GENERAL DEPARTMENT.

The following official paper, headed "Treatment of the apparently drowned," published in the Supplement to the *Gazette of India*, dated 6th August 1864, is republished:—

GOVERNMENT OF INDIA.—Home Department.

Treatment of the apparently Drowned.

ROYAL NATIONAL LIFE-BOAT INSTITUTION.

DIRECTIONS FOR RESTORING THE APPARENTLY DROWNED.

The leading principles of the following Directions for the Restoration of the apparently Dead from Drowning are founded on those of the late Dr. MARSHALL HALL, combined with those of Dr. H. R. SILVESTER, and are the result of extensive inquiries which were made by the Institution in 1863-64 amongst Medical Men, Medical Bodies, and Coroners throughout the United Kingdom. These Directions have been extensively circulated by the Institution throughout the United Kingdom and in the Colonies. They are also in use in Her Majesty's Fleet, and in the Coast-guard Service.

I.

Send immediately for medical assistance, blankets, and dry clothing, but proceed to treat the patient *instantly* on the spot, in the open air, with the face downward, whether on shore or afloat; exposing the face, neck and chest to the wind, except in severe weather, and removing all tight clothing from the neck and chest, especially the braces.

The points to be aimed at are—first and *immediately*, the RESTORATION OF BREATHING; and secondly, after breathing is restored, the PROMOTION OF WARMTH AND CIRCULATION.

The efforts to *restore Breathing* must be commenced immediately and energetically, and persevered in for one or two hours, or until a medical man has pronounced that life is extinct. Efforts to promote *Warmth and Circulation*, beyond removing the wet clothes and drying the skin, must not be made until the first appearance of natural breathing. For if circulation of the blood be induced before breathing has recommenced, the restoration to life will be endangered.

II.

TO RESTORE BREATHING.

To Clear the Throat—

Place the patient on the floor or ground with the face downwards, and one of the arms under the forehead, in which position all fluids will more readily escape by the mouth, and the tongue itself will fall forward, leaving the entrance into the windpipe free. Assist this operation by wiping and cleansing the mouth.

If satisfactory breathing commences, use the treatment described below to promote Warmth. If there be only slight breathing—or no breathing—or if the breathing fail, then—

To Excite Breathing—

Turn the patient well and instantly on the side, supporting the head, and—

Excite the nostrils with snuff, hartshorn, and smelling salts, or tickle the throat with a feather, &c., if they are at hand. Rub the chest and face warm, and dash cold water, or cold and hot water alternately, on them.

If there be no success, lose not a moment but instantly

To Imitate Breathing—

Replace the patient on the face, raising and supporting the chest well on a folded coat or other article of dress.

Turn the body very gently on the side and a little beyond, and then briskly on the face, back again; repeating these measures cautiously, efficiently, and perseveringly about fifteen times in the minute, or once every four or five seconds, occasionally varying the side.

[By placing the patient on the chest the weight of the body forces the air out; when turned on the side, this pressure is removed, and air enters the chest.]

On each occasion that the body is replaced on the face, make uniform but efficient pressure with brisk movement, on the back between and below the shoulder-blades or bones on each side, removing the pressure immediately before turning the body on the side.

During the whole of the operations let one person attend solely to the movements of the head, and of the arm placed under it.

[The first measure increases the expiration—the second commences inspiration.]

. The result is *Respiration or Natural Breathing*;—and if not too late, *Life*.

Whilst the above operations are being proceeded with, dry the hands and feet; and as soon as dry clothing or blankets can be procured, strip the body and cover, or gradually re-clothe it; but taking care not to interfere with the efforts to restore breathing.

III.

Should these efforts not prove successful in the course of from two to five minutes, proceed to imitate breathing by DR. SILVESTER'S method, as follows:—

Place the patient on the back on a flat surface, inclined a little upwards from the feet; raise and support the head and shoulders on a small firm cushion or folded article of dress placed under the shoulder-blades.

Draw forward the patient's tongue, and keep it projecting beyond the lips: an elastic band over the tongue and under the chin will answer this purpose, or a piece of string or tape may be tied round them, or by raising the lower jaw, the teeth may be made to retain the tongue in that position. Remove all tight clothing from about the neck and chest, especially the braces.

To Imitate the Movements of Breathing—

Standing at the patient's head, grasp the arms just above the elbows, and draw the arms gently and steadily upwards above the head, and *keep them stretched* upwards for two seconds. (*By this means air is drawn into the lungs.*) Then turn down the patient's arms, and press them gently and firmly for two seconds against the sides of the chest. (*By this means the air is pressed out of the lungs.*)

Repeat these measures alternately, deliberately, and perseveringly, about fifteen times in a minute, until a spontaneous effort to respire is perceived, immediately upon which cease to imitate the movements of breathing, and proceed to INDUCE CIRCULATION AND WARMTH.

IV.

TREATMENT AFTER NATURAL BREATHING HAS BEEN RESTORED.

To promote Warmth and Circulation—

Commence rubbing the limbs upwards, with firm grasping pressure and energy, using handkerchiefs, flannels, &c.: [*by this measure the blood is propelled along the veins towards the heart*].

The friction must be continued under the blanket or over the dry clothing.

Promote the warmth of the body by the application of hot flannels, bottles, or bladders of hot water, heated bricks, &c., to the pit of the stomach, the arm-pits, between the thighs, and to the soles of the feet.

If the patient has been carried to a house after respiration has been restored, be careful to let the air play freely about the room.

On the restoration of life, a teaspoonful of warm water should be given; and then, if the power of swallowing have returned, small quantities of wine, warm brandy and water, or coffee, should be administered. The patient should be kept in bed, and a disposition to sleep encouraged.

GENERAL OBSERVATIONS.

The above treatment should be persevered in for some hours, as it is an erroneous opinion that persons are irrecoverable because life does not soon make its appearance, persons having been restored after persevering for many hours.

Appearances which generally accompany death.

Breathing and the heart's action cease entirely; the eyelids are generally half-closed; the pupils dilated; the jaws clenched; the fingers semi-contracted; the tongue approaches to the under edges of the lips, and these, as well as the nostrils, are covered with a frothy mucus. Coldness and pallor of surface increase.

CAUTIONS.

Prevent unnecessary crowding of persons round the body, especially if in an apartment.

Avoid rough usage, and do not allow the body to remain on the back unless the tongue is secured.

Under no circumstances hold the body up by the feet.

On no account place the body in a warm bath, unless under medical direction, and even then it should only be employed as a momentary excitant.

By order of the Committee,

(Signed) RICHARD LEWIS,
Secretary.

By order,

H. E. JACOMB,
Officiating Under-Secretary to Government.

Bombay Castle, 22nd August 1864.

REVENUE DEPARTMENT.

The following Notification is published for general information:—

NOTICE.

Under instructions from the Secretary to the Government of India, No. 184, of the 14th May 1864, the following Rules for the issue, free of Customs duty under Section 19 of Act VI. of 1863, of Spirits, Provisions, and Stores for the use of Officers of Her Majesty's Navy on actual Service, have been approved by the Government of Bombay.

I. A Drawback of the whole of the duties of Customs shall be allowed for Spirits, Provisions, and Stores intended for the actual consumption of any Officers of Her Majesty's Navy on board of any of Her Majesty's ships in actual service, unless such Spirits, Provisions, and Stores shall have been warehoused without payment of Duty on the first entry thereof. The quantity of Spirits on which Drawback may be so allowed in any one year for the use of any such Officer, shall not exceed the proportions specified below, that is to say:—

	Gallons.
For every Admiral, Vice Admiral, or Rear Admiral	175
Captains	150
Lieutenant or other Commanding Officer, and for every Marine Officer, Master, } Purser, or Surgeon	100

II. Every person clearing and claiming Drawback for Spirits, Provisions, and Stores as above provided, shall state in the application to the Custom House, the name of the Officer for whose use such Spirits, Provisions, and Stores are intended, and of the ship in which he serves, and in respect to Spirits the place and date of the last supply for which Drawback was allowed. All such Spirits, Provisions, or Stores, shall be delivered into the charge of the proper Officers of Customs at the port of shipment to be shipped under their care, and when the Officer commanding the ship shall have certified the receipt of such articles into his charge, and the proper Officer of Customs shall have certified the shipment, the Drawback shall be paid to the person entitled to receive the same.

