N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.

The Secretary having read the requisition and notice as published in the *Government Gazette* and Newspapers calling the Meeting, also the Section of the Bank Charter under which it was convened:

The Chairman then addressed the Meeting in the following terms:—

Before we proceed to business, it may be as well that I should mention that this Meeting has been called in no spirit of opposition to the Directors, but had its origin in a suggestion made by myself. One of the Members of the Board brought under discussion the Proposition which forms the subject matter for consideration this morning. The majority of the Board, whilst concurring generally with him in the necessity for a further increase to the Capital, were not however prepared to bring the question forward at once. They did not think it expedient to recommend it to the Shareholders until the call, already made, had been disposed of. It was urged by their colleague that the subject had been pressed upon his notice by several influential members of the Proprietary Body, and it was then pointed out to him that such being the case, the Shareholders would relieve the Directors of all responsibility and strengthen their position with those resident in England if the course of procedure which has been adopted were carried out.

After this the Honorable W. R. Cassels rose and said:—

At the General Meeting at which it was proposed that we should increase the Capital of the Bank,

I stated my own opinion that it should at once be doubled, but as we were then in the height of the monetary pressure, and as we had power at any time further to increase the amount, I confined myself at that time for the sake of caution to proposing that one new Share should be issued for two old ones. Subsequent consideration and examination have strengthened my conviction that the Capital should at once be raised to the full limit of the charter, and I shall now propose that this be done. The Bank of Bengal, with a business no larger than our own, has wisely resolved to double its capital, and I hope that you will not hesitate to follow its example. The whole of the paid up capital of the Bank of Bombay is absorbed by its present Branches. I think that I do not exaggerate when I state that these Branches require at least a Crore of Rupees, and more Branches are urgently wanted in other parts of the country. Now, although it may be very pleasant to trade with other people's money, it is necessary that we should have a little of our own, and it is clear that if we do not increase our Capital, either the Branches or the head office must be penniless, as we have not money enough for both.

I assert, with very little fear of contradiction, that absolute want of Capital has paralysed the Bank of Bombay during the last few years, and prevented its taking that position in this Presidency which it ought to have occupied. Instead of being able to accommodate the public in times of difficulty, the Bank has been obliged virtually to suspend its operations precisely at those times when it would have been most profitable to the Bank, and most advantageous to the Public to have granted assistance. You are aware from a correspondence recently published that during the financial pressure the balance of the Bank was actually reduced below ten lakhs of Rupees.

Now the question is—Shall the Bank of Bombay take its legitimate position as a great Discount Bank, making large dividends for its shareholders, and gradually extend throughout this Presidency the benefits of an enlightened system of finance? Or must it decline business, and sink into insignificance from want of Capital? New Banks are everywhere springing up to do the business which we undertook, but have not been able to perform from want of means. All neighbouring establishments are increasing their capital for the same purpose, and I believe that we are yet in the mere infancy of banking in India. The vast business hitherto monopolised by the shroffs and sowcars will I think ere long fall into the hands of large banking establishments, and there is a rich and inexhaustible mine to be worked. Do not let us leave this to other and more energetic Banks, but let us increase our capital to the requisite extent, and keep pace with the commercial requirements of the time. I am confident that, by increasing our capital, we shall increase our dividends, and I therefore propose that the Resolution passed at the Special General Meeting of the Proprietors held on the 7th March last be rescinded, and that it is now resolved to issue one new Share for each old Share in place of one for every two as formerly resolved, making the paid-up Capital of the Bank Rs. 2,09,00,000.

The Resolution was seconded by Ardaseer Bonjee, Esq., and carried.

The Chairman then informed the Meeting that in accordance with the powers vested in the Directors by Section V. of Act X. of 1863, it has been determined to raise the New Capital by issuing New Shares in the following manner:—

1st.—That one Share be allotted and offered to each Proprietor at par for every old share which he may hold on the first of October One thousand Eight hundred and Sixty-four, such New Share to be issued as hereinafter stated.

2nd.—That the amount of the New Shares shall be paid by instalments as under.

Rupees 300	on or before the 1st of October 1864.
" 300	" 1st of Nov. 1864.
" 400	" 1st of Dec. 1864.

3rd.—That upon all instalments paid up on account of the new Shares from the 1st of October to the 31st of December, interest at the rate of six per cent. per annum from the date of payment will be allowed.

4th.—That any Proprietor failing to pay the several instalments within fifteen days of the due dates respectively shall be charged interest thereon at twelve per cent. per annum from the due date until payment.

5th.—That if all the instalments, together with any interest which may be due on the same respectively, shall not be paid on or before the 31st day of December One thousand Eight hundred and Sixty-four, it will be in the discretion of the Directors to cancel the allotment, and to forfeit any instalment or instalments which may have been paid in respect thereof, and thereupon to re-allot or dispose of the Share as they may think fit.

