RESOLUTION.—From the abovementioned papers it appears that the rule respecting travelling allowance to Subordinates and Menials in Government Offices, who travel by Rail on the Public Service, varies in the different Presidencies and Provinces.

It is desirable that the practice should be uniform, and His Excellency the Governor General in Council therefore prescribes, as a general rule, that when Subordinate Officers leaving their head quarters on duty are required to travel, their *bonâ fide* Railway fares shall be paid (except in the North-Western Provinces, where free passes are granted) at the public expense; Menials and Ministerial Officers who draw less than 50 Rupees a month being furnished with third class accommodation, and permitted to draw, in addition any daily travelling batta to which they may be entitled under the rules, and Ministerial Officers who receive 50 Rupees a month or upwards, being provided with second class accommodation, but disallowed batta, except when the batta allowed to them under the rules exceeds the Railway fare, in which case they may draw the difference only, in addition to the Railway fare.

GOVERNMENT DEPARTMENTAL NOTICES.

PUBLIC WORKS DEPARTMENT.

The following Circular from the Secretary to the Government of India in the Public Works Department is published for general information :—

“CIRCULAR No. 47 of 1862.

PUBLIC WORKS DEPARTMENT, Fort William, 27th May 1862.

His Excellency the Governor General in Council directs that the attention of all Governments and Administrations entrusted with power of sanctioning expenditure for Public Works should be especially called to the necessity of exercising strict care in applying the funds of the State exclusively to public objects. Nothing should, under any colour, be allowed to be carried out by means of the public funds for the advantage of any individual or body of private persons, unless in accordance with some declared or established rule or principle recognized by the Government of India, or after a special reference to that authority. The heads of the classification of Public Works expenditure, as fixed by the Government of India, will afford a fair general test by which to judge of the character of any undertaking, whether it be a public work or not, and in case of doubt, the proper course to adopt will be to refer to His Excellency the Governor in Council for instructions.

2. It is further most distinctly to be understood that it is a general condition precedent to the delegation of all authority to disburse public money, that it shall be *bonâ fide* for a public object; and the Budget Rules, by which the Reserve is made available, at the discretion of the Local Governments, to meet all expenditure otherwise unprovided for, are by no means to be interpreted to allow of any relaxation whatever of this essential condition.

3. His Excellency the Governor in Council would especially desire to guard the Local Governments and Administrations against any disposition to extend, without direct authority, the rules under which the provision of dwelling houses at the expense of the State is now permitted, as there is perhaps greater risk in this than in most things, of allowing private convenience to be provided for at the public expense. Excepting the lower ranks of the European Army, the number of persons in the public service entitled to receive houses at the public expense is small, and it is scarcely possible that such a privilege can ever be rightly extended to any one not in the direct service of the Government.

Secretary to the Government of India.”

MARINE DEPARTMENT.

Bombay Castle, 19th June 1862.

No. 93 of 1862.—The following Military General Order No. 353, dated 28th May 1862, is republished in the Marine Department, and its provisions are made applicable to the Indian Navy:—

“The following Orders by the Government of India are republished for observance under this Presidency:—

‘No. 10257.

Extract from the Proceedings of the Government of India, in the Financial Department, under date the 19th August 1861.

Read again from the Chief Secretary to the Government of Fort St. George, No. 201, dated 20th April 1861, with enclosures.

Read again report by the Auditor General of India, No. 170, dated 13th May 1861.

Read again letter of this Department to the Government of Fort St. George, No. 8204, dated 19th June 1861.

Read communication from the Military Finance Department, No. 542 A, dated 2nd August 1861.

Read a further communication from the Military Finance Department, No. 596 A, dated 8th August 1861.

Resolution.—The Accountant General to the Government of Madras suggested that the expenditure incurred by the Commissariat Department of that Presidency on account of supplies for the Civil Department should cease to be incurred through that Department, and that all Civil Officers who received such supplies should obtain them in the market.

The Government of Fort St. George adopted this suggestion, and requested that arrangements might be made for the supply of stores to the Civil Departments subordinate to this Government, which heretofore obtained their supplies through the Madras Commissariat.

The Auditor General of India, to whom this proposal was referred for report, remarked that the only arrangements which appeared to be necessary for carrying out the suggestion of the Accountant General, Madras, were the issue of orders to the heads of all the Departments concerned, to the effect that in future stores should be procured from the market, or, if to the advantage of Government, through the Madras Commissariat on the usual indents, but that in either case cash must be paid for the supplies.

A copy of this report was sent to the Government of Fort St. George in reply to their communication on the subject, with an intimation that the Auditor General had been requested to issue the necessary orders to the heads of all Departments as suggested by him, and the Madras Government was asked to issue the necessary instructions in respect to the places and departments in the Madras circle.

With reference to this letter to the Madras Government, the Military Finance Department, to whom a Copy thereof was sent for information, advises that orders be issued regarding the supply of stores to the Steamers at Maulmein, to the Alguada Reef Light House, to the Steamers at Rangoon, to the Flotilla at Thyet Myo, and also to the Ecclesiastical Department, Rangoon.

The Military Finance Department also inquire whether that Department shall give orders as to the supplies to the Nagpore Irregular Force.