III. The Officer in charge of the Custom House may permit the transfer of any such Spirits, Provisions, and Stores, from a Naval Officer to another Naval Officer on board of the same, or of any other such ship, or may permit their transhipment from one ship to another for the use of the same Naval Officer, or the relanding or warehousing of any such articles for future reshipment.

IV. If any such Spirits, Provisions, or Stores, be not taken on board of the ship for which they were intended, or be unladen from such ship without the permission of the proper Officer of Customs, such Spirits, Provisions, and Stores shall be liable to confiscation.

V. Officers of Her Majesty's Navy on board of any of Her Majesty's ships in actual service may in like manner receive on board of such ships free of Customs duty for their own use and consumption, Spirits, Stores, or Provisions imported by themselves direct from any Foreign Port under permission from the Officer in charge of the Custom House, and after the regular entries have been there made; provided always that the quantity of Spirits imported and to be passed free of Customs Duty shall not, including that upon which Drawback may already have been obtained, exceed the limit for one year laid down in previous Section I.

By order,

H. E. JACOMB,

Officiating Under-Secretary to Government.

Bombay Castle, 22nd August 1864.

INDIA OFFICE, London, the 16th June 1864.

To His Excellency the Right Honorable the Governor General of India in Council.

Sir,—Para. 1. I have received and considered in Council your letter, No. 44, dated 5th February 1864, forwarding correspondence relative to the rates of pay to be issued to Inspectors of Artillery, and to the other Staff Officers of the Royal Artillery in India.

2. You observe, justly, that it is desirable that all Officers holding similar appointments, in respect to rank, position and duties, should be on the same footing as regards emolument.

3. I have, therefore, determined that the Officers of Artillery, holding the Staff appointments shown in the margin, shall continue to draw the rates of regimental pay and allowances of their rank and Staff salary, on the old scale, viz. :—

Inspectors of Artillery.

Regimental pay.....	Rs. 1,265	5	
Staff salary.....	"	1,070	0
			Rs. 2,335 5

Deputy Adjutant Generals of Artillery (when a Lieutenant Colonel).

Regimental pay.....	Rs. 1,002	4	
Staff salary.....	"	800	0
			Rs. 1,802 4

Assistant Adjutant Generals of Artillery (when a Captain).

Regimental pay.....	Rs. 433	10	
Staff salary.....	"	500	0
			Rs. 933 10

Brigade Majors (when a Captain).

Regimental pay.....	Rs. 433	10

No. 378 of 1864.—The following General Order by the Government of India, dated 3rd August 1864, No. 631, is republished :—

"No. 631 of 1864.—With a view to relieve the Members of Volunteer Corps, to a certain extent, of the expenses entailed by the provision of equipments and attendance at Parades, Drills, and Target Practice, His Excellency the Governor General in Council is pleased, subject to the confirmation of the Right Honorable the Secretary of State for India, to sanction for each Volunteer Corps, regularly organized under the conditions of G.G.O. No. 274 of 23rd March 1861, and No. 96 of 3rd February 1863, an annual grant of Capitation Allowance at the rate of twenty Rupees for each effective Member of the Corps, commencing from the 1st of May 1864.

2. This annual grant to each Corps will be based on the effective strength at the commencement of the calendar year, and will not be affected by any fluctuation of strength during the year for which the grant is made.

3. On the 1st of January of each year, the Commanding Officer will forward to the Pay Examiner at the Presidency, a Nominal Roll of the effective Members of his Corps at that date, according to the annexed form, together with a bill for the Capitation Allowance for the ensuing official year. The bill, after examination and check, will be returned to him duly passed for the authorised amount.

4. On the 1st of May he will forward this bill to the Paymaster of the Circle, who will grant a cheque on the most convenient Treasury (or Bank or Branch Bank acting as Treasuries).

5. The Capitation Allowance may be employed at the discretion of the Commanding Officers either to defray past or current expenditure; but all payments must be strictly confined to the following heads of expenditure, viz:—

Care and repair of Arms.

Cost of conveyance to and from Parades, Drills, and Target Practice.

Clothing.

Extra ammunition and other supplies obtained from Government stores on re-payment.

Drill grounds or sheds.

Rifle Ranges.

6. In Corps to which an Adjutant is allowed, the accounts and vouchers connected with the disbursements of the Capitation Allowance will be retained in his Office, and he will make all the disbursements, but only under the written authority of the Commandant.

7. In smaller Corps the Commandant will keep the accounts and make the disbursements.

Secretary to the Government of India."

No. 379 of 1864.—The following General Orders by the Government of India, dated 4th August 1864, Nos. 632 and 633, are republished:—

"No. 632 of 1864.—His Excellency the Governor General in Council is pleased to direct the publication, for general information, of the accompanying Despatch, No. 194, dated 17th June 1864, from the Right Honorable the Secretary of State for India, as well as of a Royal Warrant, dated 15th June 1864, received with the same Despatch:—

Military.
No. 194.

INDIA OFFICE; London, the 17th June 1864.

To His Excellency the Right Honorable the Governor General of India in Council.

SIR,—Paragraph 1. Your Excellency's Government is aware that numerous memorials and petitions from Officers of the Indian Army have been presented to Parliament, or addressed through the Government of India to the Secretary of State for India, complaining that the measures recently adopted as to the Indian Army were in violation of the assurances of Parliament, contained in certain Clauses of the Acts 21 and 22 Vict. cap. 106, and 23 and 24 Vict. cap. 100.

2. In consequence of these circumstances, Her Majesty's Government felt it to be their duty to recommend to Her Majesty to appoint a Commission* to inquire into these alleged departures from the Parliamentary guarantee and to report their opinion thereon.

* Lord Cranworth.

Earl of Ellenborough, G.C.B.

Lieut. General Lord Hotham.

Right Hon. J. W. Henley.

Lieut. General Sir Charles Yorke, G.C.B.

Major General Clarke.

Major General Sir P. Melville, K.C.B.

3. I herewith transmit, for your Excellency's information, a copy of their Report, which Her Majesty has been pleased to order to be laid upon the tables of both Houses of Parliament.

4. I have, at the same time, to inform your Excellency of the steps which Her Majesty's Government have felt it to be incumbent upon them to take, in consequence of the opinions expressed by the Commissioners in that Report.

5. Before doing so, however, it seems to me to be necessary that I should advert, shortly, not only to the reasons for the changes which have been introduced into the Indian Army in the last few years, but also to the general character of those changes. It might otherwise be supposed, from the complaints which have been made by many of the Indian Officers, that the changes were unnecessary, and that no advantages had been conferred upon them in the various measures which have been adopted. Neither of such suppositions is warranted by the circumstances of the case. That great changes in the state and condition of the Indian Army were necessary was self-evident. The recent mutiny had shown the danger of maintaining an overgrown Native Army; Parliament had determined on abandoning the system of maintaining a separate European force for Indian service; the obvious evils of withdrawing Officers from their regiments for Staff employment had been forcibly pointed out by some of the ablest Indian Officers; a reorganization of the Native Army, on the system of the regiments, known as "Irregular Regiments," was recommended by many of the most experienced Indian servants. These two last-mentioned considerations pointed unmistakably to a measure which had frequently been under consideration in former years, i. e., the formation of a Staff Corps. It was also considered desirable, on general grounds, to remove as far as possible all distinctions between the Officers of Her Majesty's general and Indian Armies, and to form them prospectively into one united body, retaining for the Indian Officers in the mean time such advantages as were peculiar to their service.

