on sick leave, and an *Uncovenanted Officer in the same Office* acts for him, another *Uncovenanted Officer* from a different Office acting for the Junior, Case No. 4 applies. Any cases which may arise dissimilar to the above must be treated in accordance with the principles laid down herein.

Letters on the Public Service.—Post Office Officials are authorised to receive and despatch, as on the Public Service, unpaid Covers to the address of the Senior Chaplain of the Church of Scotland, superscribed "Sacred Returns for transmission to Government."

Letters by Express.—As it is not unfrequently impossible to forward the Express Packets received from England immediately after the arrival of the Mail Steamer at Bombay, the Director General of the Post Office desires to intimate to the Public that he has authorised the Post Master of Bombay to despatch by the Express letters received by the Steamer addressed to persons who may have stated in writing their wish to have their letters so forwarded, and who have engaged to pay the Express Postage of One Rupee for every quarter of an ounce.

If, therefore, any persons desire that their Overland letters should, whenever it is practicable, be forwarded from Bombay by Express, they are requested to address the Post Master of Bombay to that effect, and state that they will pay the Express Postage.

It will be understood that letters not received from England in the Express Bag can only be forwarded by Express from Bombay when the English Express is unavoidably detained, and when its weight will admit of additional letters being despatched.

Director General of the Post Office of India.

GENERAL ORDERS

BY HIS EXCELLENCY THE HONORABLE THE GOVERNOR IN COUNCIL.

M I L I T A R Y D E P A R T M E N T.

Bombay Castle, 5th January 1861.

No. 6 of 1861.—The following Notification by the Government of India is republished:—

FINANCIAL DEPARTMENT.

No. 119.

Fort William, the 16th November 1860.

The following Resolution is published for general information:—

The leading principles upon which it was resolved that a more efficient system of Financial control throughout the various branches of the Civil and Military Departments of the Public Service in India should be established have been fully stated in the Government Resolutions Nos. 27 and 31, dated respectively 7th and 23rd April 1860, and in the General Order of Government of the 6th July last, No. 710, which is the Resolution specially affecting the Military Department.

2. The Military Finance Commission (re-constituted by G. O. G. G. No. 684 of 29th June 1860), on the one hand, and the Budget Committee convened under the Order of Government of India, No. 39, dated 11th May 1860, on the other hand, have been sedulously engaged in considering how the details of the several measures involved in the new system may best be carried out, with the fullest possible adaptation of the principles prevailing in England, to the existing circumstances of this country.

3. In Resolution No. 710, of the 6th July last, the general functions to be entrusted to the Military Finance Department, were defined, and described in detail; and these were directed to be exercised pending the organisation of the Department by the Military Finance Commission as the representative for the time being of the Military Finance Department.

4. In Resolution No. 7371 of the 18th August last, in the Financial Department, reviewing the Report of the Budget Committee, and in the Report No. 7, dated 15th June 1860, of the Military Finance Commission, approved by Government, in letter No. 1309, dated 31st July 1860, the general principles to be followed in approximating the Indian to the English system in all Departments, were considered and determined; and the formation of a Board of Audit has accordingly been resolved on, with the view to ensure the strict appropriation of the monies in the Civil and Military Departments, in accordance with the grants made, and for the performance of the duties below detailed.

5. The time has now arrived for giving full effect to these Resolutions by such a practical organisation of the several subordinate Departments, as shall provide efficiency of Financial control at the most reasonable cost, and at the same time secure the smooth and uniform action of the system.

6. The functions of the Chief of the Military Finance Department, as described in the Resolution of the 6th July, are, in most material points, similar to those that will be exercised in the Civil Finance Department by the Accountant General to the Government of India, who will, in future, be designated the Auditor General of India. It is desirable, on considerations of economy and efficiency, as well as for the sake of uniformity of system, to assimilate the arrangements which it is proposed to introduce into these two great divisions of the Public Service, by bringing these two functionaries (Auditor General and Head of the Military Finance Department) into co-ordinate relations, so that, whilst retaining entire freedom of action in matters specially relating to their respective Departments, they may act in unison in regard to all questions of general organisation, policy, and economy, as affecting Estimates, Budget, Audit, and Accounts, and determine together any important questions that may arise in connection with the final Appropriation Audit, and other arrangement of a general nature.

7. His Excellency the Governor General in Council is therefore pleased to resolve, that the New Board of Audit shall consist of two Members, of whom the first will be Auditor General of India, hitherto the Accountant General to the Government of India, and the second the Chief of the Military Finance Department.

8. The Members of the Board will act together in all matters of general organisation and control connected with the objects set forth in paragraph 6, and will together be responsible for the right and strict conduct of the final Appropriation Audit; but in all other respects, as Heads of the Civil and Military Finance Departments, they will exercise independent jurisdiction over their respective divisions of the Service.

