No person will be allowed to tender for the Contract unless he deposits in this Office, in Cash or Government Promissory Notes or Bank Shares or other property readily convertible into Cash, with a Memorandum authorising their sale and endorsement by the Secretary of State in Council of India, the sum of Rupees (200) Two hundred, which will be forfeited in the event of withdrawal of his offer before the Ordnance Commissary, or other authorised person on his behalf, shall have signified to him, by a notice in writing, his refusal to accept such offer, or in the event of delay, evasion, or refusal on his part to furnish the requisite further Security, and execute the Deed of Contract, when required to do so on his offer being accepted.

3. The further Security required is Bonded Security to the amount of one-third the value of the stores tendered, calculated on the average of the supplies during the past three years, subject to the approval of the Government Solicitor; and this, together with the amount previously deposited, will be held as a guarantee for the due fulfilment of the Contract.

4. Sealed Tenders for the Contract will be received at this Office up to noon on the 15th of June next, when they will be opened by the Principal Commissary of Ordnance in presence of such of the tenderers as choose to attend.

5. The articles supplied must be of unexceptionable quality, according to Muster, when such is forthcoming, and of the sort usually supplied, and are to be delivered, at the Ordnance Stores, in good condition, free of all charges beyond the stipulated price, in such quantities as may, from time to time, be demanded, being liable to examination and rejection by the Executive Ordnance Officer, or by a Committee of Officers appointed, on the part of Government, in the event of the Contractor being dissatisfied with the decision of the above Officer.

6. In case the said articles or any of them shall be rejected by the Committee so appointed, the said Committee shall not be required to assign or give any reason for such rejection, but the decision of such Committee shall be final and conclusive, and it shall not be competent to the Contractor, his Heirs, Executors, or Administrators, to question such decision in any Court of Law or Equity, or otherwise howsoever.

7. The Contractor must comply immediately with emergent demands, and meet others of less urgency within the periods stated in the requisitions made upon him; in failure whereof, or if any supply be rejected, or condemned by a Committee as aforesaid, the articles, or such others as may be required in lieu thereof, may be at once purchased by this Department, at his risk and cost; and in all such cases thirty (30) per cent. upon the amount of expenses incurred, or a fine not exceeding Rupees Fifty, at the option of the Executive Ordnance Officer, may be levied as liquidated damages for each and every such breach of Contract,—the condemnation of any article by a Committee being held to constitute a breach of Contract, whether the rejected articles be replaced by the Contractor or by this Department. In every such case the Contract may be cancelled, at the discretion of the Inspector General; and if it be so cancelled, the Cash Deposit, mentioned in paragraph 2 of this Notice, will be forfeited to Government.

8. Any delay, negligence, evasion, or refusal on the part of a Contractor to make supplies or obey orders, or any attempt on his part, or that of his Agents, to pass off articles of an inferior quality in lieu of those he is bound to supply, or any neglect to deliver them at the time and place appointed, will subject him to be fined to the extent of Rupees (25) Twenty-five by the Executive Ordnance Officer; an appeal from his order may be made to the Inspector General, whose decision is to be final; but when any of the penalties provided for in the preceding clause are exacted, no further penalty shall be leviable under this clause.

9. Any party whose offer is accepted, must produce Sureties, such as shall meet the approval of the Government Solicitor, within fifteen days from the date of the acceptance of his offer, or the Contract will be resold, and the amount deposited by the party forfeited to Government. No reason will be stated for rejecting any Security offered.

10. Bills for articles supplied under this Contract must be preferred for examination within seven days from the date of the delivery of the same, or the Contractor will forfeit their full value, unless it clearly appear to the satisfaction of the Inspector General that the delay was unavoidable. Payment of Bills passed must be claimed within the month following that of delivery, or the amount will be forfeited to Government.

11. The amount of retrenchments made by the auditing authorities on the Contractor's Bills will be recovered from the first sums payable to him; but in the event of such retrenchments, or any portion thereof, being remitted, the amount remitted will be refunded immediately on receipt.

12. Any party who, after offering for the Contract, fails to furnish the necessary Security, as provided for in Clauses 3 and 10 of this Notice, will be interdicted from offering on future occasions, unless he produces a document from some person or persons of unexceptionable character and sufficient means, guaranteeing the due finding of the requisite Security and execution by him of the Deed of Contract on his offer being accepted.

13. Persons intending to tender may, on application, see a statement of the actual annual consumption during the past years; but it is to be distinctly understood that supplies must be furnished to any extent required, without reference to such former consumption.

14. No reason will be assigned for the rejection of any Tender.

15. The Deposits for rejected Tenders will be returned at the time of rejection. Securities for accepted Tenders will be cancelled when the last Bill is audited after fulfillment of the Contract.

No. 240 of 1861.—The following General Order by His Excellency the Governor General of India in Council, dated the 10th April 1861, No. 332, is republish :—

"His Excellency the Viceroy and Governor General of India in Council publishes, for general information, Her Majesty's Warrant, dated the 16th of January last, for the formation of Staff Corps in each of the Presidencies of Bengal, Madras, and Bombay, and the subjoined Despatches recently received from Her Majesty's Secretary of State for India, announcing the Queen's gracious intentions regarding the Officers and Men of Her Majesty's Indian Forces.

2. Her Majesty's Government have laid down the general principles of this important measure; but considering that various questions and points of detail, affecting the interests of the Army might arise, which could be best considered in India, have entrusted the Governor General of India in Council, in communication with His Excellency the Commander in Chief in India, with full discretion to act as may be deemed best for the Public Service, and have authorised him to frame such orders as may be necessary to give full effect to the intentions of Her Majesty's Government.

3. The Governor General in Council has now the satisfaction of announcing to the European Officers and Men of the Indian Forces, the conditions prescribed and the offers made to them upon their Amalgamation with Her Majesty's General Forces, whereby two Armies will be united, which severally have rendered the most signal services to their Queen and Country.

4. Her Majesty's Government have expressed an anxious desire to preserve the proud recollections of distinguished service which belong especially to the older Regiments of each Presidency, and to incorporate, with Her Majesty's Army, Corps which have so greatly contributed to the acquisition and maintenance of Her Majesty's dominions in the East.

Despatch 28, paragraph 3.

5. In order to effect these measures consistently with the determination which has been previously made known to the Army, that no man shall have his present terms of service altered, except with his own consent, the Governor General in Council, under the authority of Her Majesty's Government, hereby offers to all Warrant Officers, Non-Commissioned Officers, and Men, without exception, belonging to the European Artillery, Infantry, and Sappers and Miners, of the three Presidencies, to the European Cavalry in Bengal, including the Lahore Light Horse, to the German Soldiers of the 3rd Bombay European Regiment, and to all men in the Depôts of the Indian Forces at Dum-Dum, Barrackpore, and other stations, the option of accepting general service on the ordinary conditions of soldiers enlisted for the Artillery, Infantry, and Cavalry of Her Majesty's Line Army, with a Bounty, to all who are not of Warrant Rank, at the rates to be presently stated.

Non-Commissioned Officers and Men.

Despatch 27, paragraph 11.

Despatch 28, paragraphs 1, 7, 10, 19, 22, 23, 26.

Despatch 29, paragraph 10.

6. Soldiers who now volunteer will have the option of choosing whether their future Pensions shall be reckoned according to the Regulations of Her Majesty's Army, or according to those of the Indian Forces. Their choice may be declared at any time within three months of the date of volunteering.

Soldiers who now volunteer, will have the privilege of counting their past service towards completion of their contract service and for Pension, under whichever Regulations they may choose.

7. The Non-Commissioned Officers and Soldiers of the Artillery of each Presidency who, under the above conditions, may be willing to transfer their services absolutely to the Royal Regiments of Artillery of Bengal, Madras, and Bombay, will be formed into new Troops and Batteries, composed of men serving under the same conditions as those of the Royal Artillery. The soldiers who

Despatch 29, paragraphs 2, 10, 12.

may decline to accept the offer now made, will be formed into Batteries, which will remain under their original conditions; and as the numbers of the men diminish by casualties, the Batteries will be gradually diminished in number, and will finally disappear.

8. Non-Commissioned Officers and men, who have been transferred from other Corps to the Corps of Sappers and Miners, and who may now volunteer under the conditions of Her Majesty's General Service, will receive the rates of Bounty stated in paragraph 20. The acceptance of Bounty will not involve their removal from the Sappers and Miners. Those who decline to accept the offer now made, may continue with that Corps on their present conditions.

Despatch 30, paragraph 14.

9. The European Cavalry will be formed into three Regiments of Light Dragoons of Her Majesty's General Army, to consist of the men who may now volunteer on the conditions of General Service, and these men will have the option of joining any one of the three Regiments of Light Dragoons to be now formed. These will be designated respectively the 19th, 20th, and 21st Regiments of Light Dragoons.

Despatch 28, paragraph 19.

10. The Non-Commissioned Officers and Men of the European Cavalry and the Lahore Light Horse who may prefer the existing conditions of Indian Service, will be placed in a Regiment of Cavalry to be formed for that purpose as a Local Regiment, with Officers selected from those who may not volunteer for Line Service.

Despatch 28, paragraphs 10, 21.

11. It is desired by Her Majesty's Government to maintain as integral Regiments the three oldest European Infantry Regiments of the Bengal Presidency, and all of the three Regiments of the Madras and Bombay Presidencies, and to keep the men who are now in each of those Corps, and who may volunteer for Her Majesty's General Service, in the Regiments which, when transferred to the Line, will represent those to which they now respectively belong.

Despatch 28, paragraphs 10, 11, 17, 23, 26.

12. The men of the 4th and 6th Bengal European Regiments, and the men of the Bengal European Infantry of the Depôt at Barrackpore, will be allowed to volunteer for any one of the three new Regiments of the Line in Bengal. The men of the Bengal European Light Cavalry of the Depôt at Barrackpore, will be allowed to volunteer for any one of the three new Regiments of the Cavalry of the Line. The men of the Cavalry and Infantry arm of the Depôt at Barrackpore, who do not volunteer, will join the local Regiment of their arm.

Despatch 28, paragraph 10.

13. Her Majesty having graciously determined to mark Her estimation of the services of Her Indian Armies, by conferring the designation of "Royal" upon three of the European Regiments, and by selecting for this honour one Regiment from each Presidency—the selection of which has been left by Her Majesty to the judgment and discretion of the Government of India—the Viceroy and Governor General in Council has much gratification in announcing that, the following Regiments will henceforward bear the honourable designation of "Royal" Regiments:—

The 1st Bengal Fusiliers.
The 1st Madras Fusiliers.
The 1st Bombay Fusiliers.

14. The three older Regiments in the several Presidencies will thus be converted into Regiments of Her Majesty's General Army, and will be numbered and designated as follows:—

Despatch 28, paragraphs 17, 23, 26, 29.

The 101st Regiment of Foot (Royal Bengal Fusiliers).
The 102nd Regiment of Foot (Royal Madras Fusiliers).
The 103rd Regiment of Foot (Royal Bombay Fusiliers).
The 104th Regiment of Foot (Bengal Fusiliers).
The 105th Regiment of Foot (Madras Light Infantry).
The 106 Regiment of Foot (Bombay Light Infantry).
The 107th Regiment of Foot (Bengal Infantry).
The 108th Regiment of Foot (Madras Infantry).
The 109th Regiment of Foot (Bombay Infantry).

