GOVERNMENT NOTIFICATIONS TO THE PUBLIC.

FINANCIAL DEPARTMENT.

The following extract from the Proceedings of the Government of India is published for general information and guidance, with reference to the Notification from this Department, dated the 22nd ultimo:—

"No. 5806.

Extract from the Proceedings of the Government of India, in the Financial Department, dated 21st May 1861.

RESOLUTION.—Since the issue of the orders of this Department, No. 96, of the 8th instant, certain applications for expenditure on account of Establishments, &c., have been sanctioned on condition that the expenditure is included in the sums sanctioned in the Budget under the heads of service to which the applications in question appertain.

2. This course was pursued, because, owing to the imperfect manner in which the details of the Budget Estimates have been prepared, it could not be ascertained whether the said expenditure had been provided for or not; and because it was considered desirable, in order to prevent delay, to enable the Civil Paymasters, in cases in which the expenditure might prove to be included in the Budgets, to pass Bills for it in communication with the Local Governments, without waiting for further orders from this Department, to be issued after the necessary information had been obtained from the Local Governments in usual course.

3. It now appears that the object of the abovementioned condition has not been fully understood; and it is considered necessary, therefore, to intimate for the information and guidance of the Authorities concerned, that in cases in which the said condition has been imposed, it will be the duty of the Civil Paymasters, before passing the expenditure, to enquire from the Local Governments or Departments of the Government of India, whether it is included in the Budget or not.

4. If, after such enquiry, it shall appear that it is included in any of the Budget Grants sanctioned by the Government of India, the Civil Paymaster will pass it for payment, and report having done so to this Department. If, on the other hand, it shall appear that it is not so included, the Civil Paymasters will decline to pass it for payment, pending further order from this Department.

5. It will further be understood that the fact of provision being made in the Budget for any particular item of expenditure does not, *per se*, justify the Civil Paymasters in passing such expenditure for payment. They will, as directed in paragraph 20 of the Budget and Audit Committee's Report No. 10 of the 18th January last, continue to pass charges according to the then "existing practice of the Civil Auditors," and every charge must be covered by a specific sanction from competent authority, except in cases otherwise especially provided for:—

Foreign, Home, Military, and Public Works Departments.
Governments of Bengal, North-Western Provinces, Punjab, Madras, and Bombay.
Military Finance Department, and the Mint Committee, Calcutta.
Auditor General and Accountant General to the Government of India, and the Deputy Auditors General and Accountants to the Governments of Madras, Bombay, Bengal, the North-Western Provinces, and the Punjab.
Sub-Treasurers, Fort William, Madras, and Bombay.
Civil Paymasters, Fort William, Madras, Bombay, the North-Western Provinces, and the Punjab.

ORDERED, that a copy of the foregoing Resolution be sent to the Departments, Governments, and Officers, noted in the margin for information and guidance, and for the issue of further necessary orders.

Ordered, also, that the Resolution be published in the *Government Gazette*, for general information.

The following documents are republished for general information:—

"No. 965.

From W. GREY, Esq.,

Secretary to the Government of India,

To The SECRETARY to the GOVERNMENT OF BOMBAY.

Dated Fort William, 13th May 1861.

HOME DEPT.

SIR,—I am directed to forward, for submission to His Excellency the Governor in Council, Copy of a Despatch and its enclosures received from the Secretary of State on the subject of the Exhibition of the Works of Industry and Art of all Nations which it is proposed to hold in London in the year 1862.

2. With reference to the instructions of the Secretary of State, the Governor General in Council does not propose that, on the present occasion, a large expenditure in purchasing articles for the Exhibition should be incurred by Government, as was the case in regard to the Exhibition of 1851, but His Excellency in Council would wish that any encouragement and assistance which can be afforded at a moderate cost should be given to private persons who may be desirous to send articles to the Exhibition, and with this object it seems desirable to His Excellency in Council that the Government should signify its readiness to receive contributions for the Exhibition, take charge of them and forward them to England, the cost of conveyance being defrayed by Government.

3. In order to make this plan effective, it will be necessary, as in 1850, to establish a Central Committee at the seat of each Government, and to appoint as many subordinate Committees in different parts of each Presidency or Province as may appear in the judgment of the local Government to be called for.

4. The subordinate Committees will be required as the immediate channels of communication with the public, and the Central Committees will be necessary in order to control the selection of articles by rejecting such as they may not deem to be of sufficient interest to make it desirable that they should be sent to the Exhibition, and also all duplicates of articles of the same nature.

