MILITARY DEPARTMENT.

The following letter is notified for general information:—

“No. 900 of 1864.

MILITARY DEPARTMENT.

Bombay Castle, 29th March 1864.

FROM SECRETARY LIEUTENANT COLONEL W. F. MARRIOTT,

TO INSPECTOR GENERAL OF HOSPITALS A. H. LEITH, *M.D.*,

President of the Sanitary Commission, Bombay.

SIR,—I am desired to convey to you the following general instructions for the guidance of the Sanitary Commission.

2. The diminution of mortality in the Army is the primary purpose of your Commission, but even this cannot be effected to the utmost by measures directed solely to the improvement of the soldier's health. Sanitary precautions in Cantonments will be insufficient if neglected in adjacent towns. The ultimate aim is the establishment of effective sanitary administration throughout the country. Practically, a Department of Public Health is established; and the President of the Sanitary Commission is the responsible administrative Head.

3. The duties of the Commission are partly consultative and partly administrative. As stated by the Royal Commission they will “give advice and assistance in all matters relating to the public health, such as selection of new stations and the sanitary improvement of existing stations and bazars; to examine new plans for barracks and hospitals; to advise on the laying out of stations and bazars, the sanitary improvement of Native towns, prevention and mitigation of epidemic diseases, and, generally, to exercise a constant oversight on the sanitary condition of the population, European and Native; to report on the prevalence, causes, and means of preventing sickness and disease.”

4. So far as the proposals of the Commission demand expenditure of money, its functions will be mainly consultative. If, for example, barracks and hospitals have to be built or improved, drainage works constructed, supplies of good water afforded, all that the Commission can do is to advise. But there are causes of disease which require for their removal only good administrative execution of sanitary regulations. For such purposes the functions of the Commission will be administrative also.

5. The Government does not intend that the Commission shall have a merely collective responsibility. It will look to the President as the Officer responsible to obtain and afford the best information and advise upon sanitary matters and supervise the sanitary administration. To aid the President in these duties, Officers possessing special knowledge and experience have been appointed Members of the Commission. One member, a Medical Officer of the Indian Service, has been appointed Secretary to the Commission, and has been relieved of all other duty. The whole time of this Officer and of the President will be devoted to the duties of the Commission, while the other Members will act only as advisers upon questions brought before them.

6. If there be a difference of opinion among the Members of the Commission, the final decision will rest with the President, and will not depend upon the votes of a majority of Members.

7. The President, in advising the Government on subjects that have been under discussion, will represent fully all points in which Members may have dissented from his conclusions; and a Member may record his opinion, and may desire that it be submitted to Government with the President's report.

8. Reports to Government will be made under the signature of the President alone, and to the Military Department of the Government. Important questions of sanitary interest will, however, frequently arise in the Civil Departments, and references will be made, when necessary, to and from the other Departments of the Government.

9. Returns and reports will be furnished periodically to the Commission from all Military stations, in such forms as may hereafter be prescribed.

10. An annual report upon Public Health will be submitted to the Government by the Commission as soon after the 1st May as possible, treating of all the subjects that properly fall within its cognizance, and showing what has been done and proposed during the year.

11. It will be one of the first duties of the Commission to draw up Codes of rules adapted to the special sanitary requirements of the Army and of the civil population. These Codes should be prepared in communication with the Sanitary Commissions of Bengal and Madras; for although the same rules will not always be applicable in detail in the three Presidencies, the same principles will hold good; and a general uniformity of procedure is desirable.

12. The Commission should freely communicate with the Commissions of Bengal and Madras, but the correspondence will be carried on through the Governments to which the Commissions are subordinate.

13. Questions may arise on which it will be desirable that the Commission should obtain the advice and assistance of the War Office Commission at Home. In this case the Government, on the advice of the President, will communicate with the Secretary of State upon the subject.

14. It will be the duty of the Commission to submit to the Government mature propositions regarding all recommendations made in the Report of the Royal Commission which are within the province of the Department of Public Health.

15. As regards Office Establishment, I am to request that you will hereafter make such proposals as may be found necessary.