15. The Corps transferred to Her Majesty's Service will retain all honorary distinctions which they have won. These will be borne on appointments and colors, or in the Army List, in such manner as Her Majesty's Government may think best suited to the arm of the Service to which the Corps belongs.

Despatch 28, paragraphs 17, 23, 26.

16. The Non-Commissioned Officers and Men of the Infantry, who may prefer the conditions of India service, will be placed in one or more Regiments of Infantry, to be formed as Local Regiments in each Presidency, with Officers selected from those who may not volunteer for Line Service.

Despatch 28, paragraphs 10, 12, 24, 27.

17. In the Artillery, Cavalry (including the Lahore Light Horse), and Infantry, of the Indian Forces, there are many men who volunteered from Regiments of the Line. To these men the Governor General in Council allows the option of returning to the Regiments, whether of Cavalry or Infantry, from which they volunteered, if those Regiments are now in India, or of transfer to other Regiments of British Cavalry or Infantry serving in India, or to the Regiments to be now retained, of the arm to which such men belong. The men of this class, electing to be transferred to British Regiments serving in India, will not receive Bounty, having received it on entering the Indian Service. To those who accept the conditions of Her Majesty's General Service now offered, Bounty will be given on the same terms as to the other men in the Indian Service. The volunteers here alluded to, will be further allowed the option of discharge, if unwilling to remain in the Service. Those who prefer the existing conditions of the Indian Service will be allowed to remain with a Local Regiment.

Despatch 28, paragraph 10.
Despatch 29, paragraph 10.

18. The Non-Commissioned Officers of Artillery, of the 4th and 5th Bengal European Cavalry, and of the 4th and 6th Bengal European Infantry, who volunteer for the new Regiments of the Line, will carry their rank with them, and be supernumeraries in the Regiments for which they volunteer; being made effective in their respective ranks, as vacancies occur, in the proportion of three appointments to four vacancies.

19. To the Warrant Officers, Non-Commissioned Officers, and Men employed in the several Departments of the Army, to the Non-Commissioned Officers serving with Native Regiments, and to all other men borne on the Unattached List in Bengal, and the Lists of Effective Supernumeraries in Madras and Bombay, the Governor General in Council offers the option of accepting the conditions of Her Majesty's General Service, according to the arm of the Service to which they belong, with Bounty to all men not of Warrant Rank, who, under the usual conditions of Service, would be entitled to Bounty, or of remaining on the conditions of the Indian Service, if they prefer to do so.

General tenor of Despatch 28.

Despatch 28, paragraph 10.

20. The rates of Bounty to be issued will be as follows:—

21. The immediate issue of Bounty to men volunteering is hereby authorised, on their making the Declaration appended to this General Order, before a Justice of the Peace or Magistrate.

22. The earliest measures will be taken in the three Presidencies, under the orders of their Excellencies the Commanders in Chief, to ascertain the wishes of the men; and the result will be reported to the Government of India without delay. The Commander in Chief in India may take the necessary measures for carrying out the final arrangements for the new constitution of the European Forces of Her Majesty's Indian Army, and for the disposal of the men who do not volunteer.

Despatch 28, paragraph 9.

23. In the execution of the measures to bring about the proposed Amalgamation, it is the intention of Her Majesty's Government that the pledge that due regard shall be paid to the rights and claims of the Officers of Her Majesty's Indian Forces, shall be scrupulously adhered to.

Commissioned Officers.

Despatch 27, paragraph 3.

24. Her Majesty has been graciously pleased to signify Her intention to give to every Officer of Her Indian Armies, a Royal Commission under the Sign Manual, conferring Rank and Command in Her Majesty's Army in any part of the world. Nominal Rolls of all the Officers of the Armies of the three Presidencies will be immediately transmitted by the several Governments of India to Her Majesty's Secretary of State for India, in order to the preparation of the new Commissions.

Despatch 31, paragraphs 2, 4.

25. In order to carry out to the full extent the plan which has been determined upon by Her Majesty's Government for the assimilation and ultimate consolidation of the Indian Regiments of Artillery with the Royal Artillery, the organization of the Indian Regiments will be as follows:—The Bengal Artillery will be formed into seven Brigades, the Madras Artillery into four Brigades, and the Bombay Artillery into three Brigades, in all fourteen Brigades, each with the strength of Officers detailed in the margin. Regimental promotions in the Artillery, requisite to complete the formation of Brigades on the new organization, will be made without delay, with effect from the 18th February 1861, the date of the receipt of the Despatches by the Government of India.

Despatch 29, paragraph 2, VI.

1	Colonel Commandant.
2	Colonels.
4	Lieutenant Colonels.
8	Captains.
9	2nd Captains including an Adjutant.
24	Lieutenants.

26. The Officers of Artillery, holding appointments in the Ordnance Department, including Superintendents of Ordnance, Manufacturing Establishments, will be seconded, and the promotions consequent thereupon will be made from the same date.

Despatch 27, paragraph 9.

27. Under the Royal Artillery organization, the Colonel's allowance is drawn by Colonels Commandant, and of these there will be seven only under the new organization in place of twelve, who now draw Colonel's allowance in Bengal; in Madras four in place of seven; and in Bombay three in place of five.

Despatch 29, paragraphs 4, 5.

Eventually, the assimilation will be carried out in this respect also. The five Officers who will be supernumerary in Bengal, the three in Madras, and the two in Bombay, will continue to receive Colonel's allowance, and the necessary reduction will be gradually carried out by promoting only three Officers to every four vacancies in the number of those receiving Colonel's allowance, until the supernumeraries shall have been absorbed.

28. The Colonels now to be made Colonels Commandant, and the Colonels in excess of the new establishment, who are also in receipt of the Colonel's allowance, will take Regimental rank as Colonels Commandant from the date on which they respectively received the Colonel's allowance. All General Officers not being on the new fixed establishment of Colonels Commandant, and not drawing Colonel's allowance, will be supernumerary or unattached, as at present.

29. Colonels of Artillery under the new organization, who, not being Colonels Commandant, will not draw Colonel's allowance, will be permitted to draw in India the pay and allowances fixed for the rank of Regimental Colonel (excepting the Colonel's allowance). On furlough, they will receive the furlough pay of Colonel, viz. 25 shillings a day, and they will enjoy the privileges of Regimental Colonels in being permitted to reside in England, if not required in India, without forfeiting their position on the Effective List.

Despatch 29, paragraph 6.

30. Artillery Officers willing to serve out of India, and who may be permitted to do so, will receive Commissions in the Royal Artillery, and will draw the pay and allowances fixed by Her Majesty's Regulations for that arm of the Service, according to the situation and locality in which they may be serving; but their promotion will continue to go on in their original Regiments.

Despatch 29, paragraph 7.

31. The existing Regiments of Artillery in the three Presidencies of India will remain distinct from each other and from the Royal Artillery, so long as any Officers now in them shall continue to be borne on their Rolls.

Despatch 29, paragraphs 2, I.

32. For the Batteries formed of men who may accept the conditions of Her Majesty's Royal Artillery, Officers will be provided from the Bengal, Madras, and Bombay Artillery Regiments respectively, and they will receive Commissions in the Royal Artillery, concurrent with those which they now respectively hold in their Regiments. For the Batteries which may be formed on the conditions of the Indian Service, Officers will be provided from the same regiments.

Despatch 29, paragraphs 10, 11.

33. No new appointments will be made to the Indian Regiments of Artillery; but hereafter, on the occurrence of vacancies in any of the three Indian Regiments, or in the Royal Artillery, appointments of young Officers will be made to the Royal Artillery.

Despatch 29, paragraph 2, II., III.

34. After all the Subalterns in any of the Indian Regiments of Artillery shall have been promoted, on the occurrence of the next vacancy in the grade of Second Captain in that Corps, the Senior Subaltern of the Royal Artillery shall be promoted to that grade.

Despatch 29, paragraph 2, IV.

35. The same process will be followed in each grade successively, until all the Officers of the Indian Regiments of Artillery have been absorbed, after which the whole Corps will be Royal Artillery.

Despatch 29, paragraph 2, V.

36. The Engineer Corps of Her Majesty's Indian Forces will be immediately formed into three Battalions for Bengal, and two each for Madras and Bombay, of the following strength respectively :—

Despatch 30, paragraph 6.

1 Colonel Commandant.
2 Colonels.
5 Lieutenant Colonels.
8 Captains.
8 2nd Captains.
24 Lieutenants.

37. The promotions in the Engineer Regiments, requisite to complete the formation of Battalions on the new organization, will be made without delay, with effect from the 18th of February 1861, the date of the receipt of the Despatches by the Government of India.

38. The Colonels of the Engineers who will become supernumerary under the new organization, in the three Presidencies, will receive the Regimental rank of Colonel Commandant, from the date on which they came into the receipt of the Colonel's allowance, and will continue to receive that allowance. Their number will be reduced to that fixed by the new organization, by omitting to fill up one out of every four vacancies.

Despatch 30, paragraph 8.

39. Colonels of Engineers, not being Colonels Commandant, will be in the same position as Colonels of Artillery, as described in paragraph 29 above.

Despatch 30, paragraph 9.

All General Officers, not being on the new fixed establishment of Colonels Commandant, and not drawing Colonel's allowance, will be supernumerary or unattached, as at present.

40. Officers of the Indian Engineers will receive Commissions in the Royal Engineers, but will rise by seniority in their respective Regiments.

Despatch 30, paragraph 10.

41. They will not be required to serve out of India, unless at their own request; but will be eligible to serve anywhere, receiving the pay and allowances fixed for Royal Engineers in similar positions.

Despatch 30, paragraph 11.

42. The places of Engineer Officers of the Indian Service who may elect, and who may be permitted to serve out of India on the above terms, will be filled up by Officers of the Royal Engineers who may be willing to undertake the several duties required from Engineer Officers in the Public Works Department.

Despatch 30, paragraph 12.

43. The Engineer Corps of the several Presidencies will continue to be, as at present, principally Corps of Officers, having no European Soldiers attached to them. But Engineer Officers may be posted, as at present, as far as they can be made available, to the Corps of Native Sappers, which will be maintained on its present footing.

Despatch 30, paragraph 13.

44. All fresh appointments of young Officers will be made to the Royal Engineers, and when all the Subalterns of any of the three Indian Regiments shall have become Captains, the next vacancy in that Regiment will cause the promotion of the Senior Subaltern of Royal Engineers, and the same process will be followed in the higher grades, until all the Officers of the Indian Engineers shall have disappeared.

Despatch 30, paragraph 4.

45. Officers of Engineers now on Staff employ, other than appointments in the Public Works or Survey Departments; and Officers of Artillery now on Staff employ, other than appointments with Batteries of Native Artillery, or in the Ordnance Department, or as Superintendents of Ordnance Manufacturing Establishments in India, will be required to exercise the option of joining the Staff Corps or of not joining it, in the same way as Officers of Infantry or Cavalry, as hereafter explained. Officers of the Indian Artillery and Engineers now on Staff employ, who may not elect to join the Staff Corps, and Officers of the Indian Artillery and Engineers in general, will, in common with the rest of the Army, be available for any duty to which they may be appointed.

