GOVERNMENT DEPARTMENTAL NOTICE.

PUBLIC WORKS DEPARTMENT.

The following Circular by the Government of India is published for general information :—

“CIRCULAR, No. 15 of 1864.

(ACCOUNT.)

Proceedings of the Governor General of India in Council.

PUBLIC WORKS DEPARTMENT,

Fort William, 13th April 1864.

Account.

Separation of Accounts of Tools and Plant, Office Furniture, Instruments, and Live Stock, from Stock Accounts of the Public Works Department.

Read Public Works Department Resolution No. 4—1408, dated 24th March 1864.

Read the following Report by the Inspector General of Accounts, dated the 1st April.

In view to giving effect to paragraph 12 of the orders contained in Public Works Department No. 4—1408 of 1864, the following measures are recommended.

2. That the values standing at the debit of the following Sub-heads of Stock, viz. :—

Tools and Plant,
Instruments,

Furniture and Camp Equipage,
Live Stock,

in the books of Controllers, be written off in their Annual Suspense Accounts for 1863-64 as a final charge of the year.

Small stores.
Building materials.
Timber.
Metals.

Fuel.
Thatcher's materials.
Painter's stores.
House fittings.

Cordage.
Road metal.
Miscellaneous.

3. The Sub-heads of Stock will thus be reduced to the items noted on the margin.

4. Henceforward all expenditure on account of the articles* noted in the margin, which would be styled 'Tools and Stores,' would be incurred against regular detailed estimates, and charged in the accounts of the year against a special Budget-Estimate head of service, to be termed 'Supply of Tools and Stores,' subordinate to Original Works.

* Viz. Tools and plants.

Instruments.

Furniture and camp Equipage.

5. For the year 1864-65, no such head has been provided in the Budget Estimates, but as it may be presumed the detailed estimates for works have been framed in view to bearing a portion of the charge for Tools, &c., by transfer from the Wear and Tear Account, no derangement should occur in the total expenditure, since the charges of the year for Tools and Stores should be covered by the saving that will be made in the charges for works. The new heading might, therefore, be introduced into the *Budget-Estimate* from the year 1865-66, and into the *accounts* from the beginning of the year 1864-65.

6. A form of estimate for purchase of Tools and Stores accompanies.

7. The procedure for dealing with these estimates should follow the course adopted for work estimates.

8. Purchases not exceeding Rs. 50 for each article or class of articles, might be made by the Executive Engineer without estimate.

9. For purchases exceeding Rs. 50 and not exceeding Rs. 200, the same authority should suffice, but an estimate should be framed.

10. For purchases not exceeding Rs 500, the estimate should be passed by the Superintending Engineer; larger estimates to require the sanction of the Local Government or Administration.

11. It would be of course understood that these powers of sanctioning charges for purchase of Tools and Stores within certain limits should not be exercised so as to lead to those powers being exceeded by the sanction of the purchase, by portions at a time, of articles which ought to have been dealt with in the same estimate.

12. Half-yearly numerical returns, as per accompanying form, of Tools and Stores (divided under the heads Tools, Plant and Machinery, Instruments and Furniture) to be made to the Controller's office, where they should be carefully checked by the monthly accounts, and any discrepancies at once inquired into. For every debit in the cash accounts for Tools and Stores purchased there should be a credit in the numerical return, and for every deduction in the letter for tools sold there should be a corresponding credit in the cash account.

13. Tools and Stores received from Magazines or elsewhere, without cash payment, would not involve any entries in the accounts, but would simply be brought on to the numerical return.

14. Surplus and unserviceable tools, &c., to be disposed of to the best advantage half-yearly, or more frequently if convenient.

15. The present Wear and Tear Account (subordinate to Stock) in the Controller's Books, to be clear during the current year by being charged off against works in the usual manner, when it would disappear altogether from the accounts.

16. Live Stock to be purchased only on the authority of the Local Government or Administration; when sold, the proceeds should be brought to credit as Public Works Income.

GENERAL ORDERS

BY HIS EXCELLENCY THE HONORABLE THE GOVERNOR IN COUNCIL.

M I L I T A R Y D E P A R T M E N T.

Bombay Castle, 25th October 1864.