I have, &c.

Secretary to Government.”

Notice is hereby given, under the provisions of Act VI. of 1857, that the piece of land on the Island of Bombay, described below, is required for a public purpose, and is to be taken at the public expense.

A piece of ground situated at Parell, opposite the Lal Bag, and about 60 feet in width and about 460 feet in length, and being in continuation of the Foras Road from Tardeo towards Parell.

By order,

A. D. ROBERTSON,

Officiating Chief Secretary to Government.

Bombay Castle, 6th April 1864.

GENERAL DEPARTMENT.

It is hereby declared, under and in pursuance of Act VI. of 1857, that the land described below within the walls of the city of Ahmedabad, in the Zilla of Ahmedabad, is required at the public cost for a public purpose, viz. for widening the street leading to the Railway Station.

A strip of land about 500 feet in length by 40 feet more or less in breadth, extending from the Western extremity of the Kacheea Ole, near the old Dutch Factory, to the entrance of the "Dood-wala nee Pole" on the Kaloopoor road.

By order,

A. D. ROBERTSON,

Officiating Chief Secretary to Government.

Bombay Castle, 5th April 1864.

FINANCIAL DEPARTMENT.

The following Notification by the Government of India in the Financial Department is republished :—

“No. 1523.

The 19th March 1864.

The following Despatch from the Secretary of State for India is published for general information :—
From Her Majesty's Secretary of State for India, to His Excellency the Right Hon'ble the Governor General of India in Council (Financial)—No. 20, dated 9th February 1864.

SIR,—I have considered in Council your Financial letter dated the 13th October 1863, No. 127, forwarding a memorial from certain Uncovenanted Officers at your Presidency, requesting an interpretation of paras. 21 to 25 of my Financial Despatch dated the 8th December 1862, No. 205, which relate to the limitation of pensions to Uncovenanted Servants to £500 per annum.

2. In the letter from your Government dated the 6th August 1862, No. 111, you stated that the Uncovenanted Service “cannot claim to have any rights, under the Rules of 1831, beyond what may be considered to arise out of the general pledge which those rules may be taken to give, that a member of that service, when rendered incapable of further duty, shall not be discharged without some pensionary support. As regards the amount of pension to be given, the rules merely fix a limit which is not to be exceeded, and although it has, with rare exceptions, been the practice to allow the highest pension of which the rules allow, this practice cannot be admitted to confer on the Uncovenanted Service any right to claim that maximum in all cases without any regard whatever to the original design and scope of the rules.”

3. In that view Her Majesty's Government fully concurred. It was therefore decided that Uncovenanted Servants, appointed prior to the 19th May 1855, (the date of the Court's Despatch limiting pensions to £500 per annum,) whose average salary during the last five years of their service shall have exceeded Rs. 10,000 per annum, and also those who were promoted prior to the 6th August 1862 (the date of the letter from the Government of India relative to the limitation of pensions to Uncovenanted servants) to offices to which salaries exceeding Rs. 10,000 per annum are attached, shall, if their average salary during the last 5 years of their service exceed that amount, be allowed, “in cases of extraordinary merit,” pensions exceeding £500 per annum, the amount of excess to be governed by the merits and services of the retiring servant, and to be limited to an amount consistent with a due regard to the public interests. In regard to Uncovenanted Servants who have rendered approved services of only an ordinary character, the pension must in no case exceed £500 per annum.

An Uncovenanted Servant, promoted subsequently to the 6th August 1862 to an office to which a salary exceeding Rs. 10,000 per annum is attached, is not to be granted an increased pension in consequence of the increase to his salary.

I have the honour to be, &c.,

(Signed) C. Wood.

(Signed) E. H. LUSHINGTON,
Secy. to the Government of India.”

By order,

A. D. ROBERTSON,

Officiating Chief Secretary to Government.

Bombay Castle, 5th April 1864.

No. 176 of 1864.—The following G. O. by the Government of India, dated the 15th March 1864, No. 223, is republished :—

“No. 223 of 1864.—The following Military letter from the Right Honorable the Secretary of State for India is published for general information and guidance :—

From Her Majesty's Secretary of State for India to the Right Honorable the Governor General of India in Council, No. 28, dated 30th January 1864.