Despatch 27, paragraph 9.

Despatch 27, paragraph 7.

46. The General Gradation List of General and other Officers of the Armies of the three Presidencies, and their promotion therein, will remain exactly as at present.

Despatch 27, paragraph 8.

47. The promotion of Field Officers of Cavalry and Infantry will go on as usual in separate Regimental Gradation Lists of "Majors," "Lieutenant Colonels," and "Colonels;" but a gradual reduction will be made in the number of Regimental Colonels entitled to Colonel's allowance, in due proportion to the reduction in the number of Regiments.

Despatch 27, paragraph 8.

48. The extent of this reduction will be determined hereafter; but in pursuance of the instructions given in Despatch No. 27, paragraph 8, the Governor General in Council now announces that the reduction will be commenced at once in Bengal, by promoting only three Lieutenant Colonels for every four vacancies in the rank of Colonel Regimentally, in the Cavalry and Infantry respectively. This arrangement will commence to operate from the 18th of February 1861, and will not include vacancies which occurred previous to that date.

Despatch 27, paragraph 13.

49. The course of promotion of Officers who belong to Regiments will, as heretofore, go on to the Regimental rank of Major inclusive, and that of unposted Officers as directed in the General Orders, No. 1637 of 1859, No. 1115 of 1860, and No. 214, 12th March 1861.

Despatch 27, paragraph 13.
Despatch 28, paragraphs 14, 16.

50. All the Officers of Cavalry and Infantry of the Indian Forces will be placed on Two General Lists of Cavalry and Infantry, respectively, for each Presidency. Those below the rank of Lieutenant Colonel will, however, retain their places in the Cadres of their old Regiments for the purpose of regulating promotion, as hereafter explained. These General Lists will be distinct from that of the Staff Corps, and from the existing Gradation Lists of each Presidency, and the Gradation List of Officers of all arms of the three Presidencies. From these Two General Lists Officers of Cavalry and Infantry will be invited to volunteer for Her Majesty's General Service, to the number required for the new Regiments of Cavalry and Infantry, respectively, according as such Officers belong to either branch of the Service. Those Officers who may not be appointed to the new Regiments of Her Majesty's Line Service, or to the Staff Corps, will continue to be available, as heretofore, for their present duty or for any other duty to which they may be appointed by Government. The General Lists will be immediately formed in the three Presidencies, and measures will be taken by the several Governments to ascertain the wishes of Officers in regard to volunteering for Her Majesty's General Service.

Despatch 28, paragraph 20.

51. The Officers of the 1st, 2nd, and 3rd Bengal Cavalry will be permitted to volunteer for General Service in the three Regiments respectively, representing those to which they now belong, and any vacancies that may then remain in the Cadres of Officers on the establishment of a Dragoon Regiment, as laid down in paragraph 55, will be filled up in the 19th Light Dragoons by volunteers from the remaining Officers of the Bengal Cavalry, in the 20th and 21st Light Dragoons by volunteers from the Officers of the Madras and Bombay Cavalry respectively. In the event of vacancies still remaining in any of the three Regiments, they will be filled by Officers who may volunteer, selected from the General Lists of Cavalry in the three Presidencies.

Despatch 28, paragraph 13.

52. It is necessary that the Officers of the three General Service Regiments of European Infantry, to be now formed in each of the three Presidencies, should be generally under the conditions of service of Line Officers; and it is desired that they should be taken from among the Officers of the Indian Armies, and, as far as possible, from the old Regiments, which will be respectively represented by the new.

Despatch 28, paragraph 15.

53. It is the intention of Her Majesty's Government that such of the Officers as may have belonged to the three older Local Regiments shall be appointed respectively to the new Regiments, representing those to which they belonged; and that it should be secured to them that they shall hold a position in the new Regiments as far as possible the same as that which they held in the old ones.

Despatch 28, paragraph 28.

54. Such of the German Officers now attached to the 3rd Bombay European Regiment as may desire it will receive Commissions in their present grades in the 109th Foot.

55. The new Regiments will consist of Cadres of the strength noted in the margin, exclusive of Regimental Staff. From the Officers who may volunteer for General Service, the number who may be required to fill up these Cadres will be appointed by His Excellency the Commander in Chief in India, subject to the approval of the Government of India. These Officers will eventually receive new Commissions from Her Majesty, bearing the same dates respectively as the Commissions which they now hold.

Despatch 28, paragraphs 15, 20.

Cavalry.

1 Lieutenant Colonel.
2 Majors
9 Captains. } Including one Troop
9 Lieutenants. } for the Depôt.
9 Cornets. }
A Colonel will hereafter be appointed to each Regiment.

Infantry.

1 Lieutenant Colonel.
2 Majors.
12 Captains. } Including two
14 Lieutenants. } Companies at the
10 Ensigns. } Depôt.
A Colonel will hereafter be appointed to each Regiment.

56. The system of purchase, as practised in the Queen's Army, is not to be introduced into these Regiments. They will be Seniority Corps; but, in the promotion to Field Officers, the fitness and efficiency of the Officers will be taken into account.

Despatch 28, paragraph 14, and Instructions.

57. The Commanding Officers of the two reduced Bengal European Cavalry and Infantry Regiments, the 4th and 5th Bengal Light Cavalry, and the 4th and 6th Bengal Infantry, are allowed to keep their Command allowances for one year, unless otherwise provided for.

58. It is the intention of Her Majesty's Government that, notwithstanding the formation of the two General Lists of Cavalry and Infantry in the several Presidencies, and of the Staff Corps, the names of all Officers shall continue to be borne on the Cadres of their former Regiments. Officers joining the Staff Corps or the new Line Regiments will, by so doing, forego promotion in their former Cadres, and their names will continue to be borne on their former Cadres in *italics*, only for the purpose of regulating the promotion of their juniors: but by joining the Staff Corps, or the new Line Regiments, Officers will not prejudice their claims on the Military and Orphan Funds, and to retiring pensions under the Indian Regulations.

Despatch 27, paragraphs 13, 14.

Despatch 28, paragraph 14.

59. Thus the promotion of Officers who do not join the Staff Corps or the new Line Regiments will continue, as heretofore, to depend on their position in their former Cadres, and the rise of Officers in the New Regiments and in the Staff Corps will be entirely irrespective of their position in their former Cadres, but will depend in the one case on their promotion in their new Regiments, and in the other on their length of service.

Despatch 27, paragraphs 13, 14.

60. The same rule will apply to promotion in the Regimental Gradation List of Field Officers on which the names of Officers transferred will be placed in the same position which they would have held had they not joined the Staff Corps, or voluntered for the new Line Regiments. Thus, until the death or retirement of such Officers, their names will remain on the rolls of the Indian Army to regulate the promotion of their juniors.

Despatch 27, paragraphs 13, 14.

NOTE.—The following illustration will show the operation of the new system :—

Suppose A to retire from the 101st Fusiliers, then K, the Senior Lieutenant in that Regiment, becomes Captain in it, and his name is included amongst the Captains on the General List; G, a Captain in the 101st, rising one step in the gradation of the Corps. Also I, the Senior Lieutenant in the Cadre of the old 10th Native Infantry to which A belonged, becomes Captain, standing above K in the General List.

Thus the retirement of one Officer has given two effective steps. But J, who stood before K in his former Cadre, remains a Lieutenant.

Next, suppose C to retire from the Staff Corps; no Officer in that Corps is promoted but J, the Senior Lieutenant on the Cadre of the old 1st Native infantry to which C, belonged, is promoted.

Now suppose E to retire, then K would be promoted (nominally) in his old Cadre, he being already a Captain in the 101st Fusiliers. Thus, in fact, E's retirement has given no effective step.

Again, suppose F to retire, then, as he is actually only a Lieutenant on his former Cadre, he gives no step; the only result is, that M becomes Senior Lieutenant on his old Cadre.

Lastly, suppose G to retire, then M becomes Captain in the 101st Fusiliers, and on the General List, and Q also becomes a substantive Captain on the General List.

Also note that F, an Officer of 12 years' service, by joining the Staff Corps, passed over I, his senior in the Army, and in his former Cadre.

The General List will then stand thus:—

Captains		Lieutenants	
	B		H
	D		L
	&c.		N
	I		O
	K		P
	J		&c.
	M		
	Q		

Despatch 27, paragraphs 4, 5, 13.

61. It is intended by Her Majesty's Government that the Regular Native Infantry Regiments in Bengal, Madras, and Bombay, and the Regular Native Cavalry Regiments in Madras, shall eventually be officered on the Irregular system, and therefore that the number of their European Officers shall eventually be fewer than at present. This change will be effected gradually, and each Regiment, after the change shall have been made in it, will be officered from the General Lists, and from the Staff Corps; and, as far as may be practicable, Officers will be allowed to continue to serve with the Regiments to which they have been attached.

62. It will be the anxious desire of the Government of India to carry out this important change with due regard to the interest and claims of all Officers now serving with the Regular Native Regiments of the Army; and meanwhile, Officers Commanding Regiments, and all Officers serving with them, will continue to draw the allowances they now receive.

63. The position and claims of the Field Officers of the Army who are now unemployed, and for whom it may be difficult to find suitable employment, under the new system, are also under consideration by the Governor General in Council.

Despatch 27, paragraph 4.

64. It is intended that the Irregular Regiments of Cavalry and Infantry in the three Presidencies shall each have six Officers, besides the Medical Officer.

Despatch 27, paragraphs 12, 34.

Despatch 28, paragraph 14.

65. It will be observed that, in the Despatches No. 27, paragraphs 12 and 34, and No. 28, paragraph 14, it is distinctly announced that the present and prospective advantages which Officers now in the Service derive from the Military and Orphan Funds will be secured to them; and further, that the Retiring Pensions, under the Indian Regulations, will be scrupulously preserved. Officers ordered to serve out of India with their

Regiments will be allowed to count such service, in completion of the period required under the Indian Regulations for the several rates of pension. Officers who may serve out of India under any other conditions will be allowed to count for pension, in addition to their service in India, one year for every two years of their service out of India.

Staff Corps. Royal Warrant, Clause 1. Despatch 27, paragraph 6.

66. The organization and regulations of the Staff Corps to be formed in the several Presidencies are given in full detail in the Royal Warrant and the Despatch No. 27, now published. The object of forming the Staff Corps is to supply a body of Officers for service in India, by whom various offices and appointments, hitherto held by Officers borne on the strength of the several Corps of Indian Forces, shall in future be held, it having been resolved that the practice of withdrawing Officers for such employment, while remaining on the strength of their Regiments, be discontinued, and that ultimately all Officers selected for such employment be transferred to Staff Corps.

Royal Warrant, Clause 1.

67. These Corps will be denominated the Bengal, Madras, and Bombay Staff Corps respectively, and will consist of such Officers as may be required for employment therein, and may be selected by the Governments of the several Presidencies with the approbation of the Secretary of State for India in Council.

Royal Warrant, Clause 2. Despatch 27, paragraph 6.

68. Officers of the British and Indian Armies now on Staff employ in India, not having the substantive rank of Colonel, are eligible for admission to the Staff Corps; and Officers of either Service under the rank of Field Officer, not now on the Staff, may now or hereafter become candidates.