5. The subordinate Committees should be appointed as soon as possible, and a Notification should be published by each local Government in the English and Vernacular *Gazettes* announcing their appointment, and fixing a period, perhaps one month from the date of the Notification, within which the Committees will receive applications from persons desirous of transmitting contributions to the Exhibition. Each subordinate Committee, immediately on the expiration of the period named in the Notification, should forward a list of the articles comprised in the applications they have received to the Central Committee at the seat of Government, and the Central Committee, after examining the lists and removing from them any articles which they do not consider it desirable to send to the Exhibition, will return

the lists as modified, to the respective subordinate Committees, with an intimation of the date by which the articles must reach the Central Committee. It will then only remain for the subordinate Committees to communicate with the persons from whom applications have been received, and to apprise them of the latest date up to which the subordinate Committees will be prepared to receive the contributions which have been approved by the Central Committee. This date will of course be fixed by each Committee with reference to the latest date named by the Central Committee for the reception of contributions. The articles when received by the Central Committee will be at once packed and transmitted to England. If possible, the despatch of articles should be made from the port of shipment not later than the 1st of December 1861, except in the case of articles of small bulk which can be sent by the Overland route without incurring any inordinate expense.

6. Great care should be taken by the subordinate Committees in the first place, and afterwards by the Central Committees, that every article is so numbered or otherwise marked as to be readily identified on a reference to the lists as the contribution of the person by whom it has been sent, and the lists finally prepared by the subordinate Committees should specify against each article in what manner it is intended by the contributor that it should be dealt with. Contributors should be directed to state whether they wish their contributions to be returned to India, or to be sold in England for their benefit. In the latter case the price of the article must be named; and it should be further stated whether, in the event of that price not being procurable, it is desired that the article be sold for what it will fetch, or that it be returned to India. In the case of articles which are returned to India, every care will be taken to secure them from injury in transit, but it must be understood that the Government cannot guarantee their return undamaged. When articles are sent without any instructions, it will be assumed that they are intended to be presented to the Exhibition. These points should be clearly explained to all those who offer to contribute articles to the Exhibition.

7. The selection of gentlemen for the Committees, the central as well as the subordinate Committees, will of course rest with the local Governments; and the Governor General in Council has no doubt that, independently of the Officers of Government, any gentleman whose services it may be thought desirable to obtain will be ready to afford them upon this occasion.

"PUBLIC.—No. 34

From the Right Honorable Sir CHARLES WOOD, Bart., M. P.,
Her Majesty's Secretary of State for India,

To His Excellency the Right Honorable the GOVERNOR
GENERAL OF INDIA IN COUNCIL.

Dated London, the 16th March 1861.

MY LORD,—I forward to you herewith a copy of a letter, dated the 16th ultimo, which has been addressed to this office by desire of Earl Granville, on the subject of the Exhibition of the Works of Industry and Art of all Nations which it is proposed to hold in London in the year 1862, together with the reply thereto.

2. So soon as any Notification on the subject shall have been published in the *Gazette* in this Country, it will be forwarded to you for re-publication.

3. I am desirous that you should render every practicable facility to any of the Native Princes who may voluntarily desire to furnish any Articles for Exhibition: but, in the present state of the Indian Finances, I regret that I must direct that no material expense may be incurred by the Government of India in reference to this Exhibition.

4. You will make the necessary communication to the subordinate Governments.

I have, &c.

(Signed) C. WOOD."

"From F. R. SANDFORD, Esq.,

To the Right Honorable Sir CHARLES WOOD, Bart., M. P., &c. &c. &c.,
Secretary of State for India.

Dated Privy Council Office, Downing Street, the 16th February 1861.

SIR,—I am directed by Earl Granville to intimate to you that the promoters of the Exhibition of the Works of Industry and Art of all Nations which it is proposed to hold in the year 1862, are about to apply to Her Majesty for a Charter of Incorporation, by which certain Trustees, to whom the management of the Exhibition has been confided, may be vested with the powers requisite for effectually carrying out the projected undertaking.

The names of the Trustees are as follows :—

The EARL GRANVILLE, K.G., Lord President of the Council.
 The MARQUIS OF CHANDOS.
 THOMAS BARING, Esq., M.P.
 C. WENTWORTH DILKE, Esq.
 THOMAS FAIRBAIRN, Esq.