6th.—That when and as soon as all the instalments of each new Share (with any interest due in respect thereof) shall have been paid, the Directors will issue to the Proprietors the new Share in exchange for the receipts for the instalments.

7th.—That the holders of the new Shares shall be entitled to Dividend from the 1st of January 1865.

8th. That all new Shares the allotments of which shall be cancelled shall be disposed of for the benefit of the Bank at the discretion of the Directors.

It was then proposed by George Inverarity, Esq., seconded by Cowasjee Manockjee Limjee, Esq., and carried unanimously, that the course of action determined on by the Directors be approved by this meeting.

Proposed by R. McLlwraith, Esq., seconded by Cursetjee Pallonjee Powalla, Esq., and carried. That a copy of these proceedings be sent to each Shareholder, and that they be advertised.

Proposed by Cowasjee Jehanghier, Esq., seconded by the Honorable Mr. Cassels, and carried unanimously. That the thanks of the meeting be offered to the Chairman for his conduct in the Chair.

The Meeting then dissolved.

NOTICE is hereby given, that under Section XXXVIII. of Act X. of 1863, a SPECIAL GENERAL MEETING of the PROPRIETORS of the BANK OF BOMBAY, will be held within the Bank Premises, on Thursday, the 16th June next, at 11 o'clock in the forenoon, for the purpose of appointing Auditors for the current year.

Bank of Bengal.

NOTIFICATION.

It is hereby notified that as the present Capital of the Bank is insufficient to meet its requirement, in consequence of the increase of business, principally arising from the establishment of Branches subordinate to the Bank in various parts of the Bengal Presidency, the Directors have determined under the authority vested in them by Section 6, Act IV. of 1862, to increase the Capital from One Crore, Nine lacs, Ninety thousand, Nine hundred and Nine Rupees, to Two Crores and Twenty lacs, by the issue of new Shares or consolidated Stock under the following conditions:—

1st.—Holders of old Shares will be entitled to claim new Shares at par, in the proportion of one Share for every Share of which they may be registered as Proprietors in the Books of the Bank. Registered Proprietors of consolidated Stock will in like manner, be entitled to an equivalent amount of new Stock at par.

2nd.—Holders of Shares or Stock, whether in India or elsewhere, shall be allowed to the 15th day of August 1864 to claim the new issue. All Shares or Stock not claimed by the said date shall be at the disposal of the Directors, who shall cause the same to be sold for the benefit of the Bank, in such manner and at such times as they may deem expedient.

3rd.—Payments in one sum of the amount of Subscription on any whole, half, or quarter Share or Stock, to which any Proprietor may be entitled under this Notification, may be made, at any time, after the publication thereof. On all such payments, prior to the 30th June next, interest will be allowed, at the rate of 8 per cent. per annum, from date of payment to the 30th June; and the Shares or Stock so paid up shall, thenceforward, be entitled to dividend. On all payments, made subsequent to the 30th June, interest will similarly be allowed (at the rate of 8 per cent.) until the 31st December following, from which date the Shares or Stock so paid up shall, in like manner, become entitled to dividend.

4th.—The transfer Books will be closed from the 16th to the 31st August 1864 inclusive. All Shares or Stock previously subscribed for, but on which the full amount of Capital shall not be paid by the last-mentioned date, will lapse to the Bank and will be at the disposal of the Directors as provided in Clause 2.

By order of the Directors,

C. N. COOKE,

Offg. Secretary and Treasurer.

12th March 1864.

The Post Office takes every means in its power to ascertain the exact date on which Vessels will leave the Harbour, but it cannot in any way guarantee their departure on the days mentioned in this List:—

NAMES OF VESSELS.	AGENTS' NAMES.	DATES OF INTENDED DEPARTURE.	TO WHAT PORT.	WHERE TOUCHING.
Salsette	P. & O. S. Navigation Company	24th June 1864.....	Suez	Aden.
Singapore.....	Do. do.	20th June	Hongkong.....	Galle, Penang, and Singapore.
Kurrachee	B. I. S. N. Company.....	12 hours after the arrival of the Overland Mail ..		Kurrachee.
Euphrates	Do. do.	24th June	Bussora.....	Kurrachee, &c.

As a general rule, the Packets for sailing Vessels will be closed the evening preceding the date of Departure.

Registered Letters.—The attention of the Public is called to the following paragraph 17 of the Rules for Registering letters at Post Offices:—

“Paragraph 17. A letter containing Bank Notes, Postage Stamps, or other valuable articles, should, as a rule, be registered, and should be securely folded, or enclosed in a substantial envelope, and *always sealed with wax*, in order to prevent, as far as possible, its being tampered with.”

