GENERAL ORDERS

BY HIS EXCELLENCY THE HONORABLE THE GOVERNOR IN COUNCIL.

MILITARY DEPARTMENT.

Bombay Castle, 6th March 1862.

No. 165 of 1862.—Lieut. J. P. M. Newton, of H. M.'s 11th Regt. N. I., is allowed a furlough to Europe for three years, on private affairs, under the Old Furlough Regulations.

Bombay Castle, 7th March 1862.

No. 166 of 1862.—Capt. J. Allardyce, of the Madras Staff Corps, Assistant Commissioner, Eastern Berar, is allowed a furlough to Europe for twenty months, on medical certificate.

No. 167 of 1862.—Lieut. J. Louis, of H. M.'s 3rd Eur. Regt., is allowed a furlough to Europe for eighteen months, on medical certificate, under the New Furlough Regulations, and permitted to embark from Kurrachee.

No. 168 of 1862.—Capt. I. M. Greig, of H. M.'s Royal Engineers, is appointed to Officiate as Deputy Consulting Engineer in the Railway Department.

No. 169 of 1862.—The following General Order by the Government of India, dated 8th February 1862, No. 144, is republished:—

"The following paragraphs of a Military Letter from the Right Honorable the Secretary of State for India, No. 497, of the 31st December 1861, are published for general information and guidance:—

2. In a General Order, Queen's British Troops, dated 3rd August 1859, I find that Staff Surgeon Woodward was granted leave of absence to Europe under the New Furlough Rules; and in a communication received from this Officer since his arrival in this country, it is stated that he received from the Government of Bombay an advance of three months' pay and Indian allowances on quitting India.

3. Staff Surgeons are not entitled to the same advantages with respect to furlough as Officers belonging to Regiments serving in India. When a Staff Surgeon leaves India, he ceases to belong to the Indian Establishment, and his place is filled up; under such circumstances he can have no claim to Indian allowances for a date subsequent to that of his quitting India.

4. In fact, Lord Stanley's Despatch to the Government of India, dated 9th February 1859, No. 41, transmitted a communication from the Director General, Army Medical Department, in which he stated 'that no Staff Medical Officer has any claim for Indian allowances after embarkation for this country; for, if this course be not pursued, it might happen that the Government of India would be involved in the payment of a larger Medical Staff than has been agreed on.'

5. Previously to the introduction of the New Furlough Rules, it was optional with Officers to take, or refuse, an advance of six months' furlough pay on quitting India. On the introduction of the New Rules it was stated* that advances of pay and allowances under them might be made in India from three months, and that furlough pay might continue to be issued in advance for six months when required.

* Despatch to India, 20th September 1854, No. 24, paragraph 15.

6. Notwithstanding these instructions, it appears that, in Bengal and Madras, advances of pay and allowances have been in some cases made for six months. This should be interdicted for the future. This rule applies equally to Her Majesty's British Officers.

(Signed) H. W. Norman, Lieut. Colonel,
Secretary to the Government of India."

No. 193 of 1862.—The Right Honorable the Secretary of State for India having represented that much inconvenience is caused by officers proceeding on leave to Europe unprovided with last pay certificates, and it having been brought to the notice of Government that officers frequently leave India without applying at the Pay office for these documents, and without leaving their addresses so as to enable the Paymaster to send them after them, the attention of all officers is called to this necessary precaution. They must be careful, in future, either to provide themselves, by application to the Paymaster, with such certificates before departure, or to make proper arrangements for these documents being sent after them, by leaving their address in England with the Paymaster.

Paymasters must make this order known to officers drawing pay from them previous to departure for Europe, and must use their best endeavours to obtain attention to it. If an officer, embarking without a pay certificate, leave his address at the Pay Office, the Paymaster will forward it so soon as possible; but if the address be not given, report to that effect must be made through the Military Accountant to the Controller.

It is further directed, in pursuance of instructions from H. M.'s Secretary of State for India that when officers return home for residue of furlough, the period remaining unexpired be stated on their papers.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of at stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendansl the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly, are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.