69. Officers at present holding Civil and Political appointments of every description and appointments in all Public Offices and Departments,—Officers holding Military appointments on the General and Personal Staff; and the appointments of Commandant, Second in Command, and Adjutant of Irregular and Local Corps, of Adjutant and Interpreter and Quartermaster of existing Local European and Native Regiments, will be held to be now on Staff employ, and will be eligible, under the conditions hereafter noted, to have their names placed on the list of the Staff Corps; but Officers doing duty with Irregular and Local Regiments will not be regarded as being now on Staff employ.

70. So soon as the proposed changes in the organization of the Regular Native Regiments shall have come into operation, the whole of the Officers who will be permanently attached to them will be held to be on Staff employ.

Despatch 27, paragraph 6.

71. There will then be, as at present, two great divisions of employment for Officers of the Staff Corps—

1*st*.—Purely Military, as in Regiments of the Native Army.

2*nd*.—Various Civil appointments, as Political, Public Works, &c.

There will also be practically may sub-divisions of employment, for each of which there will be, as at present, separate Departmental Lists.

Royal Warrant, Clause 2. Despatch 27, paragraphs 13, 17.

72. Officers of the Indian Army now holding Staff appointments of any description will have the option of joining the Staff Corps if they do not possess the substantive rank of Colonel, or of continuing in Staff employment, whatever their regimental rank, without joining the Staff Corps; and in the latter case, they will not, as heretofore, be required to vacate their appointments on the attainment of a certain regimental rank. This paragraph does not affect the provisions of paragraph 45.

Royal Warrant, Clause 2. Despatch 27, paragraph 26.

73. Officers of the Indian Army, not now on the Staff, not having the substantive rank of Colonel, but who within the last three years, or who at the commencement of their present unexpired furlough, may have served permanently on the Staff, and who may make application within the next six months, will be considered eligible to join the Staff Corps on the same terms as those now on Staff employ, provided always that they have passed the prescribed examination in Hindoostanee, and that they did not lose their appointments through misconduct, and are not otherwise disqualified.

Despatch 27, paragraph 16.

74. Officers of the British Army now in Staff employment will have the option of declaring their desire to be transferred to the Staff Corps, with the consent of the Commander in Chief in India, within six months from the date of the Notification of the Royal Warrant in India, or of retaining their appointments on their present footing, if their services are required by Government, for the unexpired portion of a period of five years from the date of their appointment, unless the Regiments to which they belong shall be previously removed from the Indian Establishment.

75. Those whose tenure of Staff appointments at the time of transfer to the Staff Corps shall have exceeded one year, will not be subjected to probation or to any introductory test, other than those already prescribed for any department in which they may be serving; but Officers who may have held their appointments for less than one year will not be transferred *permanently* to the Staff Corps, unless they possess the requisite qualifications to be hereafter laid down, and shall have completed the period of probation to be prescribed. The option of joining the Staff Corps will be open to those Officers only who may be considered by the Governments under which they are serving to be, in all respects, fit for the Staff Corps.

Royal Warrant, Clause 2.
Despatch 27, paragraphs 18, 19.

76. Appointments on the General Staff of the Army, specified in the margin, can only be held for five years; they may be held by Officers of the Staff Corps or by other Officers of either Army, but will be subject henceforward to the limitations as to rank, which are laid down in the "Queen's Regulations and Orders for the Army," in Clauses 30 to 33 of the Section entitled "Duties of General and other Officers employed upon the Staff of the Army."

Despatch 27, paragraph 15.
Adjutant General's Department.
Quartermaster General's Department.
Brigade Majors and Fort Adjutants.
Personal Staff.

77. Officers now holding such appointments will not be required to vacate them for a period of two years from this date, or a period of seven years from the date of their appointment.

78. Officers not having the substantive rank of Colonel, now holding appointments on the Staff, as defined in paragraph 69, will at once be called upon to declare whether or not they desire to join the Staff Corps. To enable such Officers to avail themselves of the advantages in the way of promotion notified in paragraphs 84 and 85, they must communicate their decision to the Adjutant General within six months of the date of the publication of the Royal Warrant in India.

Despatch 27, paragraph 26.

79. The selection of Officers hereafter for the Staff Corps will rest with the Governments in India, but no Officer serving with any Regiment will be admitted on probation without the consent of the Commander in Chief, or without a certificate from the Commanding Officer of his Regiment, that he has efficiently performed his Regimental duty for the period prescribed in paragraph 80.

Despatch 27, paragraph 20.

80. For the future, Officers not on the Staff will not be eligible for the Staff Corps unless they be below the rank of Regimental Field Officer, and have served three years with a Regiment, of which two must have been in India, and have passed the prescribed examination in Hindoostanee. They will not be permanently appointed to the Staff Corps, unless, after due probation, they shall pass the prescribed tests for the branch of the Indian Service for which they may be selected. This rule applies equally to Officers of the British and Indian Armies.

Royal Warrant, Clause 2.
Despatch 27, paragraphs 19, 20.

81. A subsequent Notification will prescribe the period of probation and the tests of qualification in the several Departments.

Despatch 27, paragraph 20.

82. The promotion of Officers while on probation will go on in their respective Regiments.

Despatch 27, paragraph 21.

83. Officers of the British Army, when permanently transferred to the Staff Corps, will be removed from the strength of the Regiment to which they belonged.

Despatch 27, paragraph 21.

84. The promotion of Officers of the Staff Corps will be regulated as follows:—

Ensigns when permanently transferred to the Staff Corps will have the rank of Lieutenant. Other Officers will have the rank which they may hold in their Regiments.

Royal Warrant, Clause 3, paragraphs 1, 2.

Officers of twelve years' service, of which four must have been in the Staff Corps, will become Captains. After twenty years' service, of which six must have been in the Staff Corps, they will become Majors. After twenty-six years' service, of which eight must have been in the Staff Corps, they will become Lieutenant Colonels.

Five years' service in the Staff Corps as Lieutenant Colonel will entitle the Officer so employed to the Brevet rank of Colonel.

85. Officers now in Staff employment will be allowed to count, to the extent laid down in the Royal Warrant, as noted in the preceding paragraph, their past service towards promotion, as if it had been performed in the Staff Corps. One step of rank will be given to every Officer whose period of service would qualify him for it according to the above rules. An interval of two years, at least, must intervene between each succeeding step. But these privileges will be restricted to those Officers who, whether now in India or on leave out of India, may declare their desire to be transferred to the Staff Corps, within six months of the date of the Notification of the Warrant in India.

Royal Warrant, Clause 3.
Despatch 27, paragraph 26.

86. The Officers referred to in paragraph 73 will also be allowed this privilege, should they be permitted to join the Staff Corps.

Royal Warrant, Clause 2.

87. The past service on the Staff counting for promotion in the Staff Corps, will include any service of a permanent nature which an Officer now on the Staff may, from the date of his first arrival in India, have passed on the Staff.

Despatch 27, paragraph 26.
Royal Warrant, Clause 3, paragraph 3.

88. Officers of the Staff Corps under the substantive rank of Field Officer, will be allowed to exchange with Regimental Officers of the Line of the same rank, on the recommendation of the Governments of the several Presidencies, with the concurrence of the Government of India and the Commander in Chief in India, and subject to the confirmation of Her Majesty. But it is to be understood that the Regimental Officer entering the Staff Corps by exchange will not necessarily assume the Staff appointment held by the Officer with whom he exchanges. He will merely enter the Staff Corps on being found qualified for the Department of the Staff on which the Government may desire to employ him. Officers of the Staff Corps exchanging into a Regiment will become the juniors of their Regimental rank.

Despatch 27, paragraph 27.
Royal Warrant, Clause 3, paragraph 6.

89. An Officer of the Staff Corps, whose name is borne on the Cadre of an Indian Regiment exchanging from the Staff Corps with an Officer of a British Regiment other than the new Line Regiments about to be formed, will give an effective step in the Cadre of his former Regiment.

90. It will be discretional with the Governments in India, as at present, to employ the Officers of the Staff Corps in such manner as they may think best, in the situations for which their respective qualifications may render them most fitted. The appointments and promotions in the several Departments will rest, as at present, with the Governments in India, and will be made irrespectively of the rank which the Officer may hold in the Staff Corps. Those appointments, promotions, and recommendations, now in the gift of the Commanders in Chief, remain as heretofore.

Despatch 27, paragraph 22.

91. Officers of the Staff Corps of one Presidency may, with the sanction of the Government of India, be employed in any other Presidency.

Despatch 27, paragraph 28.

92. Unattached Officers of the Indian Service are eligible for the Staff Corps on the same terms as other Indian Officers.

93. Officers of the Staff Corps while on furlough will draw the pay of their rank, as laid down in the Clause of the Royal Warrant for Officers out of India, and in case of sickness will have the privilege of drawing for six months the allowances of Officers on sick leave in India. They will be allowed to retain their appointments during short periods of leave not exceeding twenty months, during which time they will only receive the unemployed pay of their rank. With the above exceptions, the Officers of the Staff Corps will be under the New Furlough Regulations of the Indian Army.

Royal Warrant, Clause 8.
Despatch 27, paragraph 32.

94. A certain proportion of the Senior Officers of the Staff Corps will receive Colonel's allowance. Eventually the number will be fixed in the proportion of one for every thirty Officers on the Staff Corps, but this number can only be filled up as the establishment of Colonels on the old footing diminishes, so that the aggregate number of Officers receiving Colonel's allowance at one time shall never exceed the regulated number of Colonel's allowance for each Presidency.

Despatch 27, paragraph 30.

95. Officers of Her Majesty's Indian Forces joining the Staff Corps will be entitled to pensions under the Regulations of the Indian Service. Officers of the British Army entering the Staff Corps will be allowed to retire on the following scale of pensions, provided that not less than half of the required periods of service shall have been passed in the Staff Corps :—

Royal Warrant, Clause 3, paragraph 9.
Despatch 27, paragraph 29.

Scale.	£	*s.*	*d.*	
After 20 years' service in India	191	12	0	per annum.
„ 24 „ „ „	292	0	0	„
„ 28 „ „ „	365	0	0	„
„ 32 „ „ „	456	5	0	„

These periods of service will include the proportions of leave of absence in India or elsewhere laid down in the New Furlough Regulations, viz :—

2 years in 20 years' service.
3 „ 25 „
4 „ 30 „

96. All Officers of the Staff Corps in England who may not wish to retire, but are unable to return to India, and Officers removed from the Effective List of the Staff Corps who may not be entitled to retire on the above scale of pension, may, provided they have served three years in India in the Staff Corps, be placed on a Half-pay List on the same rate of half-pay and on the same conditions as Officers of a similar rank in the British Army. Officers belonging to the Indian Forces, who may avail themselves of this privilege, will give an effective step in the Cadres of their Regiments. Officers placed on half-pay will be eligible to return to effective service either in the Staff Corps or in Regiments of the Line. In the former case their names will not be restored to their old Cadres.

Royal Warrant, Clause 3, paragraph 10.
Despatch 27, paragraph 31.