9. The Civil and Military Finance Departments will thus be respectively presided over by a Chief, with a seat at the Audit Board; and both these Officers will exercise, independently of each other, in reference to the Departments assigned to them, all the functions of the character described in the Resolution of the 6th July 1860, passed for the Military Department. Under this arrangement, in the Military Department there will be, in addition to the Chief, a Controller at each Presidency, who, exercising the general powers laid down for that Officer in the same Resolution, will supervise and control the Military Accountant, as well as the Local Auditors, or Examiners, and Compilers. The Compilers will be charged with the classification and preparation of the Accounts, and there will be independent Examiners, who, under the general rules framed for the Department, will perform the duties of detailed examination and check of charges, being subject to the final control of the Chief of the Department, and also, in matters of Office detail, to the immediate and close inspection and supervision of the Controllers.

10. In nearly a similar manner, the Civil Department will consist of a Chief of the Department, designated Auditor General of India, of Local Auditors under each Government, nearly corresponding with the Military Controller, and of Local Examiners or Civil Paymasters, as defined in paragraphs 81 to 85 of the Report of the Budget Committee, and already prescribed in Resolution of the 18th August last.

11. In furtherance of these Resolutions, His Excellency the Governor General in Council is pleased to make the following appointments, those for the Madras and Bombay Presidencies being subject to such modifications and alterations as may hereafter, in communication with the Governments of these Presidencies, be deemed necessary:—

12. The Members of the Board of Audit, in their respective Departments, will be in direct communication with Government, and will aid the Financial and other Departments of the Government of India in examining and deciding on the various arrangements for the Budget Estimates and Accounts, and in performing all the functions

set forth in the Resolutions referred to in paragraphs 1, 2, and 4 of this Resolution. And to this end every assistance will be afforded by the several Departments of Government to the Board of Audit, by furnishing papers and information of every kind in connection with the functions of the Board.

13. When the Budget Estimates have been sanctioned by the Government of India, it will rest with the Members of the Board of Audit, each in his own Department, to see that the Financial Officers of his Department efficiently and punctually discharge the duties severally assigned to them. All questions unprovided for by the Budget Estimates or Standing Rules of the Department, will be referred, through the proper channel, to the Head of the Civil or Military Department to which they relate, and will be considered and decided on by him, if it be within his own competence to dispose of them.

14. In all cases where the matter referred involves questions which it is beyond the powers of either Head of Department to dispose of—such as when both Civil and Military Departments are involved, or where the orders of any Local Government are in question—the Head of the Department referred to will, if necessary, consult his colleague in the Audit Board; and, if the occasion calls for further reference, the matter may be referred to the Government of India for final decision.

15. All questions arising during the course of the year, for which the Estimates have been sanctioned, having been disposed of, the final Appropriation Audit of the two Departments (Civil and Military) will be conducted independently by the Head of that Department, who will satisfy himself and report to Government on the mode in which the several Controllers of Finance, and all Officers subordinate to them, have performed their respective duties.

16. Whenever those duties have been efficiently performed, and the limits of the Budget Estimates been carefully observed, the Appropriation Audit will be effected by the head of the Finance Department (Civil or Military), without reference to his Colleague, or to any other authority.

17. It is only when there has been a departure from the limits of the Budget Estimate, or when the proceedings of other Departments, or any orders of any Local Government, are in question, that any reference to the Board of Audit in its collective capacity will be necessary; and it will rest with the Board to decide how far their own authority will suffice to dispose of such questions, and when it may be necessary to refer to the Government of India.

18. The direct control of the Audit Board, and of the two Heads of Departments forming it, will however be confined to the Offices of Audit, Finance, and Account. No orders or instructions will be issued to any Local Government or administration, nor will any orders or instructions of such Government or Administration be altered or amended except by the Government of India or under its express authority.

19. The Military Finance Department will, with due regard to the requirements of the Audit Board as respects the Accounts for ensuring strictness of Appropriation Audit, be administered, in accordance with this and the Resolutions above quoted, by the Chief of the Department, in association, for the present, with his colleagues in the Commission, R. Temple, Esq., and Lieutenant Colonel R. S. Simpson.

20. The general and executive duties of Account, Examination, and Check, now entrusted to various Officers in the three Presidencies,—the Military and Medical Accountants, the Military Auditors General, the Auditors of Commissariat, Ordnance, Medical, Clothing, Barrack, and Stud Accounts, and others—will continue to be performed by the Officers in charge, until regularly transferred under Orders from the Head of the Department, to the Officers appointed as above, in each Presidency respectively, for the several duties; and all orders and regulations hitherto in force will, as far as they may be consistent with the instructions contained in the Resolutions of Government, continue to be observed. Such modifications of existing arrangements as may be found necessary will be applied for in due course; but no duty will be discontinued or relaxed until due provision has been made for the interests of the Public Service.

21. Detailed arrangements will be made by the Board of Audit and the Chiefs of the respective Departments, for the right performance of the duties for which they are respectively held responsible.

22. The several Controllers and Examiners will exercise the functions and perform the duties prescribed by this Resolution and those herein referred to, from the earliest practicable date, which will be determined by the Chiefs of the respective Departments: pending which, the duties of all Departments will continue to be conducted under existing Rules.