No. 515 of 1864.—The following General Orders by the Government of India, dated 22nd September 1864, Nos. 773 and 774, are republished:—

"No. 773 of 1864.—His Excellency the Governor General in Council is pleased to direct that, in future, Officers proceeding on public duty, under orders from competent authority, shall proceed by the most expeditious available mode of travelling, and, providing the journey is performed without unnecessary delay, at the public expense.

2. On occasion of Officers being ordered on duty, the General or Divisional or Garrison Order will specify the duty on which proceeding, the mode of travelling, and that the journey is 'on duty at the public expense.'

3. The term 'on duty' will comprise all movements of Officers ordered from their stations for the advantage of the service, as distinct from their personal convenience.

4. It will include:—

Officers belonging to, or doing duty with, troops ordered to proceed more expeditiously than by marching or by water.

Officers ordered on Courts Martial, Courts of Enquiry, or Committees, at other stations than their own.

Officers employed on special, periodical, or other authorized tours of inspection.

Officers ordered to join their corps proceeding on service, or on any emergency rendering their presence necessary, or when their corps are ordered to embark for Europe or the Colonies.

Officers ordered to join the depôts of their corps in England, or coming from those depôts to join their Regimental Head Quarters in India.

Officers removed for the convenience of the service from one Staff appointment, or from one Corps or Battery to another, or from Head Quarters to a separate wing or detachment, as also Officers doing station duty when removed from one station to another.

Officers on first arrival in India to join their corps from the regimental depôts, or on first appointment.

5. When a Commissioned or Warrant Officer is ordered to travel under any of the above conditions, he must apply to the Divisional Officers of the Quartermaster General's Department, or, if time does not admit of a reference to the Head Quarters of the Division, to the Brigade or Station Staff Officer on the spot, who will furnish him with an extract of the Division or Station Order directing him to proceed by rail or horse dāk, or as the case may be.

6. The bills for such passage, vouches by a certified copy of the extract of the Order and by the receipt of the Officer for the passage supplied, will be payable on demand by the Paymaster of the circle, who will include all charges on such account in his monthly disbursements.

7. When the mode of transit has to be changed during the journey, the Officer of, or representing, the Quartermaster General's Department supplying the Government passage for the first portion, will, if practicable, arrange for the whole journey. If this cannot be done, he will supply the Officer with a certificate of what portion has been provided, and a requisition on the Quartermaster General's Department, or any authorized Staff Officer, for further assistance when required.

8. Commissioned and Warrant Officers proceeding by rail or horse dāk will be allowed to take one personal servant with them, with the regulated amount of baggage for one adult passenger, according to the mode of conveyance.

When travelling by palankeen or doolie dāk, or by mail-cart, two bangee-walas will be allowed.

9. Mounted Officers, permanently transferred from one station or corps to another, will be allowed to take the regulation complement of their own *bona fide* chargers with them when proceeding by rail. But if detached on temporary duty—for the performance of which it is necessary they should be mounted—they will be allowed free passage for one charger only.

• Deputy Commissaries.
Assistant ditto
Deputy Asst. ditto

10. All Commissioned and first class* Warrant Officers will be allowed first class passages by rail, and cabin passages by steamer.

11. When travelling by horse-dāk, a field Officer will be allowed a carriage for himself and servant; Captains, Subalterns, and Warrant Officers, will be allowed each one inside and one outside seat.

12. Officers proceeding to or from railway stations, or other starting points within a distance of five miles from their station, will pay their own expenses.

13. No deduction on account of tentage, or batta, will be made from Officers consequent on their being provided with free passages.

14. Officers moved at their own request, or for their own convenience, or in consequence of regimental or departmental promotion, to join a staff appointment, or when transferred to a more lucrative appointment, or when proceeding on or returning from furlough or other leave of absence are not entitled to passages at the public expense.

15. This order is applicable to the several Presidencies."

"No. 774 of 1864.—Having taken into consideration the existing facilities for travelling, which are steadily increasing, His Excellency the Governor General in Council is of opinion, that the rules now in force for regulating the periods allowed to Officers and others proceeding, in ordinary course, from one station to another, are no longer suitable or adapted to meet the interests of the service or the general convenience of Officers.

