Dated this 16th day of September 1861.

GENERAL ORDERS

BY HIS EXCELLENCY THE HONORABLE THE GOVERNOR IN COUNCIL.

MILITARY DEPARTMENT.

Bombay Castle, 5th June 1862.

No. 371 of 1862.—The following Despatch, No. 69, dated 25th February 1862, from the Right Honorable the Secretary of State for India to His Excellency the Right Honorable the Governor General of India in Council, is published:—

MY LORD,—I have received and considered in Council your letter, No. 335, dated 9th December 1861, for forwarding Copies of Correspondence relating—

1st.—To the rule laid down in the Circular from the Horse Guards, No. 142, dated 18th June 1861, by which Soldiers appointed to fill vacancies caused by Non-Commissioned Officers being sent home for discharge, are only provisionally appointed, and are not allowed to draw the pay of the rank in which they are acting, till the discharge of those sent home is actually effected; and,

2nd.—To the alleged insufficiency of the numbers of Serjeants and Corporals laid down in the scale of Establishments for British Regiments, communicated in my letter, No. 247, of 17th June 1861.

2. With regard to the 1st question, the Officer Commanding the 1st Battalion, 20th Foot, states, in illustration of the inconvenience resulting from the operation of the Circular referred to, that he has this season lost 10 (ten) Serjeants, Invalids, and Time-expired men, and that the Head Quarters will consequently be ten Serjeants below the strength; and that Officer considers it a hardship that during the time (10 or 11 months, and in some cases much longer) that must elapse before the men get their discharge, the deserving men who are doing their work should not receive the pay of the rank to which they are provisionally promoted.

3. That ten Serjeants out of forty should leave the Regiment in one season must be a rare and exceptional circumstance; and in all ordinary cases it may be assumed that a proportionate number of rank and file will go with them; but in any case, I cannot consider it in the light of a hardship that men should, as preliminary to receiving substantive promotion, be appointed to act temporarily and without pay in the higher grade, pending the occurrence of an actual vacancy in the authorised establishment.

4. The establishment of Non-Commissioned Officers with a Regiment of Infantry is fixed, as remarked by your Military Finance Department, on a liberal scale, and I cannot under any circumstances sanction its being exceeded.

5. I approve, therefore, of your decision in this case, that the rule laid down in the Circular from the Horse Guards must be observed.

6. The question of the proper establishment and distribution of Non-Commissioned Officers was fully discussed with the War Office before the new scale was adopted, and I concur in the opinion you have expressed that the allegation made by the Officer Commanding the 35th Foot, that the number of Non-Commissioned Officers laid down in that scale is insufficient for a Regiment in India, is not made out.

No. 372 of 1862.—The following General Order by the Government of India, dated 16th May 1862, No. 538, is republished:—

“His Excellency the Governor General in Council is pleased to publish in General Orders the following Extract (paragraph 3) of the Royal Warrant of 1857 on the subject of Clothing for the Royal Artillery, and to direct that its provisions in regard to the supply of Full and Undress Clothing in alternate years to Troops and Batteries stationed within the tropics be made applicable to India:—

No. 373 of 1862.—The following letter, No. 749, dated 23rd April 1862, addressed by the Government of India to the Adjutant General of H. M.'s British Forces stating that the G. O. G. No. 540, of 1860, regarding grant of furlough to Europe to Non-Commissioned Officers applies to men of the local Indian Forces only, is published for general information :—

"SIR,—In returning the papers forwarded under your endorsement of the 12th October last, No. 21st, in which inquiry is made whether Government General Order, No. 540, of 1860, may be considered applicable to Non-Commissioned Officers of H. M.'s British Forces, I am directed to acquaint you, for the information of His Excellency the Commander in Chief, that that order applies to men of the local Indian Forces only, as intimated in the last sentence of paragraph 2 of that order.

2. The Right Honorable the Governor General in Council observes that men of the local service are tied to India for life or till worn out, whilst the term of foreign service for British Regiments is now only ten years; moreover furlough is, by the General Order referred to, denied to limited service men during their first period of service; and by Government General Order, No. 260, of 7th March 1862, a special bounty on re-engagement is granted to men re-engaging in India at the Head Quarters of their Regiments, expressly in lieu of furlough.

I am, &c.,

(Signed) H. W. NORMAN, Lieut. Colonel,
Secretary to the Government of India."