The Trustees have every reason to believe that the application for a Charter will be favorably entertained ; but as some short interval must still elapse before the usual preliminary formalities can be complied with, they are anxious that no time should be lost in giving notice of the intended Exhibition to the distant parts of the Empire.

I am therefore directed to request that you will do the Trustees the favor to take the necessary steps for making known to the Governor General of India, and to the Governors of the several Provinces, that the Exhibition will open on Thursday the 1st of May 1862 ; and that the Trustees are very desirous to learn from which of the Provinces articles will be sent for exhibition, and also to be put in communication with such persons or bodies in each Province as are likely to command the confidence of those who may become Exhibitors.

The Exhibition will be held in London on a convenient site, which has been placed at the disposal of the Trustees by the Royal Commissioners for the Exhibition of 1851, in the immediate vicinity of the ground occupied in 1851, by the permission of Her Majesty, on the occasion of the first International Exhibition.

The general conditions of the Exhibition, and the terms on which Exhibitors will be invited to take part in it, will shortly be published, and the Trustees will at once communicate them to you. In the meantime I am to state that the Exhibition, in its leading features, will closely resemble that of 1851 (Pictures, however, being added on this occasion), and that such preparations as can be made, in anticipation of more detailed information, may proceed upon this understanding. As the demands for space, however, will in all probability be very much in excess of what it will be possible to provide, so that quality and not quantity will have mainly to be looked to in deciding upon the articles to be admitted, the Trustees hope that the greatest care will be exercised in selecting good specimens of the Industry and Art of each Province of India, and more especially its natural productions. As you will readily understand that, so soon as proper channels of correspondence have been opened, the Trustees will have many matters to which to draw the attention of all who are likely to take an interest in the undertaking, they venture very earnestly to request that the earliest opportunity may be taken for making known the substance of the present communication in the requisite quarters.

From HERMAN MERIVALE, Esq.,

To F. R. SANDFORD, Esq., Privy Council Office.

Dated India Office, the 16th March 1861.

I am directed by the Secretary of State for India in Council to acknowledge the receipt of your letter of the 16th ultimo, on the subject of the Exhibition of the Works of Industry and Art of all Nations, which it is proposed to hold in London in the year 1862 ; and in reply to inform you, that instructions will be given to the several Governments in India to republish in the Official Gazettes the Notification relative to the Exhibition of 1862, which may be inserted in the Gazette in this country. Sir Charles Wood however believes that during the last 10 years very little improvement has been made by the Natives of India in Manufactures or Works of Art ; and, under existing circumstances, he is apprehensive that the Native Princes of India may not be disposed to incur the same expense in regard to the present Exhibition as they did relative to that of 1851.

I am further directed to inform you that Sir Charles Wood regrets that, in the present state of the Indian Finances, he is unable to sanction any expenditure on account of the Exhibition which would impose a serious charge on the Revenues of India.

With reference to the above, His Excellency the Governor in Council is pleased to appoint the following Subordinate Committees with power to add to their number :—

Ahmedabad and Guzerat.

The Collector of Ahmedabad.
 The Judge of ditto
 The Civil Surgeon of ditto
 The Superintending Engineer, N. D.
 The Military Officer Commanding the Station.

Surat.

The Collector.
The Judge.
The Civil Surgeon.
The Executive Engineer.
The Military Officer Commanding the Station.

Poona and the Deccan.

The Collector of Poona.
The Judge of ditto.
The Civil Surgeon.
The Superintending Engineer, P. D.
The Military Officer Commanding the Station.

Belgaum and the Southern Maratha Country.

The Collector of Belgaum.
The Judge of Dharwar.
The Civil Surgeon.
The Superintending Engineer, S. D.
The Military Officer Commanding the Station.
And the Commissioner in Sind is authorised to appoint the necessary subordinate Committees in the Province of Sind.

By order of His Excellency the Honorable the Governor in Council,

Under-Secretary to Government.

Her Majesty's Commissioners will communicate with Foreign and Colonial Exhibitors only through the Commission which the Government of each Foreign Country or Colony may appoint for that purpose; and no article will be admitted from any Foreign Country or Colony without the sanction of such Commission.

No rent will be charged to Exhibitors.

Exhibitors may employ Assistants to keep in order the articles they exhibit, or to explain them to visitors, after obtaining written permission from Her Majesty's Commissioners, but such Assistants will be forbidden to invite visitors to purchase the goods of their employers.