6. It might, perhaps, have prevented a good deal of misunderstanding if the measures for these various objects which were distinct in themselves had been undertaken separately, but so much change was inevitable, and it was so desirable that the full extent of any changes should be known at once, and that men's minds should not be left in uncertainty as to their future condition, that it was determined to carry into effect, without loss of time, all the measures required for the changes which were to be made.

7. It is hardly necessary to assure your Excellency that, in framing the various measures for this purpose, both Her Majesty's Government and the Secretary of State and Council of India were desirous of showing the greatest consideration for the Officers and men who might be affected by the change, and it was their earnest wish to act towards them in the most liberal spirit, consistently with a due regard to the charge which might be imposed upon the finances of India.

8. The measures which have been adopted are, the transfer of nearly all the Officers and men of the European Cavalry and Infantry of the Indian Army, with their own consent, to new regiments of the line in Her Majesty's general army; the completion of the assimilation of the organization of the Indian Artillery and Engineers with that of the Royal Artillery and Engineers, which had been partly made in 1858; the reduction of the Native Army, and its reorganization on a different system; and the formation of a Staff Corps, as the best mode, under the altered circumstances of the service, of providing Officers for the Native Army, as well as those required for the various and miscellaneous Staff duties of several departments, Civil and Military, which have heretofore been so well performed by Officers withdrawn from regimental duty for that purpose.

9. It was, perhaps, not to be expected that in such extensive changes every Officer should retain his existing position unaltered, but a very short review of what has been done will show that upon the general body of the Officers of the Indian Army great advantages have been conferred, and that many even of those who complain of being injured in some one respect have, nevertheless, gained on the whole, in their position and prospects.

10. It is unnecessary to remark upon the position of those Officers who voluntarily joined the new line regiments, except to observe that many of them have obtained more rapid promotion than they would have done under the old system.

11. The assimilation of the organization of the Indian Artillery and Engineers to that of the Royal Corps has been greatly beneficial to the former, in augmenting the proportion of Officers of the higher grades,* giving promotion thereby and increasing the charge on account of their pay and allowances.

12. The only change unfavourable to them was that of a reduction of the number of Colonel's allowances. Such reduction, however, is to be made very gradually, and with a view of meeting the cases of certain Officers whose prospects might be affected directly or indirectly by the reduction, a limited number of special annuities were offered to the Colonels of these Corps.

13. Seven Colonels of Artillery and six Colonels of Engineers have retired from the service on the pension of their rank, with the addition of these special annuities, and promotion has been made in their places.

14. The extent to which these two Corps have upon the whole benefited by the recent changes may be, in some degree, measured by the fact that the increase in pay and allowances in the two Corps, due to those changes, amounts to a sum considerably above 100,000*l.* per annum.

15. I have already reminded your Excellency of the reasons which led to the formation of a Staff Corps, and to the arrangements connected therewith.

16. The system of promotion by length of service, introduced into these Corps, was the only system suited to their position and circumstances. It was impossible to fix any number or establishment for these Corps, inasmuch as the requirements of the service and the number of Staff appointments must vary from time to time. The promotion of the Officers could not, therefore, be made dependent upon vacancies in a fixed establishment of the several grades.

17. A certain length of service in each grade, calculated on about the average length of service in the British Army, was therefore fixed as qualifying for promotion.

18. It had been suggested that the Staff Corps should be formed gradually, and as required, by means of young Officers from Her Majesty's general army, whilst those of the Indian Army who might be appointed to Staff situations should remain in their regiments as heretofore. The objections to this course have been already adverted to, and it was considered fair to give, as far as possible, to the Officers of the old service the advantages of serving under the rules and conditions laid down for the Staff Corps. All Officers, therefore, who were, or within certain periods had been, in permanent Staff employ, were invited to join it. About 1,300 Officers have already joined those Corps, and participated in the advantages given to the Staff Corps.

Line Regiments	403
Artillery	670
Engineers	277
Staff Corps	1,318
	2,668

19. It thus appears that of the Officers of the Indian Army, those who joined the line regiments, the whole of the Artillery and Engineers, and those who joined the Staff Corps, have been generally benefited by the change.

20. If to this number be added the whole of the Officers* who entered the service since 1858, on conditions

* 679.

subject to any change that might be introduced into the service, it will be seen that there will remain a comparatively small number who can have any real

cause of complaint. I will now advert to the circumstances by which some of them may have been affected.

21. That the reduction in the Native Army to the extent of about 130,000 men should render the existing number of Officers too many for the future requirements of the service needs no demonstration.

22. During the mutiny, 62 regiments of Native Infantry and 10 of Native Cavalry in Bengal had disappeared from the service. The new regiments which were raised were organized on what has been called the irregular system, with fewer Officers. In Madras 4 regiments of Native Cavalry, and 8 regiments of Native Infantry were reduced; and in Bombay 3 regiments of Native Infantry were reduced. Upon the whole, therefore, there was a reduction of 83 regiments officered on the old system.

23. That after the administration of India had been transferred to the Crown, it was the duty of Her Majesty's Government in the existing circumstances to reduce the Native Army, as it would have been the duty of the East India Company if such transfer had not been made, cannot be doubted; and it was the wish and intention of Her Majesty's Government to act towards the Officers of that Army as the East India Company would have done, if the same necessity of reduction had been imposed upon them.

24. According to the system pursued in the British Army, all the Officers of the regiments reduced would have been at once placed on half pay. The Indian Officers, on the contrary, were all retained on full pay and with the prospect of promotion continued to them.

If the practice of the English Army had been adopted, a considerable saving of expense would have been made, to the extent of the difference between the permanent half pay of the rank which each Officer held on reduction, and the full pay not only of such rank but also of the increased rank which the India Officer might attain, and in such case the promotion of the Officers who remained would not have been affected.

When, however, the whole body of Indian Officers was retained on full pay, it was nevertheless reasonable that some reduction in the expense of the Officers who were retained beyond the requirements of the service should be effected, and such reduction could not be made without some retardation of promotion.

25. The actual retardation will be to a very small extent, and in particular ranks. The general promotion of the Indian Officers will be accelerated, and to every Officer, including the cadet who entered the service so lately as December 1861, his promotion through every grade, with the pay thereunto belonging, as if the whole Native Army of India had been kept up, is assured, and his right to Indian pension is maintained.

26. The two cases in which reduction is made and in which promotion may be affected are in the establishment of regimental Colonels and in that of regimental Lieutenant Colonels.

27. With regard to the first, some reduction necessarily followed a diminution in the number of regiments,

* Majors to Lieutenant Colonel....	49
Captains to Major	87
Lieutenants to Captain	123
Lieutenants or Cornets to Lieutenant.	190
	449

but the reduction will be gradual. In order to facilitate the second, a certain number of the older Officers, under the rank of Colonel were invited to retire on largely increased pensions. The whole of the vacancies in the rank of Lieutenant Colonel created by this extraordinary measure of retirement were not filled up, but it was accompanied by great and unusual promotion throughout the whole of the ranks below that of Lieutenant Colonel.*

28. These are the only measures of reduction which affect the European Officers; and for the complete reduction of the number of Officers to a level with the requirements of the service, the Government look to the cessation of new appointments and the ordinary casualties by death and retirement.