No. 376 of 1862.—The following General Order by the Government of India, dated 20th May 1862, No. 552, is republished :—

"The following paragraph of a Military Letter from the Right Honorable the Secretary of State for India, No. 153 of the 14th April 1862, and the Memorandum from the Secretary of State for War therein referred to, are published for general information :—

Copy of a Memorandum received from the Secretary of State for War, showing the advantages allowed to Militia men who have been transferred to Regiments of the Line, is herewith forwarded.

MEMORANDUM.

Men who volunteered into the Line from Regiments of Militia during the period stated in the margin are allowed to reckon towards Pension half their previous embodied Militia Service rendered after the age of eighteen, provided, *first*, that they have completed six months' general Militia Service; *second*, that they declared their former Militia Service on enlistment; and *third*, that the Militia Regiments from which they volunteered were in a state of embodiment at the time of their volunteering.

This latter condition, however, is not required with regard to men who were transferred during the year 1858, provided they volunteered during the last week of the annual period of training of their disembodied Regiments.

It must be understood, however, that in no case can the Militia Service allowed to be reckoned towards Pension be permitted to reckon towards discharge under the limited enlistment Act.

The Militia Service above granted is also allowed to be reckoned towards Good Conduct Pay granted under the Royal Warrant issued from this Office on 1st March 1860, with the condition that the service submitted for approval must be accompanied by the prescribed Certificate from the Commanding Officer of the Line Regiment, that the man's name has not been entered in the Regimental Defaulter Book for at least two years (of his Line Service) immediately preceding his claim.

In cases in which a Militia man fraudulently enlists into the Line, his Militia engagement not having expired, the Secretary of State for War under Clause 50 of the Mutiny Act has no power to allow to be reckoned towards Pension the man's Line Service, which has elapsed prior to the date upon which the Militia engagement terminates.

(Signed) H. W. NORMAN, Lieut. Colonel,
Secretary to the Government of India."

No. 377 of 1862.—The following General Order by the Government of India, dated 20th May 1862, No. 551, is republished:—

"The following paragraphs of a Military Letter from the Right Honorable the Secretary of State for India, No. 149, dated 14th April 1862, are published for general information:—

Letter from, No. 297 of 1861, dated 15th November.
Proposal that the Rule granting half Staff allowance during Furlough to Non-Commissioned Officers of the Public Works Department may be considered applicable to Non-Commissioned Officers of all Departments, and further, that the men acting may be granted the full allowance of appointments during the absence of the permanent incumbents.

PUBLIC WORKS CODE, SECTION III.
Persons in the Military Service.

Paragraph 10.—Non-Commissioned Officers and Soldiers employed in the Public Works Department may be allowed leave of absence, by the Local Government, for any period not exceeding two years, on Medical Certificate, provided that no such leave be granted within two years after return from a previous leave. The Local Government may also grant leave on private affairs for any period not exceeding six months after six years' service, provided the exigencies of the public service admit of it.

Men obtaining leave as above will be allowed half their Staff salaries, together with their Military Pay and Batta, but no travelling allowances.

Their allowances will be drawn by the Executive Engineer of the Division to which they are attached.

Paragraph 9.—In the cases of Non-Commissioned Officers of the Public Works Department, who may be entitled to half Staff allowance during Furlough, the amount which they are entitled to receive on this account is always to be specified in the last Pay Certificates given to men on their embarkation.

3. The allowance to all Departmental Non-Commissioned Officers and Soldiers after that period will be strictly confined to that issued to Regimental Non-Commissioned Officers on Furlough to Europe, viz., the British rate of pay of the rank and arm of the Service to which they belong.

4. The Staff salary of a *locum tenens* must be restricted during the first six months to the half allowance forfeited by the absentee.

1. It has not been the practice hitherto to issue in this country to Non-Commissioned Officers or Soldiers of the Department of Public Works, while on Furlough to Europe, any portion of their Staff salary, as the Rule in the Code of Regulations of that Department applicable to such men does not recognize the grant which clearly was intended to apply only to leave taken in India, as the allowances of men so absent are to be drawn by the Executive Engineer of the Division to which they are attached.

2. I am desirous that deserving men, not only of the Department of Public Works but of every other Department of the public service, should have the benefit of a liberal interpretation of the Rules which govern the Department in which they are employed, and as under paragraph 9 of the General Order by the Commander in Chief,* dated 19th April last, Non-Commissioned Officers of the Department of Public Works will doubtless infer that they are entitled to half Staff salary while on Furlough to Europe, I shall not withhold that indulgence but must restrict the issue in accordance with the Rules which govern the absence of Commissioned Officers to the period of six months, and the grant will be extended to all Non-Commissioned Officers and Soldiers of the Public Works as well as every other Department who may obtain Furlough to Europe on Medical Certificate.

