POLITICAL DEPARTMENT.

His Excellency the Governor in Council is pleased to republish, for general information, the following Notification, which appeared in the *London Gazette*, of the 9th September 1864:—

“ Foreign Office, September 8, 1864.

It is hereby notified that Her Majesty has been pleased to order, that for the future, no ship of war belonging to either of the belligerent powers of North America shall be allowed to enter, or to remain, or be, in any of Her Majesty's ports for the purpose of being dismantled or sold; and Her Majesty has been pleased to give directions to the Commissioners of Her Majesty's Customs, and to the Governors of Her Majesty's colonies and foreign possessions, to see that this Order is properly carried into effect.”

By order of the Honorable the Governor in Council,

C. GONNE,

Acting Secretary to Government.

Bombay Castle, 18th November 1864.

GENERAL DEPARTMENT.

Ordered that the following Extract from the Proceedings of the Government of Bombay, in the General Department, No. 2031, dated 21st November 1864, be published for general information :—

“ No. 2031.

Extract from the Proceedings of the Government of Bombay in the General Department, dated 21st November 1864.

Read the following papers :—

Letter from H. Cook, Esq., M.D., Superintendent of Mahableshwur to the Collector of Sattara, No. 521, dated 14th October 1864.

I have the honour to forward for your information the accompanying two monthly Returns of the growth of the Cinchona plants at Lingmulla, the one for the month of June and the other for that of September. From these it will be seen that the plants have doubled in height during this period, the average gain for each plant being four and a half inches. One-third of the whole number are above one foot in height, and several nearly two feet, with leaves of twelve and fifteen inches in length.

2. Some fear was entertained that the excessive rainfall of Lingmulla might prove injurious to the plants. It is therefore satisfactory to find that, so far from this being the case, the plants have thriven better than at any other period of the year.

3. I have the pleasure to report further that the Plantation generally has been kept in good order during my absence from the Station by the Overseer, Gunner Gillingwater.

Monthly Return (prepared by Gunner L. Gillingwater, Overseer) of the growth of Cinchona Plants at Lingmulla for the Month of June 1864; dated 1st July 1864.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

Notice.

**TO HIS EXCELLENCY THE GOVERNOR
IN COUNCIL.**

The application of **WILLIAM FRENCH STEARNS** and **GEORGE ALVAN KITTREDGE**, of Bombay, Merchants.

SHOWETH,

THAT your above-named applicants are desirous of promoting in Bombay and Salsette a work of public utility.

That the general object of the work is to increase the facilities for, and lessen the cost of personal conveyance from place to place, and to afford the public cheap and convenient means of locomotion.

That the nature of the work is a Railway or a Tramway to be constructed along the main roads or thoroughfares in Bombay and Salsette, consisting of double or single lines of iron rails, as may be found practicable, sunk into and level with the surface of the road with all necessary and proper sidings, points, connecting rails and termini, along which lines it is proposed to run carriages or cars of a build especially adapted to the purpose, to be drawn by horses or other animals, and to be available to the public at stated fares, not exceeding for each passenger the sum of one anna per mile for any distance over two miles; and not exceeding two annas for any distance not being more than two miles.

That the gauge of the said lines proposed by the applicants is four feet ten inches, and the proposed width of the passenger carriages six feet three inches, but the applicants desire to be at liberty to adapt any modern improvements either as to width of gauge or otherwise which may render the proposed work more complete.

That the intended locality of the work is along the main roads or thoroughfares of Bombay and Salsette, the first line to be constructed from the Fort of Bombay along the Esplanade Main Road and Parrell Road through the Bhendy Bazaar to

a point opposite the Byculla Station on the G. I. P. Railway, and further lines to be constructed from time to time along such other roads as to the Promoters may seem desirable.

That your applicants estimate the cost of the construction of the said work at the rate of Rupees Fifty thousand per mile.

That to provide the funds for constructing maintaining, and working the said undertaking, your applicants propose to form a Joint Stock Company, to be registered with limited liability under Act XIX. of 1857 of the Legislative Council of India, and to increase the capital of the said Company from time to time as new lines may be constructed.

Samples of Merchandize by Post.—An arrangement has been made with the London Post Office for sending Patterns of Merchandize by Post between India and the United Kingdom, under the rules and at the rates of Postage indicated below. The arrangement will commence as regards despatches from India from the 1st May next. Intimation has been received from the London Post Office that the arrangement will commence as regards despatches thence from the 1st April.

1. The Patterns must not be of intrinsic value. The rule excludes all articles of a saleable nature, and whatever may have a value of its own apart from its mere use as a Pattern. The quantity of any material sent, ostensibly as a Pattern, must not be so great that it could fairly be considered as having on this ground an intrinsic value.

2. The Patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers, and the prices of the articles; nor must they contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection.

3. The Patterns must be sent in covers open at the ends, so as to be easy of examination; samples, however, of Seeds, Drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material; but closed bags, although transparent, must not be used for this purpose.

4. The rule which forbids the transmission through the Post of any explosive or dangerous substance will of course be applicable to Patterns, and no article likely to injure the contents of the Mail Bags is to be sent.

5. No Pattern Packet can be received if it exceeds two feet in length, width, or depth, or 2 lbs. in weight.

6. The Inland Transit of Pattern Packets will be by Banghy Post.

7. The following Postage rates (prepaid by a Stamp or Stamps) will be charged on Pattern Packets sent under these regulations by Post to the United Kingdom. The rates being consolidated rates, no Inland Postage is leviable in addition :—

8. If the Packets be *prepaid with a single rate of Postage* (as given in Column 1 of the above Table), the full rate chargeable being more, they will be forwarded charged with the deficient Postage, together with an additional single rate.

9. If the Packets be *prepaid with less than a single rate of postage*, they will be forwarded charged with double postage, less the amount actually paid.

10. If the Packets be *wholly unpaid*, they will be forwarded charged with double postage.

N.B.—In respect to Inland Transit the general conditions for Patterns are similar to those for Book Packets, and they will be treated like Book Packets.

If received unpaid or insufficiently paid from the United Kingdom, they will be charged at the rates mentioned in Paras. 8, 9, and 10 of the foregoing notice.