29. That every Officer should be in precisely the same situation as if no change had been made; that an Officer should retain all the advantages which he would have enjoyed if the Native Army had been kept up to nearly twice its present amount; that a great reduction should have been effected and everybody be left in the same position as before, was simply impracticable; but, I think, it may be confidently maintained that there never was a reduction and change of system effected with so large and liberal a consideration for the interests of the persons to be affected by the change, the immediate increase of pay and pensions being not less than a quarter of a million per annum, and that nothing has been done that the East India Company might not have done as regards the Officers of the Indian Army.

30. The number of memorials and petitions, however, from Indian Officers that have been presented upon this subject has shown the impossibility of carrying out any great change in an organized body such as the Indian Army, however beneficial such change might be in general, without giving some occasion to individuals for considering themselves aggrieved.

31. You will observe that the measures which, in the various memorials referred to the Commission, have been complained of as departures from the Parliamentary guarantee, have been classified by the Commission under the following heads:—

- 1st. The retention of the names of Officers appointed to the Staff Corps on the cadres of their former regiments.
- 2nd. The supersession in Army rank to which Officers remaining with their regiments have been subjected, by the promotion of Officers joining the Staff Corps under the regulations established for promotion in that Corps.
- 3rd. The retention upon the cadres of their former Corps of the names of Officers who joined the new line regiments from the old European regiments of the Indian Army.
- 4th. The retention on the cadres of Native Corps of the names of Officers who joined the new line regiments from such Corps.
- 5th. The retardation of promotion caused by the employment of Officers of the Staff Corps whose names are retained, on duties involving less risk to health and life than those connected with regimental employment.
- 6th. The retardation to promotion caused by the retention on the cadres of the names of Officers who have joined the new line regiments, they being employed generally on duties less likely to create casualties than if they had remained with their regiments.
- 7th. The arrangements made for regulating future succession to the Colonel's allowance in the Ordnance Corps.
- 8th. The arrangements made for regulating future succession to the Colonel's allowance in the Cavalry and Infantry.
- 9th. The reduction in the number of regimental Lieutenant Colonels, by making promotion in succession to one-half only of the Officers of that rank who accepted the special annuities offered to them on retirement in 1861.
- 10th. The effect produced by the late measures in interfering with the operation of funds established with a view of offering inducements to senior Officers to retire.
- 11th. The regulations under which Officers in receipt of Colonel's allowance are precluded from receiving Indian allowances while residing unemployed in that country.
- 12th. The order of the Government of India, No. 1070, dated 23rd July 1859, revoking so much of the Order, No. 1238, dated 27th August 1858, as related to the ante-dating the Commissions of certain Lieutenant Colonels of Artillery and Engineers.
- 13th. Arrangements for the future promotion of Officers of the Indian Army to the rank of General Officer.

32. In addition to the above alleged grievances, the Commission have noticed, in the 82nd and following paragraphs of their Report, a few further complaints to which they do not think it necessary to advert in detail. These are not considered by the Commission to be in violation of the Parliamentary assurance, and are merely noticed to show that they were not overlooked.

33. Her Majesty's Government have given the most serious attention to this Report, which appears to have been drawn up with much deliberation and care. They are desirous of adopting such measures as shall meet the complaints declared by the Commission to be well-founded as fully and completely as possible, and at the same time with the least possible disturbance of the now established order of things.

34. It will be seen that upon the 1st, 3rd, 5th, 6th, 7th, 10th, 11th and 12th of the above complaints, the Commission have given their opinion that the measures complained of cannot be considered as infringements of the Parliamentary guarantee.

35. With reference to the 8th and 9th they have expressed themselves unable to form an opinion at present, but consider that the measures should be judged by the effect which may be produced by them in the cases of individual Officers.

36. In regard to these, the Commission consider doubtful—

1st. The regulation by which 12 years is made the period of service in the grade of Lieutenant Colonel; and,

2nd. The reduction of the number of regimental Lieutenant Colonels, by making promotion in succession to one-half only of the Officers of that rank who accepted the special annuities offered to them on retirement in 1861.

37. Upon the first of these, the Commission remark as follows:—

"The new rule, however, is not to affect the Lieutenant Colonels who attained that rank before the date of the new system, and so the question whether 12 years is a fair average for the future for the three Presidencies will be tested by the time at which these Lieutenant Colonels will succeed to the allowances in question, and if it should be found that they have obtained them generally in less than 12 years, we consider that unless the shorter average period be adopted the guarantee will not have been strictly adhered to."

38. Upon the 2nd, the Commission having given their attention to the amount of benefit in the shape of promotion derived by the several regiments by the retirement under those special annuities, observe—

"We are unable to calculate the loss or the advantages, varying as they do, which may have fallen to the lot of the different regiments, but we think that where loss can be ascertained to have taken place, there the guarantee has not been strictly adhered to."

39. In reference to both these measures, it may be necessary to explain more fully their scope and object. They were connected with, and arose out of, the reduction in the Army in India.

40. While anxious to avoid, as far as possible, any interference with the prospects and privileges of the Officers of the Indian Army, Her Majesty's Government considered themselves not only justified in making, but bound to make, such reduction in the Native Army of India as the exigencies of the service might admit of; nor did they consider themselves precluded from doing so by the Parliamentary guarantee.

41. In this view of the scope and intent of the Parliamentary guarantee the Commission clearly concur, as they observe, "It could not have been intended to prevent the Crown, if, in the interests of India and of the empire at large, it should deem it necessary, from reducing the numbers of the Indian Army or altering its organization. It would have been in the power of the Company to make such reductions and changes, and a similar power was transferred to the Crown."

42. The number of Native Regiments as well as the aggregate strength of Native Force, having been largely reduced, and the whole of the remaining force being about to undergo a complete change of regimental organization, Her Majesty's Government considered that a reduction in the number of Colonels and Lieutenant Colonels was not only necessary but just.

43. With the view of effecting the reduction in the former, it was in the first instance ordered by my Despatch, No. 27 of the 18th January 1861, that three Lieutenant Colonels only should be promoted for every four vacancies among the Colonels.

44. It was at a subsequent period determined that additional annuities, calculated generally at the value of the prospective Colonel's allowance, should be offered to a limited number of Field Officers, and for the plan of reducing the number of Colonels first proposed was substituted the more equitable mode of effecting the same object, by allowing the names of the retired Lieutenant Colonels to remain on the list until they came into the position of Colonel, and then removing them.

45. Certain Officers lay down in the list complained that this would ultimately retard their promotion to a serious extent, and, as a security against such retardation, the rule was adopted of giving the Colonel's allowance after 12 years to Officers who might not have attained that position in the ordinary course at an earlier period.

46. To the Lieutenant Colonels of and subsequent to the 1st January 1862, who had, as a consequence of the numerous retirements under the annuity scheme, attained to that rank, in many cases several years before they otherwise would have done so, the period of 12 years was laid down absolutely as the term of service in the grade of Lieutenant Colonel qualifying for promotion to the Colonel's allowance.

47. By this rule, one Lieutenant Colonel of the Madras Army has already obtained the Colonel's allowance at a much earlier date than he would have done under the old system, and others are likely to be similarly benefited, nor is it probable that more than a very few cases can occur in which an Officer will not attain the Colonel's allowance after a shorter total period of service, even though he may remain rather longer in the grade of Lieutenant Colonel.

48. With regard to the contemplated reduction of Lieutenant Colonels, the offer of annuities acceptable to a large proportion of the existing Officers of that grade presented a favourable opportunity of effecting this object, with little injury to the interests and prospects of the service at large.

49. Promotions to the full extent of these extraordinary retirements were not made. One-half only of the number of Lieutenant Colonels retiring have been filled up, but promotions were made in succession to the whole of the Majors and Captains who retired. By these extensive promotions many Officers were placed several years in advance of the position they would otherwise have held, and the position of every Officer below them in the Army was more or less improved thereby.