Her Majesty's Commissioners will provide shafting, steam (not exceeding 30 lbs. per inch) and water at high pressure, for machines in motion.

No. 310 of 1861.—The following General Order by the Government of India, dated 3rd ultimo, No. 387, is republished :—

"The following paragraphs of a military letter from the Right Honorable the Secretary of State for India, No. 432, of the 17th November 1860, are published for general information :—

Your letter of the 12th August last, No. 202, reports that, as passage-money has hitherto been calculated according to rank, it appears to your Government that the Medical Officers, whose relative rank has been raised under the provisions of the late Royal Warrants, are entitled to receive passage-money according to their increased rank, and that you have issued instructions to that effect. You further state that the rates of passage-allowance fixed by the late Court of Directors might now be revised, with advantage, as suggested by the Officiating Military Auditor General; and you request the instructions of Her Majesty's Government on the subject.

2. The decision at which you have arrived, with respect to the rates of passage-allowance of Her Majesty's British and Indian Medical Officers, appears to be in conformity with the intention of the Royal Warrants applicable to them. Under this decision, a Staff or Regimental Assistant Surgeon, after six years' full-pay service, when entitled by the Regulations to passage-money, will receive the rate fixed for a Captain, and so on in the higher Grades of relative rank.

5. With respect to your observation regarding the expediency of revising the present rates of passage-money, I have to inform you that I have been for some time in correspondence with the Secretary of State for War, with the view of assimilating the rates of passage-allowance applicable to India, and the rules under which they are drawn, with those authorised by the War Office Regulations. The result will be hereafter reported to you.

(Signed) R. J. H. BIRCH, Major General,
Secretary to the Government of India."

'A question having arisen as to the interpretation to be put on that part of Her Majesty's Warrant (quoted in the margin) authorising the distribution of the property captured at Lucknow as Prize, I have determined, in pursuance of the authority vested in me by the Royal Warrant, that the Force which advanced from Allahabad under Major General Havelock, the Forces of Lord Clyde which, under Major General Windham, held Cawnpore, and that which brought off the beleaguered Garrison of Lucknow, intermediately between Chinhutt and the recovery of Lucknow, from the Rebels, as well as the Force under Lord Clyde present at the final Operations, and that which held Cawnpore during such final Operations, are entitled to share in the Prize Moneys.'

No. 313 of 1861.—When Stores are issued from an Arsenal to a Regiment at the same Station, the Quartermaster, or some other Commissioned Officer of the Regiment, will attend to receive charge of them from the Commissary. If objection be raised to the articles tendered, the Commissary should apply to the local Commanding Officer to assemble a Committee of Survey to determine on the validity of the objection. The decision of the Committee of Survey will be final.

When delivery has been made with or without a Committee of Survey, and the Stores have been removed from the Arsenal, the receiving Regiment has become, and will be considered in all cases wholly responsible for them. Thus, Commanding Officers of Regiments will understand that it is at their own risk if they receive Stores without due examination.

When the Regiment is at a distant Station the Stores will be unpacked in presence of a Station Committee, a copy of whose proceedings will be transmitted, without delay, by the receiving Officer to the issuing Commissary.

The same rule must be observed when Arms, Accoutrements, &c. are returned into Store by Regiments, for the purpose of preventing litigation between Departments and Regiments, and protecting both from after-charges difficult of substantiation.

No. 317 of 1861.—The present practice of submitting articles of Commissariat supply for approval, before acceptance, to a Committee of Officers, is to be discontinued.

Supplies to Corps and Departments made by the Commissariat should be carefully examined by the Receivers : and no objection which might have been made at the time of receipt will be subsequently entertained.

In particular cases, when the Indenting and Supplying Persons differ in opinion in respect to the quality or kind of supplies, these should be submitted to a special Committee of experienced Officers, to be appointed by the Officer Commanding the Station, whose decision shall be final.

The preceding rules are not applicable to the existing Commissariat Contracts, in which it is provided that the supplies shall be liable to be rejected by a Committee of Officers.

In future Contracts, a clause should be inserted to the effect that the supplies will be liable to be rejected by the Commissariat Officer, on behalf of the Government if not found to be of unexceptionable quality.

Notice.

It is hereby notified for general information, that, from and after the 13th June 1861, the Bi-Monthly Steam communication between Kurrachee and Mooltan, by Her Majesty's Flotilla Steamers, will be available for private Passengers and Merchandise, under the following arrangements:—

I. The Up-Steamer will leave Keamaree or Ghizree (as the case may be) for Kotree, on receipt of the Telegram announcing the arrival of the Overland Mail in Bombay.