2. G. G. O. No. 770 of 14th September 1853, is therefore cancelled, and the following rules will be observed from the 1st November next:—

3. Officers returning from furlough to Europe or leave beyond sea, or Officers removed from a Regiment, appointment, or station, at their own request, or on regimental or departmental promotion, or to join a new appointment, will be allowed fifteen days for preparation from the date of arrival, or being struck off duty. On special grounds, this period may be extended to 30 days by the Officer Commanding the Division, District, or Garrison.

4. Every Officer, at the expiration of the period allowed for preparation, is required to join his corps, station, or appointment, by the most expeditious available mode of travelling, and without unnecessary delay on the road.

5. Officers who may be unavoidably delayed by sickness or other circumstances, must report the cause and period of such delay, furnishing medical or other certificates to the Officer Commanding the Station, at or nearest to which such delay may have occurred.

6. In very special cases, Officers Commanding Divisions may sanction a slower mode of travelling, either for a part or for the whole of the journey; but any such indulgence, and the reasons for granting it, must be reported at once to His Excellency the Commander-in-Chief, or to the Government, according to the nature of the Officer's employment.

7. This ruling is to be made applicable to all three Presidencies.

(Signed) H. W. NORMAN, Colonel,
Secretary to the Government of India."

No. 516 of 1864.—The following Notification issued by the Government of India, in the Home Department, under date the 5th October 1864, No. 3101, is published for general information:—

"No. 3101.

The Governor General in Council having had under consideration the rules for the examination of Military Officers seeking admission to the Staff Corps in the Civil and Political Departments, which were published in the Notification of Government, No. 242, dated 25th May last, has determined, subject to the sanction of Her Majesty's Secretary of State, on the substitution of the following rules:—

In continuation of the general Regulations for the admission of Officers to the Staff Corps, notified by the Military Department in G. O. No. 531 of 1864, dated the 27th June, the following Rules relating to the future employment of Military Officers in the Civil and Political Departments of the Government, are published for general information:—

I.—A candidate for appointment to the Civil or Political Department, with the view of qualifying for the Staff Corps, must furnish the certificates mentioned in paragraph 5 of G. O. No. 531, of which the forms were given in Appendix A. of the same General Order, and are now republished at the end of the present Notification.

II.—He must have been previously attached, for a period of not less than one year, to a Native Regiment;* but such period may form part of the three years' duty with a regiment required by the general Regulations for admission to the Staff Corps. He will be required to produce a certificate from his superior Officer, testifying to his efficiency and good conduct, and especially to his conciliatory demeanour towards the Native soldiery, and other people of the country with whom he has been brought in contact.

III.—The period of one year,—reckoned, as explained in the following rule, from the date of the first half-yearly examination held subsequent to appointment,—is fixed as the limit within which an Officer, admitted on probation to employment in the Civil or Political Department, will be required to qualify himself to undergo the examinations hereinafter mentioned, in passing which he will have a claim to have his services retained, and he will then, under the orders of the Military Department, be appointed to the Staff Corps.

IV.—Examinations will be held half-yearly in October and April of each year. A candidate may appear at the first examination held after the expiry of the first six months of his probation, and if he fail to pass must again appear at the next examination, six months later. A candidate failing to pass at the first examination, held after the expiration of his year of probation, will be removed from employment in the Civil or Political Department, and consequently will not be appointed to the Staff Corps.

V.—Subject to such general directions as shall from time to time be given by the Government of India, the examinations will be conducted by a Committee acting under the orders of the Lieutenant Governor, or Chief Commissioner, or Political Agent or Resident, as the case may be.

VI.—The examination will embrace, in the case of Officers employed in general civil duties, the subjects of Indian History, Political Economy, and Jurisprudence. The works on the two last-named subjects, in which candidates will be examined, are Mills' Political Economy, Austin's Principles of Jurisprudence, Vol. i., and Maine's Ancient Law. Notice of any change in the books for examination will be given at least one year before it takes effect.

VII.—Every Officer in civil employment will, in addition to the above examination, and notwithstanding his appointment to the Staff Corps, be required to undergo the local and departmental examinations prescribed for Covenanted Civil Servants in the Province in which he is serving.

VIII.—The examination in the case of Officers employed in the Political Department will embrace the subjects above-mentioned, and the candidate will, in addition, be examined in Wheaton's work on the principles of International Law. He will also be examined in the collection of Indian Treaties and Engagements, now being published under the direction of the Foreign Office.