97. No unemployed General Officer of the Staff Corps, who is not required by the Governments in India to remain there, will be allowed to receive pay on the Indian scale for a longer period than three years. At the expiration of that period, he will be restricted to the pay fixed for Officers of his rank "out of India." This rule in no way affects the Colonel's allowance.

Despatch 27, paragraph 33.

98. Officers of the Staff Corps under the rank of Major General, whom the Governments of India may not see fit to employ in any capacity, will not be allowed to draw pay for more than four years, of which one year may be on the Indian scale, and three years on the scale fixed for Officers "out of India," after which period they will be placed on half-pay or on pension, according to the scale of their rank if entitled thereto.

Despatch 27, paragraph 33.

99. The pay of Officers of the Staff Corps whilst unemployed has been fixed at the following rates:—

Royal Warrant, Clause 8.
Despatch 27, paragraph 23.

	Whilst required to remain in India. Per Mensem.	*Out of India.* Per Diem.

Major	„ 640 14 0	0 16 0
Captain	„ 374 1 6	0 10 6
Lieutenant	„ 225 12 0	0 6 6

100. The pay and allowances to be established for the several Staff appointments in all departments of Staff employ, will be announced in a subsequent Notification, and meanwhile the Staff salary and other allowances of all appointments will remain unchanged.

Despatch 27, paragraph 23.

101. Officers of the Staff Corps are eligible for Brevet rank, and will take their places on the General Gradation List, in common with the rest of the Army. Those holding military appointments will take military command according to their army rank; but Officers whilst holding only civil appointments will not be entitled to assume such command. Civil appointments are those in any civil branch of the army, or under the civil administration of Government.

Royal Warrant, Clause 3, paragraphs 4, 5.

102. Officers of the Staff Corps will succeed to Colonel's allowance according to their seniority as Lieutenant Colonels in the Staff Corps. Lieutenant Colonels entering the Staff Corps on its first establishment, will take rank for Colonel's allowance according to the dates of their commissions as substantive Lieutenant Colonels. All Officers entering the Staff Corps will take with them the substantive rank they held at the time of joining it. Should two Officers of the same rank enter the Staff Corps, and be promoted on the same day, they will stand in the Corps according to the dates of their previous substantive commissions. But Officers of the Staff Corps will take precedence and exercise command among each other according to their army rank.

103. All promotions in the Staff Corps, in the case of Officers who may join the Staff Corps, within six month of the publication of the Royal Warrant, will take effect from the 18th February 1861, the date of the receipt of the Warrant in India.

104. The power of removing Officers from the Effective List of the Staff Corps will be exercised by Her Majesty through the Secretary of State for India.

Royal Warrant, Clause 7.

105. The provisions of paragraph 90 are also applicable to appointments in the Ordnance, Survey, and Public Works Departments.

106. The promotion of Officers of the Indian Armies, on the occurrence of vacancies, will be notified, as heretofore, by the Governments of India in the *Official Gazette*, and will be stated to be "subject to Her Majesty's approval." Periodical lists of these promotions will be submitted to the Secretary of State for India, that measures may be taken for the preparation and signature of corresponding commissions. Pending the receipt of these commissions, the Officers provisionally promoted by the Indian Governments will enjoy the pay, provision, and privileges of the rank to which they may have been advanced.

6. Eventually, a certain proportion of the Senior Officers of the Staff Corps will receive Colonel's allowance.

Despatch No. 27.

INDIA OFFICE:

Military, No. 27. *London, 18th January* 1861.

To His Excellency the Right Honorable the GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—I have the honour to forward, for your information and guidance, copies of a Royal Warrant authorizing the formation of Staff Corps for each of the three Presidencies in India. You will cause the institution of these Corps to be notified in such manner as may seem to you best calculated to make the provisions contained in the Warrant generally known, and to afford to such Officers as may wish to join the new Corps the opportunity of doing so.

2. I proceed, at the same time, to communicate to your Lordship the general views of Her Majesty's Government as to the measures to be adopted in reference to the Officers of Her Majesty's Indian Army.

General Order, paragraph 23.

3. In the execution of those measures, the pledge that due regard shall be paid to the rights and claims of the Officers of Majesty's Indian Forces will be scrupulously adhered to.

General Order, paragraphs 61, 64.

4. The events of the late Mutiny have impressed upon Her Majesty's Government the absolute necessity of a large reduction of the Native Army, and, with a view to that economy which is imperatively called for by the state of Indian finance, it appears to them that the number of Officers hitherto attached to the Native Regiments, organised on what is called the regular system, may be considerably reduced. Your Lordship has recommended that six European Officers should be employed with those Regiments which are formed on the irregular system, and your Lordship has already received the sanction of Her Majesty's Government to this arrangement. I am of opinion that a very considerable saving will thus be effected, as nearly one-half the charge of a regular Regiment consists of the Pay and Allowances of its Officers. I am inclined to believe also that the efficiency of the Regiments will in no respect suffer, whilst an opportunity will be given of raising the character and position of the Native Officers, and probably of affording an opening for the employment of Natives of higher position, which I consider to be an object of considerable importance.

5. The Irregular Native Regiments, both of Infantry and Cavalry, have hitherto been officered by Officers specially appointed to them. There is also a large number of appointments of different kinds, Political, Civil, &c., held by Officers, and comprehended under the generel name of Staff employment. For both these descriptions of employment Officers, though borne on the strength of their Regiments, have been taken. Indeed, the number of Officers borne on the strength of Regiments has been increased beyond that required for Regimental duty, expressly in order to allow of their being so taken away. In addition to this, application was some years ago made by the Government in India to the Home Government, that Officers in the Regiments of the Line stationed in India might be similarly employed, and arrangements were made as to the number and rank of the Officers of such Regiments, in order to allow of this being done.

General Order, paragraph 61.

6. This system of withdrawing Officers for such employment, while permanently remaining on the strength of their Regiments, has been condemned by various high Authorities as impairing the efficiency of the Regiments; and it is the intention of Her Majesty's Government that it should be discontinued, and that ultimately all Officers selected for such employment should be transferred to Staff Corps, which will be formed expressly for this service. There will be, as at present, two great divisions of employment for Officers of the Staff Corp :—

General Order, paragraph 66.

General Order, paragraph 71.

1*st*. Purely Military, as in Regiments of the Native Army.

2*nd*.—Various Civil appointments, as Political, Public Works, &c.

There will also be practically many sub-divisions of employment, for each of which there may be, as at present, separate Departmental Lists.

The Staff Corps will be drawn from the two classes of Officers which at present furnish Officers for Staff employment, viz. the Officers of Her Majesty's General Army serving in India and those of Her Indian Army.

General Order, paragraph 68.

7. The List of General Officers of the Indian Army and their promotion will remain exactly as at present. It will be desirable to provide for the early consolidation of the List of Officers attaining this rank in the General and Indian branches of Her Majesty's Service; but this subject requires further consideration, and will form the subject of a separate Despatch.

General Order, paragraph 46.

8. The promotion of Field Officers will go on as usual, in separate Lists, of "Majors," "Lieutenant Colonels," and "Colonels Regimentally," of Cavalry and Infantry; but a gradual reduction will be made in the number of Regimental Colonels entitled to Colonel's allowances, in due proportion to the reduction in the number of Regiments. The extent to which this reduction is to be carried will be determined hereafter, but it must be commenced at once in Bengal, by promoting only three Lieutenant Colonels for every four vacancies in the rank of Colonel Regimentally.

General Order, paragraphs 47, 48.

9. Officers of the Royal or Indian Corps of Engineers, who may be employed in the Public Works or Survey Departments, and Officers of the Royal or Indian Regiments of Artillery doing duty with Batteries of Native Artillery, or employed in the Ordnance Department, or as Superintendents of Ordnance Manufacturing Establishments in India, will not be required to relinquish their Regimental position; but Artillery Officers, holding appointments in the Ordnance Department, will be seconded, and Officers of either of these Regiments, accepting any other description of Staff employ than those above specified, will be subject to the same Rules as Officers of Infantry or Cavalry of the Line or Local Services respectively.

Generl Order, paragraphs 20, 45.

10. The Act XXIII. and XXIV. Vic. Cap. C. of the last Session of Parliament, prohibits the further enlistment of Troops for the Local European Army of India; and, under the operation of that Act, the European Regiments of the Local Army would, in course of time, be extinguished. But it is the desire of Her Majesty's Government to preserve, in the ranks of the British Army, the names and traditions of certain of the older European Regiments of the late East India Company's Service, and to convert these Regiments at once into Regiments of Her Majesty's Line Army.

General Order, paragraph 11.

11. The details of the measures by which this object is to be effected, are communicated to you in a separate Despatch of this date; and it is sufficient to state here that no Soldier of the Local Army will have the conditions of his service altered without his own consent, and that the proper Establishment of Officers for the converted Regiments will be filled up with Officers of the Local Army who may volunteer to transfer their services to the Line, and who will thenceforth rise by seniority in the Regiments to which they may be posted.

No. 28.

General Order, paragraph 5.

12. The present and prospective advantage which these Officers derive from the Military and Orphan Funds will be secured to them, and they will be allowed retiring pensions under the present Rule (two years' future service out of India counting as one year in India, in completion of the service required for the several grades of Pension).

General Order, paragraph 65.

13. In my Despatch No. 31, of this date, you are informed that Commissions from Her Majesty, conferring Rank and Command in Her Armies, will be given to all the European Commissioned Officers of Her Majesty's Indian Army; but these Commissions, like those which they now hold from the Commander in Chief in India, will not contain an appointment to particular Regiments. The European Commissioned Officers of Cavalry and Infantry will be placed on two General Lists of Cavalry and Infantry for each Presidency. Those Officers who may not join the Staff Corps or Regiments of the Line will be available for any duty to which they may

General Order, paragraphs 50, 58, 61.

be appointed, either continuing to serve with the Regiments to which they have been attached, or in Staff employment or otherwise, at the discretion of the Governments of India. The promotion of Officers who have been posted to Regiments will go on to the rank of Lieutenant Colonel, in conformity with the usages of the Indian Army, by Regimental Seniority, and that of Unposted Officers in the manner specified in my Despatches Nos. 343, of 30th September 1859, paragraph 5, and 287, of 31st July 1860.

General Order, paragraphs 49, 59, 60, 72.

14. Officers of the Local Army, who may be transferred to the Staff Corps, will thenceforward be promoted under the Rules of that Corps. Their names, however (which may be printed in *italics* in the Army List), will remain on the Rolls of the Indian Army, and the promotion of the Officers who do not join the Staff Corps will be unaffected by their removal, and will be made in the same manner as if these Officers had not joined the Staff Corps. The same rule will apply to promotion in the General Lists of Field Officers, on which the names of Officers so transferred will be placed in the same position which they would have held had they not joined the Staff Corps. Thus, until the death or retirement of such Officers, their names will remain on the Rolls of the Indian Army, to regulate the promotion of their Juniors.

General Order, paragraphs 58, 59, 60.

General Order, paragraph 76.

15. Appointments on the General Staff of the Army, specified in the margin,* can only be held for five years, either by Officers of the Staff Corps or by other Officers, and will be subject to the limitations as to the rank of the Officers holding them, which are laid down in the "Queen's Regulations and Orders for the Army," in Clauses 30 to 33 of the Section entitled "Duties of General and other Officers employed upon the Staff of the Army."