SIR,—Application has been recently made to me by a paid Doing-duty Officer of a Native Regiment for the grant of half Staff salary during the first six months of his absence on sick certificate.

2. The application was necessarily refused, the regulations of the service at present not admitting of any of the Officers belonging to Native Regiments on the new organization being allowed the privilege of Staff Officers in this respect.

3. It appears to me, however, that, under the altered circumstances of the Native Army, the regulations in this respect should be amended.

4. The whole of the appointments held by Commissioned Officers in the Native Regiments under the new organization, held at present alike by Officers of the Staff Corps and those of the Indian Army, are destined ultimately to be held entirely by Officers of the Staff Corps.

5. They must be considered, therefore, in future, as Staff appointments and the whole of the Officers in question must be allowed all the privileges attaching to Officers holding Military Staff employment, including that of drawing six months' half Staff salary during absence on sick certificate under the Regulations.

6. This rule is to apply to all such Officers taking leave subsequently to the publication of the General Order by your Government, but it is in no case to have retrospective effect.

(Signed) H. W. NORMAN, Colonel,

Secretary to the Government of India.”

W. F. MARRIOTT, Lieutenant Colonel,

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly, are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.

Bank of Bengal.

NOTIFICATION.

It is hereby notified that as the present Capital of the Bank is insufficient to meet its requirements in consequence of the increase of business, principally arising from the establishment of Branches subordinate to the Bank in various parts of the Bengal Presidency, the Directors have determined, under the authority vested in them by Section 6, Act IV. of 1862, to increase the Capital from One Crore, Nine lacs, Ninety thousand, Nine hundred and Nine Rupees, to Two Crores and Twenty lacs,

by the issue of new Shares or consolidated Stock under the following conditions:—

1st.—Holders of old Shares will be entitled to claim new Shares at par, in the proportion of one Share for every Share of which they may be registered as Proprietors in the Books of the Bank. Registered Proprietors of consolidated Stock will, in like manner, be entitled to an equivalent amount of new Stock at par.

2nd.—Holders of Shares or Stock, whether in India or elsewhere, shall be allowed to the 15th day of August 1864 to claim the new issue. All Shares or Stock not claimed by the said date shall be at the disposal of the Directors, who shall cause the same to be sold for the benefit of the Bank, in such manner and at such times as they may deem expedient.

3rd.—Payments in one sum of the amount of Subscription on any whole, half, or quarter Share or Stock, to which any Proprietor may be entitled under this Notification, may be made, at any time, after the publication thereof. On all such payments, prior to the 30th June next, interest will be allowed, at the rate of 8 per cent. per annum, from date of payment to the 30th June; and the Shares or Stock so paid up shall, thenceforward, be entitled to dividend. On all payments, made subsequent to the 30th June, interest will similarly be allowed (at the rate of 8 per cent.) until the 31st December following, from which date the Shares or Stock so paid up shall, in like manner, become entitled to dividend.

4th.—The transfer Books will be closed from the 16th to the 31st August 1864 inclusive. All Shares or Stock previously subscribed for, but on which the full amount of Capital shall not be paid by the last-mentioned date, will lapse to the Bank, and will be at the disposal of the Directors as provided in Clause 2.

By order of the Directors,
C. N. COOKE,

Offg. Secretary and Treasurer.

12th March 1864.

THE ELPHINSTONE LAND AND PRESS COMPANY (Limited).

एलफिन्स्टोन लॉंड रेंड प्रेस कंपनी लीमिटेड.

To THE HONORABLE HIS EXCELLENCY THE GOVERNOR IN COUNCIL OF BOMBAY.