IX.—No Officer will be admitted on probation to Civil or Political employment who has not passed the examination in Hindustani, required by the general Regulations for the admission of Officers to the Staff Corps.

X.—Cantonment Magistrates will be classed with Officers in civil employment. Separate rules will be promulgated hereafter as regards Police Officers; but Police Officers, if transferred to civil employment, will be required to pass the examination prescribed for Officers in civil employment.

* Any Officer who has been employed for a year in one of the Departments named in the margin, will be exempted from the condition prescribed by Rule II. of one year's service with a Native Regiment. Provided, however, that he shall produce, from the Officer under whom he may have served in any such Department, a certificate (to be countersigned by the head of the Department) to the same effect as that required from a superior Officer in case of service with a Native Regiment.

Survey.	Stud.
Public Works.	Police.
Commissariat.	

XI.—As a general rule, Military Officers will be appointed to the Political Department from among those who are already in civil employment, and every Officer so transferred will be required to pass, within one year from the date of his transfer, the additional examination in International Law and Indian Treaties prescribed for the Political Department, failing which he will forfeit his appointment.

XII.—These rules are intended to be prospective in their effect. They will not apply to any Officers now holding permanent appointments in Civil Political employment. Such Officers will be entitled to join the Staff Corps in virtue of their appointments. Officers, however, who do not hold permanent appointments will be subject to these rules. But the case of any Officer who has been formerly in Civil or Political employment, and who having quitted such employment may hereafter be re-appointed to it, will be specially dealt with as the circumstances of the case may require.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.

J. A. CAMPBELL,

Acting Secretary.

Mysore Commissioner's Office, Bangalore,
27th September 1864.

RULES FOR SANDAL-WOOD AUCTION SALES.

1. Every Auction Sale shall be held in the presence of the Superintendent or Deputy Superintendent of the District, or Conservator or Assistant Conservator of Forests.
2. The assortment of the Sandal-wood as made by the Public authorities will on no account be disturbed.
3. The highest bidder shall be the purchaser, and in the event of any dispute arising between two or more bidders at the same price, the lot so disputed shall be put up again and resold.
4. The former system of upset prices is abrogated, but in the event of the first three lots in each class not averaging such a price as may be considered a fair market value by the Officer presiding, he shall be at liberty, should he deem it proper so to do, to stop all further sales in that Class.
5. Any surplus that may be found in weighing the quantity sold for delivery to the purchaser will be charged to him at the same rate at which the lot is sold.
6. A Candy in the Mysore Province is equal to 560 English Pounds, or 20 Maunds of 40 Seers, but that of the Coorg Province is equal to 550 Pounds only.
7. The wood will be handed over to the purchaser at the Sandal Kotees, and the whole quantity purchased, must be paid for, and taken possession of, within 30 days from the date of the sale.
8. Any quantity which may remain unpaid for at the expiration of 30 days from the date of sale, will be resold at the risk of the first purchaser; and should the wood paid for not be removed from the Sirkar Kotees within 3 months from the date of payment, Kotee rent at the rate of 4 annas per Candy will be charged from date of sale. It will then be weighed in the presence of one of the Forest Assistants and removed out of the Kotees, and the losses arising therefrom shall be borne by the purchaser. The Government does not hold itself answerable for the loss of weight arising from the wood being kept in store after sale.
9. The purchaser shall, after the sale, deposit a sum equal to 25 per cent. of the amount of his purchase, to be forfeited to the Government on failure of his adhering to the terms above specified.
10. It is to be understood that in conformity with existing rules, no Sandalwood can be sold by private individuals within the Mysore territories, or pass without a passport, which will be granted on application by the Forest or Revenue authorities.

Local Remittances" subordinate to "H. Public Debt," and credited *per contra* to "Drawing Account of the Public Works Department" under "Miscellaneous" subordinate to "XVII. Public Debt."

* This heading should be introduced in the Cash Accounts between "Deposits" and "Advances." In the Monthly Abstracts the Credits and Debits under "Drawing Account" should be included under "VII. Miscellaneous" under "Public Debt."

- 2nd. The Cheques paid by Treasury Officers should be debited to the head "Drawing Account of the Public Works Department," under "Public Debt."
- 3rd. The Receipts and Disbursements under the Drawing Account should be exhibited in the Plus and Minus Memorandum.