* Adjutant General's Department.
Quartermaster General's Department.
Brigade Majors and Fort Adjutants.
Personal Staff.

16. Officers of Regiments of the Line, now in Staff employment other than the appointments specified in the margin, will have the option of joining the Staff Corps with the consent of the Commander in Chief in India, within six months from the date of the Notification of the Warrant in India, or of retaining their appointments on their present footing, if their services are required by your Government, for the unexpired term of a period of five years from the date of their appointment, unless the Regiment to which they belong shall be previously removed from the Indian Establishment.

General Order, paragraph 74.

17. Officers in the Local Army holding such appointments, if they do not join the Staff Corps, may be allowed to continue in Staff employment without vacating their appointments on the attainment of a certain rank, or will be at the disposal of Government for such other service as they may be competent to perform.

General Order, paragraph 72.

18. Officers now holding Staff appointments, who have held them for short periods only, will not be transferred permanently to the Staff Corps, unless they shall possess the requisite qualifications, and until they shall have completed the period of probation that may be prescribed for the Department in which they may be serving.

General Order, paragraph 75.

19. The option of joining the Staff Corps, referred to in the foregoing paragraphs, will be open to those Officers only who may have fulfilled the conditions prescribed for original appointments, previously to their being transferred to it, and who may be considered by your Government to be in all respects fit for the Staff Corps.

General Order, paragraphs 75, 80.

20. The selection of Officers for the Staff Corps will rest with the Government in India. No Officer, however, should be admitted on probation without the consent of the Commander in Chief, and without a certificate from the Commanding Officer of his Regiment that he has efficiently performed his Regimental duty for the prescribed period. I desire that, after communication with the Governments of Madras and Bombay, your Government will prepare a scheme of the tests and periods of probation suitable for the several Departments of Military and Civil Staff employment.

General Order, paragraphs 79, 80, 81.

21. The promotion of Officers while on probation will go on in their respective Regiments. Officers of the British Army, when permanently transferred to the Staff Corps, will be removed from the strength of the Regiment to which they belonged.

General Order, paragraphs 82, 83.

22. It will be discretional with the Governments of India to employ the Officers of the Staff Corps, in such manner as they may think best, in the situations for which their respective qualifications may render them most fitted. The appointments and promotions in the several Departments will rest with the Governments in India, and will be made irrespectively of the rank which the Officer may hold in the Staff Corps.

General Order, paragraph 90.

23. Officers of the Staff Corps, whilst employed, will receive, in addition to the pay of their rank, such a sum as will make up the salary and allowances which may be assigned to the Office which they hold. When unemployed, they will receive pay, or half-pay, on the scale fixed in the Warrant, according to their Military rank. It is desirable that you should at once prepare a List of all Officers in Staff employ, and of the situations filled by them, with the amount of salary which you consider suitable for each appointment respectively.

General Order, paragraphs 99, 100.

24. The aggregate number of Officers of the Staff Corps will be strictly limited, with a due allowance for furlough and sick leave, to the number of appointments which the Governments of India require to be filled by Officers of that Corps.

25. In these, as in all other matters, the proceedings of the Governments in India will be subject to the approval of the Secretary of State for India in Council.

26. It is provided in the Warrant that Officers now in Staff employment in India, on joining the Staff Corps on its formation, may count, to a certain extent, their past Staff service towards promotion only, as if it had been performed in the Staff Corps. This privilege will be restricted to those Officers who may join the Staff Corps within six months of the date of the Notification of the Warrant in India.

General Order, paragraphs 73, 87, 85.

27. The exchange permitted, by the 6th Rule of the Warrant, between Officers of the Staff Corps, under the substantive rank of Field Officer, and Regimental Officers of the same rank, can only be made with the sanction of the Government and Commander in Chief in India, and will be subject to confirmation by Her Majesty. No Officer will be allowed to exchange into the Staff Corps, unless he be duly qualified for the Department of the Staff on which the Government desire to employ him.

General Order, paragraph 88.

28. Officers of the Staff Corps of one Presidency may, with the sanction of the Government of India, be employed in any other Presidency.

General Order, paragraph 91.

29. The periods of service specified in the 9th Rule, as a title to Pensions of various amounts, will include the proportions of leave of absence in India or elsewhere, laid down in the New Furlough Regulations, viz :—

General Order, paragraph 95.

2 years in 20 years' service.
3 „ in 25 „ „
4 „ in 30 „ „

30. The 8th Rule provides that a certain proportion of the Senior Officers of the Staff Corps shall receive Colonel's Allowance. Eventually, the number will be fixed in the proportion of one for every thirty Officers on the Staff Corps; but this number can only be filled up as the Establishment of Colonels on the old footing diminishes, so that the aggregate number of Officers receiving Colonel's allowance at one time shall never exceed the regulated number of Colonel's allowance for each Presidency.

General Order, paragraph 94.

31. The 10th Rule specifies the circumstances and conditions under which an Officer of the Staff Corps may be placed on a Half-pay List, analogous to that of a Regiment of the British Army. Such Officers will be eligible to return to the Effective Service, either in the Staff Corps or in Regiments of the Line, and will enjoy all the privileges of Officers on the half-pay of the British Army.

General Order, paragraph 94.

32. Officers of the Staff Corps while on Furlough will draw the pay of their rank, as laid down in the Clause of the Royal Warrant for Officers out of India; and in case of sickness, will have the privilege of drawing for six months the allowances of Officers in India. They will be allowed to retain their appointments during short periods of leave, not exceeding twenty months, during which time they will only receive the unemployed pay of their rank. With the above exceptions, the Officers of the Staff Corps will be under the New Furlough Regulations of the Indian Army.

General Order, paragraph 93.

33. No unemployed General Officer of the Staff Corps, who is not required by the Governments in India to remain there, will be allowed to receive pay on the India scale for a longer period than three years. No unemployed Officer of the Staff Corps, under the rank of Major General, will be allowed to draw pay for a longer period than one year on the Indian scale, and three years on the lower scale, after which period he will be placed on half-pay.

General Order, paragraphs 97, 98.

34. The best method of dealing with the Military and Orphan Funds of the three Presidencies is now under the consideration of Her Majesty's Government. The Governments of India will be prepared to assume the liabilities of the Funds, as far as may be requisite, to maintain existing Pensions, and to secure to the Subscribers and their families the benefits to which they are entitled under the present system.

General Order, paragraph 65.

India Office:

Military, No. 28. *London, 18th January* 1861.

To His Excellency the Right Honorable the Governor General of India in Council.

My Lord,—In my Military Despatch No. 348, dated 5th September, paragraph 15, I communicated to you the intention of Her Majesty's Government that "the European Non-Commissioned Officers and Soldiers who have enlisted for the Indian Forces up to the present time, will continue to serve in India during the term of their engagement, on precisely the same conditions, and with the same privileges in regard to Pension, as they now enjoy; and that, at the expiration of their contract period of service, they will, if fit, be permitted to re-enlist for general service, with the privilege of counting their past service for Pension under the Regulations of Her Majesty's Army." And in reiterating that pledge in my Despatch No. 414, of the 31st October, I added that it is not contemplated by Her Majesty's Government to transfer any Soldier of Her Majesty's Indian Forces, without his own consent, to a Regiment of the Line.

General Order, paragraph 5.

2. At that time it was the intention of Her Majesty's Government to retain, for the present, the existing designations of the European Regiments of Her Majesty's Indian Army to recruit such of them as are to be retained permanently with men raised for General Service, on the ordinary conditions of Infantry and Cavalry Soldiers enlisted for Her Majesty's Line Army; and when all the Soldiers engaged

for Local Service had been replaced by General Service men, to complete the assimilation of these Regiments with the Regiments of Infantry and Cavalry respectively, of the British Service.

3. Her Majesty's Government were anxious to preserve the proud recollections of distinguished service which belong especially to the older Regiments of each Presidency, and to incorporate in Her Majesty's Army those Corps which have so greatly contributed to the acquisition and maintenance of Her Majesty's Dominions in the East.

General Order, paragraph 4.

4. They were not unaware that some difficulties might have been found from placing in the same Regiment men under different conditions of service; but, fully relying on the steady behaviour of the men, they felt confident that, by judicious conduct on the part of the Officers, any bad result might be avoided.

5. They were of opinion that in this manner the discontinuance of a Local Force might gradually be effected with the least disturbance of the existing positions and relations of Officers and Men.

6. Objections, however, have been raised to this course on legal grounds, and Her Majesty's Government have consequently determined on the adpotion of the plan which I shall now proceed to explain to your Lordship.

7. They are unwilling, by allowing the Local Corps to die out, which would be the necessary consequence of merely ceasing to fill up their numbers by Recruits, that the names of such Corps as the three older Regiments of each Presidency should cease to be borne on the Rolls of Her Majesty's Army, whilst they feel it to be indispensable that no man, except with his own consent, should have his present terms of service altered.

General Order, paragraph 5.

8. The first object will be attained by maintaining these Regiments as Regiments of the Line, the second by retaining in a Local Corps such men as prefer to continue their service only in India.

9. Her Majesty has been graciously pleased to sanction the necessary increase of the Establishment of Her Army; and orders are transmitted herewith from His Royal Highness the General Commanding in Chief to His Excellency the Commander in Chief in India, who will take the necessary measures for this purpose which depend on him.

General Order, paragraph 22.

10. The plan which they have determined upon is as follows:—

To offer to the Non-Commissioned Officers and Men of the 1st Bengal Fusiliers the usual bounty given to a man volunteering from one Regiment to another, if they are willing to accept service on the terms of Her Majesty's Line Forces, and to form a Regiment of the Line from such Volunteers, with the addition of such men of good character of the 4th and 6th Regiments of Bengal European Infantry as may volunteer to be transferred to it on similar terms and with similar bounty.

General Order, paragraphs 5, 12, 17, 20.

The men who may not volunteer on these terms will be transferred to the 4th Regiment of European Infantry, which will remain a Local Corps.

General Order, paragraph 16.

To make to the Non-Commissioned Officers and Men of the 2nd Bengal Fusiliers and of the 3rd Bengal European Infantry a similar offer to that made to the 1st Bengal Fusiliers, and to pursue a similar course in forming from them two new Regiments of the Line.

General Order, paragraphs 11, 17.

11. The men of the 1st and 2nd Bengal Fusiliers and of the 3rd Bengal Regiment of Infantry, who volunteer for Line Service, will be kept in the Regiments representing those to which they respectively belong, and those who volunteer from the 4th and 6th Regiments must be divided, so as to equalize as far as possible, the number in each of the there Line Regiments. If the numbers fall short of 850 in each Regiment, the complement can be made up by men from Regiments leaving India or by Recruits.

General Order, paragraph 11.

12. If the men declining these terms are more than enough to fill up the 4th Bengal European Regiment, the 6th Bengal European Regiment must likewise be retained as a Local Regiment.

General Order, paragraph 16.

13. It is necessary that the Officers of these three General Service Regiments should be generally under the conditions of service of Line Officers, and that they should be permanently attached to their Regiments. It is considered to be desirable that they should be taken from among the Officers of the Local Armies, and, as far as possible, from the old Regiments, which will be respectively represented by the new ones.