50. Her Majesty's Government feel confident that while large reductions in the number of the British Officers of the Native Army were imperatively called for, and will for the most part be effected by the cessation of new appointments to the Indian Army, the reduction now made, moderate in itself, has been carried out in a manner which will be found to have no injurious effect upon the interests of the Army at large, while such an extraordinary impulse has been given to promotion as cannot fail to influence the whole career of each individual and to compensate for any subsequent retardation that may be anticipated from a reduction in the higher grades.

51. The measure by which it was intended that some reduction of establishment should be combined with accelerated promotion has been attended with unequal effect in the several Presidencies, and it appears necessary that the inequality should be rectified.

In 1861, the establishment of regimental Lieutenant Colonels at the three Presidencies, was as follows:—

	Cavalry.	Infantry.
Bengal.....	10	80
Madras	8	58
Bombay	3	35

52. It appears that the Officers of the rank of Lieutenant Colonel accepted the annuities in 1861 in varying proportions for the several Presidencies, and that their present relative numbers, including the names of Officers of the Staff Corps and new line regiments, vary accordingly, viz. :—

	Cavalry.	Infantry.
In Bengal	7	59
In Madras	5	39
In Bombay	3	23

exclusive of General Officers, who are supernumeraries. It has been determined to apply to the Presidencies of Madras and Bombay the same proportionate reduction of Officers of this rank as has been effected in Bengal by the annuities, so that the establishment of Lieutenant Colonels of Cavalry and Infantry in the three Presidencies shall stand hereafter as follows :—

	Cavalry.	Infantry.
Bengal	7	59
Madras	6	43
Bombay	3	26

such establishment being exclusive of Lieutenant Colonels having the rank of General Officer.

53. I have now to notice the three subjects of complaint which the Commission have considered to be well founded. These are—

- 1st. The supersession of regimental Officers by the promotion of their brother Officers under the Staff Corps rules.
- 2nd. The retention on the cadres of Native Regiments of the names of Officers transferred to the new line regiments; and,
- 3rd. The arrangements laid down in the Royal Warrant of 1st January 1862 (as far as they affect the Officers of Cavalry and Infantry of the Indian Army), for regulating the promotion of Colonels of the Indian Army, of date subsequent to the 17th February 1861, to the rank of General Officer.

54. The Commission are unanimous upon two, and those the most material, of these three points, and Her Majesty's Government, although their own views may not be changed, are, nevertheless, prepared to accept the opinion of the Commission on these questions, and have given their most careful attention to the various measures that have been suggested for meeting and remedying the grievances which, in the opinion of the Commission, appear to be well-founded.

55. With respect to the second of the above three complaints, considered by only a majority of the Commission to be well-founded, Her Majesty's Government have determined, in deference to the opinion of the majority, that the names of the Officers who joined the new line regiments from Native Cavalry and Infantry, including the cadres of the 4th and 5th Regiments of European Cavalry, and of the 4th, 5th, and 6th Regiments of European Infantry in Bengal, which were formed from Native regiments, shall be removed from the cadres of their former regiments, and that promotions shall be made in their places.

These promotions will date from the 18th of February 1861.

56. The third of the complaints recognized by the Commission as well-founded, is the proposed amalgamation of the list of Colonels of the British and Indian Armies by which it is considered that the advancement of the Indian Officers to the rank of General Officer would be unduly retarded.

57. The effects of the Royal Warrant of the 1st January 1862, by which the arrangements for the future amalgamation of the Field Officers of the British and Indian Armies were laid down, is altogether prospective. No promotions have yet been made under that Warrant, and there is no difficulty in altering this arrangement.

58. Her Majesty's Government have therefore, determined so far to modify the provisions of that Warrant as to retain the whole of the Officers of the Cavalry and Infantry of the Indian Army on the general list of that service as before for promotion to the rank of General Officer.

59. With regard to the promotion of Officers of Artillery and Engineers to the rank of Major-General, the Commission have declared themselves unable to determine the effect produced by the Royal Warrant of 1st January 1862 upon the prospects which, such of these Officers as were not Colonels before the amalgamation would have of becoming General Officer; but they state that the change will ultimately, to a small extent, be beneficial to the Ordnance Corps.

60. It is desirable that the Officers of these Corps, which have become united to the Corps of Royal Artillery and Engineers, should, as soon as practicable, be withdrawn from the list of the Indian Army and placed on separate lists, as is the case with those of the old Royal Corps, who rise to the rank of Major-General on separate lists. It has been determined, therefore, to give to each branch of the Ordnance Corps in India a separate establishment of General Officers, calculated in the same proportion as that which governs the establishment of General Officers of the old Royal Artillery and Engineers.

61. According to this rule, there will be ultimately 26 General Officers allotted to the Indian Artillery, 12 to the Engineers.

62. All Artillery and Engineer Officers, being Colonels in the Army, of date prior to 18th February 1861, will continue to rise on the general list of the Indian Army.

63. Officers of those Corps who attain the rank of Colonel in the Army, on or after the 18th February 1861, will rise on the separate lists above referred to towards the allotted establishment of General Officers of each Corps.

64. As regards the Field Officers of the Staff Corps, it is most desirable that they should be brought hereafter on to the general list of the British Army, and that this should be effected with the least possible disturbance of the present rate of promotion in either service, and it has been determined, therefore, to bring on to the list of the British Army all Colonels of the Staff Corps whose dates of commissions as Lieutenant Colonel are subsequent to the 17th February 1861, leaving all those who attained the rank of Lieutenant Colonel prior to the formation of those Corps to rise to the rank of General Officer on the Indian list. In these measures His Royal Highness

the Field Marshal Commanding in Chief has concurred, and a Warrant for carrying them into effect has been submitted to and approved by Her Majesty. I enclose a copy for your information.

65. It only remains to consider the first of the above three complaints. In the opinion of the Commission, the extensive promotion made under the Staff Corps rules unnecessarily gave superior rank to many of the Indian Officers selected for those Corps, and caused extensive supersession of the Officers remaining with their regiments.

Dated 15th June 1864.

66. It is evident that a complete remedy for this supersession in army rank must be found either in the withdrawal of the rank given to the Staff Corps Officers, or in granting such army rank to the Officers of the Indian Army as shall restore them to the relative position, as regards the Staff Corps Officers, which they held before the formation of those Corps.

67. Her Majesty's Government would have been very reluctant to adopt the first of these two courses, which must have been productive of much embarrassment and disappointment to a very large class of deserving Officers, while the replacing of those Officers in their regiments would not have been without its disadvantages, even to the complainants themselves.

68. It has been considered, therefore, that the only satisfactory course open to the Government is to confer upon the Officers of the Indian Army, generally, such army rank as shall entirely remove all ground for complaint upon this head, by restoring to all who had been superseded the relative position, as regards the Staff Corps Officers, which they held before the formation of those Corps.

69. Her Majesty's Government believe that the object in view can be effectually attained, by an extension of a system which has for many years existed in India of giving brevet rank by length of service, heretofore applicable only to the promotion of Subalterns, and by granting to the Officers of the Indian Service army rank under the following rules, the adoption of which has, with the concurrence of His Royal Highness the Field Marshal Commanding in Chief, been determined upon, viz. :—

That all Officers, whose Commissions bear date on or before the 18th February 1849, shall be promoted to the rank of Captain by brevet.

All Officers, whose first Commissions bear date on or prior to 18th February 1841, shall be promoted to the rank of Major by brevet; and,

All Officers, whose first Commissions bear date on or prior to 18th February 1835, shall be promoted to the rank of Lieutenant Colonel by brevet; all such promotions to bear date 18th February 1861.