SIR,—The Directors of the Elphinstone Land and Press Company (Limited) have the honour to apply to your Excellency in Council, that the powers given to the local Government by Act XXII. of 1863, of the Legislative Council of India, may be exercised under the following circumstances:—

2. It having been found necessary that more land should be required at or near Warree Bunder for the purpose of the G. I. P. Railway Company, it has been arranged between the local Government and the Elphinstone Company in the course of the negotiations which have been pending respecting the reclamations now being made by that Company, that the Company should reclaim from the sea two pieces of land and hand them over free of cost for the use of the Railway Company within certain specified periods. The said pieces of land are respectively marked with the letters B. and C. upon the plan sent herewith, and it will be seen that a Wharf will thus be provided for the use of the Railway Company and Government.

3. The Elphinstone Company undertook to reclaim such pieces of land within very short periods, because the Railway Company urgently required the use of the land, and the Elphinstone Company in giving such an undertaking did so in the belief that they would be allowed to pull down and remove the Hill known as Belvidere Hill, and to apply the earth and stone thereof for the purposes of the reclamations. The Company have endeavoured to acquire this Hill from the owners, but have not been able to do so.

4. The Elphinstone Company therefore request that the local Government will be pleased to put in force the Provisions of Act XXII. of 1863, and to declare the reclamations of the pieces of land marked B. and C. and the removal of the said Hill known as Belvidere Hill and the application of the earth and stone thereof for the purpose of such reclamation to be a work of public utility and for the purposes aforesaid to take possession of the said Hill, the said Company being willing to enter into an agreement to indemnify the Government upon such terms and conditions as may hereafter be agreed upon.—We have the honour to be, Sir, your obedient Servants,

W. NICOL & Co.,

Secretaries and Treasurers.

Samples of Merchandize by Post.—The Public are informed, that an arrangement has been made with the London Post Office for sending patterns of Merchandize by post between India and the United Kingdom, under the rules and at the rates of postage indicated below. The arrangement will commence as regards despatches from India, from the 1st May next. Intimation has been received from the London Post Office that the arrangement will commence as regards despatches thence, from the 1st April.

1. The patterns must not be of intrinsic value. The rule excludes all articles of a saleable nature, and whatever may have a value of its own apart and from its mere use as a pattern. The quantity of any material sent, ostensibly as a pattern, must not be so great that it could fairly be considered as having on this ground an intrinsic value.

2. The patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers and the prices of the articles; nor must they contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection.

3. The patterns must be sent in covers open at the ends so as to be easy of examination; samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material, but closed bags, although transparent, must not be used for this purpose.

4. The rule which forbids the transmission through the Post of any explosive or dangerous substance will of course be applicable to patterns, and no article likely to injure the contents of the Mail bags is to be sent.

5. No pattern Packet can be received if it exceeds two feet in length, width, or depth, or 3 lbs. in weight.

6. The inland transit of pattern packets will be by banghy post.

7. The following postage rates (prepaid by a stamp or stamps) will be charged on pattern packets sent under these regulations by post to the United Kingdom. The rates being consolidated rates on inland postage is leviable in addition.

8. If the packets be prepaid with a single rate of postage (as given in column 1 of the above Table), the full rate chargeable being more, they will be forwarded charged with the deficient postage, together with an additional single rate.

9. If the packets be prepaid with less than a single rate of postage, they will be forwarded charged with double postage less the amount actually paid.

10. If the Packets be wholly unpaid, they will be forwarded charged with double postage.

N.B.—In respect to Inland Transit the general conditions for Patterns are similar to those for Book Packets, and they will be treated like Book Packets.

If received unpaid or insufficiently paid from the United Kingdom, they will be charged at the rates mentioned in Paras. 8, 9, and 10 of the foregoing notice.

Mail via the Cape.—The public are informed that the East India and London Steam Navigation Company's Steamers leave Calcutta and Madras for the United Kingdom *via* the Cape once a month, *i. e.* from the former station between the 12th and 20th, and the latter about the 25th. Letters, &c., for the Cape if forwarded by the above steamers reach earlier than those sent *via* Aden and Mauritius; the latest safe dates from Bombay will be for Calcutta 4th and Madras 17th of the month. The postage to be charged is the ordinary Indian Inland rates, which must be prepaid. Letters for the United Kingdom, if sent by the above vessels, will of course be liable to the usual rates of steam postage.