General Order, paragraph 52.

14. By my Despatch of this date, No. 27, you have been directed to place all the Officers of the European and Native Regular Infantry and Cavalry of each Presidency on General Lists, and you will invite, from these Lists, the number of Officers required for the new Line Regiments to volunteer for General Service in these Regiments on the same conditions as Line Officers, except that the system of purchase, which prevails in the Army of the Line, will not be allowed in these Regiments. The present and prospective advantages which Officers derive from the Military and Orphan Funds will be secured to them, and they will be allowed retiring Pensions under the Indian Regulations, counting their service in India in full, and one year for every two years of their future service out of India, in completion of the periods of service required under those Regulations for the several grades of Pension.

General Order, paragraphs 50, 56, 58, 65.

General Order, paragraph 55.

15. These Officers will be formed into Cadres of the strength noted in the margin, exclusive of Regimental Staff, and will be appointed by the Commander in Chief to do duty with the several new Regiments, and they will eventually receive new Commissions from Her Majesty in those Regiments, bearing the same dates respectively as the Commissions which they now hold. Such of them as may have belonged to the three older Local Regiments will be appointed respectively to the new Regiments representing those to which they belonged. And it should be secured to them that they shall hold a position in the new Regiments as far as possible the same as that which they held in the old ones.

1 Lieutenant Colonel.
2 Majors.
12 Captains. } Including two
14 Lieutenants. } Companies at
10 Ensigns. } the Depôt.
A Colonel will be appointed hereafter to each Regiment.

General Order, paragraph 53.

16. The names of these Officers will remain on the General List, printed in *italics*, to regulate the promotion of their Juniors in precisely the same way as if they had been transferred to the Staff Corps under the conditions detailed in my separate Despatch on this subject.

General Order, paragraph 50.

17. The three older Regiments of the Bengal Presidency will thus be converted into Regiments of Her Majesty's General Army, and will be numbered and designated as follows:—

General Order, paragraphs 11, 14.

The 101st Regiment of Foot (or 1st Bengal Fusiliers).
The 104th Regiment of Foot (or 2nd Bengal Fusiliers).
The 107th Regiment of Foot.

They will be permitted to bear on their colors and appointments the honorary distinctions won by the Regiments of the Indian Army which they will respectively represent.

General Order, paragraph 15.

18. In my Despatch No. 374, dated 9th October, you were directed to form into three Regiments of European Light Cavalry the five existing Regiments of that Arm in the Bengal Presidency; and assuming this consolidation to have been completed, measures will now be taken, analogous to those above prescribed, for the conversion of these Regiments into three Regiments of Light Dragoons of Her Majesty's General Army.

19. Such of the Non-Commissioned Officers and Men of each of the three Regiments as may accept the offer of bounty on the conditions of General Service will form the basis of a new Regiment of Dragoons, which will be made up hereafter to the complement of 500 Sabres. The three Regiments will be respectively designated as follows:—

General Order, paragraphs 5, 9.

19th (Light) Dragoons (now 1st Bengal European Light Cavalry).
20th (Light) Dragoons (now 2nd Bengal European Light Cavalry).
21st (Light) Dragoons (now 3rd Bengal European Light Cavalry).

General Order, paragraph 51.

1 Lieutenant Colonel.
2 Majors.
9 Captains.
9 Lieutenants.
9 Cornets.
} Including one Troop for the Depôt.

A Colonel will hereafter be appointed to each Regiment.

20. The Officers of the three Regiments, having been placed on a General List under the instructions of my Despatch of this date, No. 27, will be permitted to volunteer for General Service in the Regiments representing those to which they formerly belonged, and any vacancies that may then remain in the Cadres of Officers, calculated on the Establishment of a Dragoon Regiment, as per margin, exclusive of Regimental Staff, will be filled up in the following manner:—

General Order, paragraph 55.

The 19th Light Dragoons by Volunteers from the remaining Officers of the Bengal Cavalry.

General Order, paragraph 51.

The 20th and 21st Light Dragoons by Volunteers from the Officers of the Madras and Bombay Cavalry, respectively.

21. The Non-Commissioned Officers and Men who may prefer the conditions of Local Service will be placed in the 4th Bengal European Light Cavalry, which will be re-formed for that purpose, with the Officers who belonged to it, as a Local Regiment.

General Order, paragraph 10.

22. The measures for the conversion of the European Regiments in the Madras and Bombay Presidencies into Regiments of the Line will be similar to those prescribed for adoption in Bengal, but with such modifications as circumstances render necessary.

General Order, paragraph 5,

23. At Madras, the Non-Commissioned Officers and Soldiers accepting the conditions of General Service will be formed into three Regiments of the Line, which will be designated as follows:—

General Order, paragraphs 5, 11, 14, 15.

102nd Regiment of Foot (or Madras Fusiliers),
105th Regiment of Foot (or Madras Light Infantry),
108th Regiment of Foot;

and they will bear on their colors and appointments any honorary distinctions belonging to the old Regiments which they will respectively represent.

24. The men who may not accept the offer of bounty will be placed in a separate Corps for Local Service, which may be designated the Madras European Regiment.

General Order, paragraph 16.

25. To this Corps, Officers of the three European Regiments who may not volunteer for General Service, and, if required, other Officers from the General List will be appointed to do duty.

General Order, paragraph 16.

26. In the Bombay Presidency the three new Regiments of the Line will be formed, in the manner above described, of Volunteers from the three existing Regiments of European Infantry, including the German Soldiers of the 3rd European Regiment, who will also be permitted to volunteer, and will be designated respectively—

General Order, paragraphs 5, 11, 14, 15.

The 103rd Regiment of Foot (or Bombay Fusiliers).
The 106th Regiment of Foot.
The 109th Regiment of Foot.

They will bear on their colors any honorary distinctions which have been won respectively by the 1st, 2nd, and 3rd Bombay European Regiments.

27. The men who may not accept the offer of bounty will be placed in a separate Corps for Local Service, which may be designated the Bombay European Regiment.

General Order, paragraph 16.

28. Officers will be provided for these Regiments in the manner above described, with reference to Bengal and Madras, except that in the formation of a Cadre of Officers for the 109th Bombay Regiment of Foot, the claims of the German Officers whom, after receipt of my Despatch No. 154, of the 5th September, the Government of Bombay may have thought it necessary to retain with the 3rd European Regiment, will be considered. Such of these Officers as may desire it will receive commissions in their present grades in the 109th Foot.

General Order, paragraph 54.

29. The new Regiments added, in the manner above described, to the Establishment of Her Majesty's Army, will be available for General Service, and will be twelve in number, as follows:—

General Order, paragraphs 9, 14.

19th Regiment of (Light) Dragoons.
20th Regiment of (Light) Dragoons.
21st Regiment of (Light) Dragoons.
101st Regiment of Foot (or 1st Bengal Fusiliers).
102nd Regiment of Foot (or Madras Fusiliers).
103rd Regiment of Foot (or Bombay Fusiliers).
104th Regiment of Foot (or 2nd Bengal Fusiliers).
105th Regiment of Foot (or Madras Light Infantry).
106th Regiment of Foot.
107th Regiment of Foot.
108th Regiment of Foot.
109th Regiment of Foot.

Despatch No. 29.

India Office,

Military, No. 29. *London, 18th January* 1861.

To His Excellency the Right Honorable the Governor General of India in Council.

My Lord,—I have the honour to communicate to your Excellency the details of a plan which has been determind upon by Her Majesty's Government for the assimilation and ultimate consolidation of the Indian Regiments of Artillery with that of the Royal Artillery. It provides the means of maintaining the efficiency of the Artillery Force in India, while it involves no interference with the present course of promotion in either Service.

2. The following are the conditions of the plan which has been determined upon:—

I. That the existing Regiments of Artillery in the three Presidencies of India shall remain distinct from each other and from the Royal Artillery as long as any of the Officers now in them shall continue to be borne on their Rolls.

General Order, paragraph 31.

II. That no new appointments shall be made to the three Indian Regiments.

General Order, paragraph 33.

III. That, on the occurrence of vacancies in any of the three Indian Regiments or in the Royal Artillery, appointments of young Officers should be made to the Royal Artillery.

IV. That, after all the Subalterns in any of the Indian Regiments of Artillery have been promoted on the occurrence of the next vacancy in the grade of Second Captain in that Corps, the Senior Subaltern of the Royal Artillery should be promoted to that grade.

General Order, paragraph 34.

V. That the same process should be followed in each grade successively until all the Indian Regiments of Artillery have disappeared, after which the whole Corps will be Royal Artillery.

General Order, paragraph 35.

VI. That, in order to carry out this measure to the full extent, the organization of Indian Regiments of Artillery will be assimilated to that of the Royal Artillery. The Bengal Artillery will be formed into seven Brigades, the Madras Artillery into four Brigades, and the Bombay Artillery into three Brigades, in all fourteen Brigades, with the strength of Officers detailed in the margin, which is believed to be the establisment of a Brigade of Royal Artillery.

General Order, paragraph 25.
1 Colonel Commandant.
2 Colonels.
4 Lieutenant Colonels.
8 Captains.
9 Second Captains, including an Adjutant.
24 Lieutenants.

3. The assimilation of the Indian with the Royal Artillery involves considerable alterations of rank. Thus, in Bengal seven of the Colonels will become Colonels Commandant, nine Lieutenant Colonels will become Colonels, thirteen Captains will become Lieutenant Colonels, and three Captains and nine Second Captains will become Supernumerary. This will cause a stoppage of promotion in the gardes of Second Captain and Lieutenant. But there are at present four Lieutenant Colonels, four Captains, and nine Second Captains in the Ordnance Department, and these, being seconded in accordance with the instructions in the 9th paragraph of my Despatch No. 27, dated this day, will more than compensate for the absorption of the three Captains and nine Second Captains above mentioned.

4. Under the Royal Artillery organization the Colonel's allowance is drawn only by Colonels Commandant, and of these there will be seven only in place of twelve who now draw Colonel's allowance in the Bengal Artillery.

General Order, paragraph 27.

5. Eventually the assimilation must be carried out in this respect also. The five Officers who will be Supernumerary will continue to receive that allowance, and this necessary reduction will be gradually carried out by permitting the succession of only three Officers to every four vacancies in the number of those receiving Colonel's allowance, until the Supernumeraries shall have been absorbed.

General Order, paragraph 27.

6. Colonels of Artillery under the new organization, who, not being Colonels Commandant, will not draw Colonel's allowance, will be permitted to draw in India the pay and allowances fixed for the rank of Regimental Colonel (excepting the the Colonel's allowance). On furlough they will receive the furlough pay of Colonel, viz. 25 shillings a day, and they will enjoy the privileges of Regimental Colonels in being permitted to reside in England, if not required in India, without forfeiting their position on the Effective List.

General Order, paragraph 29.

7. Such of the Officers as may be willing to serve out of India, and may be permitted to do so, will receive Commissions in the Royal Artillery, and will draw the pay and allowances fixed by Her Majesty's Regulations for that Arm of the Service, according to the situation and locality in which they may be serving, but their promotion will continue to go on in their original Regiments. They will be permitted to reckon one year's service towards retiring Pension on the Indian scale for every two years of employment out of India.