II. This Steamer will await at Kotree the arrival (shortly before noon) of the Train leaving Kurrachee on the day following the arrival in that Port of the Mail Steamer from Bombay. Thus, Passengers arriving by such opportunity at Kurrachee, who leave, by the first available Railway Train, for Kotree, will be taken on at once by the Flotilla Steamer to Mooltan.

III. The Down-Steamer will leave Mooltan on the 1st and 17th of each month for Kotree, whence Passengers will be conveyed by Railway to Kurrachee, in time for the out-going Mail Steamer for Bombay.

IV. So long as there is not a Travellers' Bungalow or Hotel accommodation available at Kotree, the Steamers from Mooltan will be

detained at that Station until the departure of the earliest Train for Kurrachee following her arrival; and it shall be optional with Passengers (on paying the regulated Mess money) to remain on board during the interval.

By order,

F. J. GOLDSMID, Major,
Assistant Commissioner in Sind.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendants the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly, are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

NOTIFICATION BY THE DEPUTY AUDITOR AND ACCOUNTANT GENERAL.

FINANCIAL DEPARTMENT.

No. 6.

The following Notification is republished for the information and guidance of Officers in charge of Treasuries in this Presidency.

Sepoys' family Remittance Drafts may still be drawn on all the Punjab Treasuries.

"No. 674.

Proceedings of the Honorable the Lieutenant Governor, Punjab, in the Revenue Department.

Read the following papers.

Mr. Cust's Minutes, dated 28th January, 7th March, and 16th April 1861, regarding the restriction of duties at certain small Treasuries in the Punjab.

Financial Commissioner's letter, No. 114, dated 7th February 1861, and its accompaniments on the same subject.

Resolution.—The Honorable the Lieutenant Governor is pleased to decide that, from the 1st May proximo, the Treasuries of Punjab shall be divided into two classes. Treasuries of the first class to remain as at present, for purposes of collections, disbursement, and account, with power of receiving and granting Bills of Exchange, paying Interest on Government Loans, and performing the other financial operations of the State.

A specially selected Assistant, or European Extra Assistant, should always preside over the most important first-class Treasuries, as Lahore, Umritsur, Delhi, and Simla.

2. The operations of Treasuries of the second class will be restricted to collections, and to the payment of salaries, pensions, and fixed charges generally of a similar nature. They will have no Bill transactions, miscellaneous disbursements (other than those connected with the district), or relations with other Treasuries, beyond the transmission of all their surplus specie to the nearest first-class Treasury. All cash beyond their actual requirements should be cleared out at once. All new pensions will be granted only on first-class Treasuries.

3. By this arrangement the number of guards, as well as the cost of the English and Treasury Staff at the smaller Treasuries, may be reduced to a minimum. The English office should consist of—

A Head Clerk	Salary..Rupees	150	per mensem.
A Second Clerk	"	100	"

Rupees 250 per mensem.

The Treasury Staff should consist of a Treasurer's

Goomasta	Rupees	25	per mensem.
A Native Accountant	"	25	"

Rupees 50 per mensem.

As a general rule, each Division should have but one Treasurer, who will supply the Goomastas for the similar Treasuries.

4. It shall, however, be in the power of the Accountant to authorise such second-class Treasuries as he may direct to allow Officers of the Public Works, Commissariat, Stud, and other Public Departments to bank with them.

5. The following are to be first-class Treasuries:—

1. Delhi.	12. Ferozepoor.
2. Hissar.	13. Jhelum.
3. Rohtuck.	14. Rawul Pindee.
4. Umballa.	15. Shahpoor.

8. Kangra.	19. Dera Ismael Khan.
9. Umritsur.	20. Dera Gaze Khan.
10. Sealkote.	21. Mooltan.
11. Lahore.	

First-class Treasuries
to which they will transmit
their surplus cash.

The following are to be second-class Treasuries:—

6. The Accountant will, in communication with Mr. Cust, issue instructions for carrying out these arrangements as quickly as possible.

Changes of Address and Instructions to stop Letters directed to Out-Stations cannot be attended to after the Mail Steamer has been signalled.

The numerous references made to the Post Office on such occasions, and very frequently after the Overland Mails have been brought to the Post Office, preclude the possibility of attending to them correctly, and the above information is given to prevent disappointment.