In a subsequent letter, the Military Finance Department also advise, with reference to the Notification of the Deputy Auditor and Accountant General, Bengal, published at page 2350 of the *Gazette* of the 3rd instant, regarding the payment for stores obtained from the Madras Commissariat, that the rule be made general for all India, and not special, as at present, for Madras.

This last recommendation of the Military Finance Department His Excellency the Governor General in Council understands to be, that the rule laid down that stores be paid for in cash, be made general for all India without reference to the source through which they are procured, the object being that by compelling cash payments, which must necessarily be made by a Civil or Military Authority the transaction comes directly under the review of the controlling Officer of the Service to which it relates, and with this view, His Excellency in Council is pleased to sanction its adoption for all India. It is not intended, His Excellency in Council remarks, that these arrangements shall necessarily involve a change in the source of supply of stores in all cases. They are simply that stores procured through the existing sources of supply must be paid for in cash, and that these sources need not be resorted to when it is not clearly to the advantage of Government, and certainly not when stores can be procured in the market upon advantageous terms.

In order to introduce the system of cash payments, as adverted to above, all over India, His Excellency the Governor General in Council desires that the chiefs, Civil and Military Departments, be respectively requested to issue the necessary orders on the subject.

With reference to the inquiry of the Military Finance Department as to whether that Department shall give orders as to the supplies to the Nagpore Irregular Force, His Excellency in Council remarks that as these supplies are now treated as Military charges, it clearly falls within the jurisdiction of the Military Finance Department to issue the necessary instructions regarding them.

Order.—Ordered that copies of this Resolution be sent to the Auditor General of India and the Military Finance Department, with a request that they will take measures for carrying out the proposal for the enforcement of cash payments, as noticed above, on account of supply of stores to the several Military and Civil Departments under their respective control.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendants the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly, are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

NOTIFICATIONS BY THE CONTROLLER OF MILITARY FINANCE.

It is hereby notified, for general information, that, agreeably to the course prescribed by the Military Finance Department, under the sanction of the Supreme Government, the following course is to be followed in cases of appeal against the disallowances of Disbursing Officers and the decisions of the Pay Examiners.

2. Any officer or individual objecting to a disallowance made by a Disbursing Officer, will appeal, through him, to the Examiner, and the Disbursing Officer is bound to forward the appeal.

3. Appeals against the decisions of the Examiners will be forwarded, through these officers, to the Controller of Military Finance; and, if his decision be considered by the appellant as not conclusive, the Controller will either forward the case to Government, or will refer the appellant to the head of his own Department, or to the Adjutant General of the Army, acting under the Commander in Chief's orders. If the last-mentioned authority consider the appeal a proper one, it may be forwarded, with an expression of opinion, to Government, if necessary. But no officer will be allowed to make direct reference to the Adjutant General, unless the Examiner should have refused to forward his appeal. The right of appeal to Government is open to all officers; it being, however, distinctly laid down that all unnecessary appeals or references to Government are prohibited.

4. If the Controller decide in favour of the appellant, without the Examiner being convinced of error, the latter will clearly and succinctly re-state the case, and the grounds of his dissent to the Controller, who will then refer the question to Government, sending a copy of the reference to the Chief of the Military Finance Department.

5. Any appeals sent to the Controller, except through the channels above prescribed, will be returned to the parties for correction of the irregularity.

H. J. BARR, Lieut. Col.,
Controller of Military Finance.

Bombay, Office of the Controller of Military Finance, 21st June 1862.

No. 2492 of 1862.

The Controller of Military Finance directs the attention of all Officers to the regulations marginally quoted, and requests that all Abstracts or Bills may be sent in at as early a date as practicable after the charge is incurred.

2. All Contingent Bills for monthly recurring charges should be despatched duly vouched, through the Pay Department, to the Examiner on or before the 4th of each month, and none should reach the Examiner after the 15th of the month following that to which the charge refers.

3. All regular monthly contingent charges (temporary or extra office establishments excepted) must be preferred in one bill arranged under the following heads:—

“Petty Supplies and other Office Contingent Expenditure.”

“Stationery” (where no fixed allowance is granted and the Articles not obtained on Indent from the Public Stores).

“Postal.”

“Printing and Lithographing.”

“Electric Telegraph.”

“Rewards.”

“Ordnance Stores.”

“Barrack Stores.”

“Camp Equipage.”

“Prisoners' Subsistence.”

“Witnesses Subsistence Money.”

“School Books to European Corps,” and “Sewing Materials.”

4. Separate Bills should be preferred for temporary or extra office establishment.

5. All other claims of a contingent nature other than monthly ones are to be preferred immediately the expense is incurred. The practice of keeping back claims till the latter part of the month is strictly forbidden, as it tends to impede adjustment and increase the labour of audit.

6. Divisional Paymasters will be held responsible that no undue delay arises in transmitting claims for Audit, and they will call upon all officers to explain any delay that may appear to them to have arisen in preferring a claim.

7. All Contingent Bills are to be framed according to Form E, to be had on application to the Divisional Paymasters.

H. J. BARR, Lieut. Colonel,
Controller of Military Finance.