Letters to Hong-Kong.—Under an arrangement made with the Colonial Government of Hong-Kong, letters transmitted by *private vessels* between Hong-Kong and India on and after the 1st May will be chargeable with postage at the place of delivery only, no postage being levied at the place of despatch. The charge on delivery in any part of India will be at the rate given below:—

Letters not exceeding $\frac{1}{2}$ oz	4 Annas
Do. exceeding $\frac{1}{2}$ oz. and not exceeding 1 oz	8 „
Do. exceeding 1 oz. and not exceeding 2 oz	1 Rupee.
Do. and for every additional oz. or fraction of an oz	8 Annas.

The above rate is a consolidated rate, no extra charge for bounty money to ship Captains being leviable.

Lost Letters.—Several complaints have recently been made of the loss of heavy and important Stamped Letters for England, said or believed to have been posted, but which it is wholly out of the power of the Post Office to trace owing to their being unregistered and consequently unrecorded.

It is supposed that letters of the above description are made away with for the sake of the valuable stamps affixed to them, which can readily be detached and sold before obliteration in the Post Office.

It is therefore recommended that Postage Stamps attached to all letters should be crossed or defaced, in order to present less temptation to the peons and servants of postmen and to the Post Office Subordinates, and to lessen the chances of the sale of stamps, which cannot be effected readily when stamps are defaced, without washing them and subjecting the sellers to suspicion.

Newspapers, &c. undeliverable.—The Public are informed that in consequence of the receipt of the Overland Mails in Bags instead of as heretofore in Boxes, a considerable number of Newspapers and Books have been found to be without covers and without addresses, and are in consequence insusceptible of delivery.

A list of these has been kept in the Bombay Post Office, where every facility will be afforded to persons who have not received expected Periodicals or Books from England, to recover missing property.

Letters to Nicaragua.—By an arrangement made by Her Majesty's Post Master General, letters posted in India for Nicaragua will, if marked *via* Southampton, be liable to the following rates of postage:—

	Rs.	A.	P.
Letters not exceeding $\frac{1}{2}$ oz.	0	11	4
Ditto exceeding $\frac{1}{2}$ oz. and not exceeding 1 oz.	1	6	8
Ditto above 1 oz. and not exceeding 2 ozs.	2	13	4
Ditto above 2 ozs. and not exceeding 3 ozs.	4	4	0

and so on, adding Rs. 1-6-8 for each ounce or fraction of an ounce.

Letters for Nicaragua when sent *via* Marseilles, are liable to the additional French transit rate of Rs. 0-2-8 per $\frac{1}{2}$ oz.

Samples of Merchandize by Post.—An arrangement has been made with the London Post Office for sending Patterns of Merchandize by Post between India and the United Kingdom, under the rules and at the rates of Postage indicated below. The arrangement will commence as regards despatches from India from the 1st May next. Intimation has been received from the London Post Office that the arrangement will commence as regards despatches thence from the 1st April.

1. The Patterns must not be of intrinsic value. The rule excludes all articles of a saleable nature, and whatever may have a value of its own apart from its mere use as a Pattern. The quantity of any material sent, ostensibly as a Pattern, must not be so great that it could fairly be considered as having on this ground an intrinsic value.

2. The Patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers, and the prices of the articles; nor must they contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection.

3. The Patterns must be sent in covers open at the ends, so as to be easy of examination; samples, however, of Seeds, Drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material; but closed bags, although transparent, must not be used for this purpose.

4. The rule which forbids the transmission through the Post of any explosive or dangerous substance will of course be applicable to Patterns, and no article likely to injure the contents of the Mail Bags is to be sent.

5. No Pattern Packet can be received if it exceeds two feet in length, width, or depth, or 3 lbs. in weight.

6. The Inland Transit of Pattern Packets will be by Banghy Post.

7. The following Postage rates (prepaid by a Stamp or Stamps) will be charged on Pattern Packets sent under these regulations by Post to the United Kingdom. The rates being consolidated rates, no Inland Postage is leviable in addition:—

8. If the Packets be *prepaid with a single rate of Postage* (as given in Column 1 of the above Table), the full rate chargeable being more, they will be forwarded charged with the deficient Postage, together with an additional single rate.

9. If the Packets be *prepaid with less than a single rate of postage*, they will be forwarded charged with double postage, less the amount actually paid.

10. If the Packets be *wholly unpaid*, they will be forwarded charged with double postage.

N.B.—In respect to Inland Transit the general conditions for Patterns are similar to those for Book Packets, and they will be treated like Book Packets.

If received unpaid or insufficiently paid from the United Kingdom, they will be charged at the rates mentioned in Paras. 8, 9, and 10 of the foregoing notice.
