"No. 693 of 1864.—The following extracts from the Right Honorable the Secretary of State's Despatch No. 197, dated 24th June 1864, are published for general information:—

'Paragraph 1. I have received and considered in Council your letter No. 93, dated 5th March 1864, forwarding for my consideration and orders correspondence relative to the pay and allowances to be passed to General Officers Commanding Divisions and Brigades and to Inspectors of Artillery, whilst on leave of absence on sick certificate.

'2. In my Despatch No. 185, dated 16th June 1864, I communicated to you the decision of Her Majesty's Government, that the salaries of Inspectors of Artillery, and of the Officers of the Artillery Staff, shall be a staff allowance, drawn, in addition to their regimental pay, as heretofore.

'6. In my Despatch No. 311 of the 31st August 1863, I communicated to you the decision of Her Majesty's Government respecting the staff salaries to be attached to offices held by Military Officers in India.

'7. In the table of salaries which accompanied that Despatch, it is shown that consolidated salaries are attached to certain offices, whether held by Officers of the Staff Corps or of the Indian Army, and it was observed in paragraph 12, that, 'in the case of the other appointments, it is to be understood that the staff salary now fixed, plus the Staff Corps pay due to the Officer's rank, will constitute the maximum amount to be drawn by an Officer of that rank holding the office in question, whether such Officer belong to the Staff Corps or not.'

'8. I consider that the same principle should apply to Officers holding staff appointments, and drawing under the regulations any portion of this staff salary while absent on leave.

'9. The portion of staff salary to be drawn under the circumstances, plus the Staff Corps pay due to the Officer's rank, should constitute the maximum amount to be drawn by an Officer of that rank holding the office in question, whether such Officer belongs to the Staff Corps or not. Provided, in the case of an Officer of the Indian Army entitled to full regimental allowances during the period in question, the aggregate amount so drawn, while on leave, is not less than the pay and full allowances of his rank, if entitled thereto, under the old Regulations."

'10. I approve of your recommendation that Brigadier Generals Commanding Brigades shall be placed on the same footing as other Officers holding staff situations in regard to staff allowances during leave of absence, the extent to which leave of absence is available for such offices being limited, in accordance with my Despatch* No. 353, dated 6th September 1861.

* Despatch No. 353 of 6th September 1861, was published in G. G. O. No. 952 of 22nd October 1861.

Notice.

Notice is hereby given, that the Rules concerning the Waste Lands in the Punch Mahals, circulated by Major Buckle, Political Agent, Rewa Kanta, under date 7th May 1862, are hereby cancelled.

1st. This decision has been passed in consequence of Government having sanctioned the introduction of the Revenue Survey and Assessment into this Province. The rates, then, to be imposed will be light, and great benefit will accrue to every one securing land.

2nd. Pending the introduction of the Survey, good waste land may be taken up in the Punch Mahals at the rate of Annas 8 per Beegha; and in cases where jungle encumbers the ground, one year's remission will be granted.

3rd. Should settlers by combining wish to found new Villages or Hamlets, in the event of the situation being approved by the First Assistant Collector in charge, a well will be dug at the expense of Government, and Timber be allowed free of charge for the erection of Houses and for agricultural purposes; but new Hamlets will not be permitted in the vicinity of existing Villages, around which spare culturable land is available.

4th. Let it be distinctly understood that the rent now chargeable for waste land will be superseded by the Assessment to be fixed by the Survey Department.

5th. Early application for land should therefore be made, in order that the soil may be brought into working order, in the period during which the trifling fee of Annas Eight per Beegha will be leviable.

6th. The Punch Mahals now form a portion of the Kaira Zillah, and are under precisely the same management as regards Revenue matters. The soil is good, and the lives and property of the Inhabitants are as safe in that province as in other Districts subordinate to the British Government.

7th. Persons requiring land should address the First Assistant Collector in charge, and that Officer will take care that settlers are cared for and assisted.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

Samples of Merchandize by Post.—An arrangement has been made with the London Post Office for sending Patterns of Merchandize by Post between India and the United Kingdom, under the rules and at the rates of Postage indicated below. The arrangement will commence as regards despatches from India from the 1st May next. Intimation has been received from the London Post Office that the arrangement will commence as regards despatches thence from the 1st April.

1. The Patterns must not be of intrinsic value. The rule excludes all articles of a saleable nature, and whatever may have a value of its own apart from its mere use as a Pattern. The quantity of any material sent, ostensibly as a Pattern, must not be so great that it could fairly be considered as having on this ground an intrinsic value.

2. The Patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers, and the prices of the articles; nor must they contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection.

3. The Patterns must be sent in covers open at the ends, so as to be easy of examination; samples, however, of Seeds, Drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material; but closed bags, although transparent, must not be used for this purpose.

4. The rule which forbids the transmission through the Post of any explosive or dangerous substance will of course be applicable to Patterns, and no article likely to injure the contents of the Mail Bags is to be sent.

5. No Pattern Packet can be received if it exceeds two feet in length, width, or depth, or 3 lbs. in weight.

6. The Inland Transit of Pattern Packets will be by Banghy Post.

7. The following Postage rates (prepaid by a Stamp or Stamps) will be charged on Pattern Packets sent under these regulations by Post to the United Kingdom. The rates being consolidated rates, no Inland Postage is leviable in addition :—

8. If the Packets be *prepaid with a single rate of Postage* (as given in Column 1 of the above Table), the full rate chargeable being more, they will be forwarded charged with the deficient Postage, together with an additional single rate.

9. If the Packets be *prepaid with less than a single rate of postage*, they will be forwarded charged with double postage, less the amount actually paid.

10. If the Packets be *wholly unpaid*, they will be forwarded charged with double postage.

N.B.—In respect to Inland Transit the general conditions for Patterns are similar to those for Book Packets, and they will be treated like Book Packets.

If received unpaid or insufficiently paid from the United Kingdom, they will be charged at the rates mentioned in Paras. 8, 9, and 10 of the foregoing notice.