After the 18th February 1861, Officers of the several Staff Corps, and of Her Majesty's Indian Army, generally, shall be granted brevet rank, under the following regulations :—

After 12 years' standing in the Army from date of first Commission, to be Captains.			
Do. 20	do.	do.	Majors.
Do. 26	do.	do.	Lieutenant Colonels.

On and after the 18th February 1866, all Officers who have served 31 years on full pay, 5 of which shall have been in the grade of Lieutenant Colonel, to be promoted to the rank of Colonel by brevet.

70. His Royal Highness the Field Marshal Commanding in Chief has expressed his intention of recommending to Her Majesty that the Officers of the British Army serving in India, including the Ordnance Corps, shall have army local rank in India conferred upon them, after precisely the same periods of service and under the same rules, special provision being also made in cases where line and Indian Officers may serve together elsewhere.

71. It is to be understood that the system of promotion to brevet rank now introduced will cease in its application to the several grades of the Army on the extinction of those grades among the Officers of the Indian Army. Thus, when the whole of the Lieutenants of the Indian Army shall have been promoted to the rank of Captain, the promotion of Officers in the Staff Corps to the brevet rank of Captain under the above rule will be discontinued, and so on with the higher grades.

72. Her Majesty's Government have thus endeavoured fairly to meet the complaints which have been addressed either to Parliament or to the Government, and the measures which they have adopted, although not free from some objection, remove the three cases of grievances which the Commissioners reported to be well-founded. Her Majesty's Government, however, being anxious to extend to the Officers of the Indian Army every boon which can be given consistently with fairness to other branches of Her Majesty's service, and without imposing any undue charges on the revenues of India, have determined on adopting a further measure which will be attended with considerable benefit to the Indian Officers.

73. Your Government will have observed, that one of the principal complaints made by the Officers of the Indian Army related to the retention on the cadres of regiments of the names of Officers who had joined the several Staff Corps.

74. The Commission do not consider that this arrangement, necessary as it was, from the circumstances of the case, was an infringement of the Parliamentary guarantee.

75. Irrespective of the very great expense which would have been involved in the opposite course, *i. e.*, that of removing those names, and making promotions in their places,—a serious objection presented itself, in the very unequal promotion that would have been given in different regiments.

76. The latter objection does not apply to the removal of the names of Officers above the rank of Major from the general regimental list of the Indian Armies, and Her Majesty's Government have resolved that the names of Officers of the Staff Corps and new line regiments shall, on coming into the position of Regimental Lieutenant Colonel on those lists, be struck out, and that promotion shall be made in their places.

77. Such promotion will be equally distributed, instead of operating unfairly in different regiments, and although some additional expense will be thus thrown upon the finances of India, the amount will not be very serious.

78. Her Majesty's Government have not overlooked the large increase which this measure will make in the number of Officers of the higher ranks serving in India. It is impossible, however, that any measure which accelerates promotion should not have this effect; and Her Majesty's Government are glad to give this additional proof of the estimation in which they hold the services of the Officers of the Indian Armies.

79. In carrying out this resolution, it will be necessary to remove from the list of Colonels, with Colonel's allowance, the several Officers who have been transferred to the new line regiments, making promotion in their room on the principle laid down in my Despatch, No. 320, dated 10th August 1861, paragraphs 17 and 18, and in like manner to strike out the names of all Officers of the Staff Corps and new line regiments now borne in italics, upon the list of regimental Lieutenant Colonels of Cavalry and Infantry in the three Presidencies, making promotion in their places up to the establishment laid down in a preceding paragraph (52). In making promotion, in future, from the list of Majors to that of Lieutenant Colonel, the name of every Staff Corps Officer, on coming on the list of regimental Lieutenant Colonels, will be struck out, and promotion made in his place.

80. You will give the necessary orders for making the arrangements for the prescribed establishment of Lieutenant Colonels for the three Presidencies; for the promotions, in cadres of Native regiments, from which Officers have joined the new line regiments; for the promotions to brevet rank of the Officers of the Indian Army and of the several Staff Corps; and for removing from the list of Colonels, with Colonel's allowance, the names of the several Officers who have been transferred to the new line regiments, as well as those of all Officers of the Staff Corps and new line regiments now borne in italics on the list of regimental Lieutenant Colonels of the three Presidencies, and you will cause the necessary promotions to be made in connexion with these arrangements, and submitted to me for Her Majesty's approval.

Para. 52.
Para. 55.
Para. 69.
Para. 79.

81. With this measure, the arrangements as regards the Officers of the Indian Army will be closed. The advantages which have been conferred upon the majority of those Officers have already been pointed out, and it cannot be doubted that, under the system now established, the Officers of the Indian Army will, for the most part, attain to the several regimental grades, including that of Colonel with Colonel's allowance, in a shorter period of service than they would have done had the several Staff Corps not been formed, and had no change in the constitution of the Indian Army taken place. Her Majesty's Government trust that the Officers who are affected by these changes will feel that, whilst a reduction of the Indian Army was indispensable, and a regard for the finances of the Indian Empire was an imperative duty, neither of these considerations have prevented the Government from showing that regard for their interests which the gallantry and services of the armies of India deserved.

HOME AND FOREIGN.

VICTORIA R.

Whereas it has been represented to Us that it is expedient to cancel the Regulations (except Clauses 9 and 10 thereof) established by Our Royal Warrant of 1st January 1862, for the amalgamation of the General and Field Officers of Our Indian Armies with the General and Field Officers of Our Regular Army, and for the promotion of the Officers to higher rank: Our will and pleasure is, that instead of the provisions contained in Clauses 1, 2, 3, 4, 5, 6, 7, 8, 11, and 12 of the before-mentioned Regulations, which are hereby cancelled, those contained in the Regulations annexed to this Our Royal Warrant shall be established, and shall govern the promotion to the rank of General of the Officers of the Cavalry and Infantry of Our Indian Forces, the Officers of the Royal Artillery and Royal Engineers lately belonging to Our Indian Forces, and the Officers of Our several Staff Corps.

Given at Our Court at St. James's, this 15th day of June 1864, in the Twenty-Seventh Year of Our reign.

By Her Majesty's Command,
DE GREY AND RIFON.

REGULATIONS.

- The whole of the Officers of Cavalry and Infantry of Her Majesty's Indian Army shall remain on the Indian General List, as before the Warrant of 1st January 1862, and shall rise on that List to the rank of General Officer; the establishment of General Officers of the Indian Army being, from time to time, reduced in the manner hereinafter provided.
- The Colonels of Royal Artillery and Royal Engineers, late of the Indian Army, who had attained that rank previously to the 18th February 1861, will continue to rise to the rank of General Officer on the Indian List; but when the last of such Colonels of Artillery or Engineers, as the case may be, is promoted to the rank of Major General, the promotion of Officers in that branch of the service to the rank of General Officer upon the Indian General List shall in each case cease.
- The whole of the General Officers of the Royal Artillery or Royal Engineers, as the case may be, on the Indian List of the three Presidencies, will in each case be then removed from that List and placed upon separate Lists for Indian Royal Artillery and Indian Royal Engineers, respectively, with an establishment of 26 General Officers for the former Corps, and 12 for the latter. If at the time of the creation of these Lists there shall be an excess in any grade of the General Officers of either arm above the prescribed establishment, the supernumeraries shall be reduced by the absorption of one vacancy in every three; and if the numbers of Generals of either arm shall be less than the establishment, the numbers shall be completed by the promotion of the senior Colonels of Artillery or Engineers, as the case may be, on the united Lists of the three Presidencies, according to their army rank.
- Vacancies in each of these Lists will be filled as they arise by the promotion of the senior Colonel on the Indian Lists of Artillery or Engineers, as the case may be, according to army rank, and this shall continue until all the Officers of the late Indian Artillery or Engineers, respectively, have risen to the rank of Major General on their separate Lists. Then the General Officers on the Indian (Royal) Artillery List shall be incorporated with the General Officers of the British Royal Artillery, according to dates of Commissions, and the General Officers of the Indian (Royal) Engineers with the General Officers of the British Royal Engineers. Thenceforward the establishment of General Officers of the Royal Artillery will consist of 58, and establishment of General Officers of the Royal Engineers of 28; and vacancies will be filled by the promotion of the senior Colonel of either Corps, according to army rank, under the Regulations of the British Service.

which the promotion up to the rank of Lieutenant Colonel inclusive will be made, indiscriminately with that of Officers of the Guards, Line, Royal Artillery, Royal Engineers, and Royal Marines, in succession to vacancies on the General Officers' List of the British Army and Royal Marines, and the Indian Royal Artillery and Royal Engineers thus amalgamated.

