have already been authorised, shall be exempt from taxation.

No. 288 of 1862.—The following General Order by the Government of India, dated 8th April 1862, No. 399, is republished :—

"His Excellency the Governor General in Council is pleased to direct the publication, for general information, of the following paragraphs of a Military Letter from the Right Honorable the Secretary of State for India, No. 81, of the 23th February last, and of the General Order issued by His Royal Highness the General Commanding-in-Chief, therein referred to, No. 807, dated 19th February 1862 :—

'Paragraph 1.—I forward with this Despatch copy of a General Order which has been published by His Royal Highness the General Commanding in Chief, with my concurrence, establishing the Regulations under which Officers of the Indian Army will enter Regiments of the Line. You will observe that it has been determined that an Officer joining a purchase Regiment from the Indian Service (which he may do under the provisions of my Despatch No. 154 of 8th April 1861) will be placed on the same footing in all respects with the rest of the Officers of that Regiment.

2. In giving my assent to the arrangement, I was not unmindful of paragraph 31 of my Despatch, No. 319 of the 10th August 1861, in which it was laid down that the privilege of reckoning full-time, wherever employed for Indian Pension, should be granted to Officers of Cavalry and Infantry who might be appointed under the provisions of my Despatch No. 154 of 8th April, to fill vacancies in Line Regiments caused by the transfer of Officers from those Regiments to the Staff Corps.

3. Upon further consideration of this subject, it appeared to me not desirable that an Officer joining a purchase Regiment of the Line should enjoy advantages differing either in kind or degree from those allowed to his brother Officers.

4. Instead, therefore, of continuing to such Officer a claim to Indian Pension (which, under the Despatch above quoted, was allowed only so long as he remained with the Regiment he first joined), and denying him the privilege of purchase and of retirement on full or half pay under the Rules of Her Majesty's Service, it has been determined to place such Officer on precisely the same footing in all these respects as the rest the Officers of his Corps.

5. You will therefore cause Paragraph 31, Clause 3, of the Despatch No. 319, to be cancelled, at the same time that the accompanying General Order is published for the information of the Army.

6. Such Officers as may have made application for transfer to a Line Regiment under the circumstances now referred to, must be afforded the opportunity of re-considering the subject.

No. 807.

GENERAL ORDER.

Horse Guards, S. W., 19th February 1862.

With regard to the addition of twelve non-purchase Regiments of the Line to the British Army, His Royal Highness the General Commanding in Chief is pleased, with the concurrence of the Right Honorable the Secretaries of State for War and for India, to establish the following Regulations:—

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendants the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly, are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.