General Order, paragraph 30.

8. I have lately carefully considered the best mode of keeping up in efficiency the strength of Batteries and Companies of Artillery required for service in India.

9. The number of men of the Local Artillery was much reduced under the operation of the General Order of 20th June 1859, which offered the option of discharge to all Soldiers of the late East India Company's Service.

10. At Bombay the establishment of European Artillery has been subsequently recruited to very nearly its proper complement, but in Bengal and Madras the numbers are still much below the establishment. The enlistment of Recruits for Local Service to complete the establishment is prohibited by the late Act of Parliament, and there are legal objections to filling up the vacancies with men enlisted for the Royal Artillery. Under these circumstances, it appears advisable to separate at once the men of the Local Artillery, who are willing to transfer their services absolutely to the Royal Regiments of Artillery, from those who may prefer the conditions of Local Service. To the former you are authorized to offer the usual bounty on their transfer to the Royal Artillery; and the Volunteers who may accept these conditions will be formed into new Troops or Batteries of Royal Artillery, which will be filled up by Recruits enlisted for that Regiment, of whom a large number are now under training at Woolwich, and will be ready for embarkation in the course of next summer.

General Order, paragraphs 5, 7, 17, 32.

11. Officers will be provided for these Batteries from the Officers of the Bengal, Madras, and Bombay Artillery respectively, and will receive Commissions in the Royal Artillery concurrent with those which they now respectively hold in their Regiments.

General Order, paragraph 32.

12. The Soldiers of the Indian Artillery who may decline to accept the offer will be formed into Batteries which will remain under their original designations and conditions; and as the numbers of the men diminish by casualties, or by completion of their period of service, they will be consolidated into a smaller number of Batteries, and will finally disappear.

General Order, paragraph 7.

Despatch No. 30.

INDIA OFFICE,

Military—No 30. *London, 18th January* 1861.

To His Excellency the Right Honorable the GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—In continuation of my Despatch No. 29 of this date, on the subject of the assimilation of the Indian Regiments of Artillery with that of the Royal Artillery, I have the honour to communicate to you the following plan, for the assimilation of the Regiments of Bengal, Madras, and Bombay Engineers with that of the Royal Engineers.

2. In the case of these Regiments, it will be necessary to deal with the Officers only, as there are no Engineer Soldiers in India under that designation, and the Regiments of Native Sappers and Miners must continue, as at present, on the footing of Local Corps, having the requisite complement of Commissioned and Non-Commissioned Officers appointed to do duty with them.

3. The process by which the Local Regiments of Engineers will die out, and their place be filled by Officers appointed to the Royal Engineers, is precisely similar to that already described for the Artillery.

4. All fresh appointments will be made to the Royal Engineers; and when all the Subalterns of any of the three Indian Regiments have become Captains, the next vacancy in that Regiment will cause the promotion of the Senior Subaltern of Royal Engineers; and the same process will be followed in the higher grades until all the Local Officers have disappeared.

General Order, paragraph 44.

5. The ultimate effect of this measure will be to add seven Battalions of Officers to the Royal Engineers, of which three will take the place of the Bengal Regiment, and two each will be in substitution for those of Madras and Bombay.

6. The Engineer Corps of Her Majesty's Indian Forces will be immediately formed into three Battalions for Bengal, and two each for Madras and Bombay, of the established strength of a Battalion of Royal Engineers, as follows:—

General Order, paragraph 36.

1 Colonel Commandant.
2 Colonels.
5 Lieutenant Colonels.
8 Captains.
8 Second Captains.
24 Lieutenants.

7. The effect of this measure will be to give considerable promotion in the existing Regiments. In Bengal the number of Field Officers will be increased from fifteen to twenty-four. In Madras and Bombay from nine to sixteen. In Bengal three Colonels will become Colonels Commandant; four Lieutenant Colonels will become Colonels; nine Captains will become Lieutenant Colonels; three Second Captains will become Captains, and three Lieutenants will become Supernumerary. In Madras and Bombay two Colonels will become Colonels Commandant; three Lieutenant Colonels will become Colonels; seven Captains will become Lieutenant Colonels; five Second Captains will become Captains, and three Lieutenants will become Second Captains.

8. On the other hand, the Bengal Corps will lose two Colonels' allowances, and the Madras and Bombay Corps will each lose one Colonel's allowance. The number of Officers receiving these allowances will be reduced to that fixed by the new organization by omitting to fill up one out of any four vacancies, in the manner prescribed for the Artillery in my Despatch No. 29.

General Order, paragraph 38.

9. Colonels of Engineers, not being Colonels Commandant, will be in the same position as Colonels of Artillery, as described in the 6th paragraph of my Despatch above quoted.

Genaral Order, paragraph 39.

10. All the Officers of the Indian Engineers will receive Commissions in the Royal Engineers, but, as before explained, will rise by Seniority in their respective Regiments.

General Order, paragraph 40.

11. They will not be required to serve out of India, unless at their own request, but will be eligible to serve anywhere, receiving the pay and allowances fixed for Royal Engineers in similar positions, and counting one year towards retiring Pension on the Indian scale for every two years' service out of India.

General Order, paragraph 41.

12. The places of Indian Engineer Officers who may elect, and who may be permitted to serve out of India on the above terms, will be filled up with Officers of the Royal Engineers, who may be willing to undertake the several duties required from Engineer Officers in the Department of Public Works.

General Order, paragraph 42.

13. The Engineer Corps of the several Presidencies will continue to be, as at present, principally *Corps of Officers*, having no European Soldiers attached to them. But Engineer Officers may be posted, as at present, as far as they can be made available, to the Corps of Native Sappers, which must be maintained on the present footing, which, in many points, resembles that of Irregular Native Infantry.

General Order, paragraph 43.

14. It is very desirable to continue the practice of posting a large number of European Non-Commissioned Officers to the Native Companies of Sappers and Miners. These men have hitherto been obtained by selection from the men enlisted for Artillery and Infantry, and have been liable to be remanded to their Regiments on misbehaviour.

General Order, paragraph 8.

15. The men so selected have undergone a special course of training at Chatham, and, after serving in India with the Sappers and Miners, and acquiring some knowledge of the native language, a portion of them who were able to pass the requisite examination were appointed Overseers in the Public Works Department.

16. I have communicated with His Royal Highness the General Commanding in Chief regarding the best method of providing men for this duty, and for keeping up the supply of vacancies in the Public Works Department, a considerable portion of whom have hitherto been drawn from the Local European Sappers. His Royal Highness is of opinion that it would be advisable to try the experiment of obtaining Volunteers from the Royal Engineers, such men, as Volunteers, being required to sign a Declaration of their willingness to be remanded, in the event of their being guilty of gross misconduct, to the Royal Artillery in India, as there are no Companies of Royal Engineers in that country. Should a difficulty arise in obtaining sufficient Volunteers from the Royal Engineers, Volunteers may be taken from the Line and trained at Chatham, like the Engineer Soldiers who have hitherto been selected from the Artillery and Infantry Recruits of the Indian Forces.

17. These men could be remanded, in the event of misconduct, to any Line Regiment in India.

18. A further communication on this subject will be made to you hereafter, and in the meantime I request that you will furnish me with an estimate of the number of men required to be supplied annually for the above purpose.

I have, &c.

India Office,
Military—No. 31. *London, 18th January* 1861.

To His Excellency the Right Honorable the Governor General of India in Council.

My Lord,—I have the honour to acknowledge your Excellency's Despatch No. 264, dated 8th October, informing me that you have decided on discontinuing the issue of Commissions by the Governments in India to the European Officers of Her Majesty's Indian Armies, and submitting, for the consideration of Her Majesty's Government, whether the Form of Commission issued by the Commander in Chief in India should be modified, and whether the Officers of Her Majesty's Indian Forces should not be placed on the same footing, in respect of their Commissions, as the Officers of Her Majesty's Line Army.

2. These questions having been considered by Her Majesty's Government, I have to convey to you their approval of the discontinuance of the issue of Local Commissions to the Officers of Her Majesty's Indian Forces, and to intimate to you that Her Majesty has been graciously pleased to signify Her intention to give to every Officer of Her Indian Armies a Royal Commission in substitution for those which he now holds from the Governments of India and from the Commanders in Chief. But whereas the Commissions heretofore issued by the Governments of India usually appointed the Officers named therein to particular Indian Regiments, the Commissions about to be granted by Her Majesty will, like those now granted by the Commander in Chief in India, confer rank and command in Her Majesty's Army in any part of the world, but will not appoint the Officers holding them to any particular Corps or Arm of the Service.

General Order, paragraph 24.

3. A Form of the Commission to be adopted for this purpose is forwarded for your information.

4. In order to the preparation of these Commissions, I desire to be furnished immediately with Nominal Rolls showing the dates of the Commissions held severally by all the Officers of the Armies of the three Presidencies.

General Order, paragraph 24.

5. The promotion of Officers of the Indian Armies, on the occurrence of vacancies, will be notified as heretofore, by the Governments in India, in the *Official Gazette*, and will be stated to be "subject to Her Majesty's approval."

General Order, paragraph 106.

6. A list of the promotions made in each Presidency will be submitted twice a month to this Office, in order that measures may be taken for the preparation and signature of corresponding Commissions; and pending the receipt of these Commissions, the Officers provisionally promoted by the Indian Government will enjoy the pay, provision, and privileges of the rank to which they may have been advanced.

General Order, paragraph 106.

Notice.

A Sub-marine Telegraph Cable having been laid between the Ports of Akyab and Khyouk-Phyoo, the attention of Commanders of Vessels anchoring in its neighbourhood is requested to the following instructions, prepared by Captain Burbank, of Her Majesty's Bengal Steamer *Fire Queen*:—

INSTRUCTIONS.

Vessels proceeding in or out of the Khyouk-Phyoo Harbour, should, on no account, anchor to the Westward of the Reliance Buoy, for the following reasons:—

1*st.* The legitimate passage is to the Eastward of the Buoy.

2*nd.* The Sub-marine Telegraph Cable is laid from Circuit House, or Flag Staff Point, along the Western side of the Channel; and when the Pagoda Rock bears N. E.; Non-degree N. by E. ¾ E.; Reef Island N. ¼ W.; Saddle Island S. W. ½ S.; Flag Staff Point S. E. ¾ E., there is a large bend in the Cable to the Eastward, consequently all Vessels should be prevented, for the safety of the Cable, from anchoring with the above bearings on.

Vessels anchoring with the Red Buoy on with Flag Staff Point will always clear the Cable, provided the Pagoda Rock is not brought to bear to the Eastward of N. E. by N., but they should on no account bring Flag Staff Point open to the Southward of the Red Buoy.

Vessels anchoring to the N. W. of Pagoda Rock will always clear the Cable by keeping Flag Staff Point well open to the Eastward of Red Buoy as far as it can be seen. Vessels anchoring off Pagoda Rock, should endeavour to anchor as near to the Rock as possible.

Vessels running between the Island of Penny Kyong and Angrey Kyong having cause to anchor, should border a little on the latter Island, for the Cable is laid down along the Centre Channel approaching Penny Kongy gradually for about six miles from entrance when it is brought ashore.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendants the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners, particularly, are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.