6. The number of General Officers on the present Indian establishment on account of the Ordnance Corps is 24 for the Artillery, and 11 for the Engineers. The Indian establishment of General Officers will, therefore, be reduced to this extent on the transfer of Generals of Artillery and Engineers to separate Lists. If at the time of transfer there shall be upon the Indian General List more than 24 Generals of Artillery, promotions shall be made from the Colonels on the General List of the Indian Army to the extent of the excess; if there shall be less than 24 Generals of Artillery at the time of transfer, the establishment of Generals on the Indian List shall be gradually reduced by the absorption of one out of every three vacancies until the reduction of 24 on account of the transfer of Officers of Artillery shall be effected. The same course will be pursued in adjusting the transfer of Generals of Engineers.

7. Officers of the several Indian Staff Corps, who had attained the rank of Lieutenant Colonel, prior to the 18th February 1861, shall be promoted under Indian Regulations to the rank of Major General on the Indian List, and shall rise on that List until they are transferred to the British Establishment in the manner herein after provided.

8. Officers of the several Staff Corps who had not attained the rank of Lieutenant Colonel, previously to the 18th February 1861, shall, as they respectively attain the rank of Colonel, be placed according to the dates of their commissions on the General List of Colonels of the British Army, from which promotions shall be made, according to seniority, in succession to vacancies on the British establishment of General Officers, under the Regulations of the British Service; and the Colonels so promoted shall continue to rise on that establishment from the rank of Major General by seniority, in succession to all vacancies in the higher grades.

9. In order to provide for the promotion of Officers of the Staff Corps so brought upon the General List of the Officers of the Army, the establishment of General Officers of the British Army shall be increased, and the establishment of General Officers of the Indian Army, upon which the Colonels of the Staff Corps of this class will no longer rise, shall be reduced in the manner following:—

10. Whenever a Colonel of the Staff Corps, whose name is borne on the Amalgamated List would, if he had remained on the List of Colonels of the Indian Army, have attained the rank of Major General, an addition of one shall be made to the British establishment of General Officers by the promotion of the senior Colonel on the Amalgamated List, whether he be a British Officer or an Officer brought in from the Staff Corps; and no promotion shall in such case be made to the rank of Major General on the Indian List, which will be thus reduced by one General Officer for every such increase given to the British establishment.

11. By this means the British List of General Officers will, from time to time, be increased, and the Indian List of General Officers will, from time to time, be diminished, until the number of Officers reduced on the List of General Officers of the Indian Army, and the number added to the List of the British Army, shall amount to one for every 28th combatant Officers on the aggregate strength of the three Staff Corps; and thenceforward all vacancies amongst General Officers on the British List, by whomsoever occasioned, shall be filled by the promotion of the senior Colonel on the Amalgamated List of the British Army, whether of the Guards, Line, or Staff Corps, as the case may be.

12. On the first addition of a Major General to the British establishment being made in the manner laid down in paragraph 10, the whole of the Officers of the Staff Corps on the Indian List (including the General Officers) shall be transferred to and take their places on, the General List of the British Army, according to the dates of their respective commissions, and shall rise thereon to the rank of Lieutenant Colonel inclusive, in succession to vacancies on the General Officers' List, indiscriminately with Officers of the Guards, Line, Royal Artillery, Royal Engineers and Royal Marines.

13. As the number of General Officers on the British List increases, and the number on the Indian List diminishes, the establishment of Generals, Lieutenant Generals, and Major Generals on each List shall be, from time to time, so adjusted as to maintain as nearly as may be the proportions now existing in the British Service; but any reductions that may be requisite shall be made only by gradual absorption of every third vacancy amongst supernumeraries in the higher grades.

WAR OFFICE, 15th June 1864."

"No. 633 of 1864.—His Excellency the Commander in Chief in India is requested to submit rolls of all promotions required to be made in the Bengal Presidency, in pursuance of the instructions contained in the Despatch of the Secretary of State, published in the foregoing order; and the Governments of Madras and Bombay will make such promotions as may be requisite in those Presidencies.

2. Subject to the result of a reference on the subject to the Secretary of State, the promotions authorised in cadres in room of Officers transferred to the new line regiments, including those in succession to Colonels with Colonel's allowances, will take effect from the date of transfer of such Officers as announced in the *London Gazette*; promotions in the room of Officers originally appointed to the regiments in question, and who have not reverted to their cadres, taking effect from the 30th July 1862, the date on which His Excellency the Commander in Chief formed the new regiments under instructions from Government, and which date was adopted in the *London Gazette*, as that from which promotions, arising out of the formation of the new regiments, took effect.

3. The brevet promotions, referred to in paragraph 69 of the Despatch, will be made under the rules there laid down, and all other promotions, consequent upon the instructions, contained in the Despatch, will take effect from date of its receipt, viz., 16th July 1864.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

Notification.

The following Tea Plantations and Factories in Kumaon and the Deyrah Dhoon are offered for sale at the upset prices specified. Tenders will be received by William Jameson, Esquire, Superintendent Botanical Gardens, North Western Provinces, Saharunpore, until 1st October 1864, and the highest offer above the upset price will be accepted:—

1st. Hawulbaugh in Kumaon, forty-six miles from the plains, and six miles from Almorah. The Plantations (including the two small Nurseries, viz., Kuppeena and Lutchmaissur in the immediate neighbourhood of Almorah) consists of about one hundred acres of land planted with tea.

There are on the Estate three large slated houses; numerous slated offices; a large slated factory; two large slated godowns; a slated barrack for Chinese tea manufacturers, and the stock and block of the factory are complete for tea operations, and in working order.

2nd. Ayar Toli in Kuttayoor, Kumaon, distant about 80 miles from the plains, and about 40 miles from Almorah.

There are on the Estate a slated house; a slated factory; and a large slated godown; slated barrack for Chinese tea manufacturers, &c., and the stock and block of the factory are complete for tea operations, and in working order.

This Plantation consists of about 1,300 acres of land, of which about 350 acres are planted with tea, two hundred acres of cleared land fitted for tea planting, and the remainder covered with pine, &c., forests, the timber of which is well adapted for making tea chests, &c.

The yield of the two Estates last season was lbs. 14,700 of tea, and 1,400 maunds of seeds.

The yield this season may be estimated at lbs. 17,000 of tea, and 1,800 maunds of seeds.

These two Estates will be sold in one lot, in fee simple, free of all demands on account of Land Revenue, at an upset price of Rs. 2,00,000 (two lacs of rupees).

A small portion of the Plantation of Ayar Toli, named Bincolie, belonging to the Temple of Nagnath, will bear an annual rental of Rs. 24 (twenty-four rupees) per annum.

This land is leased in perpetuity from the Temple of Nagnath on this rental.

3rd. Bhurtpore in Kumaon, 10 miles from the plains, 12 miles from the Sanitarium of Nynce Tal and 30 miles from Almorah.