23. The Military Finance Commission (originally constituted with Colonel Jameson as President, and Colonels Burn and Balfour as Members), whose services have already been of great value, and are deserving of the highest commendation, will continue to aid the Government of India in carrying out the work of retrenchment and economic reform for which it was originally constituted; but all functions of direct administration, check, and control, heretofore exercised by the Commission as a body, when re-constituted, will hereafter devolve on its President, who, in the capacity of a Member of the Board of Audit and Head of the Military Finance Department, will, in conjunction with the other Members of the Commission, continue to assist in the general organisation of the Department.

24. The Auditor General will, in like manner, enforce the principles of economic reform in the Civil Branch; and the Heads of the Civil and Military Departments, forming the Audit Board will, in concert, devise the arrangements necessary for the proper rendering of the Accounts, and for ensuring strictness of Appropriation Audit.

25. The subsidiary orders necessary for the exercise of the independent functions entrusted by the Resolution of Government to the Auditor General of India, and the Chief of the Military Finance Department (aided by the Members of the Commission), will be issued by those Officers respectively; and the Audit Board will likewise issue such subsidiary orders as may be requisite in regard to the Appropriation Audit.

26. It is to be understood by all the Departments concerned, that, as a general rule, and except in special cases of emergency, or in cases in which the Governor General in Council shall otherwise direct, all proposals in the Military, Political, or Financial Departments, bearing on questions of Military Finance, and all proposals in the Public Works Department for expenditure (other than that on ordinary repairs) on Military Public Works, shall be sent for opinion and report to the Military Finance Department before the orders of the Governor General in Council are taken upon them.

By order of the Governor General in Council.

(Signed) C. HUGH LUSHINGTON,
Secretary to the Government of India."

order to meet the difficulty which has arisen from some of the young officers in question having arrived in the country before others who stood above them on the General List, it has been determined that the officers shall be permitted to reckon the time qualifying for promotion from the date of sailing from England, which date also regulates their standing in the Army.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

NOTIFICATIONS BY THE CIVIL AUDITOR.

No. 31.

In accordance with paragraph 1 of printed Circular No. 1309, dated 20th September 1860, it is hereby notified, for general information, that the practice followed by Officers when transferred from one appointment to another, of including in one Abstract items of Salaries chargeable to different Collectorates, should at once be discontinued, and separate Abstracts should, in all such cases, be preferred, as otherwise great difficulty is experienced in this Office in the registry of the abovementioned allowances.

2. Several instances having occurred in which Officers have claimed amounts previously entered in their Abstracts as "Savings," all are requested to observe that this practice is objectionable, and leads to much confusion. It is therefore requested that such items as are payable eventually to acting parties should be shown as "Withheld," and that only such portions of Salaries as are *bonâ fide* "Savings" may be exhibited under that head. This Department cannot in future, unless under the express sanction of Government, admit any claim which is payable from an amount once deducted from Abstracts as "Savings."

3. Bills having been submitted to this Office on scraps of paper, in some cases as small as a quarter of a sheet of note-paper, Officers are requested, in future, not to prepare their Bills on paper of less size than half a sheet of Foolscap, as the Stamp used in this Office, cannot be conveniently impressed on smaller sized Bills, and there is also danger of these diminutive Bills being lost.

4. Officers submitting prepaid Bills for audit are requested invariably to endorse on the reverse thereof the Voucher No. of the Cash Account under which they may have been debited, as all Bills not so endorsed will, under the instructions of the Accountant General, be returned to the disbursing Officer in future.

5. Much uncertainty existing as to the preparation of Abstracts of Military Officers in Civil employ, attention is requested to the following plain instructions, which, if carefully followed, will do away the necessity of ever returning the Bills for amendment, and which will be equally applicable to printed Abstracts, should these be introduced.

a.—Notification No. 18, paragraph 7, stands good as regards Abstracts in which, from all the Officers having been present at their respective posts, no change has taken place during the month, *vide* Case No. 1. It will be seen that net pay is directed to be deducted on the reverse in future; this will save confusion, and is in conformity with the general rule respecting deductions; the practice is therefore preferable to that now in force of exhibiting these deductions in the body of the Bill.

b.—When a Senior Officer is away on leave, and a Junior in the same Corps or Office has acted for him, Case No. 2 applies, and the entries on the face and reverse of the Abstract should be precisely in accordance with those given in that Case, the number of *separate* Abstracts to be preferred being as stated in the example given.

c.—When both the Senior Officers, one of whom is an Uncovenanted, are away—the one on field service, and the other on sick leave,—and Officers from some other Corps or Office have been acting for them, Case No. 3 applies.

d.—When the Senior Officer is away on sick leave, and an *Uncovenanted Officer in the same Office* acts for him, another Uncovenanted Officer from a different Office acting for the Junior, Case No. 4 applies. Any cases which may arise dissimilar to the above must be treated in accordance with the principles laid down herein.