- 5th. The Treasury Officers are not to keep any Deposit Account separate from the Drawing Account, with Executive Engineers.
- 6th. Separate Drawing Accounts are not to be opened for subordinate Officers of the Engineers' Department; Cheques drawn by them should be debited to the Drawing Account of the Executive Engineer to whom they are subordinate, the written authority of the latter Officer for such drawings being previously recorded in the Civil Treasury. The aggregate amount paid during the Month to each Officer (if more than one,) is all that is required to be shown in the Monthly Cash Account of the Civil Treasury under "Drawing Account of the Public Works Department." The particulars of the payments will, however, have to be recorded in the Pass Books of the Executive Officer referred to in paragraph 5 of the Orders of the Government of India.

- 8th. Officers in charge of Civil Treasuries, when acting as Civil Disbursers of Public Works charges, are strictly prohibited from defraying any money on that account, unless it has been previously placed at their disposal by the Executive Engineer of the Divisions. No deviation from this rule will be allowed.
- 9th. A form of the Pass Book is appended.
- 10th. These instructions will have effect from 1st November next, and the new Drawing Accounts are to be opened on that date against the Letters of Credit issued in November. The Letters of Credit already issued by Superintending Engineers for the ensuing quarter registered in this Office, will lapse on the 30th of November. The amount of Cheques paid, in reference to those Letters of Credit should be debited to the Drawing Account of the Executive Engineer, being at first adjusted in the manner laid down in paragraph 1 of this Notification.

Samples of Merchandize by Post.—An arrangement has been made with the London Post Office for sending Patterns of Merchandize by Post between India and the United Kingdom, under the rules and at the rates of Postage indicated below. The arrangement will commence as regards despatches from India from the 1st May next. Intimation has been received from the London Post Office that the arrangement will commence as regards despatches thence from the 1st April.

1. The Patterns must not be of intrinsic value. The rule excludes all articles of a saleable nature, and whatever may have a value of its own apart from its mere use as a Pattern. The quantity of any material sent, ostensibly as a Pattern, must not be so great that it could fairly be considered as having on this ground an intrinsic value.

2. The Patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers, and the prices of the articles; nor must they contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection.

3. The Patterns must be sent in covers open at the ends, so as to be easy of examination; samples, however, of Seeds, Drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material; but closed bags, although transparent, must not be used for this purpose.

4. The rule which forbids the transmission through the Post of any explosive or dangerous substance will of course be applicable to Patterns, and no article likely to injure the contents of the Mail Bags is to be sent.

5. No Pattern Packet can be received if it exceeds two feet in length, width, or depth, or 3 lbs. in weight.

6. The Inland Transit of Pattern Packets will be by Banghy Post.

7. The following Postage rates (prepaid by a Stamp or Stamps) will be charged on Pattern Packets sent under these regulations by Post to the United Kingdom. The rates being consolidated rates, no Inland Postage is leviable in addition:—

To	Route.	PATTERN PACKETS.													
		1		2		3		4		5		6		7	
		Not exceed- ing 4 ozs.		Exceeding 4ozs. and not exceeding 8 ozs.		Exceeding 8 ozs. and not exceed- ing 1 lb.		Exceeding 1 lb. and not exceeding 1½ lbs.		Exceeding 1½ lbs. and not exceed- ing 2 lbs.		Exceeding 2 lbs. and not exceed- ing 2½ lbs.		Exceeding 2½ lbs. and not exceed- ing 3 lbs.

		0	4 0	0	8 0	1	0 0	1	8 0	2	0 0	2	8 0	3	0 0

8. If the Packets be *prepaid with a single rate of Postage* (as given in Column 1 of the above Table), the full rate chargeable being more, they will be forwarded charged with the deficient Postage, together with an additional single rate.

9. If the Packets be *prepaid with less than a single rate of postage*, they will be forwarded charged with double postage, less the amount actually paid.

10. If the Packets be *wholly unpaid*, they will be forwarded charged with double postage.

N.B.—In respect to Inland Transit the general conditions for Patterns are similar to those for Book Packets, and they will be treated like Book Packets.

If received unpaid or insufficiently paid from the United Kingdom, they will be charged at the rates mentioned in Paras. 8, 9, and 10 of the foregoing notice.