It is about 1,300 acres in extent, of which about 100 acres are under cultivation with tea. The remainder consists of pine and oak jungle and barren rocks.

There are on the Estate a slated house; slated factory; godowns; slated barrack for Chinese tea manufacturers, &c. The stock and block of the factory are completed, and in full working order. The yield last season was lbs. 2,255 of tea and 135 maunds of seeds. The yield this season may be estimated at lbs. 5,000 of tea, and 250 maunds of seeds. This Estate will be sold in fee simple, free of all demands of Land Revenue at an upset price of Rs. 25,000.

4th. Kowlaghir, in the Deyrah Dhoon, distant two miles to the West of the town of Deyrah. It consists of 430 acres of land, of which about 308 acres are under cultivation with tea, and the remainder adapted for tea cultivation. Through the property, a branch of the Beejapoor Canal runs.

There are on the Estate three bungalows; an extensive pukka tea factory; two large pukka godowns, a barrack for Chinese tea manufacturers, &c., and the stock and block of the factory are complete, and in full working order.

The yield of last season was lbs. 16,000 of tea and 1,400 maunds of seeds. This season the yield may be estimated at lbs. 25,000 of tea, and 1,600 maunds of seeds.

This Estate will be sold in fee simple, free of all demands on account of Land Revenue, at an upset price of Rs. 2,00,000 (two lacs of rupees). The Plantations will be transferred to the purchasers on the 1st November 1864, on or before which date purchase money must be paid at the General Treasury, Calcutta.

By order of the Honorable the Lieutenant Governor of the North-Western Provinces,

R. SIMSON,

Secretary to the Government of the North Western Provinces.

No. 1618A OF 1864.

Notification.

GENERAL DEPARTMENT.

Dated Nynce Tal, the 4th June 1864.

With reference to the Notification in this Department, No. 3525 A, dated the 30th October last, it is hereby notified that W. Jameson, Esquire, or the Superintendent of the Botanical Gardens, North Western Provinces, for the time being, will receive tenders for the purchase of the Government Tea Plantations in Kumaon and Deyrah Doon, addressed to him at Saharunpore, up to 4 P.M. of the 1st of October 1864.

All tenders must be made in writing.

Every tender should be superscribed "Tender for Tea Plantation," and will be registered by the superintendent of the Botanical Gardens on the date of receipt, in a book which he will keep, together with the tenders, in his own custody, under lock and key.

The highest registered tender at the time being for any lot will be communicated by the Superintendent to any inquirers up to the time of sale, but the names of parties who have tendered shall in no case be disclosed.

The Register of Tenders will be examined at noon, on the 1st of October 1864, by a Committee consisting of the Superintendent of the Botanical Gardens, the Judge and the Collector of Saharunpoor, at the Office of the Superintendent, and in the presence of all parties who may attend, and the amount of the highest tender for each lot, or, if there be more than one tender of equal amount, the number and amount of such tenders, but not the names of the parties tendering, will be publicly declared, and the highest tender in writing above the upset price at 4 p.m. will be accepted on the part of Government by the Committee.

Agents must be supplied by their Principals with sufficient Powers of Attorney.

By order of the Honorable the Lieutenant Governor of the North Western Provinces,

(Signed) R. SIMSON,

Secretary to the Government of the North Western Provinces.

SALE OF LAND ON THE ESPLANADE.

With reference to previous advertisements, Messrs. BENNETT & Co. have been directed by the Government of Bombay to sell, at 2 o'clock p.m., on Friday, the 26th instant, by Public Auction, on building leases for terms of 999 years, the following Plots of Ground on the site of the old Ramparts:—

Lots 1, 2, 3, 4, & 5	situate in Hornby Row.
" 6, 7, 8, 9, & 10	" Rampart Row.
" 11, 12, 13, 14, & 15	" near the corner of Rampart Row and Rope Walk Row.

Each Lot will have a frontage of about 40 feet towards the old Buildings in the Fort, and an average depth of 140 feet, having a superficial area of 622 yards or thereabouts. The Lots will be offered for sale separately, or two or more together at the discretion of the vendors.

Twenty-five per cent. of the purchase money to be paid down at the time of sale, and the remainder within ten days thereafter on signing the agreement for lease.

The sale will take place in the large upper store room near the entrance gateway leading to the Mechanics' Institution Rooms in the Government Dockyard.

Plans and particulars, with draft form of agreement for lease and conditions of sale, may be seen at the Office of the Rampart Removal Committee, near the Government Cooperage, on the Esplanade, Bombay, from the 18th instant to the day of sale.

By order,

J. TRUBSHAWE,

Architectural Secretary to the Rampart
Removal Committee.

Registered Letters.—The attention of the Public is called to the following paragraph 17 of the Rules for Registering letters at Post Offices:—

"Paragraph 17. A letter containing Bank Notes, Postage Stamps, or other valuable articles, should, as a rule, be registered, and should be securely folded, or enclosed in a substantial envelope, and *always sealed with wax*, in order to prevent, as far as possible, its being tampered with."

No Afternoon Delivery during the Monsoon.—During the Monsoon there will be only two deliveries of Letters and Papers issued from this office, at 9 A. M. and 1 P. M. daily.

The Letter Boxes over the Island of Bombay will in consequence be cleared at 10 A.M. and 5 P.M., excepting on Sundays, when there will be one delivery at noon and one clearance of the Letter Boxes at 3 P. M.

Samples of Merchandize by Post.—An arrangement has been made with the London Post Office for sending Patterns of Merchandize by Post between India and the United Kingdom, under the rules and at the rates of Postage indicated below. The arrangement will commence as regards despatches from India from the 1st May next. Intimation has been received from the London Post Office that the arrangement will commence as regards despatches thence from the 1st April.

1. The Patterns must not be of intrinsic value. The rule excludes all articles of a saleable nature, and whatever may have a value of its own apart from its mere use as a Pattern. The quantity of any material sent, ostensibly as a Pattern, must not be so great that it could fairly be considered as having on this ground an intrinsic value.

2. The Patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers, and the prices of the articles; nor must they contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection.

3. The Patterns must be sent in covers open at the ends, so as to be easy of examination; samples, however, of Seeds, Drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material; but closed bags, although transparent, must not be used for this purpose.

4. The rule which forbids the transmission through the Post of any explosive or dangerous substance will of course be applicable to Patterns, and no article likely to injure the contents of the Mail Bags is to be sent.

5. No Pattern Packet can be received if it exceeds two feet in length, width, or depth, or 3 lbs. in weight.

6. The Inland Transit of Pattern Packets will be by Banghy Post.

7. The following Postage rates (prepaid by a Stamp or Stamps) will be charged on Pattern Packets sent under these regulations by Post to the United Kingdom. The rates being consolidated rates, no Inland Postage is leviable in addition :—

To	Route.	PATTERN PACKETS.																				
		1		2		3		4		5		6		7

		0	4	0	0	8	0	1	0	0	1	8	0	2	0	0	2	8	0	3	0	0

8. If the Packets be *prepaid with a single rate of Postage* (as given in Column 1 of the above Table), the full rate chargeable being more, they will be forwarded charged with the deficient Postage, together with an additional single rate.

9. If the Packets be *prepaid with less than a single rate of postage*, they will be forwarded charged with double postage, less the amount actually paid.

10. If the Packets be *wholly unpaid*, they will be forwarded charged with double postage.

N.B.—In respect to Inland Transit the general conditions for Patterns are similar to those for Book Packets, and they will be treated like Book Packets.

If received unpaid or insufficiently paid from the United Kingdom, they will be charged at the rates mentioned in Paras. 8, 9, and 10 of the foregoing notice.