* Furlough to Europe of Non-Commissioned Officers.

(Signed) H. W. NORMAN, Lieut. Colonel,
Secretary to the Government of India."

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendants the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly, are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

Notice.

The Public are hereby informed that the transmission of Books and other Parcels by Bhangy Post, during the Monsoon months, unless they are originally packed so as to be water-proof, is attended with much risk, more especially on roads on which the Bhangy Mail is conveyed by Runners, and which are, often, during the rains, intersected by deep watercourses, through which the Runners have to wade. Book Packets and Parcels not made water-tight by parties posting them will be liable to receive damage from wet, for which the Post Office cannot be responsible.

Express Mail.—The Public are informed that an "Express Overland Packet" will not in future be made up and despatched from Bombay in any direction on the arrival of the English Mail Steamer, arrangements having been made for forwarding all Overland Letters (including one copy of the Home News or Overland Mail for the different Presses) by an "Express Mail," which will travel at a rate nearly equal to that of the Express. Information of this arrangement has been communicated to Her Majesty's Post Master General, so that Express Postage may not be levied on letters or papers in future. As it occasionally occurs that Steamers arrive so close upon Train hours that it is not practicable to select the papers that belong properly to the Editors of Journals, it is recommended that such arrangements should be made by those who desire to have papers without fail as will ensure a copy of an Overland paper being posted at the Bombay Post Office in sufficient time for despatch by the Express Mail.

Refusal to pay Postage.—Many cases having recently occurred, in which parties have refused to pay Postage justly claimed by the Post Office, it is considered advisable to intimate to the Public that the Postal Authorities are authorised by Law (Section XXXVII. Act XVII. of 1854) to stop, without giving any intimation, the delivery of letters, packets, &c., to parties so refusing to pay Postage, and that the Law will be strictly adhered to.

Postage on Stamped Note Paper.—The following decision of the Director General, on the liability of Stamped Note Paper to be charged with Postage for overweight, is published for the guidance of Post Officers:—

"Unless there is an enclosure in the Letter, or it is in some way made unnecessarily heavy, no Letter written on Half-anna Stamped Note Paper should be charged with Postage on the ground of overweight."

Ceylon, Parcels to.—The Colonial Secretary of Ceylon having brought to the notice of the Supreme Government that Parcels are sent from India beyond the prescribed weight, Postal Subordinates are directed not to despatch, in future, by Dâk, any Parcel to that Colony weighing above 3 lbs.

Ceylon, Postage to, must be prepaid on Letters sent by land *viâ* Madras.

Promissory Notes, sent free under certain conditions. Notice is hereby given, that the Government of India has ruled that when Government Promissory Notes, belonging to private individuals in the Mofussil, are forwarded to the Office of the Accountant General to the Government of India for renewal or for enfacement of payment of interest, &c. through a Provincial Treasury Officer, and returned by the former Officer, the covers containing such Notes may be sent free of postage.

Bhangy Parcels.—The Director General has ordered that Bhangy Parcels should not be delivered if the addressee refuses to give a receipt for them.

Should any person obtain a Parcel, and subsequently refuse to give a receipt for it, it will be necessary to require a receipt before giving up any Parcel which may subsequently be received for that person. In such cases, a notice should be sent, informing the addressee that a Parcel has been received, which will be delivered to him, or to any person duly authorized to receive it, on a receipt being given in the Delivery Book.

Change of Residence.—In order to facilitate the delivery of letters, &c., parties arriving at and leaving Bombay are requested to send notice of their movements and whereabouts to the Bombay Post Office.

Changes of Address and Instructions to stop Letters directed to Out-Stations cannot be attended to after the Mail Steamer has been signalled.

The numerous references made to the Post Office on such occasions, and very frequently after the Overland Mails have been brought to the Post Office, preclude the possibility of attending to them correctly, and the above information is given to prevent disappointment.

Despatch of Expresses prohibited.—The Director General of the Post Office of India begs to inform all Public Officers that, with the sanction of the Government of India, he has prohibited the despatch of Expresses on any line on which there is a Telegraph, unless the Officer sending the Express certify in writing, in the manner indicated below, that its despatch is absolutely necessary for the Public Service.

The Certificate must be in the form of a letter to the Director General, explaining why the Express is sent, and what saving of time is expected.
